s.37

s.37

s.37

The main organizers who initiated the protest yesterday have left claiming that they are not associated to the group currently at the border. Those organizing this protest are not identifying themselves. Important to be able to identify the leadership of the group.

Criminal charges are already pending. See this as much different from

s.37

s.37

Not apparent - see people present, it is vital to know who we need to focus on for further engagement.

- Goal today will be to get an access road open. Need to work on plan to make that happen.
- need to look at arrest plans including site for a potential processing centre -
- Plan for towing vehicles

Page

Date 2007/06/13

- location for storage -
may need drivers w/ class 1
license to move trucks.

805 meet w/ GSR team.
Ed - update on current
status.

Discussed resourcing issues, looking
at getting additional resources.

- Traffic check starts set up north
of protest area, control traffic.
- Big thing this morning
is objectives for today, tomorrow
and rest of the week.

- Recognize that there may be people
who want to leave, but are
stuck.

2900 GSR V/L w/ District (Bronze
Commanders) Tammie Grice
- ~~found~~ - some vehicles were
lost.

many big trucks.

CCMB engaged, splinter
group driving this.

organizers are going to try
and convince splinter
group -

moving to an authorized
role.

- Priority today - maintain an open
eyes route - courts citizens

Page

Date 2022/01/30

- may have had more - working on this.
- coming - messaging around public safety - maintaining this message.

s.37

- SOI check point - should we close? Being evaluated.
- looking for more coming
- Approx 100 seniors & later said that they want to leave.

- 2 additional STO sections =>

- CAD - Diney - All good
- EAD - Gray - All good - Porters on scene yesterday that caused any issues - All traffic delayed.

- WAD - Gray -

- I miss good plans

- Crown engagement - SAD.

#2 - Hwy - Injection - JSB - Gray

From: White, Darleen
Sent: Thursday, January 27, 2022 4:01:23 PM (UTC-05:00) Eastern Time (US & Canada)
To: K CROPS SITREP / K OREC Rapports de situation (RCMP/GRC)
Cc: Everyone_KDIV_SAD_SITREP; Wright, Warren; Weare, Lauren; Wiebe, Greg; Semaniuk, Zane; Akitt, Laura
Subject: SITUATION REPORT Olds Detachment SAD - Convoy to Provincial Legislature and Protest - 2022/01/29

ISSUE:

- Olds Detachment was made aware through social media posts that a convoy of heavy trucks and passenger vehicles is heading from Aldersyde, AB to Edmonton, AB, where they will attend to the Provincial Legislature and hold a protest against Federal and Provincial COVID-19 regulations.
- 2022110983 refers.

BACKGROUND:

- 2022-01-27, several social media (Facebook) posts titled "Ab Provincial Legislature Convoy 2022" and "Alberta 2022 Legislature Slow Roll" were brought to the attention of Olds Detachment.
- Persons associated with posting the posts were identified as [redacted] Personal Info.
- The Posts essentially were calling on interested supporters to join them on Saturday 2022-01-29 morning to drive from Aldersyde, AB northward on Highway 2 to Edmonton, whereby they would park their vehicles and attend to the legislature on foot to hold a protest Saturday 2022-01-29 afternoon.
- The convoy will be communicating on app s.37
- The convoy will commence at the Aldersyde Petro Canada gas station off of Highway 2 (Hwy 2), departing at 0700hrs. Site contact person [redacted] Personal Info.
- It was not stated if they plan on driving northbound through Calgary using the Deerfoot Trail (Hwy 2) or Stony Trail (SR 201).
- The convoy will be stopping at the Crossfield Petro Canada gas station on Hwy 2 near Crossfield around 0800 – 0815hrs, to allow participants to join in. Site contact person [redacted] Personal Info.
- The convoy will be stopping at the Olds Co-op Cardlock off of the Olds overpass at Hwy 2 around 0845 – 0900hrs, to allow participants to join in. Site contact person [redacted] Personal Info.
- The convoy will be stopping at the Penhold Petro Canada gas station off of the Penhold overpass at Hwy 2 around 0930 - 0945hrs, to allow participants to join in. Site contact persons [redacted] Personal Info.
- The convoy anticipates arriving in Edmonton at 1200hrs.
- Passenger vehicles will then go to Kinsmen Sport Centre, 9100 Waltherdale Hill, Edmonton, where they will park and proceed to the Legislature grounds on foot for the event at 1300hrs – 1500hrs. The protest rally itself is planned for 1300 – 1400hrs, but then participants are encouraged to stay and "hang out" after 1400hrs on the steps of Legislature building.
- Heavy trucks, semis etc will participate in a "slow roll" is to take place through Edmonton from 1200 – 1500hrs. One post states that semis are asked to loop [redacted] Personal Info. or find a place to park and walk to the Legislature building. It is unknown what the "slow roll" will constitute, possibly reduced speeds in a convoy lineup obstructing the flow of traffic to a degree thus bring attention to themselves.
- The following sites or links accompanied the posts. <https://www.facebook.com/search/top?q=ab%20provincial%20legislature%20convoy%20> and Petition: <https://www.ipetitions.com/petition/end-ail-alberta-covid-19-restrictions-and-mandates?fbclid=IwAR3IsU9PmPMc2MsigrUlyG1NehKy8rpywBTRPgesfdQXwn4-Cz0wXgHKc>

CURRENT STATUS:

- Southern Alberta District was advised of pending event.
- Further investigation to possibly be assigned to a District or Division plainclothes Unit.

MEMBER / EMPLOYEE WELLNESS:

- N/A.

STRATEGIC CONSIDERATIONS:

- Other than the names of the people who posted to the Posts and/or are listed as site contacts, the actual name of the specific organization behind the Convoy to and Rally at the Provincial Legislature was not posted and is currently unknown.
- Further investigation will be required to determine the identify of the organizations and participants in an effort to conduct a proper risk / threat assessment.
- It is recommended that the Calgary Police Service, Edmonton Police Service, Provincial Sheriffs responsible for Legislature security and all RCMP Detachments along the specified route be notified in advance of this event for their operational planning.
- It is currently not known if other convoys travelling from other directions from various corners of the Province into Edmonton are also happening at the same time to converge with this convoy and join the rally.
- It is not known what kind of numbers are to be expected to participate.

STRATEGIC COMMUNICATION:

- Nil.

DETACHMENT COMMANDER COMMENTS:

- The convoy will be monitored as it passes through the Olds Detachment area on Hwy 2 and briefly stops at the Co-op Card Lock to collect more participants.
- Our file was created as an info File and not an investigative file, as this event encompasses multi-jurisdictions. It is recommended that further research and investigation into this event be assigned to a District or Division plainclothes Unit.
- Further it is also recommended that the partner Police Services, Sheriffs and Detachments be notified by the investigating Unit as opposed to by the Olds Detachment.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the event and will monitor and provide assistance as required.
- District analyst has been engaged.

Subject: SITUATION REPORT Olds Detachment SAD - Convoy to Provincial Legislature and Protest - 2022/01/29

ISSUE:

- Olds Detachment was made aware through social media posts that a convoy of heavy trucks and passenger vehicles is heading from Aldersyde, AB to Edmonton, AB, where they will attend to the Provincial Legislature and hold a protest against Federal and Provincial COVID-19 regulations.
- 2022110983 refers.

BACKGROUND:

- 2022-01-27, several social media (Facebook) posts titled "Ab Provincial Legislature Convoy 2022" and "Alberta 2022 Legislature Slow Roll" were brought to the attention of Olds Detachment.
- Persons associated with posting the posts were identified as [redacted] Personal Info.
- The Posts essentially were calling on interested supporters to join them on Saturday 2022-01-29 morning to drive from Aldersyde, AB northward on Highway 2 to Edmonton, whereby they would park their vehicles and attend to the legislature on foot to hold a protest Saturday 2022-01-29 afternoon.
- The convoy will be communicating on app [redacted] S.37 [redacted]
- The convoy will commence at the Aldersyde Petro Canada gas station off of Highway 2 (Hwy 2), departing at 0700hrs. Site contact person [redacted] Personal [redacted]
- It was not stated if they plan on driving northbound through Calgary using the Deerfoot Trail (Hwy 2) or Stony Trail (SR 201).
- The convoy will be stopping at the Crossfield Petro Canada gas station on Hwy 2 near Crossfield around 0800 – 0815hrs, to allow participants to join in. Site contact person [redacted] Personal Info.
- The convoy will be stopping at the Olds Co-op Cardlock off of the Olds overpass at Hwy 2 around 0845 – 0900hrs, to allow participants to join in. Site contact person [redacted] Personal [redacted]
- The convoy will be stopping at the Penhold Petro Canada gas station off of the Penhold overpass at Hwy 2 around 0930 - 0945hrs, to allow participants to join in. Site contact persons [redacted] Personal Info.
- The convoy anticipates arriving in Edmonton at 1200hrs.
- Passenger vehicles will then go to Kinsmen Sport Centre, 9100 Waltherdale Hill, Edmonton, where they will park and proceed to the Legislature grounds on foot for the event at 1300hrs – 1500hrs. The protest rally itself is planned for 1300 – 1400hrs, but then participants are encouraged to stay and "hang out" after 1400hrs on the steps of Legislature building.

- Heavy trucks, semis etc will participate in a “slow roll” is to take place through Edmonton from 1200 – 1500hrs. One post states that semis are asked to loop **Personal** or find a place to park and walk to the Legislature building. It is unknown what the “slow roll” will constitute, possibly reduced speeds in a convoy lineup obstructing the flow of traffic to a degree thus bring attention to themselves.
- The following sites or links accompanied the posts. <https://www.facebook.com/search/top?q=ab%20provincial%20legislature%20convoy%20> and Petition: <https://www.ipetitions.com/petition/end-all-alberta-covid-19-restrictions-and-mandates?fbclid=IwAR3lsU9PmPMc2MsigrUliyQINeHky8rpywBTRPgesfdQXwn4-Cz0wXgHkc>

CURRENT STATUS:

- Southern Alberta District was advised of pending event.
- Further investigation to possibly be assigned to a District or Division plainclothes Unit.

MEMBER / EMPLOYEE WELLNESS:

- N/A.

STRATEGIC CONSIDERATIONS:

- Other than the names of the people who posted to the Posts and/or are listed as site contacts, the actual name of the specific organization behind the Convoy to and Rally at the Provincial Legislature was not posted and is currently unknown.
- Further investigation will be required to determine the identify of the organizations and participants in an effort to conduct a proper risk / threat assessment.
- It is recommended that the Calgary Police Service, Edmonton Police Service, Provincial Sheriffs responsible for Legislature security and all RCMP Detachments along the specified route be notified in advance of this event for their operational planning.
- It is currently not known if other convoys travelling from other directions from various corners of the Province into Edmonton are also happening at the same time to converge with this convoy and join the rally.
- It is not known what kind of numbers are to be expected to participate.

STRATEGIC COMMUNICATION:

- Nil.

DETACHMENT COMMANDER COMMENTS:

- The convoy will be monitored as it passes through the Olds Detachment area on Hwy 2 and briefly stops at the Co-op Card Lock to collect more participants.
- Our file was created as an info File and not an investigative file, as this event encompasses multi-jurisdictions. It is recommended that further research and investigation into this event be assigned to a District or Division plainclothes Unit.
- Further it is also recommended that the partner Police Services, Sheriffs and Detachments be notified by the investigating Unit as opposed to by the Olds Detachment.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the event and will monitor and provide assistance as required.
- District analyst has been engaged.

Subject: Strategy and Objectives

Strategy Statement

Within a legal framework, the police response will be measured and proportionate to achieve objectives. The primary objectives will be allowing for peaceful and lawful protest and preserving life and property. Facilitation of the right to process will require reasonable efforts to communicate with organizers both before and during the event. Preservation of life will take primacy of police response with property damage being a lesser response but will be considered within the response plan.

The preservation of access and egress routes for emergency responders will be prioritized to ensure the safety of participants, responding agency personnel, general public and residents. Police resources will be deployed with a planned escalation plan to ensure this is maintained.

Commerce and public travel will be maintained where possible, utilizing non use of force tactics and strategies. This restriction will be reassessed in the event the situation is protracted.

Objectives

Preserve Life and protect property.

Ensure the right to peaceful and lawful protest and demonstration.

Develop and maintain open communication with organizers both before and during the event.

Maintain emergency access and egress routes.

Subject: Possible STO deployment???
Attachment: LOU - Notice of Extreme Circumstance_BS.pdf;

Good afternoon Sirs,

I am hearing rumors of a possible large scale STO deployment to the Coutts border crossing in relation to a possible large protest. Can you confirm that this is being considered? I have attached the relevant LOU from the new collective agreement.

If it is being considered, I would appreciate as much lead time as possible so that I can put wheels in motion to assist our Members from a comms side of things similar to what we did at the Grace Life Church.

Thanks a bunch,

Cheers,

Kev

Thanks Sir

As far as STO goes Kevin at this point it is a small deployment of ten to support uniform members.

This could change based on intelligence but that's where we are at to this point.

I would not categorize this as a large sto deployment at this time.

Gord

Subject: Saturday January 29, 2022 Truck Convoys

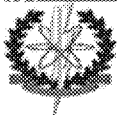

Good Morning James,

EPS will be standing up an Major Event Commander to administer an SOP for this weekends truck convoys traveling to Edmonton. Are there any RCMP resources being dedicated to the routes of travel to Edmonton and/or the muster points specifically Acheson. There is also plans for a single lane "slow roll" formation convoy around the Anthony Henday. Is Strathcona RCMP and/or the Integrated local RCMP/Sheriff Traffic Teams dedicating resources to their respective jurisdictions on the AHD.

Please feel free to contact me if you have any questions or wish to discuss further.

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with **Person** and **Personal Info.** in attendance. **Personal** to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Subject: Saturday January 29, 2022 Truck Convoys

Good Morning James,

EPS will be standing up an Major Event Commander to administer an SOP for this weekends truck convoys traveling to Edmonton. Are there any RCMP resources being dedicated to the routes of travel to Edmonton and/or the muster points specifically Acheson. There is also plans for a single lane "slow roll" formation convoy around the Anthony Henday. Is Strathcona RCMP and/or the Integrated local RCMP/Sheriff Traffic Teams dedicating resources to their respective jurisdictions on the AHD.

Please feel free to contact me if you have any questions or wish to discuss further.

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with Perso [REDACTED] and Personal Info. [REDACTED] in attendance. Personal [REDACTED] to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks/Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Good Morning James,

EPS will be standing up an Major Event Commander to administer an SOP for this weekends truck convoys traveling to Edmonton. Are there any RCMP resources being dedicated to the routes of travel to Edmonton and/or the muster points specifically Acheson. There is also plans for a single lane "slow roll" formation convoy around the Anthony Henday. Is Strathcona RCMP and/or the Integrated local RCMP/Sheriff Traffic Teams dedicating resources to their respective jurisdictions on the AHD.

Please feel free to contact me if you have any questions or wish to discuss further.

New Information

From: Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca);
Sent: 2022-01-28 09:48:02
To: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca)
Subject: New Information

From our CCMG group we are hearing a desire for this to be a protracted event, the plan is to lock down the crossing for the week. Our ops plan remains flexible and will be drafted with this new information in mind. We understand the 2 other crossings will be blocked for the day.

An update is expected shortly.

Subject: Request for STO resources

Sir,

Currently we have 10 STO resources being deployed for tomorrow morning. I am not comfortable leaving it at that with the presumption this event will be over in one day.

Traffic/Sheriffs has provided a resource calendar up to and including February 2nd and I think we need to mirror these efforts on the uniform side.

I am asking for the current 10 STO resources to be redeployed on Sunday dayshift, and for the availability of 10 STO members each dayshift after that, up to and including Feb 2nd. We can reassess as that date draws closer the need for additional resources for the rest of the week.

I am also asking for additional 6 nightshift STO members to be able to deploy from 1800-0600 starting Saturday night, and every night after that up to and including Feb 2nd. My rationale is that this event will likely be protracted beyond Saturday day time, and if we are able to keep a land of the highway open, we simply cannot have all police resources disappear Saturday evening. We need to maintain a presence so that we don't come back Sunday morning to a full blockade.

I believe our intention should remain to end this event as early as possible but we need to plan for a protracted demonstration.

Respectfully submitted for your consideration and action.

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with Perso and Personal Info in attendance. Personal to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Hi s.37 [REDACTED],

I will have a separate S/R for you this morning on the event at Coutts, but that I would share this document with you as it gives you a good awareness of some of the other events that will occur over the weekend. s.37 [REDACTED] and myself have been engaging with one another on these events, as has a number of our staff. Brad Wirachowsky will be sharing this with Bill.

Let me know if you have any questions.

Thanks

John

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with **Person** and **Personal Info.** in attendance. **Personal** to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

To: s.37 [REDACTED]@calgarypolice.ca; Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)
Subject: RE: [EXTERNAL]FW: Public Order Events - K Division 2022-01-28

Happy to assist – The warrants resulted from PersonA's attendance at a Canada Post outlet where he was refused service for not wearing a mask. This resulted in subsequent protests outside the outlet as he, anticipating a confrontation, had streamed it all to social media.

A constable from District 2, Cst. Jelinic, conducted an investigation and subsequently put warrants out for PersonA when phone calls were not returned to him. He'd not conducted door knocks however due to PersonA's confrontational manner to officers attending his home.

The charges are detailed below from JOIN, and are for Causing a Disturbance under the Criminal Code, Failing to Wear a Face Covering under the Municipal Bylaw, and Trespass to Premise for not leaving the Post Office when asked and required to do so.

While the warrants are now on CPIC, administrative delays have not seen them show up on CPIC. I will check later today to see if they have been added.

Personal Info.

Please let me know if I can be of further information. My cell is PersonA.

FW: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

From: Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca);
Sent: 2022-01-28 11:54:29
To: MacPherson, Matthew (Matthew.MacPherson@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Sahasrabudde, Nina (nina.sahasrabudde@rcmp-grc.gc.ca); Chodan, Chris (Christopher.Chodan@rcmp-grc.gc.ca)
Subject: FW: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Hi Matthew,

As it relates to the noted below sit report, one of the advanced communication strategies being considered by the planning team is a one page communique that can be handed out in advance to participants and motorists. They will be considering the following:

- Advisory of the anticipated convoy/protest
- Messaging that the RCMP supports the right to peaceful and lawful protest, and will help facilitate same, but will need to ensure a lane(s) are kept open for traffic and emergency egress, etc.
- Travellers may expect delays, etc
- Information about the area, i.e. no washrooms, no turn around points, etc
- Other information TBD

Strat Comms will be included in the preparation of this communique, but we would also like you to have a review of this message prior to it being shared externally.

I would just like to confirm your availability to review same later today?

Thank you,
Kevin

Subject: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Issue:

-Truck Convoy/Blockade of Southern Alberta Port of Entries (POE)

Background:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) of a convoy/blockade at the port of Coutts and possibly the ports of Del Bonita and Carway this Saturday, January 29th.
- Social media posts indicate the main convoy will be traveling to the port of Coutts but some posts say there will be a convoy to the ports of Del Bonita and Carway as well.
- The Port of Coutts is the largest POE in Alberta and the only one that is 24 hours. Hundreds of vehicles would travel through the POE on a regular Saturday.
- The Coutts POE sits on highway 4 on the Canadian side and I-15 on the US side. This is a major thoroughfare with hundreds of commercial and personal vehicles passing through on any given day.
- Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.
- Social media posts indicate the convoy will leave the Flying J Truckstop in Lethbridge at 0500hrs on Saturday, January 29th to travel to the port of Coutts.
- Social media posts indicate the convoy will leave the Shell gas station in Fort Macleod at 0800hrs on Saturday, January 29th to travel to the port of Carway.
- S.38
- CBSA information indicates the convoy's intention is to block traffic at the port however they intend to allow border staff and locals through.
- The event organizers are Nick Friesen and Michelle Landry.

Current Status:

- A meeting was held at the Coutts POE on Wednesday, January 26 with RCMP from SAD, local detachments, and IBET in attendance. CBSA, Commercial Vehicle Enforcement, USCBP, US Border Patrol, Toole County Sheriff's office (who have jurisdiction on the US side outside of the port, Montana Highway Patrol, were in attendance.
- Each agency will have extra resources on shift on Saturday to assist with the response.
- It is unknown how many trucks will be participating on the Canadian side. One social media post provided by USCBP indicated as many as 1000 trucks coming from the US side.
- A meeting was held on 2022-01-27 between RCMP, CBSA, Alberta Sheriffs, and our US partners to discuss the response to any blockage of the

- port of entry or highways.
- CCMG members have engaged with the event organizers, there is now indication the blockade of the port of entry will last several days or until covid mandates have been lifted by the government.
- District Management has been in contact with the Federal DOJ who will consult on this event.
- There will be a contingent of 10 STO members, 6 GD members, 6 sheriff highway patrol members, 11 IBET and Fed Policing members on the ground on Saturday.
- A planning telecon is occurring with all partner agencies at 1300hrs on 2022-01-28

Strategic Consideration:

- Unified command structure will be in place with the District officer acting as gold commander, the Assistant District officer and Ops Officer acting as co-silver commanders, and 3 co-bronze commanders on the ground at the border.
- The IBET office at the Coutts POE will be used as a command post and will house all agencies.
- If trucks driving towards the Coutts POE and continue past the "point of no return", they will not be admitted into the US which will make it extremely difficult to turn around, which will cause a stoppage of all traffic through the POE.
- If multiple trucks stop and block the highway, it will be extremely difficult for members to remove them from the roadway if the drivers are not willing.
- Any obstruction of the highway could put all traffic to a stand-still in both directions.
- s.38
- Volker Stevin has been notified of this event and will be on standby if required.

Strategic Communications:

- A dedicated MRO will be on the ground at the border on Saturday to handle any media inquiries.
- If roadways and the POE are blocked, it will attract significant media attention.

Member/ employee wellness:

- NPF has advised they will have a director on the ground on Saturday.

Conduct/Civil Risk Assessment:

- N/A

Detachment Commander Comment:

- The detachment commanders for Milk River, Raymond and Cardston are engaged.

District Commander Comments:

- District will be fully engaged throughout the event.

Subject: FW: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Hi Matthew,

As it relates to the noted below sit report, one of the advanced communication strategies being considered by the planning team is a one page communique that can be handed out in advance to participants and motorists. They will be considering the following:

- Advisory of the anticipated convoy/protest
- Messaging that the RCMP supports the right to peaceful and lawful protest, and will help facilitate same, but will need to ensure a lane(s) are kept open for traffic and emergency egress, etc.
- Travellers may expect delays, etc
- Information about the area, i.e. no washrooms, no turn around points, etc
- Other information TBD

Strat Comms will be included in the preparation of this communique, but we would also like you to have a review of this message prior to it being shared externally.

I would just like to confirm your availability to review same later today?

Thank you,
Kevin

Subject: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Issue:

-Truck Convoy/Blockade of Southern Alberta Port of Entries (POE)

Background:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) of a convoy/blockade at the port of Coutts and possibly the ports of Del Bonita and Carway this Saturday, January 29th.
- Social media posts indicate the main convoy will be traveling to the port of Coutts but some posts say there will be a convoy to the ports of Del Bonita and Carway as well.
- The Port of Coutts is the largest POE in Alberta and the only one that is 24 hours. Hundreds of vehicles would travel through the POE on a regular Saturday.
- The Coutts POE sits on highway 4 on the Canadian side and I-15 on the US side. This is a major thoroughfare with hundreds of commercial and personal vehicles passing through on any given day.
- Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.
- Social media posts indicate the convoy will leave the Flying J Truckstop in Lethbridge at 0500hrs on Saturday, January 29th to travel to the port of Coutts.
- Social media posts indicate the convoy will leave the Shell gas station in Fort Macleod at 0800hrs on Saturday, January 29th to travel to the port of Carway.
- S.38
- CBSA information indicates the convoy's intention is to block traffic at the port however they intend to allow border staff and locals through.

- The event organizers are **Personal Info.**

Current Status:

- A meeting was held at the Coutts POE on Wednesday, January 26 with RCMP from SAD, local detachments, and IBET in attendance. CBSA, Commercial Vehicle Enforcement, USCBP, US Border Patrol, Toole County Sheriff's office (who have jurisdiction on the US side outside of the port, Montana Highway Patrol, were in attendance.
- Each agency will have extra resources on shift on Saturday to assist with the response.
- It is unknown how many trucks will be participating on the Canadian side. One social media post provided by USCBP indicated as many as 1000 trucks coming from the US side.
- A meeting was held on 2022-01-27 between RCMP, CBSA, Alberta Sheriffs, and our US partners to discuss the response to any blockage of the port of entry or highways.
- CCMG members have engaged with the event organizers, there is now indication the blockade of the port of entry will last several days or until covid mandates have been lifted by the government.
- District Management has been in contact with the Federal DOJ who will consult on this event.
- There will be a contingent of 10 STO members, 6 GD members, 6 sheriff highway patrol members, 11 IBET and Fed Policing members on the ground on Saturday.
- A planning telecon is occurring with all partner agencies at 1300hrs on 2022-01-28

Strategic Consideration:

- Unified command structure will be in place with the District officer acting as gold commander, the Assistant District officer and Ops Officer acting as co-silver commanders, and 3 co-bronze commanders on the ground at the border.
- The IBET office at the Coutts POE will be used as a command post and will house all agencies.
- If trucks driving towards the Coutts POE and continue past the "point of no return", they will not be admitted into the US which will make it extremely difficult to turn around, which will cause a stoppage of all traffic through the POE.
- If multiple trucks stop and block the highway, it will be extremely difficult for members to remove them from the roadway if the drivers are not willing.
- Any obstruction of the highway could put all traffic to a stand-still in both directions.
- **s.38**
- Volker Stevin has been notified of this event and will be on standby if required.

Strategic Communications:

- A dedicated MRO will be on the ground at the border on Saturday to handle any media inquiries.
- If roadways and the POE are blocked, it will attract significant media attention.

Member/ employee wellness:

- NPF has advised they will have a director on the ground on Saturday.

Conduct/Civil Risk Assessment:

- N/A

Detachment Commander Comment:

- The detachment commanders for Milk River, Raymond and Cardston are engaged.

District Commander Comments:

- District will be fully engaged throughout the event.

OK, I am hearing that the Members were told to prepare for a **S.37** deployment. If its only 10 Members, that obviously a different story.

If you folks can keep me in the loop, it would be greatly appreciated.

Thanks Sir

As far as STO goes Kevin at this point it is a small deployment of ten to support uniform members.

This could change based on intelligence but that's where we are at to this point.

I would not categorize this as a large sto deployment at this time.

Subject: Possible STO deployment???

Good afternoon Sirs,

I am hearing rumors of a possible large scale STO deployment to the Coutts border crossing in relation to a possible large protest. Can you confirm

that this is being considered? I have attached the relevant LOU from the new collective agreement.

If it is being considered, I would appreciate as much lead time as possible so that I can put wheels in motion to assist our Members from a comms side of things similar to what we did at the Grace Life Church.

Thanks a bunch.

Cheers,

Kevin

Background:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) of a convoy/blockade at the port of Coutts and possibly the ports of Del Bonita and Carway this Saturday, January 29th.
- Social media posts indicate the main convoy will be traveling to the port of Coutts but some posts say there will be a convoy to the ports of Del Bonita and Carway as well.
- The Port of Coutts is the largest POE in Alberta and the only one that is 24 hours. Hundreds of vehicles would travel through the POE on a regular Saturday.
- The Coutts POE sits on highway 4 on the Canadian side and I-15 on the US side. This is a major thoroughfare with hundreds of commercial and personal vehicles passing through on any given day.
- Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.
- Social media posts indicate the convoy will leave the Flying J Truckstop in Lethbridge at 0500hrs on Saturday, January 29th to travel to the port of Coutts.
- Social media posts indicate the convoy will leave the Shell gas station in Fort Macleod at 0800hrs on Saturday, January 29th to travel to the port of Carway.
- s.38
- CBSA information indicates the convoy's intention is to block traffic at the port however they intend to allow border staff and locals through.
- The event organizers are Personal Info.

Current Status:

- A meeting was held at the Coutts POE on Wednesday, January 26 with RCMP from SAD, local detachments, and IBET in attendance. CBSA, Commercial Vehicle Enforcement, USCBP, US Border Patrol, Toole County Sheriff's office (who have jurisdiction on the US side outside of the port, Montana Highway Patrol, were in attendance.
- Each agency will have extra resources on shift on Saturday to assist with the response.
- It is unknown how many trucks will be participating on the Canadian side. One social media post provided by USCBP indicated as many as 1000 trucks coming from the US side.
- A meeting was held on 2022-01-27 between RCMP, CBSA, Alberta Sheriffs, and our US partners to discuss the response to any blockage of the port of entry or highways.
- CCMG members have engaged with the event organizers, there is now indication the blockade of the port of entry will last several days or until covid mandates have been lifted by the government.
- District Management has been in contact with the Federal DOJ who will consult on this event.
- There will be a contingent of 10 STO members, 6 GD members, 6 sheriff highway patrol members, 11 IBET and Fed Policing members on the ground on Saturday.
- A planning telecon is occurring with all partner agencies at 1300hrs on 2022-01-28

Strategic Consideration:

- Unified command structure will be in place with the District officer acting as gold commander, the Assistant District officer and Ops Officer acting as co-silver commanders, and 3 co-bronze commanders on the ground at the border.
- The IBET office at the Coutts POE will be used as a command post and will house all agencies.
- If trucks driving towards the Coutts POE and continue past the "point of no return", they will not be admitted into the US which will make it extremely difficult to turn around, which will cause a stoppage of all traffic through the POE.
- If multiple trucks stop and block the highway, it will be extremely difficult for members to remove them from the roadway if the drivers are not willing.
- Any obstruction of the highway could put all traffic to a stand-still in both directions.
- s.38
- Volker Stevin has been notified of this event and will be on standby if required.

Strategic Communications:

- A dedicated MRO will be on the ground at the border on Saturday to handle any media inquiries.
- If roadways and the POE are blocked, it will attract significant media attention.

Member/ employee wellness:

- NPF has advised they will have a director on the ground on Saturday.

Conduct/Civil Risk Assessment:

- N/A

Detachment Commander Comment:

- The detachment commanders for Milk River, Raymond and Cardston are engaged.

District Commander Comments:

- District will be fully engaged throughout the event.

Gents another reason to consider activating DEOC? We appear to be having sympathetic protests in a number of communities. Hopefully most will not require additional resources.

Subject: SITUATION REPORT Okotoks Detachment SAD - Rally and Protest - 2022/01/29

ISSUE:

- Okotoks Detachment was made aware through social media posts that a convoy of heavy trucks and passenger vehicles will be driving around Okotoks in Rally and support of the 'Ab Provincial Legislature Convoy 2022' and the "Alberta Slow Roll", where they will attend to the Okotoks Municipal Building and hold a protest against Federal and Provincial COVID-19 regulations.

BACKGROUND:

- 2022-01-28, social media (Facebook) posts titled "Foothills Freedom Rally" was brought to the attention of Okotoks Detachment.
- The Posts essentially were calling on interested supporters to join them on Saturday 2022-01-29 morning, starting at 11:30 Hrs. to drive from The Dawgs Stadium around Okotoks to Downtown Okotoks, whereby they would park their vehicles and attend to the Municipal Building on foot to hold a protest Saturday 2022-01-29 at 12:00 Hrs.
- Heavy trucks, semis etc will participate in a "slow roll" through town. The following sites or links accompanied the posts.
<https://www.facebook.com/groups/233817458067992/>.

CURRENT STATUS:

- Southern Alberta District was advised of pending event.
- The event will be monitored by Okotoks Municipal RCMP as well as Okotoks Municipal Enforcement.
- Okotoks Detachment will have 6 members on duty.
- Okotoks Municipal Enforcement will have 3 members on duty.
- High River Traffic Services is being deployed to assist with the event at the boarder with the USA, and will be unavailable to assist.

MEMBER / EMPLOYEE WELLNESS:

- N/A.

STRATEGIC CONSIDERATIONS:

- The names of the people who posted the event, the actual name of the specific organization behind the Rally and Protest, and persons associated to the event are currently unknown.
- Further investigation will be required to determine the identify of the organizations and participants in an effort to conduct a proper risk / threat assessment.
- It is not known what kind of numbers are to be expected to participate.
- The event is stated to be a support event for the Convoy to Provincial Legislature and Protest occurring on the same date.

STRATEGIC COMMUNICATION:

- Nil.

DETACHMENT COMMANDER COMMENTS:

- The convoy will be monitored as it passes proceeds through Okotoks area and to the protest site at the Okotoks Municipal Office, On Elizabeth Street, in Okotoks.
- Okotoks Municipal Enforcement was engaged and is aware of the event.
- High River Traffic Services was engaged and is aware of the event.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the event and will monitor and provide assistance as required.
- District analyst has been engaged.

And my recommendation John would be if he is there and you plan to arrest him, to try to do it as much out of the view of others as he will put on a show for people. He will likely not follow direction and will collapse to his knees and/or prone out to make a statement. He likely would be traveling with his brother Perso, who may also has conditions, looks quite a bit like him and also will video everything you do.

Take care,

Happy to assist – The warrants resulted from Personal [REDACTED] attendance at a Canada Post outlet where he was refused service for not wearing a mask. This resulted in subsequent protests outside the outlet as he, anticipating a confrontation, had streamed it all to social media.

A constable from District 2, Cst. Jelinic, conducted an investigation and subsequently put warrants out for Persona [REDACTED] when phone calls were not returned to him. He'd not conducted door knocks however due to Persona [REDACTED]'s confrontational manner to officers attending his home.

The charges are detailed below from JOIN, and are for Causing a Disturbance under the Criminal Code, Failing to Wear a Face Covering under the Municipal Bylaw, and Trespass to Premise for not leaving the Post Office when asked and required to do so.

While the warrants are now on CPIC, administrative delays have not seen them show up on CPIC. I will check later today to see if they have been added.

Personal Info.

Please let me know if I can be of further information. My cell is Personal [REDACTED].

Sirs – I just got off the phone with CPIC; the warrant packages just arrived in the CPIC office. They're right now entering them into Warrant Tracking and will have them on CPIC itself shortly. They've also advised that if they were to receive a CPIC message concerning them at this point that they would be able to confirm and pull the warrants for any requesting agency.

Hi s.37 [REDACTED],

I will have a separate S/R for you this morning on the event at Courts, but that I would share this document with you as it gives you a good awareness of some of the other events that will occur over the weekend. s.37 [REDACTED] and myself have been engaging with one another on these events, as has a number of our staff. Brad Wirachowsky will be sharing this with Bill.

Let me know if you have any questions.

Thanks

John

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with **Perso** and **Personal Info.** in attendance. **Personal** to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy

Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.

- Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

CRITICAL INFRASTRUCTURE DEFENCE ACT

Chapter C-32.7

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of Alberta, enacts as follows:

Definitions

1(1) In this Act,

- (a) "essential infrastructure" means any of the following:
 - (i) a controlled area, installation, manufacturing plant, marketing plant, pipeline, processing plant, refinery, road or road allowance as defined in the *Pipeline Act*;
 - (ii) a heavy oil site, mine, oil production site, oil sands site, pit, private utility, privately owned development, quarry, storm drainage system, telecommunication line, transmission line, waste management facility, wastewater system, watercourse or waterworks system as defined in the *Environmental Protection and Enhancement Act*;
 - (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;
 - (iv) a railway, structural facility or track as defined in the *Railway (Alberta) Act*;
 - (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
 - (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
 - (vii) a highway as defined in the *Traffic Safety Act*;
 - (viii) a facility as defined in the *Oil and Gas Conservation Act*;
 - (ix) a public utility as defined in the *Public Utilities Act*;
 - (x) an electric utility as defined in the *Electric Utilities Act*;
 - (xi) a gas utility as defined in the *Gas Utilities Act*;
 - (xii) a coal processing plant as defined in the *Coal Conservation Act*;
 - (xiii) an oil sands processing plant as defined in section 242(pp) of the *Activities Designation Regulation (AR 276/2003)*;
 - (xiv) a radio apparatus as defined in the *Radiocommunication Act (Canada)*, including its antenna systems;
 - (xv) a dam as defined in the *Water (Ministerial) Regulation (AR 203/20)*;
 - (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
 - (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.

(2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

- 2(1) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.
- (2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.
- (3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.
- (4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.
- (5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

3(1) A person who contravenes section 2 is guilty of an offence and liable

- (a) in the case of an individual,

- (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
- (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,
- and
- (b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.
- (2) Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.
- (3) Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

- 4 A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

- 5 The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

Subject: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Good Afternoon Sirs.

I have been able to obtain the preparations from all Detachments listed in the Public Order Events going on this weekend for the Central Alberta District area.

Leduc Detachment: LA Crude Sports club event: plainclothes members from the Leduc Detachment will be in attendance in a covert capacity. Cpl. Fred DeBilly will be in charge of the police response. Uniform presence will be limited to prevent confrontation, but available if required. Sit Rep will be completed at the end of the event, slated for tonight.

Innisfail Detachment: Innisfail is aware of the convey moving from Olds north passing by Innisfail. There have been no identified plans indicating they will be stopping on our detachment area. Previous convoys have not stopped in Innisfail and just rolled on by without any incident. I have been advised there will be no traffic services members working on the 29th. Innisfail will have 3 members working days and 3 more on evenings, who have been informed and will be monitoring.

Chris Matechuk S/Sgt
Innisfail Detachment

Blackfalds Detachment: In Blackfalds Detachment area, the risk associated to this route is primarily bystanders on the side of the highway, specifically at Gasoline Alley, and on the overpasses. Historically, this has only resulted in minor traffic disruption. There is no desired location on the route in Blackfalds' jurisdiction for the convoy to pull off, although I would expect some participants to join the convoy after staging at the Sports Hall of Fame which would allow a northbound departure – again, not particularly disruptive. Blackfalds will have 4 Cst and 2 Cpl members on duty. Blackfalds Provincial ITU on duty. CPO partners have been advised. Remaining members put on alert for short-notice overtime call-out should the risk assessment change.

Sgt. B. Dueck
Ops NCO
Blackfalds RCMP

Wetaskiwin Detachment: Based upon my review of the attached, this will primarily be an event on Hwy 2 north bound to Leduc from Ponoka. As such our requirements for a response should be limited. That being said, we have a Cpl. + 7 Rms on duty in our detachment area tomorrow, which should be more than enough. I went looking for our local Traffic Unit today, no one here at the moment, so can't comment on what they have working tomorrow. We will monitor and advise if anything comes our way,

KD

Red Deer Detachment: Red Deer is on its 145th weekend protest. We have made an OT callout for members to monitor the event. The last few weeks have noted a slight increase in numbers, however no issues identified. Should anything of interest arise, a sit rep will be sent out by the Watch Commander of the day. If not, we can follow up on Monday morning with one indicating same.

St. Albert Detachment: Messaging and contingency plan has been shared with the working watch NCO's for tomorrow. There is no local impact anticipated but the detachment has a contingency plan with adequate resources identified as working or available for call in with short notice.

J. C. (Jeff) JACOBSON, S/Sgt.
OPS NCO St. Albert Detachment

Ponoka Detachment: the following information pertains to the preparations and resource planning for the convoy travelling through Ponoka at 10:00 on 2022-01-29: We will have two (2) General Duty Members on shift who will be available to respond to calls for service in our Detachment area. I have coordinated with Ponoka's Integrated Traffic Unit and have secured two resources for Traffic Control within the Town limits to help manage the flow of traffic in and out of Ponoka in order to ensure public safety. Sheriff John WALKER and Sheriff Dan ZELMER will be assisting in this regard. Additionally, I have secured Cpl. Michael DILLON from Ponoka Detachment to also assist with the influx of the convoy and when they depart from Town. These three additional resources will be working on overtime from 09:00 hrs to 12 noon. Given that the convoy is scheduled to arrive at around 10:00 hrs and depart Ponoka around 10:30 hrs this time frame for the additional resources being utilized should be adequate. I have two other additional Detachment resources on standby who are ready to deploy in case any public order concerns arise. At present, public order concerns or protests are not anticipated in our area.

Respectfully, Sgt. E.E. ST-CYR

Morinville Detachment: Just a quick update, been informed that the truck convoy (unknown numbers) from Athabasca will be moving through our area tomorrow morning (Saturday) at around 09:40 hours proceeding to highway 37 to 44 and Acheson. Our resource levels will be 5 members, 4 police vehicles. I understand that Traffic West may be in the area as well. If need, we can also draw on Morinville & Sturgeon County Peace Officers for traffic.

Ft. Saskatchewan Detachment: Phone call with Ft. Sask advised as they are potentially going to be affected, they will be on standby should their area

be affected. But operations as per usual at this time.

Strathcona Detachment: Will advise the watch on duty and will also advise the CRU/GIS teams, and ITU will be advised. As this Detachment is potentially affected they will be business as usual unless the convoy heads their way.

Parkland Detachment: Insp. Lokken has advised he will have 4 resources on to monitor the stop in Acheson, and any issues during their time in his Detachment area.

I will be attending the EPS EOC as the RCMP Liaison for any issues within the Central Alberta District on Saturday. For resourcing, should it be required, the on call DANCO, S/Sgt. Harp Dhaliwal, will be in charge of coordinating further resources. Gold Command will remain with C/Supt. Fleury, I will assume Silver Command at the EOC.

For your information at the upcoming meeting this afternoon.

Subject: RE: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Just a bit more detail from Insp. Lokken:

Parkland Detachment has been in discussion with Traffic Insp. Romanchych regarding the planned activity in our area, specifically around the proposed meeting place of the Husky Truck Stop in Acheson on Highway 60 between 16 and 16A (routes etc previously forwarded to your point this morning). Traffic anticipate having 4 traffic members to direct traffic flow in the Parkland Detachment area. S/Sgt. Ian Gillan will be in tomorrow morning to coordinate Parkland's resources and response. Four overtime members will be brought in to assist with the additional traffic issues and respond to any incidents in or around the gathering site. Online social media posts indicate the procession of vehicles will make it's way from Athabasca, coming down Hwy 44 to 16, eat for a short distance to Highway 60, then meet at the Husky truck stop starting at about 10am. At 11am sharp, the procession will exit the Husky parking lot, proceed south on Hwy60, merge right to the free flow clove leaf, then proceed east on Hwy 16A, when it will enter the City of Edmonton, go north on Anthony Henday Drive, then east on Hwy 16. Parkland has no indication of any planned protest site in our area, but rather a meeting place in the Husky Parking lot to form up and proceed into the City.

I have coordinated with Ponoka's Integrated Traffic Unit and have secured two resources for Traffic Control within the Town limits to help manage the flow of traffic in and out of Ponoka in order to ensure public safety. Sheriff John WALKER and Sheriff Dan ZELMER will be assisting in this regard. Additionally, I have secured Cpl. Michael DILLON from Ponoka Detachment to also assist with the influx of the convoy and when they depart from Town. These three additional resources will be working on overtime from 09:00 hrs to 12 noon. Given that the convoy is scheduled to arrive at around 10:00 hrs and depart Ponoka around 10:30 hrs this time frame for the additional resources being utilized should be adequate. I have two other additional Detachment resources on standby who are ready to deploy in case any public order concerns arise. At present, public order concerns or protests are not anticipated in our area.

Respectfully, Sgt. E.E. ST-CYR

Morinville Detachment: Just a quick update, been informed that the truck convoy (unknown numbers) from Athabasca will be moving through our area tomorrow morning (Saturday) at around 09:40 hours proceeding to highway 37 to 44 and Acheson. Our resource levels will be 5 members, 4 police vehicles. I understand that Traffic West may be in the area as well. If need, we can also draw on Morinville & Sturgeon County Peace Officers for traffic.

Ft. Saskatchewan Detachment: Phone call with Ft. Sask advised as they are potentially going to be affected, they will be on standby should their area be affected. But operations as per usual at this time.

Strathcona Detachment: Will advise the watch on duty and will also advise the CRU/GIS teams, and ITU will be advised. As this Detachment is potentially affected they will be business as usual unless the convoy heads their way.

Parkland Detachment: Insp. Lokken has advised he will have 4 resources on to monitor the stop in Acheson, and any issues during their time in his Detachment area.

I will be attending the EPS EOC as the RCMP Liaison for any issues within the Central Alberta District on Saturday. For resourcing, should it be required, the on call DANCO, S/Sgt. Harp Dhaliwal, will be in charge of coordinating further resources. Gold Command will remain with C/Supt. Fleury, I will assume Silver Command at the EOC.

For your information at the upcoming meeting this afternoon.

To: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Shardlow, Ian (Ian.SHARDLOW@rcmp-grc.gc.ca)
Subject: RE: CRITICAL INFRASTRUCTURE DEFENCE ACT

Sirs,

Respectfully, if we engage public prosecutions now, do we risk getting a "no" and thereby losing our ability to utilize this valuable and effective legislation over the weekend; or do we engage them say, on Monday, and gauge their interest in proceeding with charges, should we have provided court compelling documents to anyone over the weekend. Just thinking out loud here. Might be more effective to get a "no" next week and contacting our protestors to advise them we are not proceeding with charges under that Act.

I will of course defer to your opinion and expertise.

Kevin

CRITICAL INFRASTRUCTURE DEFENCE ACT

Chapter C-32.7

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of Alberta, enacts as follows:

Definitions

1(1) In this Act,

(a) "essential infrastructure" means any of the following:

- (i) a controlled area, installation, manufacturing plant, marketing plant, pipeline, processing plant, refinery, road or road allowance as defined in the *Pipeline Act*;
- (ii) a heavy oil site, mine, oil production site, oil sands site, pit, private utility, privately owned development, quarry, storm drainage system, telecommunication line, transmission line, waste management facility, wastewater system, watercourse or waterworks system as defined in the *Environmental Protection and Enhancement Act*;
- (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;

- (iv) a railway, structural facility or track as defined in the *Railway (Alberta) Act*;
- (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
- (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
- (vii) a highway as defined in the *Traffic Safety Act*;
- (viii) a facility as defined in the *Oil and Gas Conservation Act*;
- (ix) a public utility as defined in the *Public Utilities Act*;
- (x) an electric utility as defined in the *Electric Utilities Act*;
- (xi) a gas utility as defined in the *Gas Utilities Act*;
- (xii) a coal processing plant as defined in the *Coal Conservation Act*;
- (xiii) an oil sands processing plant as defined in section 2(2)(pp) of the *Activities Designation Regulation* (AR 276/2003);
- (xiv) a radio apparatus as defined in the *Radiocommunication Act* (Canada), including its antenna systems;
- (xv) a dam as defined in the *Water (Ministerial) Regulation* (AR 205/98);
- (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
 - (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.
- (2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

- (2) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.
- (2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.
- (3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.
- (4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.
- (5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

- (3) A person who contravenes section 2 is guilty of an offence and liable
 - (a) in the case of an individual,
 - (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
 - (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,
 - (b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.
- (2) Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.
- (3) Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

- 4 A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

- 5 The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

Hi Kevin, I don't think that we do by engaging them now. In reality they won't give an opinion until they have all the information. At this point it would more about making them aware of the event and that there maybe a possibility that we may want to charge under this legislation. That said, the key point about this is to make sure that we engage them before laying a charge. I'm good if you want to roll with it, see what happens, then if we feel that an offence has been committed under this legislation, engage them after the fact.

Thanks Kevin, don't give me too much credit for having any valid opinions and expertise. ☺

CRITICAL INFRASTRUCTURE DEFENCE ACT

Chapter C-32.7

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of Alberta, enacts as follows:

Definitions

1(1) In this Act,

- (a) "essential infrastructure" means any of the following:
 - (i) a controlled area, installation, manufacturing plant, marketing plant, pipeline, processing plant, refinery, road or road allowance as defined in the *Pipeline Act*;
 - (ii) a heavy oil site, mine, oil production site, oil sands site, pit, private utility, privately owned development, quarry, storm drainage system, telecommunication line, transmission line, waste management facility, wastewater system, watercourse or waterworks system as defined in the *Environmental Protection and Enhancement Act*;
 - (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;
 - (iv) a railway, structural facility or track as defined in the *Railway (Alberta) Act*;
 - (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
 - (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
 - (vii) a highway as defined in the *Traffic Safety Act*;
 - (viii) a facility as defined in the *Oil and Gas Conservation Act*;
 - (ix) a public utility as defined in the *Public Utilities Act*;
 - (x) an electric utility as defined in the *Electric Utilities Act*;
 - (xi) a gas utility as defined in the *Gas Utilities Act*;
 - (xii) a coal processing plant as defined in the *Coal Conservation Act*;
 - (xiii) an oil sands processing plant as defined in section 2(2)(pp) of the *Activities Designation Regulation* (AR 276/2003);
 - (xiv) a radio apparatus as defined in the *Radio Communication Act* (Canada), including its antenna systems;
 - (xv) a dam as defined in the *Water (Ministerial) Regulation* (AR 205/98);
 - (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
 - (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.
 - (2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

- 2(1) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.
- (2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.
- (3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.
- (4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.
- (5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

- 3(1) A person who contravenes section 2 is guilty of an offence and liable
 - (a) in the case of an individual,
 - (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
 - (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,
 - (b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.
 - (2) Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.
 - (3) Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

- 4 A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

- 5 The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

Subject: RE: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Good afternoon,

The following resources have been planned to support the Athabasca – Acheson – Edmonton convoy route:

From Athabasca to Legal Corner (intersection of Highway 2 and secondary Highway 651)

Cpl Fleming Kaastrup Irrelevant
Cst Jason Klipich
Sgt Mayowski

Fleming will be the point of contact for this above group.

The below group will have a presence in the Morinville area around the 0900-1100 time frame and then stage for the 1100 hour departure from Acheson.

Cst Brian Jamont Irrelevant
Cst Cory Kornicki
Cpl Dwyane Breikreutz Irrelevant
Cst Shaun Kennedy Irrelevant

Brian will be the point of contact for this group.

Intel concerning the size, composition, timing of the convoy will be relayed accordingly.

S/Sgt. Riz Suleman will also be in the DEOC tomorrow to assist in the coordination of our Traffic resources.

Thank you,

C

Subject: RE: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Just a bit more detail from Insp. Lokken:

Parkland Detachment has been in discussion with Traffic Insp. Romanchych regarding the planned activity in our area, specifically around the proposed meeting place of the Husky Truck Stop in Acheson on Highway 60 between 16 and 16A (routes etc previously forwarded to your point this morning). Traffic anticipate having 4 traffic members to direct traffic flow in the Parkland Detachment area. S/Sgt. Ian Gillan will be in tomorrow morning to coordinate Parkland's resources and response. Four overtime members will be brought in to assist with the additional traffic issues and respond to any incidents in or around the gathering site. Online social media posts indicate the procession of vehicles will make it's way from Athabasca, coming down Hwy 44 to 16, eat for a short distance to Highway 60, then meet at the Husky truck stop starting at about 10am. At 11am sharp, the procession will exit the Husky parking lot, proceed south on Hwy60, merge right to the free flow cloverleaf, then proceed east on Hwy 16A, when it will enter the City of Edmonton, go north on Anthony Henday Drive, then east on Hwy 16. Parkland has no indication of any planned protest site in our area, but rather a meeting place in the Husky Parking lot to form up and proceed into the City.

FYI.

Subject: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Good Afternoon Sirs.

I have been able to obtain the preparations from all Detachments listed in the Public Order Events going on this weekend for the Central Alberta District area.

Leduc Detachment: LA Crude Sports club event: plainclothes members from the Leduc Detachment will be in attendance in a covert capacity. Cpl. Fred DeBilly will be in charge of the police response. Uniform presence will be limited to prevent confrontation, but available if required. Sit Rep will be completed at the end of the event, slated for tonight.

Innisfail Detachment: Innisfail is aware of the convey moving from Olds north passing by Innisfail. There have been no identified plans indicating they will be stopping on our detachment area. Previous convoys have not stopped in Innisfail and just rolled on by without any incident.

I have been advised there will be no traffic services members working on the 29th. Innisfail will have 3 members working days and 3 more on evenings, who have been informed and will be monitoring.

Chris Matechuk S/Sgt
Innisfail Detachment

Blackfalds Detachment: In Blackfalds Detachment area, the risk associated to this route is primarily bystanders on the side of the highway, specifically at Gasoline Alley, and on the overpasses. Historically, this has only resulted in minor traffic disruption. There is no desired location on the route in Blackfalds' jurisdiction for the convoy to pull off, although I would expect some participants to join the convoy after staging at the Sports Hall of Fame which would allow a northbound departure – again, not particularly disruptive. Blackfalds will have 4 Cst and 2 Cpl members on duty. Blackfalds Provincial ITU on duty. CPO partners have been advised. Remaining members put on alert for short-notice overtime call-out should the risk assessment change.

Sgt. B. Dueck
Ops NCO
Blackfalds RCMP

Wetaskiwin Detachment: Based upon my review of the attached, this will primarily be an event on Hwy 2 north bound to Leduc from Ponoka. As such our requirements for a response should be limited. That being said, we have a Cpl. + 7 Rms on duty in our detachment area tomorrow, which should be more than enough. I went looking for our local Traffic Unit today, no one here at the moment, so can't comment on what they have working tomorrow. We will monitor and advise if anything comes our way,

KD

Red Deer Detachment: Red Deer is on its 145th weekend protest. We have made an OT callout for members to monitor the event. The last few weeks have noted a slight increase in numbers, however no issues identified. Should anything of interest arise, a sit rep will be sent out by the Watch Commander of the day. If not, we can follow up on Monday morning with one indicating same.

St. Albert Detachment: Messaging and contingency plan has been shared with the working watch NCO's for tomorrow. There is no local impact anticipated but the detachment has a contingency plan with adequate resources identified as working or available for call in with short notice.

J. C. (Jeff) JACOBSON, S/Sgt.
OPS NCO St. Albert Detachment

Ponoka Detachment: the following information pertains to the preparations and resource planning for the convoy travelling through Ponoka at 10:00 on 2022-01-29: We will have two (2) General Duty Members on shift who will be available to respond to calls for service in our Detachment area. I have coordinated with Ponoka's Integrated Traffic Unit and have secured two resources for Traffic Control within the Town limits to help manage the flow of traffic in and out of Ponoka in order to ensure public safety. Sheriff John WALKER and Sheriff Dan ZELMER will be assisting in this regard. Additionally, I have secured Cpl. Michael DILLON from Ponoka Detachment to also assist with the influx of the convoy and when they depart from Town. These three additional resources will be working on overtime from 09:00 hrs to 12 noon. Given that the convoy is scheduled to arrive at around 10:00 hrs and depart Ponoka around 10:30 hrs this time frame for the additional resources being utilized should be adequate. I have two other additional Detachment resources on standby who are ready to deploy in case any public order concerns arise. At present, public order concerns or protests are not anticipated in our area.

Respectfully, Sgt. E.E. ST-CYR

Morinville Detachment: Just a quick update, been informed that the truck convoy (unknown numbers) from Athabasca will be moving through our area tomorrow morning (Saturday) at around 09:40 hours proceeding to highway 37 to 44 and Acheson. Our resource levels will be 5 members, 4 police vehicles. I understand that Traffic West may be in the area as well. If need, we can also draw on Morinville & Sturgeon County Peace Officers for traffic.

Ft. Saskatchewan Detachment: Phone call with Ft. Sask advised as they are potentially going to be affected, they will be on standby should their area be affected. But operations as per usual at this time.

Strathcona Detachment: Will advise the watch on duty and will also advise the CRU/GIS teams, and ITU will be advised. As this Detachment is potentially affected they will be business as usual unless the convoy heads their way.

Parkland Detachment: Insp. Lokken has advised he will have 4 resources on to monitor the stop in Acheson, and any issues during their time in his Detachment area.

I will be attending the EPS EOC as the RCMP Liaison for any issues within the Central Alberta District on Saturday. For resourcing, should it be required, the on call DANCO, S/Sgt. Harp Dhaliwal, will be in charge of coordinating further resources. Gold Command will remain with C/Supt. Fleury, I will assume Silver Command at the EOC.

For your information at the upcoming meeting this afternoon.

Subject: Update Sensitive Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Issue:

- Truck Convoy/Blockade of Southern Alberta Port of Entries (POE)

Background:

- As per original sit rep dated 2022-01-28

Current Status:

- A meeting was held on 2022-01-28 at 1300hrs with all Canadian and US partners to discuss operational strategies.
- Federal DOJ council, Barry Benkendorf, was also present at the meeting. Several enforcement authorities to manage a complete blockade of the highway and Port of Entry were discussed.
- Mr. Benkendorf advised Solicitor-Client Priv.
Solicitor-Client Priv.
- Mr. Benkendorf advised Solicitor-Client Priv.
Solicitor-Client Priv.
- Mr. Benkendorf advised Solicitor-Client Priv.
Solicitor-Client Priv.
- Traffic services was also consulted by District regarding applicable Traffic Safety Act offences. Sections under the Traffic Safety Act and Use

of Highway and Rules of the Road Regulation including stunting on a highway and obstructing traffic were identified as applicable sections for those motorists blocking the highway. The traffic safety act also has provisions for removing vehicles from the roadway, if required.

- If the blockade of traffic should become a public order concern, this will be addressed through Gold Command in consultation with the STO co-bronze commander.

Thank you very much for this. I would appreciate any form of updates that you might be able to provide to us during the event as of course this is a high profile matter which has garnered a lot of attention within Government, given the critical infrastructure implications of blocking of points of entry into Canada / Alberta from the USA and the potential impacts on product supply, etc.

Thanks very much Marian, Sarah, Kevin and John!

Dwayne,

Can you monitor this with me as well over the weekend, as we will need to keep the DMO updated on the status of events.

Subject: K DCAS Intel Report - Public Order Events 2022-01-28 and 2022-01-29

Good afternoon,

Please find attached an updated Intelligence Report regarding upcoming public order events in K Division. Both open source and law enforcement information have been included as available.

Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29 in addition to local events in multiple locations. Three new locations have been added since the previous report (Strathmore, Okotoks, and Whitecourt) and details of other events have been updated.

KEY FINDINGS

- A rally is planned at the L.A. Crude Sports Club, 4205 48 Ave Leduc, AB at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with **Personal** and **Personal Info.** in attendance. **Personal** to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin, Whitecourt
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermillion, Wood Buffalo, Mayerthorpe
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer, Edmonton, Strathmore, Okotoks, and Lloydminster.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo, Strathmore, Okotoks, Lloydminster.
- On 2022-01-27, a protester at an event in Calgary became aggressive toward police and passing motorists. When the subject was arrested, the crowd became aggressive toward CPS members for approximately 30 minutes then began to dissipate.¹¹
- Very few social media posts referencing violence in relation to these events have been found to date.

Subject: RE: Additional Resources for Saturday January 29 - Update 1

Hello All,

OCC is using the provincial model for dispatching today due to resourcing.
We will have 5 dispatchers for the province today.

At 0600 we have 4 call takers, plus 3 call taker trainees (2 slated for DPE&C's today)
At 0800 we will have an additional 2 call takers (complaint lines only)
At 0900, 1000 & 1200 we will obtain an additional call taker.
At 1600 we will have 5 call takers +3CT trainees and 5 dispatchers

We have already let KMOSS/S/Sgt Koscielny know we can not support a designated MR(milk river) dispatchers.
Erica and I will monitor workload and work with our TO4s and assist with breaks and operational requirements as required.

On CIIDS we will be using 10-06 to mark members dealing with the convoys or protests so they are easily identifiable.
Erica will be tracking file numbers and sending them to KMOSS.
Because of the provincial disp model, operators do not have access to the Montana Interop talk group. Erica I or Janelle will manage any patch required.

Regards,

Amanda Kading

Sent: January 28, 2022 11:54 AM

To: Cox, Steve <steve.cox@rcmp-grc.gc.ca>

Subject: RE: Additional Resources for Saturday January 29 - Update 1

OCC Strategic Outline/Plans as discussed with Michelle.

- ☛ Resources:
 - Calls are in progress for both locations to increase Resources in preparation of the call influx/radio increase.
 - Michelle and Tracy will position themselves operationally to assist as needed.
 - If enough additional resources are received, consideration for dedicated dispatcher/s for hotspot management can be made by TO4/TO3â€™s. Priority at this time will go to the Border blockade as it is a non-moving convoy.
- ☛ SAD Blockade of Coutts/Carway/Del Bonita Ports of Entry:
 - Contact made with S/Sgt. Chris Zanideen with the following recommendations to reduce OCC workload:
 - ☛ Milk River talk group for members
 - ☛ Use 10-99 for members dedicated to traffic stop/queries vs individual 10-11â€™s.
 - ☛ Have members use MWS to query plates/subjects vs OCC
 - ☛ If individual 10-11 is required, complete through OCC
 - ☛ Using 10-11 from MWS still requires acknowledgement by OCC
 - ☛ 10-33â€™s will be handled per usual SOP
 - ☛ If a dedicated dispatcher can be placed, we will notify the Milk River channel we are monitoring.
 - ☛ If a hotspot occurs elsewhere, we will notify if dedicated dispatcher is having to be moved.
 - OCC Supervisors to review AFRRCs Patching of Montana with Dispatchers
- ☛ All other Planned Protest/Convoy locations:
 - Sit Reps thus far indicate members will not be involved with actual convoyâ€™s
 - ☛ Additional members and patrols expected
 - OCCâ€™s will monitor for workload impact and adjust resources as needed.
- ☛ Additional Call Load considerations:
 - OCC is already receiving an influx of additional calls regarding the protests and anti government comments
 - ☛ Continue to complete files if required by SOP.

Team 3/7 Supervisors, please reply to this email at the start of the shift with your resourcing and if a dedicated dispatcher was able to be accommodated to the Milk River Channel.

Thank you,

Tracy Duval

Tracy / Michelle

Can you please initiate soliciting additional resources for the dayshift (maybe 0800-2000?) with as many operators as we can seat. Iâ€™m attaching the first 3 x BN received however, I understand there is additional (15+) more coming.

Please keep me apprised of how weâ€™re doing.

Tracy â€” per our conversation, can you please prepare a strategic outline regarding the suggestions you were discussing with SAD that may be implemented to reduce impact on the OCC, as required.

Subject: 1030- Lloydminster update

Approximately 30 large trucks plus around 50-60 personal vehicles involved in the convoy passing city hall. No issues, not impeding traffic. Vehicles do not appear to be heading west out of town. Vehicles travelled along highway 16/44 Street until turning north on 62 Ave towards the industrial park area of Lloyd.

Approximately 500+ people still at the demonstration. No issues noted. Not blocking any roadway.

New social media post observed today advertising another meeting spot, Lloydminster Civic Centre. Possibly unrelated organizers. Possible that vehicles are circling back to the new location where they are asking people to attend at 1130 with another convoy starting at 1200.

Members will attend the new location as we get closer to the time.

Update to follow.

Brad

Subject: FYI

National Tac reached into Scott Fuller wanting to know that if a request came into K, how many STO resources could we release. I only share this in the context that it sounds like things are getting bad in Ottawa. Of course we won't be releasing anyone, certainly at this point.

Subject: Proposed social media post for review and approval.

Sir,

Please review the following 3 posts that are intended to be added as a "thread" to the original posts on our AB RCMP Facebook and Twitter accounts:

1. The AB RCMP ask that participants in the convoy on Hwy 4 prevent a full blockage of the highway as this will restrict or prevent a response to emergencies such as medical, fire, collisions or other emergency events and may jeopardize the safety of Albertans.
2. The AB RCMP's goal is that traffic flow remain open in at least one lane in each direction to allow for emergency response, flow of traffic for area residents, employment travel and to permit movement of lawful traffic across the border.
3. Emergency response agencies will assist the AB RCMP with movement of vehicles or traffic flow in this event to support a peaceful and lawful protest to prevent full blockage or situations where participants may be placed in an unsafe situation.

This is in line with the written documentation that was provided to the participants and would allow the members on the ground to give this messaging to more participants that they have not been able to reach by other means.

Ian / Kevin

Attached is the requested STO plan for the following options:

1. Blockade of road, one lane available for transit
2. 100% blockade of the road
3. Attempted take over/occupation of the Border facilities.

Items to consider, if we start to remove vehicles, is there a way for Divisional ITU or other resources to prevent additional trucks from joining from the north once word spreads.

Do we continue this operation in daylight hours or on a 24 hr basis. 24 hr basis would require a second full troop for night shift (C.O. / Crops Officer level decision)

Scott

Subject: Minor change to social posts for Coutts

Sir,

We had to adjust the wording slightly on #3 due to the history of the reaction of the public to anything that includes the word protest. The word assembly was inserted in place of protest.

Final being posted to the AB RCMP Twitter and Facebook thread on Coutts shortly:

1. The AB RCMP ask that participants in the convoy on Hwy 4 prevent a full blockage of the highway as this will restrict or prevent a response to emergencies such as medical, fire, collisions or other emergency events and may jeopardize the safety of Albertans.
2. The RCMP's goal is that traffic flow remain open in at least one lane in each direction to allow for emergency response, flow of traffic for area residents, employment travel and to permit movement of lawful traffic across the border
3. Emergency response agencies will assist the AB RCMP with movement of vehicles or traffic flow in this event to support a peaceful and lawful assembly to prevent full blockage or situations where participants or the public being placed in an unsafe situation.

Deanna

Subject: RE: STO SMEAC

Hi Kevin,

When you have a moment please add a few additional details to the plan- specifically:

1. In each option, identify the arrest authority to which any enforcement action within that option will be based upon.
2. Given the anticipated low number of commercial tow vehicles in the province, this may be an impediment to successfully reopening the roadway. Please add a subsequent contingency such as utilizing Class 1 qualified members on site to remove the obstruction from the roadway and discuss steps to deal with that vehicle as it remains parked until such time that it can be dealt with.
3. In Option 3 please articulate collaboration with CBSA, and reference their contingency plan (if they have one?) And if they defer to us document your collaboration and their concurrence with your proposed plan.

Once completed please re-submit to DEOC and myself.

Thanks Kevin for your efforts today,

Ed

Hello all,

Please see updated Time Log and updates. Of particular note:

1345hrs – Edmonton - Protesters at the Alberta Legislature now reported to number 5000 persons. Heavy traffic congestion surrounding the Legislature, extremely loud noise levels.

1346hrs – Edmonton – Approximately 100+ farming tractors, farm implements, trucks, and passenger vehicles have exited off Highway 16 Yellowhead at 82nd Street and are southbound into Edmonton proper, driving to the Legislative grounds.

1346hrs – SAD – Coutts – [Personal] identifying himself as an Organizer, confirming online that they are organizing to park the vehicles and the border will be blocked.

Thanks,

Justin

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

I have taken over as Gold for the protests this afternoon relieving John. We are sending out a sit rep in short order. I have preliminary information that there is a blockage in place now at the road leading to the border that we are confirming. It will not be part of the next update unless we confirm. Just providing a heads up- planning is underway.

Coutts Boarder Protest

From: Kevin R Halwa (khalwa@npf-fpn.com);
Sent: 2022-01-29 17:07:28
To: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Shardlow, Ian (ian.SHARDLOW@rcmp-grc.gc.ca)
Subject: Coutts Boarder Protest

Good Evening Gents,

Based on the reports that I am getting from for our NPF directors in Ottawa, it sounds like things are going much better here in Alberta than they are out there. Thank-you to Kevin and John for the updates throughout the day.

The NPF will be preparing a National Comms piece to go out to our Members on Monday which will include details on both the Alberta and Ottawa Protests, and our Members involvement. To do that I am hoping to get a be more of the specifics by the end of the weekend if at all possible.

Specifically:

How many Law enforcement personnel deployed, from which agencies and how many from the RCMP
Estimated number of trucks and other vehicles
Estimated number of protestors
Number of arrests if any
Any reported conflicts between our Members and protestors
Number of Charges if any
Number of hour of interruption of the board crossing

Anything else of note or interest

Thanks in advance,

Kev

Kevin R Halwa

That aligns with the egress of traffic I have seen. A lot of vehicles with signs and flags leaving south Edmonton. Also a lot of vehicles on 19 westbound, and eastbound and vehicles leaving gas stations in Leduc, Nisku area back onto Hwy 2 South.

Subject: Coutts Boarder Protest

Good Evening Gents,

Based on the reports that I am getting from for our NPF directors in Ottawa. It sounds like things are going much better here in Alberta than they are out there. Thank-you to Kevin and John for the updates throughout the day.

The NPF will be preparing a National Comms piece to go out to our Members on Monday which will include details on both the Alberta and Ottawa Protests, and our Members involvement. To do that I am hoping to get a be more of the specifics by the end of the weekend if at all possible.

Specifically:

- How many Law enforcement personnel deployed, from which agencies and how many from the RCMP
- Estimated number of trucks and other vehicles
- Estimated number of protestors
- Number of arrests if any
- Any reported conflicts between our Members and protestors
- Number of Charges if any
- Number of hour of interruption of the board crossing

Anything else of note or interest

Thanks in advance,

KeV

Latest update from Edmonton EOC:

No protesters at the Alberta Legislature aside from foot traffic. Road closures will continue until 2000 hrs. Locations around the Legislature still have vehicles blocking routes. EPS negotiating with drivers, some who have advised they have reached their limit in their log books and cannot move. Decision upcoming at 1800 if they will be shutting down operations in the EOC and turning over to regular EPS Operations.

Will advise after the 1800 briefing.

Subject: RE: Coutts closure

Good evening,

The roads north and south to the Coutts border are blocked. We had initial information that the border was closed on the US side. We have clarified it is open but letting limited traffic through.

We are in discussions with CBSA and US border authorities on diverting to a different border crossing to keep cross border traffic moving.

We are not making arrests yet and we are not towing vehicles yet. There are some logistical challenges with clearing the vehicles from the area through a tow. We are working on a strategy. We are gathering evidence and will be issuing tickets/ charges under the appropriate legislation.

The organizers of the event have made calls to participants to move their vehicles but the message has been ignored. We are working on strategies with those people participating in the roadway stoppage to gain compliance and get roadways moving again. Additional CCMG resources have been called in due to the size and scope of the people participating.

We have messaged on Social Media for people to avoid the area due to the stoppage of traffic along the highway. There are information barricades set up to advise traffic of the disruptions along the route.

Sit rep to follow...

Peter

I have taken over as Gold for the protests this afternoon relieving John. We are sending out a sit rep in short order. I have preliminary information that there is a blockage in place now at the road leading to the border that we are confirming. It will not be part of the next update unless we confirm. Just providing a heads up- planning is underway.

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

I have taken over as Gold for the protests this afternoon relieving John. We are sending out a sit rep in short order. I have preliminary information that there is a blockage in place now at the road leading to the border that we are confirming. It will not be part of the next update unless we confirm. Just providing a heads up- planning is underway.

Good morning Ma'am,

Quick SA update for you. Col. Badder advises that the North bound Blockage has cleared out some overnight but highway 4 remains blocked in both directions. Federal members are deployed to Border road patrols currently as scheduled. Cpl. Badder will provide an update after the 0830 briefing.

Last night arrangements were made to have the K div RPAS unit depart Edmonton this morning with the purpose of replacing the current UAV team. I have arranged for an IMET member to assist Robert Nooy as a visual observer.

If DEOC would like to view live stream from the UAV it is available via Teams link.

Subject: RE: Coutts closure

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

Good evening,

The roads north and south to the Coutts border are blocked. We had initial information that the border was closed on the US side. We have clarified it is open but letting limited traffic through.

We are in discussions with CBSA and US border authorities on diverting to a different border crossing to keep cross border traffic moving.

We are not making arrests yet and we are not towing vehicles yet. There are some logistical challenges with clearing the vehicles from the area through a tow. We are working on a strategy. We are gathering evidence and will be issuing tickets/ charges under the appropriate legislation.

The organizers of the event have made calls to participants to move their vehicles but the message has been ignored.

We are working on strategies with those people participating in the roadway stoppage to gain compliance and get roadways moving again. Additional CCME resources have been called in due to the size and scope of the people participating.

We have messaged on Social Media for people to avoid the area due to the stoppage of traffic along the highway. There are information barricades set up to advise traffic of the disruptions along the route.

Sit rep to follow...

Peter

~~Threatened Species~~

Happy to help & definitely not wanting to bother you, at all am sure you'll be quite busy, just wanted to follow up.

2222

Her discussion with Peter Twofish in AB, John Ferguson in the CS/200 office, is at HQ and they are having a meeting on next steps.

Last night RUMF asked the US Border Patrol to open an alternate route and they advised that they would have to check with Washington, DC prior to doing that.

There are three border crossings in the area. Customs is 20 miles, the next one is 50 and the third one is 100 miles. They have opened that today to help with traffic flow. The third crossing is only for light traffic.

On the Canada side the RCMP show down access to courts last night as the office is locked and will take a long time to get it working. And killed traffic (multiple), more trucks against them, tow truck operators as part of the protest. Only one heavy tow truck operator is working but it takes hours to get just one truck. The organizers have asked for people to assemble, however, the RCMP people don't want following someone in direction. Splitter tactics. Duty without. Not a people at the location. Many thousands caught up in this.

Using the Civil Infrastructure Defense Act as an example of this type

I have asked for an update via App with same options. The issue seems to be on the iOS side and we may need to contact iOS assistance. Working for confirmation from CX Dev.

store, will call you there.

30-4255, at this time as a fly only. Please wait for his report in adding or vote broadcast.

Spoke with John Ferguson. They are completing a Sit Rep. Can you add a high level update for now and then we can add more later.

Thanks,

Sorab.

Thanks Sorab.

Not mentioning in an I believe I'll have anything come through on this front. I thought you might be getting some pointers on this, I think anything that I could include in the next Sit Rep or anything can be of assistance with.

Happy to help @ Definitely not wanting to bother you, as I am sure you're quite busy. Just wanted to follow up.

Mark,

Had a discussion with Peter Tewfik re: with John Ferguson the RCMP officers at HQ and they are having a meeting on next steps.

Last night I had asked the 15 Border Guard to open an alternate route and they advised that they would have to meet with Mounties, RCMP to discuss that.

There are some border meetings in the area. Courts is 24 hours, the entrance is 5 am to 5 pm and closed on weekends. They have opened that today to help with traffic flow. The Mounties are only for right of way.

On the Canada side the RCMP had down access to Courts last night as the traffic stopped and will take a detour to get it moving. They have not taken any action, more units against them. Have been separated as part of the protest. One and heavy law enforcement is working but it takes hours to clear that side of the road. The protesters have been very polite to everyone, however the RCMP are not following organized direction. Some are using force and some are using force. Many are using force to get up to the road.

Using the Court 24 hours are the RCMP not on the table at this time.

I have not had any updates for the last some weeks. The issue seems to be on the US side and we may need to wait for US authorities. Working for confirmation from a few.

Mark, will call you shortly.

Bestcase, at the time of the meeting, please wait for the RCMP to be able to do the meeting.

Thanks,

Sorab.

**Subject:** CBSA media statement in CBC

<https://www.cbc.ca/news/canada/calgary/convoy-protest-border-lethbridge-alberta-1.6332936>

The Canada Border Services Agency (CBSA) told CBC News shortly after 11:30 a.m. Sunday that it was monitoring the situation.

"[The CBSA] is ready to respond, with police of local jurisdiction if necessary, to any events impeding operations at ports of entry," a spokesperson said in a statement.

The spokesperson said that "no traffic is being blocked from coming into Canada," adding it was an offence under the Customs Act to hinder a border services officer from doing their work.

I am not sure about this quote

Hello all,

The following wording is proposed for an updated social media post on AB RCMP social accounts:

Alberta RCMP ask motorists to continue to stay away from Hwy 4 south of Lethbridge to the Coutts border crossing. Traffic continues to remain immobilized in either the northbound or southbound direction.

Once approved by GSB in SAD and DEOC it can be translated and posted.

Deanna

**Subject:** NOC report

---

Sir,

You were in a meeting, but I wanted your input on the revised SitRep to NOC. Here is the content (pasted in email for your ease of reading).

### ISSUE:

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

### BACKGROUND:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

### CURRENT STATUS:

- Information relayed from S/Sgt. Zanidean (part of consultative group with RCMP/CBSA/US Customs and Border Services) who consulted with CBSA: Jeryn Peters - Director of Intelligence and Acting Duty Executive (has decision-making ability for CBSA).
- The border hours are as follows: the Port of Coutts (operates 24 hours, 7 days a week); the port of Del Bonita (0900-1700 Monday to Friday); and Carway (0800-1800, daily except Saturdays).
- The port of Del Bonita is located on Alberta Highway 62, and is approximately 74 km west of Coutts (by car). The port of Carway is located on Alberta Highway 2, and is approximately 134 km west of Coutts (by car).
- The information given by Ms. Peters is as follows:
- Extending the border hours is not an option (no specific reason given).
- Other ports cannot open to commercial traffic due to lack of brokerage systems in place and unable to deal with the commercial vehicles that don't fall under their parameters for crossing (i.e. live/work within 200 km, etc).
- CBSA has BCPs that involve re-routing commercial traffic to Roosville, BC and to a commercial port south of Regina, Sask (possibly Estevan, Sask).

s.37

s.38

- All other RCMP Districts in Alberta are reporting no disruptions, issues, or protests going on at this time (all activity from yesterday appears to have ended).
- RCMP will continue to monitor and respond to the situation.
- There is a coordination group involving RCMP and US Customs and Border Services. CBSA has been asked to have a representative present, however, only a part-time analyst has participated to date. Not having a decision-maker at the table makes it difficult to establish options and strategies.

### STRATEGIC COMMUNICATIONS:

- CBSA has done a media interview and provided inaccurate information regarding the traffic status at the Coutts border crossing. Consideration needs to be given to engaging CBSA in a joint RCMP/CBSA news release to ensure information accuracy and to prevent undermining of the RCMP operations.
- Social media messaging from RCMP accounts is being used heavily in the print media.
- Social media is being monitored, coverage is primarily positive toward law enforcement.

### CONDUCT / CIVIL RISK ASSESSMENT:

- N/A

**Subject:** RE: Proposed updated social media post.

---

Could we perhaps be a little more clear about the actual status of the border?  
My suggestion

At this time, no motor vehicles are able to access the border. Only foot traffic is able to be processed by customs

**Subject:** RE: Proposed updated social media post.  
**Importance:** High

For Gold commanders to approve please:

This would be my updated wording for approval:

Alberta RCMP ask motorists to continue to stay away from Hwy 4 south of Lethbridge to the Coutts border crossing. Traffic continues to remain immobilized in both the north and southbound directions. At this time, no motor vehicles are able to access the border for entry/re-entry.

**Subject:** RE: Proposed updated social media post.

Could we perhaps be a little more clear about the actual status of the border?  
My suggestion

At this time, no motor vehicles are able to access the border. Only foot traffic is able to be processed by customs

Hello all,

The following wording is proposed for an updated social media post on AB RCMP social accounts:

Alberta RCMP ask motorists to continue to stay away from Hwy 4 south of Lethbridge to the Coutts border crossing. Traffic continues to remain immobilized in either the northbound or southbound direction. At this time, no motor vehicles are able to access the border for entry.

Once approved by GSB in SAD and DEOC it can be translated and posted.

Deanna

**Subject:** FW: Statement by Premier - re border blockade

FYSA – Premier Jason Kenney has posted the following on twitter.

We also have Rachel Notley who has posted a statement as well earlier. See bottom of email.

Deanna

<https://twitter.com/kenney/status/1487896939312164866>

<https://twitter.com/kenney/status/1487896939312164866?s=20&rt=6CVTyaH00k-29zMlFOI-wg>

Jason Kenney  
@jkenney

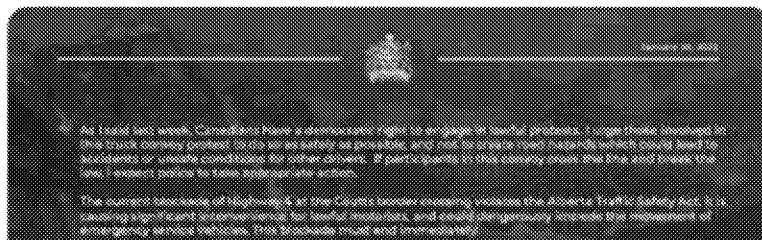

...

The blockade of the Coutts border crossing violates the Alberta Traffic Safety Act.

It is causing significant inconvenience for lawful motorists and could dangerously impede movement of emergency service vehicles.

This blockade must end.

My full statement: 

January 30, 2022

- ❖ As I said last week, Canadians have a democratic right to engage in lawful protests. I urge those involved in this truck convoy protest to do so as safely as possible, and not to create road hazards which could lead to accidents or unsafe conditions for other drivers. If participants in this convoy cross the line and break the law, I expect police to take appropriate action.
- ❖ The current blockade of Highway 4 at the Coutts border crossing violates the Alberta Traffic Safety Act. It is causing significant inconvenience for lawful motorists, and could dangerously impede the movement of emergency service vehicles. This blockade must end immediately.
- ❖ Operational enforcement decisions are the responsibility of police services, and enforcement at the border crossing itself is in part a federal responsibility. Alberta's Critical Infrastructure Defence Act gives police and prosecutors additional penalties to levy as a tool to address blockades of highways and other infrastructure when and where they deem appropriate."

JASON KENNEY » PREMIER OF ALBERTA

Alberta

**Alberta NDP Leader Rachel Notley issued the following statement in response to today's blockade on Highway 4 at the Alberta-U.S. border near Coutts:**

"The Alberta NDP unequivocally condemns the blockade of the border near Coutts as well as the many examples of hateful symbols and vandalism seen across Canada this weekend.

"The blockade of emergency vehicles to Albertans in need, and the disruption in the flow of vital goods through our major transportation corridor, is both dangerous and disgraceful. It puts lives at risk, hurts our economy, and hurts families. To put it bluntly, a small group first claiming to be concerned about the possibility of grocery shortages have now most assuredly caused them.

"We are calling on Premier Jason Kenney to denounce this blockade of Alberta's only international border crossing and work to restore full access to Coutts for emergency vehicles and transportation. The Premier must also formally direct his MLA for Taber-Warner to end his participation in this blockade of Alberta's economy.

"The border must be reopened. The Premier must take action for the families in southern Alberta who depend on open roads to travel for their jobs, their health care and plainly, to go about their lives."

---

Thank you Sorab.

I spoke to John and he reports there will be an update coming in tonight.

He also reported they will be taking a tactical approach in the AM. e.g. arresting and towing...

I passed this on to Scott Harris along with the suggestion that if it does not work, we need to take the pressure on the port and open another to help soften the impact.

Mark,

As discussed, anything you can do to help get CBSA to the table and coordinate with us would be very helpful. Need consistent messaging and assistance from CBSA to enact a plan for alternate crossing until Courts can be sorted out.

Please call me and if needed we can put together a Teams call with K Div, if you need further info.

Please note tight circulation of this Sit Rep.

Thanks,

Sorab

**Subject:** RE: Social media posts for review and approval.

Thank you Sir. For clarity, here is the final for DEOC's approval:

The AB RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing. Extensive efforts have been taken to engage with all stakeholders in the hopes that a peaceful resolution can be reached. We are working with truck drivers who are attempting to disengage from this event so that they are able to do so; however, current conditions have traffic immobilized.

The AB RCMP will use only the level of intervention necessary to ensure the safety of all citizens and to maintain peace, order, and security. Our goal is to facilitate lawful and peaceful protest. When an event becomes unlawful we utilize a measured approach, which ultimately includes enforcement. This event has become unlawful and we are asking those who are involved to clear the area.

The AB RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement.

As discussed, we can organize the thread differently on Facebook and Twitter.

Deanna

Thank you Sir. For clarity, here is the final for DEOC's approval:

The AB RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing. Extensive efforts have been taken to engage with all stakeholders in the hopes that a peaceful resolution can be reached. We are working with truck drivers who are attempting to disengage from this event so that they are able to do so; however, current conditions have traffic immobilized.

The AB RCMP will use only the level of intervention necessary to ensure the safety of all citizens and to maintain peace, order, and security. Our goal is to facilitate lawful and peaceful protest. When an event becomes unlawful we utilize a measured approach, which ultimately includes enforcement. This event has become unlawful and we are asking those who are involved to clear the area.

The AB RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement.

As discussed, we can organize the thread differently on Facebook and Twitter.

Deanna

Good Evening Sir,

Inspector Schmidt has reached out to me with your request for resources at the Carway and Del Bonita border crossings for tomorrow morning. I have requested additional resources from senior management and I am waiting for a response. Most of my resources are tied up in Coutts where the bulk of the traffic seems to be located.

I have included an ops plan we had for SHP members at Coutts. It has names and contact info for Sergeants down there in Coutts and Lethbridge. They can assist with information as needed. I currently have all my members down in the Lethbridge and Medicine Hat areas redeployed to Coutts (on regular duties at this time) and I will stay in touch with you as this updates.

Thank you,

Hi s.37

All of my resources at this time are stationed at Coutts and they are very outnumbered and overwhelmed as it is.

I can put a request in for OT to senior management and see what happens. I currently have 5 Sheriffs on duty at Coutts. I have 5 scheduled again for days tomorrow starting at 6am and 5 for the evening shift.

Subject: Request for CVE at Border

Good evening,

Further to our phone conversation, we have received information that there is a plan for protesters to send two convoys of 25 semi trucks in each to both the ports of Carway and Del Bonita in order to establish blockades. We are asking if your Commercial Vehicle Enforcement officers would be in a position to establish roadblocks and inspection points with a view to denying the trucks access to the ports. We are suggesting the following locations:

- 1) Intersection of highway 62 at highway 501 to prevent access to Del Bonita,
- 2) Highway 2 just south of Cardston to prevent access to Carway.

Thank you,  
Kevin

(le français suit)

Good afternoon Commanding Officers and Crops Officers,

Below is a link to the *Operational Standard: Active Threat Training and Equipment Compliance Dashboard*. In accordance with sec. 3. 4. 3. of the Operational Standard, the purpose of this dashboard is to provide divisional Criminal Operations and Commanding Officers quarterly compliance data to:

1. ensure that the benchmarks in App. 99-2-2, Active Threat Training and Equipment Benchmarks, are achieved by the specified date (sec. 3. 3. 1. 1.);
2. analyze the compliance data to determine if the trends identify issues and opportunities for improvement (sec. 3. 3. 1. 2.);
3. address areas of non-compliance and report actions taken to improve compliance annually to the Assistant Commissioner (A/Commr.), Contract and Indigenous Policing (sec. 3. 3. 1. 3.); and
4. conduct and document ongoing risk assessments annually, at minimum, to ensure supplemental patrol carbine training, qualification, long-guns, ammunition, and hard body armour are delivered or distributed according to risk (sec. 3. 3. 2. 1.).

The compliance dashboard provides a snapshot of the data on a certain date. All data sources, methods, and the dates the data were extracted, are provided.

**\*NEW\* Access instructions:**

The Enterprise Geospatial Information System (EGIS) has undergone a recent modification. Due to this modification, instead of the automatic login as you were experiencing in the past, you will now have to connect using your credentials with your username under this format HRMIS@ROSS along with your usual ROSS Password. To access the dashboard, please use the following instructions:

1. Regardless of whether you are working in the office or from home, before trying to access the dashboard, you will need to log in to the VPN via Cisco AnyConnect (token/smartcard inserted).
2. Open your Google Chrome or Microsoft Edge web browser, which should be installed on all Windows 10 computers (the dashboard will not work in Internet Explorer).
3. Copy the link below into your Google Chrome or Microsoft Edge browser.
4. Enter in your username (HRMIS@ROSS), along with your usual ROSS Password to display the dashboard.
  - a. If you receive an error or encounter difficulties, please contact Shannon Toomey (shannon.toomey@rcmp-grc.gc.ca; irrelevant)

Should there be anyone else who requires access (i.e., PSE, CM, RM at the Constable rank), please e-mail Shannon Toomey (shannon.toomey@rcmp-grc.gc.ca) with their required credentials outlined below:

**New user credentials**

HRMIS:  
Name:  
Unit:  
Collator:  
E-mail:

**Operational Standard: Active Threat Training and Equipment Compliance Dashboard Link**

Link: <https://egis-sige.rcmp-grc.gc.ca/portal/apps/storymaps/stories/e869125b9e1340f7a565d16608542e8b>

Should you have any questions about the operational standard, benchmarks, dashboard, and/or data validation, please contact Simon Baldwin (simon.baldwin@rcmp-grc.gc.ca; irrelevant) or Shannon Toomey (shannon.toomey@rcmp-grc.gc.ca; irrelevant).

Thank-you,  
A/Commr. Dennis Daley  
Contract and Indigenous Policing

Bonjour commandants divisionnaires et officiers des enquêtes criminelles,

Voici un lien vers la *Norme opérationnelle : Tableau de bord sur la conformité pour la formation sur les menaces actives et le matériel*. Conformément à la sect. 3.4.3 de la Norme opérationnelle, le tableau de bord a pour objet de fournir des données trimestrielles sur la conformité des Opérations criminelles et des commandants divisionnaires afin d'aider à :

1. veiller à l'atteinte, dans les délais indiqués, des niveaux de base spécifiés à l'ann. 99-2-2, Menaces actives : niveaux de base pour la formation et le matériel (sect. 3.3.1.1.);
2. analyser le rapport de conformité pour déterminer si les tendances observées révèlent des problèmes ou des points à améliorer (sect. 3.3.1.2.);
3. remédier aux défauts de conformité et faire annuellement rapport des mesures prises au commissaire adjoint, Services de police contractuels et autochtones (sect. 3.3.1.3.);
4. procéder à une évaluation du risque et en rendre compte par écrit, de sorte que puisse être apporté tout complément de formation (formation au maniement de la carabine, épreuve de tir à la carabine) ou de matériel (armes d'épaule, munitions, gilets pare-balles rigides) qui s'avère requis compte tenu des risques (sect. 3.3.2.1).

Le tableau de bord de conformité fournit un instantané des données à une certaine date.

#### **\*NOUVEAU\* Instructions d'accès**

Le Système d'information géospatiale d'entreprise (SIGE) a récemment été modifié. En raison de cette modification, au lieu de la connexion automatique que vous connaissiez par le passé, vous devrez maintenant vous connecter en utilisant comme identifiants votre nom d'utilisateur sous le format HRMIS@ROSS ainsi que votre mot de passe ROSS habituel. Pour accéder au tableau de bord, veuillez suivre les instructions suivantes :

1. Que vous travailliez au bureau ou à la maison, avant d'essayer d'accéder au tableau de bord, vous devrez ouvrir une session dans le réseau privé virtuel (RPV) au moyen de Cisco AnyConnect (jeton / carte à puce inséré).
2. Ouvrez votre navigateur Web Google Chrome ou Microsoft Edge, qui devrait être installé sur tous les ordinateurs Windows 10 (le tableau de bord ne fonctionnera pas dans Internet Explorer).
3. Copiez le lien ci-dessous dans votre navigateur Google Chrome ou Microsoft Edge.
4. Inscrivez votre nom d'utilisateur (HRMIS@ROSS), ainsi que votre mot de passe ROSS habituel pour afficher le tableau de bord.
  - a. Si vous recevez un message d'erreur ou rencontrez des difficultés, veuillez communiquer avec Shannon Toomey ([shannon.toomey@rcmp-grc.gc.ca](mailto:shannon.toomey@rcmp-grc.gc.ca)) **Irrelevant**.

S'il y a d'autres personnes qui ont besoin d'un accès (p. ex., employé de la fonction publique [EFP], membre civil [MC], MR au grade d'agent), veuillez envoyer un courriel à Shannon Toomey ([shannon.toomey@rcmp-grc.gc.ca](mailto:shannon.toomey@rcmp-grc.gc.ca)) avec leurs justificatifs d'identité requis indiqués ci-dessous :

#### **Justificatifs d'identité pour un nouvel utilisateur**

**Subject:** Morning Federal update/ HASP request

Good morning Sir and Ma'am;

A few quick points;

- IBET has resumed assigned points at the border and are prepared for the operations today.
- RPAS has advised that it will be unable to fly today due to winds. Cst. Tyler Sondergaard has been released from RPAS and reassigned to the Fed team.
- Cpl. Badder advised that a small number 7-10 personal vehicles were arriving around 0500 to support protesters.
- Resources are being placed by SAD in operational spots of significance to support today's planned ops.
- Cathy (MPP pilot) Has advised that the weather outlook has improved, by her best estimate she is hopeful they can be in service around 1100.

Only point of action for DEOC; With the update on the forecast DEOC/ CrOp's will need to make official the request to F Div CrOp's/ Air Services that the HASP is officially requested.

Regards

Hello Sir,

In discussion with C/Supt. Tewfik I identified that you would need an updated copy of this draft for when we shift to enforcement at some point as it was my understanding that this would be issued to the media through ABMEDIA when we are able to do that. The strategy would be to post a link to this statement on our social media channels.

This is in holding until required.

Please advise if any changes are required.

Once it is approved by you it needs to go to DEOC gold command please.

Deanna

Draft:

Jan. 30, 2022

**Alberta RCMP statement regarding Coutts border assembly**

Coutts, Alta.—In response to those attending the Coutts border assembly on Hwy 4 since Jan. 29, 2022, and the resulting blockage to the northbound and southbound lanes of traffic at the Coutts border crossing, the Alberta RCMP are issuing the following statement:

The AB RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing. Extensive efforts have been taken to engage with all stakeholders in the hopes that a peaceful resolution can be reached. We are working with truck drivers who are attempting to disengage from this event so that they are able to do so; however, current conditions have traffic immobilized.

The AB RCMP will use only the level of intervention necessary to ensure the safety of all citizens and to maintain peace, order, and security. Our goal is to facilitate lawful and peaceful protest. When an event becomes unlawful we utilize a measured approach, which ultimately includes enforcement. This event is unlawful and we have asked those who are involved to clear the area.

The AB RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement.

Alberta RCMP advise that a full blockage of Highway 4 will no longer be permitted. Person's participating in this event can expect increased enforcement of Traffic Safety Act and Use of Highway and Rules of the Road Regulations on Hwy 4 and area roadways. Pedestrians are also reminded to follow all the rules of the road such as jaywalking and stunting.

Alberta RCMP would like to remind participants of this assembly that it is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. A Highway is considered essential infrastructure. Anyone who actively blocks a highway may be subject to arrest and charge under this act. Anyone who aids, counsels, or directs a highway to be blocked may also be subject to charge under this act.

Alberta RCMP would like to advise that the nearest port of entry that remains unobstructed at this time is Carway/Peigan border crossing.

## K Division update – Alberta Trucker Protest at Coutts Border Crossing

---

**From:** Bowden, Tammy (Tammy.Bowden@rcmp-grc.gc.ca);  
**Sent:** 2022-01-31 10:46:43  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** K Division update – Alberta Trucker Protest at Coutts Border Crossing

---

Update from K Division as of 1036 MST – Alberta Trucker Protest at Coutts Border Crossing

- Enforcement action will tentatively begin at 1200 MST
- We continue to engage with CBSA to explore alternative sights for border crossing if/when needed
- CCMG has remained fully engaged. Approximately 8-10 'hardline' leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.
- Working with provincial resources including Sheriffs and CVE
- Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.
- Proactive Comms Strategy in place
- Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

**Subject:** Sit Rep #41: Freedom Convoy 2022- National Capital Region 2022-01-28-2022-01-31

**Situation as of 1208hrs on 2022-01-31**

**Event Overview:**

- **Convoys totalling approximately 2950 vehicles have arrived in the NCR. Unknown number of vehicles in the downtown core. 20 people reported at this time on Parliament Hill and approximately 100 people on Wellington St.**
- 40-50 additional trucks and a dozen personal vehicles have now entered the city and are now parked on SJAM.
- Anticipate approximately 100 people walking from the Gatineau side, time TBC.
- Police resources continue to address occasional flashpoints and aggression from a few protestors.
- Other Events:
  - o Windsor/Detroit Area:
    - There is a group of Drivers and CMV operators that have mobilized in Kentucky and will depart for Detroit, MI along Interstate 75 to block the Ambassador Bridge. This is to coincide with Ontario drivers blocking the bridge from our side. (OPP)

**Operational Information:**

- Social media users are reporting: "Ottawa Paramedics ask for police escort after rocks thrown at ambulance, racial slurs yelled".
- s.37
- Two people were reported walking down O'Connor with pallets. Pallets were dropped at the corner of Wellington and O'Connor. No further information provided.
- Social media users are currently reporting Live ground coverage of police movement at Parliament Hill.

**Operational Planning:**

- VIP movements have resumed. It was initially interrupted between 1020hrs to 1130hrs, due to the incident at Wellington St. and Elgin St. No Ministers or MP's were impacted by this.
- PM Media Availability will be at Harrington Lake, this will be released at 1200hrs. Undue attention may now be directed towards this site.

**Protective Clients and Protective Sites:**

- Parliamentarians are arriving in to the Chambers. Approximately 30 MP's were on site. The majority of Parliamentarians are arriving by foot. While it was expected that 175 MP's were planning on physically attending the Precinct, we have been advised that this number is now at approximately 100, with many MP's now planning to attend virtually. At no time has there been any impacts to ensuring that Parliamentarians have unfettered access to the Precinct.
- The following Ministers have rescheduled their RCMP supported arrival times:
  - o Minister DUCLOS- 1300hrs
  - o Minister FREELAND- 1315 hrs
  - o Minister JOLY- TBC remains at her office at GAC

**Communications:**

- We continue to see a high volume of news articles being updated with developments of the day, although social media is currently serving as the

main medium for sharing updates and new information. There are limited media articles with new content that hasn't already been shared. One exception to that includes coverage of the Prime Minister announcing that he has tested positive for COVID-19 and will continue isolating. He will be holding an outdoor media availability at noon. He will be participating in Question Period from Harrington Lake, which is a recognizable location for many, and therefore may attract media attention and requests for confirmation of his location.

- Media (Global News) have picked up on the incident at Wellington and Elgin, confirming that a truck struck a police cruiser (see in social media section below). No media requests have been received to date on this.
  - With increased visibility of RCMP members around PH, assisting with the transport and safe access of Parliamentarians to the Hill, Communication Services anticipates there will also be media requests in this regard. There is also significant coverage on social media of this. Response lines are being drafted.

**Subject:** Sit Rep #42: Freedom Convoy 2022- National Capital Region 2022-01-28-2022-01-31

**Situation as of 1310hrs on 2022-01-31**

**Event Overview:**

- Convoys totalling approximately 2950 vehicles have arrived in the NCR. Unknown number of vehicles in the downtown core. Approximately 150 people reported at this time on Parliament Hill and approximately 200 people on Wellington St.
- Atmosphere continues to remain positive. Some demonstrators are now gathering on Wellington St. for planned speeches from the event organizers. The ongoing message to protestors is to not be baited by violence and to continue to set a good example for Canada.

**Operational Information:**

- Following PM announcement, social media conversations regarding his location has increased, confirming that he is at Harrington Lake.
- The Quebec Hotel Association reports that hotels in Gatineau, QC were receiving many repeat bookings from protestors for next weekend. No such update available from the Ottawa side.
- Several media outlets confirmed this morning that their employees would no longer be reporting from the protest sites directly, as some of the reporters are being harassed.
- **Persona** was streaming live around 1220hrs on his Facebook page (**Personal**). He appears to currently be located at the Holiday Inn on Queen St. **Pers** also mentions that he has four (4) rooms booked and an open tab for truckers. Asking truckers to blow their horns for 10 minutes, every 30 minutes. Saying that they have guys with fuel coming to top up everyone (more than 1000L of fuel).

**Operational Planning:**

- Nil updates at this time.

**Protective Clients and Protective Sites:**

- Parliamentarians are arriving in to the Chambers. Approximately 50 MP's are now on site.
- An update on Minister's ingress arrival times (with support from RCMP):
  - o Minister DUCLOS- 1345hrs\*\* change in original arrival time \*\*
  - o Minister FREELAND- 1315 hrs
  - o Minister JOLY- has arrived.

**Communications:**

- Last night OPS Chief Sloly confirmed in media interview that there were about 8000 people on site for the demonstrations on Saturday and that estimates for Sunday weren't available. Note these estimates exclude Parliament Hill.
- City of Ottawa looking to organize a media availability later this afternoon, a formal announcement will follow.
- During PM's media availability, he thanked law enforcement partners, including the RCMP, for ensuring the public's safety these past few days.

**Subject:** Updates - Del Bonita and Carway Ports

---

I just spoke with the Sheriff's s.37 who has been in touch with his CVE Officers at the ports. Both are reporting traffic is flowing normally and neither have had to turn anyone away. No protester issues but there are blizzard conditions near Carway which may be dissuading people from traveling.

He will advise me if the situations changes at either port.

**Subject:** K Division update – Alberta Trucker Protest at Coutts Border Crossing

Update from K Division as of 1036 MST – Alberta Trucker Protest at Coutts Border Crossing

Enforcement action will tentatively begin at 1200 MST

We continue to engage with CBSA and U.S. Customs to explore contingencies with enhanced hours and services at the two other ports in Alberta. The Port Manager Ben Tame has been well engaged.

CCMG has remained fully engaged. Approximately 8-10 'hardline' leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.

Working with provincial resources including Sheriffs and CVE

Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.

We are also getting reports that people in the blockade are being intimidated and are feeling trapped. We also recognize that many have gone without food and drink for a few days. We are working on a plan to get them some basic needs into the group. There are also reports of some protestors displaying firearms in an open manner.

Proactive Comms Strategy in place

Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

**Situation as of 1400 hrs on 2022-01-31**

**Event Overview:**

- **Convoys totalling approximately 2950 vehicles have arrived in the NCR. Unknown number of vehicles in the downtown core. Approximately 75 people reported at this time on Parliament Hill and approximately 250 people on Wellington St.**
- Confederation Park, Majors Hill Park, US Embassy and Sparks St. remain relatively empty, with the exception of what would be considered usual traffic at this time.
- Chaudiere Bridge is now open, buses will be able to cross in both directions, essential workers will be able to cross into the Ottawa area in their personal vehicles but they must present their work ID to SPVG, and heavy trucks are not being permitted to cross in the Ottawa area.

**Operational Information:**

- Since 2022-01-29, when EMS arrives in the downtown core to respond to a call for service, they park a few blocks away from the scene and are provided with an escort for protection while they walk to the scene to attend the call.
- A 'Countdown to Freedom' has been posted to the Freedom Convoy 2022 website. The time remaining is approximately. No details have been provided regarding the purpose of the countdown.
- A post was shared to Twitter which mentions: "JUST IN- #Ottawa City Councillor launches court proceedings against Canada's Trucker convoy, targeting the nearly \$10,000,000 in funds frozen by @GoFundMe to cover the City expenses".
- Individuals in front of SJAM (West Block) have taken off their front tires, likely in an attempt to communicate their intentions to continue demonstrate.
- OPP PLT reported that a large convoy has departed South Dakota, USA and is heading towards Canada POE. The USCBP is currently tracking the situation.
- **Personal Info.** [REDACTED] was spotted on Wellington St./Metcalfe St.

**Operational Planning:**

- Nil updates at this time.

**Protective Clients and Protective Sites:**

- Parliamentarians are arriving in to the Chambers. Approximately 50 MP's are now on site.
- An update on Minister's ingress arrival times (with support from RCMP):
  - o Minister DUCLOS- 1345hrs\*\* change in original arrival time \*\*
  - o Minister FREELAND- has arrived.
  - o Minister JOLY- has arrived.

**Communications:**

- City of Ottawa Media Availability is now arranged for 1530hrs. The City will issue a media advisory soon. Speakers will include Mayor Jim WATSON, OPSB Chair Deans, OPS Chief Skoly & A/DC Trish Ferguson and the City's General Manager of Emergency and Protective Services, Kim Ayotte. It will air on the City's YouTube channel, rogersstv.com or Rogers TV Cable 22.

**Subject:** FW: K Division update – Alberta Trucker Protest at Coutts Border Crossing

Good Afternoon Commissioner,

Not sure if you have been advised yet but I just wanted to provide you with a heads up that "K" Division (probably now) is undertaking enforcement action on this situation. As always, they will begin with a measured approach and then change as the situation warrants.

Please messages below from "K" Division to Sorab on their plans.

Brian

Update from K Division as of 1036 MST – Alberta Trucker Protest at Coutts Border Crossing

Enforcement action will tentatively begin at 1200 MST

We continue to engage with CBSA and U.S. Customs to explore contingencies with enhanced hours and services at the two other ports in Alberta. The Port Manager Ben Tame has been well engaged.

CCMG has remained fully engaged. Approximately 8-10 'hardline' leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.

Working with provincial resources including Sheriffs and CVE

Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.

We are also getting reports that people in the blockade are being intimidated and are feeling trapped. We also recognize that many have gone without food and drink for a few days. We are working on a plan to get them some basic needs into the group. There are also reports of some protestors displaying firearms in an open manner.

Proactive Comms Strategy in place

Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

Update: 2022 01 31 @ 15:05 hrs

K Div is now looking at 14:00 hrs their time to start enforcement. They have been continually engaged over the last few days negotiating with the organizers and splinter group. This has resulted in some trucks being allowed to leave and continue their journey.

Things may once quickly once K Div engages with the groups involved.

All charge options are on the table. Prov Cr. Co. supportive of CC, Traffic Act and arrest powers under the Critical Infrastructure Defence Act (Prov Act).

Will update as things unfold.

Good day,

This message is an update to the communiqué sent to CROPS on January 24, 2022.

To facilitate the liaison locally with CAF, please find attached a national list of local Military Police commanders. You are encouraged to reach out to the identified points of contacts, as well as SART at [irrelevant]@rcmp-grc.gc.ca should you have any questions or concerns related to new investigations referred to your detachments.

Thank you,

C/Supt. Sorab Rupa

Bonjour,

Ce message est une mise à jour concernant notre communiqué envoyé aux OREC le 24 janvier 2022.

Afin de faciliter la liaison locale avec les FAC, veuillez trouver ci-joint une liste nationale des commandants de la police militaire locale. Nous vous encourageons à communiquer avec les points de contact identifiés, ainsi qu'avec l'EEAS à l'adresse [irrelevant]@rcmp-grc.gc.ca si vous avez des questions ou des préoccupations concernant les nouvelles enquêtes transmises à vos détachements.

Merci,

Surint. pr. Sorab Rupa

**Subject:** Transfer of Sexual Offence Investigations involving CAF members from Military Police to Civilian Law Enforcement/Transfert des enquêtes sur les infractions sexuelles impliquant des membres des FAC de la police militaire aux forces de l'ordre civiles  
**Importance:** High

(Le français suit. Veuillez prendre note que la version française du document en pièce jointe est en cours de traduction et vous sera distribuée une fois disponible.)

To all CORE CROPS Officers.

**Re: Transfer of Sexual Offence Investigations involving Canadian Armed Forces members from Military Police to Civilian Law Enforcement.**

**Background:**

This message is to provide you with an update on the recommendation from former Supreme Court of Canada Justice Louise Arbour, that all cases of criminal sexual misconduct involving members of the Canadian Armed Forces (CAF), past or present, be immediately transferred to civilian authorities for investigation.

On November 4, 2021, Defence Minister Anand announced that she accepted Justice Arbour's recommendations and would start the process to transfer criminal military sexual misconduct cases into the civilian justice system.

On November 10, 2021, the Provost Marshal, Brigadier General Simon Trudeau transmitted a communique to CACP members that where concurrent jurisdiction exists between the Military Police (MP) and civilian police services, the MP will start referring new allegations of sexual offences to the most appropriate police of jurisdiction (POJ) as soon as possible. CAF recently shared with the RCMP its Advisory Policy on the transition of sexual offence cases involving CAF members from the military system to the civilian POJ. Please find attached the CAF policy for your information. This policy will likely be modified over time as the process starts to be operationalized.

NCROPS has been the central point of contact working with CAF to develop and finalize its policy for the transfer and referral of cases. Some Divisions have already been approached by their local CAF counterparts to hold preliminary discussions on case referrals. To date, no transfer of cases from CAF to the RCMP should have occurred.

RCMP efforts in this matter acknowledge the need to be trauma-informed and survivor centric.

**New Investigations:**

As of January 31, 2022, Divisions and Detachments impacted can expect to be contacted by their local CAF MP Detachments to initiate the transfer of files opened after December 27, 2021. These will be considered "new complaints".

When a new complaint of a criminal sexual offence is received by the MP, the victim will be referred to the appropriate RCMP Detachment immediately and/or as soon as practicable, after the victim has initiated contact with CAF MP. It is important that this be communicated throughout Divisions to ensure survivors are not unduly affected by any jurisdictional confusion.

We have been informed that on average, since 2017, approximately 170 Sexual Offence cases are reported to CAF yearly. We expect 50-70 of these investigations in future years to fall to the RCMP where it is the POJ.

**Existing Investigations:**

Although numbers are approximate, the breakdown as of 2022-01-14, of ongoing military sexual offence files that would be passed over to civilian police throughout the country is 145, of which 38 have been deemed to fall under RCMP jurisdiction. Below is a break down by Detachment for the RCMP:

RCMP: **38 total**

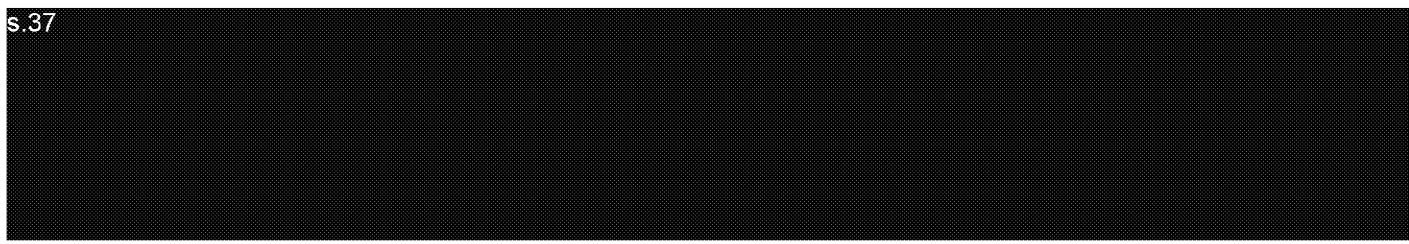

- Brandon: 1
- Cold Lake: 2
- Cole Harbour: 1
- Comox Valley: 2
- Dundurn: 1
- Kings District: 2
- Kugaaruk: 1
- Masset: 1
- Morinville: 6
- Nanaimo: 1
- Oromocto: 9
- RedCliff: 1
- Resolute Bay: 1
- Wainwright: 5
- West Shore: 2
- Yellowknife: 2

The Sexual Assault Review Team (SART) within NCROPS will meet with CAF to review the above noted existing files where the RCMP is the POJ. SART will work with CAF to triage the existing 38 files to get a thorough understanding of which files are suitable to be transferred to the RCMP, based on a clearly identified and agreed upon matrix, which would include: how close to completion the investigation is, Jordan time line principles, request by the victim for a particular agency to investigate (CAF versus RCMP), etc. Once SART has completed its review, it will assist with the transfer of the files that meet the criteria to RCMP POJ.

**Next Steps/General Comments:**

SART is currently working on updating the existing Sexual Assault policy to address these investigations. We will keep you apprised of any upcoming changes to the RCMP Sexual Assault policy as it is being developed. Please expect a draft of the updated Sexual Assault policy by the end of February 2022.

s.37

If you have any questions, please do not hesitate to contact me.

Thanks,

C/Supt. Sorab Rupa

## À l'intention de tous les OREC des Services de police de base

**Objet : Transfert des enquêtes sur les infractions sexuelles impliquant des membres des Forces armées canadiennes de la police militaire aux forces de l'ordre civiles.**

### Contexte :

Le présent message vise à faire le point sur la recommandation de Louise Arbour, ancienne juge de la Cour suprême du Canada, que tous les cas d'inconduite sexuelle criminelle impliquant des membres des Forces armées canadiennes (FAC), passés ou actuels, soient immédiatement transférés aux autorités civiles aux fins d'enquête.

Le 4 novembre 2021, la ministre de la Défense, Mme Anand, a annoncé qu'elle acceptait les recommandations de la juge Arbour et qu'elle amorcerait le processus de transfert des affaires criminelles d'inconduite sexuelle dans le système de justice civile.

Le 10 novembre 2021, le grand prévôt, brigadier-général Simon Trudeau, a transmis un communiqué aux membres de l'ACCP selon lequel, lorsqu'il existe une compétence concurrente entre la police militaire (PM) et les services de police civile, la PM commencera dès que possible à renvoyer les nouvelles allégations d'infractions sexuelles au service de police compétent. Les FAC ont récemment fait part à la GRC de leur politique de consultation sur la transition des cas d'infraction sexuelle impliquant des membres des FAC du système militaire aux services de police civile. Vous trouverez ci-joint, à titre indicatif, la politique des FAC. Cette politique sera probablement modifiée au fil du temps au fur et à mesure que le processus commencera à être mis en œuvre.

Les Opérations criminelles nationales (OCN) ont été le point de contact central travaillant avec les FAC pour élaborer et finaliser la politique sur le transfert et le renvoi des cas. Certaines divisions ont déjà été approchées par leurs homologues locaux des FAC pour tenir des discussions préliminaires sur les renvois de cas. Jusqu'à maintenant, aucun transfert de cas des FAC à la GRC n'aurait dû avoir lieu.

Les efforts de la GRC dans ce dossier reconnaissent la nécessité de tenir compte des traumatismes et de se concentrer sur les survivantes et les survivants.

### Nouvelles enquêtes :

À compter du 31 janvier 2022, les divisions et les détachements touchés peuvent s'attendre à ce que les détachements locaux de la PM des FAC communiquent avec eux pour amorcer le transfert des dossiers ouverts après le 27 décembre 2021. Ces dossiers seront considérés comme de « nouvelles plaintes ».

Lorsqu'une nouvelle plainte d'infraction sexuelle criminelle est reçue par la PM, la victime est immédiatement, ou dès que possible, dirigée vers le détachement approprié de la GRC, après que la victime a commencé à communiquer avec la PM des FAC. Il est important que cette information soit communiquée à l'ensemble des divisions pour veiller à ce que les survivantes et les survivants ne soient pas indûment touchés par une confusion entourant la compétence.

Nous avons été informés qu'en moyenne, depuis 2017, environ 170 cas d'infractions sexuelles sont signalés aux FAC chaque année. Nous nous attendons à ce que dans les années à venir de 50 à 70 de ces enquêtes relèvent de la GRC, lorsqu'elle est le service de police compétent.

### Enquêtes existantes :

Bien que les chiffres soient approximatifs, la ventilation en date du 14 janvier 2022 des dossiers d'infractions sexuelles militaires en cours qui seraient transférés à la police civile dans l'ensemble du pays est de 145, dont 38 ont été jugés relever de la GRC. Voici une ventilation par détachement de la GRC :

#### GRC : 38 en tout

- Brandon : 1
- Cold Lake : 2
- Cole Harbour : 1
- Comox Valley : 2
- Dundurn : 1
- District de Kings : 2
- Kugaaruk : 1
- Masset : 1
- Morinville : 6
- Nanaimo : 1
- Oromocto : 9
- RedCliff : 1

- Resolute Bay : 1
- Wainwright : 5
- West Shore : 2
- Yellowknife : 2

L'Équipe d'examen des agressions sexuelles (EEAS), au sein des OCN, rencontrera les FAC afin d'examiner les dossiers existants susmentionnés où la GRC est le service de police compétent. L'EEAS travaillera avec les FAC pour trier les 38 dossiers existants afin de bien comprendre quels dossiers peuvent être transférés à la GRC, en fonction d'une matrice clairement définie et acceptée, qui comprendrait la mesure dans laquelle l'enquête est près d'être terminée, les principes d'échéancier de l'arrêt Jordan, la demande de la victime qu'un organisme particulier enquête (FAC ou GRC), etc. Lorsque l'EEAS aura terminé son examen, elle aidera à transférer les dossiers qui répondent aux critères du service de police compétent de la GRC.

**Prochaines étapes et commentaires généraux :**

L'EEAS travaille actuellement à la mise à jour de la politique existante en matière d'agression sexuelle afin de traiter ces enquêtes. Nous vous tiendrons au courant de tout changement à la politique de la GRC sur les agressions sexuelles au fur et à mesure de son élaboration. Une version préliminaire de la politique actualisée sur les agressions sexuelles devrait être disponible d'ici la fin du mois de février 2022.

All,

I am on a call with the Commissioner and she is asking for confirmation that we have not sought an injunction with respect to Coutts at this time.

Can you confirm?

Thanks,  
Mark

Update: 2022 01 31 @ 15:05 hrs

K Div is now looking at 14:00 hrs their time to start enforcement. They have been continually engaged over the last few days negotiating with the organizers and splinter group. This has resulted in some trucks being allowed to leave and continue their journey.

Things may once quickly once K Div engages with the groups involved.

All charge options are on the table. Prov Cr. Co. supportive of CC, Traffic Act and arrest powers under the Critical Infrastructure Defence Act (Prov Act).

Will update as things unfold.

Subject: K Division update â€” Alberta Trucker Protest at Coutts Border Crossing

Update from K Division as of 1036 MST â€” Alberta Trucker Protest at Coutts Border Crossing

- Enforcement action will tentatively begin at 1200 MST
  
- We continue to engage with CBSA and U.S. Customs to explore contingencies with enhanced hours and services at the two other ports in Alberta. The Port Manager Ben Tame has been well engaged.
  
- CCMG has remained fully engaged. Approximately 8-10 "hardline"™ leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.
  
- Working with provincial resources including Sheriffs and CVE
  
- Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.  
 We are also getting reports that people in the blockade are being intimidated and are feeling trapped. We also recognize that many have gone without food and drink for a few days. We are working on a plan to get them some basic needs into the group. There are also reports of some protestors displaying firearms in an open manner.
  
- Proactive Comms Strategy in place
  
- Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

**Subject:** RE: K Division update – Alberta Trucker Protest at Coutts Border Crossing

Update 2022-01-31 @ 15:40 hrs

Additional trucks are trying to enter the blockade through a secondary road. Perimeter being held with small number of RM's. These trucks are not being allowed in. May be carrying supplies for the protestors.

Dialogue is continuing as some trucks were allowed to leave the protest a short while ago, as a result of breakdown in communications on the side of the protestors.

Planned enforcement action being delayed to sort this situation out.

Thanks,

Sorab

Subject: K Division update – Alberta Trucker Protest at Coutts Border Crossing

Update from K Division as of 1036 MST – Alberta Trucker Protest at Coutts Border Crossing

Enforcement action will tentatively begin at 1200 MST

We continue to engage with CBSA and U.S. Customs to explore contingencies with enhanced hours and services at the two other ports in Alberta. The Port Manager Ben Tame has been well engaged.

CCMG has remained fully engaged. Approximately 8-10 'hardline' leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.

Working with provincial resources including Sheriffs and CVE

Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.

We are also getting reports that people in the blockade are being intimidated and are feeling trapped. We also recognize that many have gone without food and drink for a few days. We are working on a plan to get them some basic needs into the group. There are also reports of some protestors displaying firearms in an open manner.

Proactive Comms Strategy in place

Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

Hello everyone,

The final draft is attached for your review. I will complete a translation and keep it in holding to send out to the media once I am called.

Please advise if any changes are needed.

I would ask that a phone call is best please so that it can be posted in a timely manner in step with your enforcement. (Irrelevant)

We will accompany the media release with social posts on our Facebook and Twitter accounts.

Thank you,

Deanna

Final draft:

Jan. 31, 2022

### Alberta RCMP statement regarding Coutts border assembly

Coutts, Alta.—The Alberta RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing.

What began as a peaceful assembly quickly turned into an unlawful blockade. The Alberta RCMP's efforts to negotiate a peaceful resolution has been unsuccessful.

As of today, Jan. 31, 2022, further action is being taken by the Alberta RCMP. This event continues to impede the ability for emergency services to provide full services to area residents, the flow of goods and services are negatively impacted and the public's freedom of movement is impeded.

A Highway is considered essential infrastructure. It is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. Anyone who actively blocks a highway—or aids, counsels or directs a highway to be blocked—may be subject to arrest and charge under this act.

Person's participating in this event can also expect enforcement of any contraventions the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations on Highway 4 and area roadways.

The Alberta RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement. This event is no longer a peaceful assembly.

Alberta RCMP would like to advise that commercial vehicles are advised to contact Canada Border Services Agency for further information regarding border crossings.

**Subject:** Question about Officer Reservists

Hello Nathalie,

I wonder if you might have 15 mins or so to discuss whether there are options to have officer reservists for our critical incident programs.

The reason I ask this is due to our present situation in K Division where we have 5 Critical Incident Commanders for our ERT team in the North and only one Critical Incident Commander in the South. This said, we have a recently retired officer in the South who is still currently trained in Critical Incident Command, Incident Command System, and Tac Troop Commander. He may be interested in being available for callouts, training, and also teaching Bronze Silver Gold. We use reservists for frontline members, and I am curious if we might have this as an innovative, also very cost-effective, solution for critical incident officers, i.e. could we conceivably have an Inspector Reservist – so as to have the rank at a scene.

This is only an idea at this time, but one that I would like to talk about to see if there might be an option for innovation and to retain corporate knowledge and skills for a specific need.

If yes, I will ask that Ivy set us up a quick MS Teams meeting for us to discuss this sometime in the next few days or next week.

Thanks!  
Kevin

**Subject:** Lethbridge Police Service - Assistance Abilities

---

I just spoke with Insp Jason Dobirstein at LPS. He confirmed the following:

- 1) They will commence immediate patrols of the hotel area monitoring for protesters or suspicious activity.
- 2) He is sending a message to his Public Order Team advising them of this event for their situational awareness. Should we need their team, they can be scrambled inside of 2 hours. Their team is fairly new but willing to help, and consists of 12 to 16 officers.
- 3) They have 12 to 15 cars on the road and it is no problem to break off two of them and post them on Highway 4 at our direction should we require an additional roadblock north of the 501.

Please advise if you require anything further from me, or if you need to initiate points 2 or 3 above.

**Subject:** Sheriff Transport Update

---

I have confirmed the following arrangements with AB Sheriffs:

- 1) The current two prisoner vans will remain at our command post until 1900 hrs, at which time they will be returning to Lethbridge.
- 2) The two prisoner vans will return to the command post tomorrow morning for 0900 hrs.
- 3) The Sheriffs will deploy a prisoner bus (25 pax capacity) to Milk River Detachment for 0900 hrs tomorrow.
- 4) They intend to run the two vans between the scene and Milk River, and run the bus between Milk River Detachment and Coaldale Detachment ferrying prisoners.

Should you require anything else, or changes to the above, please advise.

Thanks

Feb 1, 2022

### **Alberta RCMP statement regarding Coutts border assembly**

Coutts, Alta.—The Alberta RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing.

What began as a peaceful assembly quickly turned into an unlawful blockade. The Alberta RCMP have been in a position to conduct enforcement action since DAY, however there have been opportunities to negotiate a peaceful and safe resolution to the blockade for all involved. Unfortunately, these negotiations with the protesters have not been successful.

As of this morning, further action is being taken by the Alberta RCMP as this blockade continues to impede the ability for emergency services to provide full services to area residents, the flow of goods and services are negatively impacted, the public's freedom of movement is impeded and local residents are being impacted.

A Highway is considered essential infrastructure. It is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. Anyone who actively blocks a highway—or aids, counsels or directs a highway to be blocked—may be subject to arrest and charge under this act.

Person's participating in this blockade can also expect enforcement of any contraventions the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations on Highway 4 and area roadways.

The Alberta RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement. This event is no longer a peaceful assembly.

Alberta RCMP would like to advise that commercial vehicles are advised to contact Canada Border Services Agency for further information regarding border crossings.

**Subject:** Evening Tweets for Approval

---

All,

I agree, keeping the tweets simple this late would best be. For the group's consideration:

1/2 The Alberta RCMP had been negotiating with the protesters at the #Coutts border crossing throughout the day in an effort to find a peaceful path to removing the blockade. Despite our best efforts, the protesters chose not to comply.

2/2 We will continue to negotiate throughout the evening to resolve this situation, and would like to remind everyone to stay clear of the area.

We've character room in the second tweet to insert additional warnings / safety messaging if we feel it's appropriate.

Fraser,

I just wanted to convey what we did today...

My thoughts are that we say we thought we had a path forward to resolve this with the protesters but in the end they chose not to comply.

I'm not sure I want to message that we will continue to negotiate I think I would rather generalize that we are actively trying to resolve the situation and ask everyone to avoid the area as traffic is still immobilized...

Obviously you will make it work for Twitter just conveying the idea.

Version #2

1/2 In an effort to find a peaceful resolution, the Alberta RCMP had been negotiating with the protesters at the #Coutts border crossing throughout the day. While we thought we had a path to resolve this, the protesters chose not to comply.

2/2 We will continue to actively resolve the situation, and would like to remind everyone to stay clear of the area as traffic remains immobile.

**Subject:** RE: Evening Tweets for Approval

Fraser,

I just wanted to convey what we did today...

My thoughts are that we say we thought we had a path forward to resolve this with the protesters but in the end they chose not to comply.

I'm not sure I want to message that we will continue to negotiate I think I would rather generalize that we are actively trying to resolve the situation and ask everyone to avoid the area as traffic is still immobilized...

Obviously you will make it work for Twitter just conveying the idea.

Peter

**Subject:** Evening Tweets for Approval

All,

I agree, keeping the tweets simple this late would best be. For the group's consideration:

1/2 The Alberta RCMP had been negotiating with the protesters at the #Coutts border crossing throughout the day in an effort to find a peaceful path to removing the blockade. Despite our best efforts, the protesters chose not to comply.

2/2 We will continue to negotiate throughout the evening to resolve this situation, and would like to remind everyone to stay clear of the area.

We've character room in the second tweet to insert additional warnings / safety messaging if we feel it's appropriate.

Hi Fraser â€” I wonder if tonightâ€™s tweet is as simple (with better language) is we have been negotiating with protesters throughout the day and thought we had a path to resolution. Unfortunately the protesters choose not to comply. We continue to work to resolve the situation. Please stay out of the area. Obviously the language etc needs cleaning up, but what are your thoughts? But if you think that might work, please send lines to myself, John Ferguson and Peter Tewfik to review.  
Thanks, Nina

Talk soon Nina

### **Alberta RCMP statement regarding Coutts border assembly**

Coutts, Alta.—The Alberta RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing.

What began as a peaceful assembly quickly turned into an unlawful blockade. While the Alberta RCMP has been in a position to conduct enforcement since DAY, we have been negotiating with protesters at the Coutts border crossing in an effort to find a peaceful and safe resolution for all involved. While we thought we had a path to resolution, the protesters chose not to comply.

As of this morning, further action is being taken by the Alberta RCMP as this blockade continues to impede the ability for emergency services to provide full services to area residents, the flow of goods and services are negatively impacted, and the public's freedom of movement is impeded.

A Highway is considered essential infrastructure. It is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. Anyone who actively blocks a highway—or aids, counsels or directs a highway to be blocked—may be subject to arrest and charge under this act.

Person's participating in this blockade can also expect enforcement of any contraventions the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations on Highway 4 and area roadways.

The Alberta RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement. This event is no longer a peaceful assembly.

Alberta RCMP would like to advise that commercial vehicles are advised to contact Canada Border Services Agency for further information regarding border crossings.

---

Good day John,

I appreciate that you are very busy dealing with protest issues. Hopefully things will resolve in the coming days.

The SAG would like to travel to K Division next week to start training exercises with your ERT. Our teams are well connected on the planning but I wanted to ensure that you had no concerns with this initiative given the ongoing pandemic and restrictions.

Thanks!

Jamie

### Alberta RCMP statement regarding Coutts border assembly

Coutts, Alta.â€"The Alberta RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing.

What may have began as a peaceful assembly quickly turned into an unlawful blockade. While the Alberta RCMP has been in a position to conduct enforcement, we have been engaged with protesters at the Coutts border crossing in an effort to find a peaceful and safe resolution for all involved. We thought we had a path to resolution, the protesters eventually chose not to comply.

As of this morning, further action is being taken by the Alberta RCMP as this blockade continues to impede the ability for emergency agencies to provide full services to area residents. It has also negatively impacted the flow of goods and services, and impedes the publicâ€™s freedom of movement.

A Highway is considered essential infrastructure. It is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. Anyone who actively blocks a highwayâ€"or aids, counsels or directs a highway to be blockedâ€"may be subject to arrest and charge under this act.

Personâ€™s participating in this blockade can also expect enforcement of any contraventions of the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations at this location and area roadways.

The Alberta RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement. This event is not a peaceful assembly.

Alberta RCMP would like to advise that commercial vehicles should contact Canada Border Services Agency for further information regarding border crossings.

---

Good Morning Lieutenant-Commander Joa,

Further to our conversation this morning,

We have exhausted the local resources to try to more the Coutts blockade. Tow trucks will not attend and we have been advised they are being paid by the crowd funding to not attend. We had tow trucks yesterday, but today they have refused to attend due to the amount of threats they have received and the damage it will do to their reputation.

We are starting the formal request for heavy lift vehicles to remove the blockade from the road. It is a mix light trucks all the way to Super B trains with loads (super B train weight max legal load is 63,500 kg).

I have attached a aerial picture of the blockade. RCMP will provide all security of the site and to CAF personal.

If you have any questions, please feel free to give me a call.

Thanks, James

**S.37** [REDACTED]@gov.ab.ca)  
**Subject:** Border Traffic

---

Gentlemen – I am hoping you can answer a couple questions as the Transportation Minister has made inquiries to JSG.

- Is TWP 510 still an option to route traffic around the blockade?
- Transportation office does not think Del Bonita Hwy can support full loads, confirmation required. I can work with Transport to advise unless you have confirmed locally.
- Carway crossing can likely support all loads. Transport can advise.
- What are the extended hours of operation for Carway and Del Bonita?
- Is there a contact for CBSA that we can connect to Transport?
- Transportation office is looking to publicly message the alternate border crossings or will this impact operations?

Let me know if there is anything you need from the Transportation office that I can assist with.

Thanks,  
Dwayne

**Subject:** RE: Sheriffs Branch SITREP (ROUTINE) UPDATE #5 - Feb 1, 2022 - SHP District 6 - Coultts Border Blockade and Protest

Further to the SITREP, SHP sheriffs and RCMP members were conducting a roadblock southbound at the intersection Hwy 14 and Hwy 501 (last highway north of Coultts). A group of motorists (protest sympathisers) attempting to travel south to Coultts have been held up at that location for the past number of hours. The crowd had become increasingly hostile at had made threats against the members at the checkpoint, to the point where they surrounded the members. The members called for backup. Prior to the arrival of other members, the protesters pushed through the barricades with their vehicles and somehow collided with vehicles travelling northbound on Highway 14. It is not known who was operating the northbound vehicle (protesters leaving Coultts or citizens) The collisions resulted in brawls that ended up in the ditch requiring intervention by RCMP and SHP members. RCMP had asked earlier today for assistance by providing commercial vehicle trained sheriffs with Class 1 licences. We have identified 8 SHP members with Class 1 drivers licences and are awaiting further direction from the RCMP prior to deploying these members to Coultts.

Subject: Sheriffs Branch SITREP (ROUTINE) UPDATE #5 - Feb 1, 2022 - SHP District 6 - Coutts Border Blockade and Protest

## UPDATE #5

**DATE/TIME:** February 1, 2022 @ 1326hrs.

**LOCATION:** Coutts Border Crossing/Coutts Vehicle Inspection Station (VIS), Coutts, Alberta

**ISSUE:** "Lockdown Coutts Border" blockade and COVID19-related mandate protest.

## BACKGROUND:

- Approximately 2,000 vehicles are amassing near the Coutts border protesting pandemic-related vaccine mandates and government restriction
- Members of the Sheriff Highway Patrol (SHP) have been reassigned to Coutts to assist RCMP, CP Police Service and Canada Border Services Agency (CBSA) with public safety and traffic related concerns on the highway and at the Coutts VIS.
- Initial reports indicated protesters were cooperative and peaceful while also allowing traffic to flow freely through the area.

## CURRENT STATUS:

- SHP members earlier assisted in the search and recovery of a 4 year-old child that wandered away from his family and became lost. The child was found safe and returned to his family.
- Sheriffs have assisted RCMP as some of their members have experienced swarming incidents with protesters.
- SHP members have assisted RCMP in diffusing several altercations between protesters and members of the motoring public as tensions are heightening between the two groups.
- RCMP Air Services has been deployed to assist with efforts. They have since cleared the area.
- Volker Stevin are on site and Hwy 4 has been closed due to a large number of abandoned vehicles on the highway in both directions. There is no capacity to remove all the abandoned commercial vehicles at this time.
- Some demonstrators have left the area for the evening, abandoning their commercial vehicles as they are effectively blocked in and unable to move.
- RCMP have deployed the Special Tactical Operations (STO) unit to the area and are operating out of the Coutts VIS. A large number of RCMP members are now on site.
- RCMP have deployed a full Emergency Response Team (ERT) to the Coutts area.
- Intel reports indicate members of the protester community have armed themselves with firearms and have produced them to law-abiding motorists in threatening manners.
- Reports on social media of planned "swarmings" on police officers are surfacing. Plans of "luring" and "trapping" officers in large groups.
- SHP resources have been deployed to the Carway and Del Bonita crossings to assist RCMP with large convoys.
- Protester blockades are forming at various points along Hwy 4 at highways 501 and 845. Reports indicate some protesters are circumventing barricades established by the RCMP (supported by members of the Sheriffs Branch) and they are preparing to use force to cross manned checkpoints.
- Fish & Wildlife Enforcement Sheriffs are on scene assisting operations led by the RCMP.
- A team of SHP and RCMP members manning a checkpoint at Hwy 4 and Hwy 501 were surrounded by protesters in commercial and private vehicles. Protesters breached barricades and attempted to ram officers on scene. No staff were injured and narrowly escaped injury and collision. Protesters continued travelling South bound in the North bound lanes where they collided with other motorists on the highway. Assaults between protesters and motorists then ensued requiring intervention.

**STRATEGIC CONSIDERATIONS:**

- Inspector s.37 has deployed additional resources to the area to assist the current deployment.
- Additional SHP resources from the area have been reassigned to assist for the next 5 days (or until the situation resolves).

**STRATEGIC COMMUNICATIONS:**

- N/A

**ATTACHMENTS:**

- N/A

**PREPARED BY:**

- Inspector s.37, SHP District #6

**APPROVED BY:**

**Sent:** February 1, 2022 3:04 PM  
**To:** Marcetta, Nick <nick.marcetta@rcmp-grc.gc.ca>  
**Subject:** Quick Question

Nick,

Is someone making sure the members with In Car Video down south are observing their camera's are off when not needed? It could potentially delete in a loop if they leave them on at a blockade for hours at a time. ICVS from other areas will be delayed in downloads if they are travelling distances as well.

Kevin Hogg from our team in Calgary called with concerns that valuable data at the blockade could be lost if the cameras aren't observed properly... Roberta.

## Strat Comms Plan: Tactical Ops Social Media Posts

---

**From:** Logan, Fraser (fraser.logan@rcmp-grc.gc.ca);  
**Sent:** 2022-02-01 15:18:16  
**To:** Sahasrabuddhe, Nina (nina.sahasrabuddhe@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Peters, Curtis (curtis.peters@rcmp-grc.gc.ca); Fontaine, Deanna (Deanna.FONTAINE@rcmp-grc.gc.ca); MacKenzie, Craig (craig.mackenzie@rcmp-grc.gc.ca); Corbett, Gordon (gordon.f.corbett@rcmp-grc.gc.ca)  
**Subject:** Strat Comms Plan: Tactical Ops Social Media Posts

---

All,

As per a discussion with Nina, Gord Corbett and Curtis Peters,

Strat Comms would like to begin putting out basic social media posts of the specific tactics being employed by our members in Coutts. Example:  
"Alberta RCMP are checking individual vehicles to ensure whether they are occupied or abandoned. Abandoned vehicles will be towed."

The content of the tweets and Facebook posts will come from Cpl. Curtis Peters (onsite MRO) in consultation with Gord Corbett. Myself or another Strat Comms Manager will craft the posts and send to Nina, John and Peter for their final approval.

The intent of the posts is to constantly update the media and the public on the enforcement activities (where appropriate) of our actions in Coutts. By communicating smaller bits of information more often, we will help stem any public criticism of "police inaction". **Op Sec and other tactical considerations will trump any tweets**, as we know the protestors and their supporters will be viewing our content.

For your discussion and consideration,

Regards,

Fraser Logan  
Strategic Communications Group Manager  
"K" Division RCMP  
780-412-5261

**Cc:** Hovdestad, Mark <mark.hovdestad@rcmp-grc.gc.ca>  
**Subject:** RE: Border Protest // RPAS enforcement options + NOTAM

Our RCMP NOTAM for this ongoing event was extended another 48hrs, to limit other aircraft in the area.

NOTAM: L0694/22 expires 20:30hrs Feb 2, 2022

- Will mention police operations around GPS center of COUTTS and any aircraft/RPAS "ALL OTHER AIRCRAFT INCLUDING REMOTELY PILOATED AIRCRAFT REQUESTED TO REMAIN CLEAR"
- 48Hr time frame
- 5nm radius from Center of COUTTS Crossing.

**Cc:** Hovdestad, Mark <mark.hovdestad@rcmp-grc.gc.ca>  
**Subject:** Border Protest // RPAS enforcement options + NOTAM  
**Importance:** High

Bronze Command,

### Enforcement:

- Attached is the RPAS enforcement guide. Once the RCMP have declared this a police operation then CARS 901.12(1) applies and it the easiest for Ground members to enforce if they manage to catch a pilot flying.
- CARS Excerpt:
  - 901.12 (1) No pilot shall operate a remotely piloted aircraft over or within the security perimeter established by a public authority in response to an emergency.
- 901.12(1) Comes with the potential for Administrative Monetary Penalties of \$1000 for individuals or \$5000 for corporations.

### NOTAM:

A Notice to Airmen has been put in place to aid potential civilian RPAS interference to our flight operations.

- NOTAM #:L0643/22
- Will mention police operations around GPS center of COUTTS and any aircraft/RPAS "ALL OTHER AIRCRAFT INCLUDING REMOTELY PILOATED AIRCRAFT REQUESTED TO REMAIN CLEAR"
- 48Hr time frame
- 5nm radius from Center of COUTTS Crossing.
- If the issues continue and become more serious the option of restricting airspace can still be explored.

Hi John

Just watched a Rebel News broadcast of one of your members updating the protestors in some type of room. He is a bald member, well spoken and perfect for the role. Very well done!

Dennis

Good Afternoon,

Before the end of my workday, I just wanted to informally share some of what I saw this afternoon for your awareness. I will jump back into it in the morning.

There is a relatively new post discussing going back to Coutts from Lethbridge tomorrow:

<https://www.facebook.com/groups/951638757587/posts/79571554456428/>

There were posts specifying the locations of police:

## Personal Info.

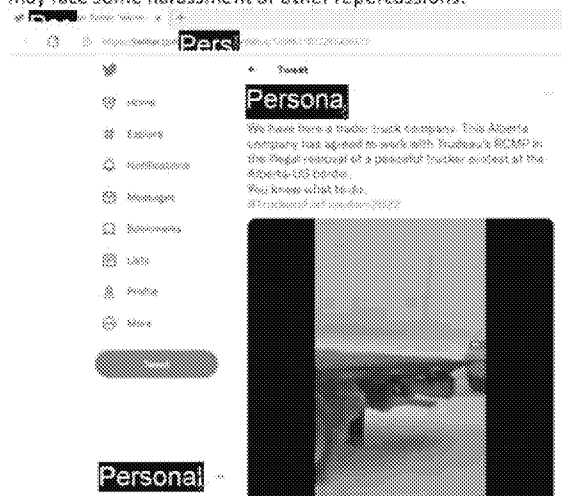

**IMPORTANT** Police have setup  
another blockade 18km past  
Lethbridge just after Raymond  
/ Coaldale Rd.

2 Comments 2 Shares

I am not sure if there is an appropriate place to pass this information on. This post relates to the company **Personal** out of Calgary, which may face some harassment or other repercussions:

Hi s.3 [REDACTED], 0800 hrs would be great. Please give s.3 [REDACTED] my cell # and either myself or someone else will meet him at the front door. In addition, there are two spots for guests for the CO, s.3 [REDACTED] can park in one of them. As you come in off 109 it is the parking lot on the south side of the entrance at the west end.

Thanks again s.3 [REDACTED]. I will call you re the class 1 drivers in a few.

John

## 1700/1800 hr Update

---

**From:** Vavrek, Jill (jillian.vavrek@rcmp-grc.gc.ca);  
**Sent:** 2022-02-01 19:00:56  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([irrelevant]@rcmp-grc.gc.ca); Bowden, Tammy (Tammy.Bowden@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca)  
**Subject:** 1700/1800 hr Update

---

### 1700 & 1800 update

- Automobile transport association to try and give messaging to support our request for tow trucks, cranes and/or operators. No success.
- industry members being messaged and paid to not support our work
- hiring tow trucks, oil field equipment, cranes and or renting or buying= no success
- same responses to above from BC and SK
- trying to help CBSA look into possibilities of Montana tow companies (very complex)
- concerned our actions will be a Flashpoint for national actions
- still unsure of what our actions will be
- CPS, LRPS, Public order unit all on site helping with on any activity we may not be forecasting
- some vehicles disabled so SES tactics may be an option
- as of 1810 Fort MCLEOD full North and south blockade disbanded and same for slow roll on Highway 3
- next briefing 1900 MST

Jill Vavrek

**Subject:** RE: 2000 hr Update

---

2000 hr Update

- focusing on containment for tonight without perimeter expanding
- Alberta Towing Association contacted us to ascertain understanding of our challenges to obtain tow trucks (still ongoing)
- CCMG gave messaging to stop harassing mayor and towns people
- Estimate of 100 semis at main blockade
- Highway 501 and highway 4 with 70 vehicles may hinder member access to Lethbridge
- next briefing at 0900 MST tomorrow
- All further blockades have been resolved
- 20-24 members on day and night shifts for containment and checkpoints, additional 70 K STO members day shift
- Calgary public order willing to assist as required. K Div STO has previously trained with CPS Public Order team
- Ongoing communication with protestors

**To:** "Charles, Kevin" <Kevin.Charles@rcmp-grc.gc.ca>  
**Subject:** Sheriff Resource Request

Good Evening Kevin,

Unfortunately my request for Court Sheriffs to assist has been put off until tomorrow morning. There is a meeting scheduled at KDIV EOC and I understand they will discuss resource redeployments and authorities (for non SHP staff). Unfortunately I have nothing else to offer for assistance at this time.

I have approximately 18 SHP members arriving in the area tomorrow morning and they will be relieved in the afternoon by approximately 14 more Sheriffs.

They are being redeployed from the Calgary area and should arrive around 8-9am (some are already deploying from the area). They have been instructed to contact S/Sgt. John Spaans upon arrival for assignment.

## Request for Military Support

**From:** Solesme, Jamie (Jamie.Solesme@rcmp-grc.gc.ca);  
**Sent:** 2022-02-02 05:19:40  
**To:** Stanviloff, James (james.stanviloff@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Norman, Tara (Tara.Norman@rcmp-grc.gc.ca)  
**Subject:** Request for Military Support  
**Attachment:** 4149e.pdf;

Good morning James,

Sorry I wanted to get this off to last night. Further to our discussion yesterday, in the event there is a requirement to proceed with this request, I have attached the required documentation.

This is considered a Class 1 request and the approval process would be as follows:

- 1) CROPS obtains commissioners approval. Asks Commissioner to appoint K Div CO as representative.
- 2) K Div sends email with the details to Provincial Minister.
- 3) The Provincial Minister sends email (through the GOC) to the Public Safety Minister. The MPS sends request to Minister of Defence.

I have attached the 4149 which the CAF will require to action our request. I did not populate all fields, so please review. With respect to the operational plan, I am providing a draft below which you can modify accordingly (easier to review than when the content is inputted into the form). I have included some notes in bold for your consideration. You may wish to include more content around the ongoing risk assessment as that will be one point that the CAF will focus on to determine the risk to their personnel.

### Overview of Operational Plan

A disturbance of the peace is occurring in Coutts, Alberta at the southern border crossing to the USA. There are currently 100 semi tractor trailers blocking this critical transportation route. The drivers of these vehicles are acting in protest of mandatory trucker vaccinations. The Milk River RCMP Detachment supported by RCMP resources from throughout Alberta, including the Consultative Conflict Management Group (CCMG), Critical Incident Program, Divisional Intelligence, and municipal police forces from Lethbridge and Calgary are working collaboratively to ensure a coordinated response to keep the peace and protect public safety.

Although there is a potential for violence, none has occurred at this time. There are splinter groups who are capitalizing on this protest to push their own agendas to force the Government to remove all public health restrictions in place due to the pandemic. Ongoing efforts to monitor the activities of these groups/individuals.

The truck blockade is affecting the trade and movement of people in Alberta and is of national interest due to the reduction of supply chains during COVID-19. **(this outlines the situation, risk assessment, it is of national interest)**

Given the need to re-open this transportation route, the RCMP has attempted to obtain private industry tow trucks but these companies are refusing to provide their services. There is also information that these companies have received threats and/or have received payment from protest organizers to not provide support to the RCMP. **(this outlines that we have tried all means to obtain private tow trucks and CAF is our last resource)**

Other police forces have been engaged but do not have the ability or equipment to assist. The RCMP also does not have the vehicles and equipment and is unable to deal effectively with this disturbance of the peace affecting the national interest. The following operational assistance from the Canadian Armed Forces is requested, for purposes of assisting in suppressing, preventing or otherwise dealing with the disturbance: The removal of vehicles including semi tractors and trailers at the Alberta border crossings. **(this is the actual objective of the request, we don't tell them what we need, only the end effect of their services)**

K Division has been asked by the provincial government (name of official, its usually their Attorney General equivalent or premier) to open up the border crossings. A command post has been established at (name, address) to support this operation. The on scene incident commander is (name). The RCMP will be on scene to ensure the safety and security of the CAF equipment and personnel. The RCMP will ensure that the CAF will not directly engage with any protesters. **(Note: they are risk adverse and don't want to put their personnel in any danger or be seen in the media taking physical action against protesters, this section may need to be fleshed out a bit)**

I have contacted the CAF Liaison assigned to the RCMP – LCol Michael Galloway for his situational awareness. I have also reached out to the DG at the GOC (Government Operations Center), Deryck Trehearne, to advise of the potential for an RFA but asked that he not “spin” anything up until he received confirmation that this is our intended way forward.

Please advise if I can provide you with any further support on this matter.

Regards,

Jamie

Sorry Sorab it was a general discussion about what impact our actions at Coutts may have locally and in other parts of the Country.

We are mindful that our action today seemed to kick off some slowdowns and one temporarily blockade in Alberta. We discussed if it may have broader implications but we have not observed that yet. It is something we will keep an eye on and I know our CO is discussing with NHQ.

**Subject:** RE: 2000 hr Update

2000 hr Update

- focusing on containment for tonight without perimeter expanding
- Alberta Towing Association contacted us to ascertain understanding of our challenges to obtain tow trucks (still ongoing)

- CCMG gave messaging to stop harassing mayor and towns people
- Estimate of 100 semis at main blockade
- Highway 501 and highway 4 with 70 vehicles may hinder member access to Lethbridge
- next briefing at 0900 MST tomorrow
- All further blockades have been resolved
- 20-24 members on day and night shifts for containment and checkpoints, additional 70 K STO members day shift
- Calgary public order willing to assist as required. K Div STO has previously trained with CPS Public Order team
- Ongoing communication with protestors

Subject: 1700/1800 hr Update

1700 & 1800 update

- Automobile transport association to try and give messaging to support our request for tow trucks, cranes and/or operators. No success.
- industry members being messaged and paid to not support our work
- hiring tow trucks, oil field equipment, cranes and or renting or buying= no success
- same responses to above from BC and SK
- trying to help CBSA look into possibilities of Montana tow companies (very complex)
- concerned our actions will be a Flashpoint for national actions
- still unsure of what our actions will be
- CPS, LRPS, Public order unit all on site helping with on any activity we may not be forecasting
- some vehicles disabled so SES tactics may be an option
- as of 1810 Fort MCLEOD full North and south blockade disbanded and same for slow roll on Highway 3
- next briefing 1900 MST

Morning Sir,

I can do that this morning, but I'm not sure they would arrive before mid day Friday based on past experience shipping them out asap. My records indicate I have 21 Watchguard BWC in the office, 14 Viewu and 18 Axon....I can ship multiple different models, but it will become difficult to manage for K div. My suggestion is to just send the 21 Watchguard's.

I will require a contact and shipping address to get them on their way.

Shaun

**Subject:** RE: BWC Request.

Good morning Ed and Nick,

I presume you already know the situation in "K" Division re: request for BWCs. We can ship 21 Watchguards, but need a contact person ASAP.

Could you please provide a name for a contact?

Thank you,

Shirley

**Subject:** RE: BWC Request.

Morning Sir,

I can do that this morning, but I'm not sure they would arrive before mid day Friday based on past experience shipping them out asap. My records indicate I have 21 Watchguard BWC in the office, 14 Viewu and 18 Axon....I can ship multiple different models, but it will become difficult to manage for K div. My suggestion is to just send the 21 Watchguard's.

I will require a contact and shipping address to get them on their way.

Shaun

Good morning Ed and Nick,

I presume you already know the situation in "K" Division re: request for BWCs. We can ship 21 Watchguards, but need a contact person ASAP.

Could you please provide a name for a contact?

Thank you,

Shirley

Peter,

Just finished a call with Commr, your CO and others. Information flow is paramount to support the Commr and our actions through this, as there lots of moving pieces and concern over spread and this becoming a long term event.

Can I please ask for the following:

1. Sit Rep twice a day. 12 pm and 6 pm Ottawa time. (For today at 12 pm please add to what you sent last night).
2. Hourly updates - by email - can be short ones, from you to myself so I can update the Mgmt Team here.
3. Your CO offered that I could join your briefings. Please send me the invite as it will help with information flow and could cut down on hourly updates.

Call me if you wish to discuss. Best wishes for the day to all of you.

Sorab

Subject: Deterrence, Education, and Evidence

Good morning,

Concept of Operations for today's ops period should include the above three objectives at all levels of command.

We need to ensure we do all we can to deter other protesters from continuing to attend the area. This includes enforcement / education considerations our exterior containment points and our media message overall. Enforcement and deterrence should be occurring well away from the site as well, ie all over southern AB.

Secondly on site we need to start educating folks through one on one conversations about what they are actually doing and giving people good opportunities to leave either the blockade or the town site after we collect the relevant info. Sgt. Harms can brief us this am on a great example of a contact he had in this regard at about 2200hrs last night.

Thirdly we need to gather evidence of the offences. Currently we struggle on site with this based on taskings. We have a containment team on the edge and a tac troop for the blockade itself.

Today if we can we need to get a small group of investigators together to properly document the activities / offences we are observing.

For district silver I would suggest a review of where our file management / MCM strategy is at would be timely.

Thanks folks and see you later on this am.

Gord

**Subject:** Deterrence, Education, and Evidence

Good morning,

Concept of Operations for today's ops period should include the above three objectives at all levels of command.

We need to ensure we do all we can to deter other protesters from continuing to attend the area. This includes enforcement / education considerations our exterior containment points and our media message overall. Enforcement and deterrence should be occurring well away from the site as well, ie all over southern AB.

Secondly on site we need to start educating folks through one on one conversations about what they are actually doing and giving people good opportunities to leave either the blockade or the town site after we collect the relevant info. Sgt. Harms can brief us this am on a great example of a contact he had in this regard at about 2200hrs last night.

Thirdly we need to gather evidence of the offences. Currently we struggle on site with this based on taskings. We have a containment team on the edge and a tac troop for the blockade itself.

Today if we can we need to get a small group of investigators together to properly document the activities / offences we are observing.

For district silver I would suggest a review of where our file management / MCM strategy is at would be timely.

Thanks folks and see you later on this am.

Gord

**Subject:** RE: Deterrence, Education, and Evidence

---

Thanks Gord,  
From Gold we will adopt your objectives.

1-Education  
2-Deterrence  
3-Evidence Gathering

Tactics for clarity  
Enforcement will focus on external protests and events  
Media messaging will focus on deterrence, education  
Highlighting potential charges, jeopardy,

Evidence Gathering will include evidence for offences  
TSA  
Critical Infrastructure Defence Act  
CC  
Vehicle Inspection...can we make this as part of the release of vehicles?  
Cross Border consideration (Kevin Charles to liaise with Crown)  
Corporation Summons

MCM-SCB will lead Rick Jane will update.

**\*\*Sit Reps will now be distributed every 2 hours, as long as the situation continues to remain stable. \*\***  
**Situation as of 0858 on 2022-02-02**

**Event Overview:**

- No demonstrators are reported to be on **Parliament Hill** at this time.
- No demonstrators are on **Wellington St. and in the surrounding area.**
- OPS advised at 2300hrs on 2022-02-01, that the City of Ottawa will be replacing the temporary barricades (dump trucks) for concrete ones.
- Snow is expected to begin today at 0900 hrs and continue throughout the day and well into the evening.

**Operational Information:**

- The website [murderbydecree.com](http://murderbydecree.com) posted: A CALL TO THE TRUCK CONVOY IN CANADA: \$10,000 REWARD OFFERED FOR THE ARREST OF CONVICTED FELONS-FEB. 1ST 2022. The website includes a pdf of the 'Arrest Warrant issued against PM TRUDEAU and GG SIMON which was circulated online back on 15 Jan 2022.<sup>[1]</sup>
  - o An uptick was observed in chatter about the reward.
- CIG continues to locate social media posts encouraging for trucks to be sent to Harrington Lake. No visual confirmation that any trucks are heading to Chelsea area.

**Operational Planning:**

- Nil updates at this time.

**Protective Clients and Protective Sites:**

- Discussions underway with OSGG to explore, based on the threat and risk assessment, the feasibility of reopening the grounds of Rideau Hall to the public.

**Communications:**

- The Ottawa Police Service will be holding an information briefing for Members of Council and Ottawa Police Services Board members on Wednesday, February 2 from 2 to 4 pm. Peter Sloly, Chief, Ottawa Police Service, will provide an update on the demonstration in Ottawa.
  - o Residents and media are invited to follow the briefing on the City's YouTube [channel\(link is external\)](#), [rogers.tv\(link is external\)](http://rogers.tv) or RogersTV Cable 22.
  - o Please note that due to time constraints OPS has signaled that there is no media availability following the briefing.

# COUTTS SUPPORT RUN

February 2nd, 2022

## Supplies Needed

-Jerry cans (Not necessarily filled. Donate to have them filled, or filled with diesel or gas) Label if filled

-Ham

-Bacon

-Ground beef

-Tonnes of eggs.

-Cases of chips (individual bags)

-Throw away cutlery, coffee cups

-Baggies

-Burger buns

-Big bags of potatoes

-Shredded cheese

-Frozen chicken wings

-Toilet bowl cleaner

-Garbage bags

-Paper towels

-Dish soap

-Toilet paper

-Bottles of water

-Pop, juice boxes

-Oil for deep fryer (Costco has 5 gallon)

-Toiletries as far as wipes, toothbrushes and toothpaste would be good too.

If you're making food like sandwiches please leave off condiments that would go bad

ANYTHING ELSE THAT YOU WOULD LIKE TO DONATE WOULD BE GREATLY APPRECIATED!!!

Someone is in contact with [Personal Info.] owners of [Personal Info.] in Coutts

They are organizing a lot of supplies and running of fuel etc. They said any donations can be sent to

Afternoon all,

A pelican containing 19 Watchguard BWC's, accessories and a laptop have been shipped out this am from Ottawa via Purolator (tracking 333366107568). Delivery standard is one day, so fingers crossed they arrive tomorrow.

For those receiving, I will send another email with instructions and further details.

Thank you all and good luck!

Morning Sir,

I can do that this morning, but I'm not sure they would arrive before mid day Friday based on past experience shipping them out asap. My records indicate I have 21 Watchguard BWC in the office, 14 Viewu and 18 Axon...I can ship multiple different models, but it will become difficult to manage for K div. My suggestion is to just send the 21 Watchguard's.

I will require a contact and shipping address to get them on their way.

Afternoon Jessica,

Just a quick update for the Office of the Privacy Commissioner to advise that we have deployed 19 Body Worn Camera's to the ongoing public order event in southern Alberta. These are being sent out in the same fashion as our previous deployments. There is no relation to the ongoing National Body Worn Camera project.

If you have any questions, please let me know.

**Sent:** 2022-02-02 12:14:33  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** FW: 1100 hrs update

---

1100 hrs update

- Tow Truck Association putting boots on the ground to get better idea of situation (no help guaranteed)
- Still working on gaining assets from various places. Nothing confirmed.
- Covert Ops observed both static and roving movement from the group during the night to watch for police movement
- Trying to identify leader for negotiations and reach out to moderates
- Some blockade vehicles have broken down; they have requested service vehicles to come in with fuel through social media.
- New convoy inbound from Fort McLeod to Coutts. 100 vehicles with food, fuel, large equipment including front end loaders. Setting up CBE checkpoint just outside Lethbridge.
- 1 objective of today is to work on social media messaging, specifically for Coutts blockade. Then, different messaging to public to outline current situation and yesterdays events
- Specific request for more CCMG officers being actioned,
- CBSA approved potential opportunity to use US tow services
- Premier wanting daily updates from CO
- Focusing on trying to ensure no additional blockades go up for fortifying existing ones
- Focusing on Town of Coutts residents and ability to move freely and have access to emergency services, busses, food, etc. Town is subject to occupation.
- Blockades/ slowdowns starting in other parts of the province (Banff Gates, Grande Prairie, Edmonton) which in turn may affect resourcing capacity in province. Looking for resources in other provinces.

Afternoon Jessica,

Just a quick update for the Office of the Privacy Commissioner to advise that we have deployed 19 Body Worn Camera's to the ongoing public order event in southern Alberta. These are being sent out in the same fashion as our previous deployments. There is no relation to the ongoing National Body Worn Camera project.

If you have any questions, please let me know.

Hi All,

Just for awareness, from a web/social media perspective, "Bear Hug" is a rising search query – refers to this:

@TheBreakdownAB

From the DM's...

**We've received a few DM's regarding a planned "bear hug" across Alberta where people will be attempting to block major roads across Alberta.**

There's a lot of talk on Facebook so please everyone, be careful tomorrow.

This is insanity.

Hello Ed/James/Doug T.,

As discussed, please see the attached for your situational awareness... In summary, "F" Division has concerns releasing their HASP to us. I am working on this with ASB.

We are also reaching out to CPS and EPS for other options.

Will keep you informed as I know more.

Thanks,  
AI...

I spoke to the contact at TC:

François Collins  
Director General / Aircraft Services Directorate  
Transport Canada / Government of Canada  
[francois.collins@tc.gc.ca](mailto:francois.collins@tc.gc.ca) / Tel: 613-998-3316

He advised that his aircrafts are located on the east and west coast and are mandated for flights related to whales and pollution. He also advised there is no camera capability onboard.

If the situation is deemed high priority, then there could be the potential to re-deploy TC aircraft but that would require a higher level approval.

Feel free to reach out directly to him, if you have any further questions.

**Subject:** RE: Babel Street Delay / Report de la mise en service de Babel Street

---

Absolutely. The product we pushed out last week was gathered with Social Studio. Social Studio went down nationally on Monday and Babel Street is not up, however even if we had Babel we have not rec'd any training on it and by all accounts it is resource heavy.

DCAS has gone old school in Open Source, and we are trying our best.

A couple quick points A/Comm Ferguson:

Not all DCAS analysts are open source trained. Most, especially on the core side, do not have the s.37 equipment.

None of the analysts are either trained or experienced in real time open source monitoring. The open source work they normally do is in support of their project investigations.

There was a request from DEOC for what amounted to s.37. None of our analysts have that capability. The Federal Open Source unit hired its first of 3 persons 2 weeks ago, however she is not trained nor has the equipment yet.

We are as many hands on deck from both sides of the house as we can to provide what is needed. I am only bringing the a/m points up so that unrealistic expectations are not set.

I will be in touch with DEOC to ensure we are providing as much support as we can.

Brad

Update on GP

Approx. 10 vehicles on highway 43 just east of the highway 2 overpass

Vehicles are on the shoulder and not blocking traffic, protesters are out of vehicles with traffic cones deployed, but staying on the shoulder holding signage

I will update if anything changes.

Info received is that there is an event beginning this afternoon whereby intel indicates they are going to shut down various access routes into GP. They believe the start will be on 43 near the MIS and at this time, they are probably going to be roving because of the lack of participating trucks.

Please keep me updated on anything you may hear.

**Subject:** FW: CGL Update BN

---

Have you been forwarded this email.

A lot of what John mentions is occurring and hence the movement. The Commr., had reached out to E Div this am.

I know you folks have all the steps covered and possible good news is unrolling

In any case E Div is offering support.

Thanks,

Sorab

**Subject:** RE: CGL Update BN

Good morning Ma'am,

I have been in discussion with my CIRG team as well as with A/Commr Stubbs on these convoy protests in anticipation they could escalate here in BC. "E" Div CrOps has been discussing possible strategies and resourcing requests with "K" Div CrOps on the Coutts Border Crossing dispute.

I/we do not presume to have all the answers. However; we have been heavily engaged with these sort of ideologically driven protest for a while now. Through hard earned experience we have managed to pick up a few strategies that may help. Whenever possible, planning and preparation at the "pre" stage with a dedicated command team is preferred. Further, having a dedicated command structure focused on the protest, such as a Gold Silver Bronze (GSB), throughout aids in providing a strategically oriented, operationally focused tactically sound response to these often dynamic socially charged situations.

As with the our ongoing protests in BC over pipelines and old growth logging, these "Trucker Convoy" protest participants have a strong core of ideologically driven people. However; they do not necessarily have a single leader or leadership group. They are well funded and are using social media very effectively to circumvent traditional media to get their message out and recruit more followers to the cause. They tend to organise based on collective thought through social media rather than a traditional command and control model. There will be "spokespersons" and "organizers" that do play a leadership role but they may not have control over any or all of the group. These factors are aiding to their ability to maintain their momentum in such a way, that it would indicate they can sustain a presence for the long term as they replenish and replace protesters and supplies on the line. We have seen this model successfully sustained at Fairy Creek over a long period of time. However; the inherent flaw with this model is that the protest can be hijacked by fringe groups and bad actors. Police liaison, such as the DLT, play a key role in helping organisers, at the local level, identify these people and aid them in keeping the protests Lawful, peaceful and safe if that is the organisers goal. During this period police focus on conducting law enforcement, whenever possible and practicable, to re-assure the general public and protesters

These types of protests leave very limited capacity for police to solve this situation, without some movement by government to allow protesters to have a "win" of sorts. We have seen this in the recent rail line blockades and pipeline protests where face to face meetings with government officials provides an "off ramp" for the majority, thus leaving the fringe isolated with diminished support. While it may not provide an immediate solution and may ultimately be a check box of sorts, it creates a much better operational climate for the majority to move on and police to deal with the criminality of the protest from fringe elements. During this period it is also an excellent time to deploy police liaison resources in sufficient numbers to talk to protest participants about the potential consequences of their actions, identify the leaders of the movement and their motivations, while providing time and space to plan and execute a more robust enforcement strategy, if required.

I'm sure this has been considered already in the Ottawa circles. It appears the PM is firm on his position not to engage with the protesters or meet their demands. Perhaps a health Canada official, such as Dr. Tam could, address the science that Omicron numbers have peaked and set a timeline/date for when the restrictions would be lifted. Even if it is a week or two away so as not to have the optics of appeasing the protestors, it will likely relieve the pressure and the passion to remain might dwindle.....again I'm sure this has been considered but that appears to be the only non-police option. Any enforcement action will likely result in sympathetic protests/blocks of roads.

"E" Division CIRG is ready to assist as and when required.

Regards,  
John

Thanks John'

Do you think there is a potential for this to amplify in solidarity with the Trucker's protest? Also would be interested in any thoughts you folks in BC have on how to bring the Coutts and Ottawa protests to a successful conclusion?

Brenda

Unassessed Open Source information is indicating that:

- Truckers have agreed to open a lane in good faith, but that many of the participants expect that their demands will be met shortly by rural MLAs who are meeting at 1400.
- There is an MLA meeting this afternoon and that 30 of them are heading down to the border.

Good morning,

The attached are raw reports on the current and future states as it relates to public order events in Alberta.

Refined and updated products for both are planned for 13:00

Information has been received from the analyst deployed at the border that: A convoy of approximately 150 semi trucks is near Fort McLeod, that the group has a bulldozer and may ram a check point

All this information is being reviewed and assessed the OSINT team in DCAS.

1500hr update

-Recent events at approx 1300hrs: protestors at Coutts site said to CCMG that they intend on opening up one lane in each direction. Intentions are still unconfirmed, there is movements and vehicles repositioning consistent with information.

CCMG and Site Commander engaged

-Expected that some vehicles may leave but unconfirmed

-Because of this, enforcement comms strategy is suspended until further direction/input from Site Commander.

Working on new comms piece to send out upon approval of Site Commander once intent is established.

-Article 9 letter being drafted

- HASP availability confirmed for Feb 4, 6 and 7; potential for more days but unconfirmed.

Hello Peter,

Further to the attached, thank you so much for taking my call and the discussion. I really appreciate you adjusting the priorities of "F" Division to assist us on this National high-profile matter...

As promised, I am sending this e-mail to keep everyone informed and to confirm our plans moving forward:

- 1) I've been advised that Article 9 is currently being drafted to be invoked;
- 2) We have your support/confirmation to borrow "F" Division's air asset (HASP) for February 3, 4, 6, 7;
  - a. February 3 {tomorrow} - You are doing what you can to adjust "F" Division priorities and will let us know asap. So far looks like it's doable;
  - b. February 5 - There is an "F" Division ops priority planned so will required the plane;
- 3) Until this matter is more under control, for the interim, Insp. Willmets is working with ASB to see if we can find another air asset to assist on "F" Division priorities.

Please feel free to edit, add or correct the above-noted to ensure accuracy. Again, thank you so much for your understanding and assistance. We really appreciate all of "F" Division's support to us.

I owe you another one!!!

Thanks again,  
Al...

---

No problem. I told Peter that I Wong be on this last call as I had Andrew Cowan over for dinner so need to cook for him.

Look forward to the NOC Sit Rep. If there is anything sensitive outside that can you please send me an email.

Would like to continue being on your calls for the near future.

Thanks

Sorab.

### KEY FINDING

Intelligence suggests that the protesters at the Coutts Port of Entry (POE) may be split into factions. [Personal] one of the protest organizers, has contacted [Personal Info.] to facilitate negotiations between the groups. This is supported by RCMP observations at the site since Saturday 2022-01-29.

I am good with the statement, one thought; building on John's comments can we add the part of the kids and school. The more difficult that we can make the decision to back away from this "agreement" the better. The public is always supportive of kids, that is an important part of the story.

**Subject:** RE: UPDATE: Assistance Request - "K" CrOps to "F" CrOps (FW: FDIV HASP Not Available...)

Helio Allan (and others),

I confirm that F Division Air Services will be able to provide additional assistance to your Request for the following days: Thur. 03 Feb, Fri. 04 Feb, (Not Sat. 05 Feb), Sun. 06 Feb, Mon. 07 Feb. F Division Air Services will deploy Pilatus aircraft MPW (with HASP camera) with pilot (Dave Wylda cell # [irrelevant]) and HASP operator (Cst. Corey Zerie). They will depart Regina tomorrow morning and fly to Lethbridge (ETA noon) where they will stage and await further instructions. Depending upon weather and visibility, this should provide you with 8 hours flying time over the target area (usually 2 x 3 hour flights with a refueling stop in between) so select your hours wisely. However, be advised that the HASP is old and in need of replacement. Consequently, it frequently malfunctions, especially in cold weather. I have also spoken with Rob Cameron (SK Govt- since they own or lease the RCMP aircraft in F Division) and he has authorized the release of the aircraft to assist K Division for the dates requested. All related expenses will be billed to K Division Air Services. Lastly, should similar serious incidents (blockades / convsys) occur in F Division which require the services of our HASP aircraft to deal with, we reserve the right to break off and do so.

Regards, Peter

Hello Peter,

Further to the attached, thank you so much for taking my call and the discussion. I really appreciate you adjusting the priorities of "F" Division to assist us on this National high-profile matter...

As promised, I am sending this e-mail to keep everyone informed and to confirm our plans moving forward:

- 1) I've been advised that Article 9 is currently being drafted to be invoked;
- 2) We have your support/confirmation to borrow "F" Division's air asset (HASP) for February 3, 4, 6, 7;
  - a. February 3 (tomorrow) - You are doing what you can to adjust "F" Division priorities and will let us know asap. So far looks like it's doable;
  - b. February 5 - There is an "F" Division ops priority planned so will required the plane;
- 3) Until this matter is more under control, for the interim, Insp. Willmets is working with ASB to see if we can find another air asset to assist on "F" Division priorities.

Please feel free to edit, add or correct the above-noted to ensure accuracy. Again, thank you so much for your understanding and assistance. We really appreciate all of "F" Division's support to us.

I owe you another one!!!

Thanks again,  
Al...

#### Calls to Action on Social Media and Planned Protest Activity

At 12:51hrs Feb 2, the department has received social media reports that Operation Bear Hug in Calgary intends to support convoy on Saturday, February 5, instead of February 2.

On February 2, CTV Calgary is reported about “Operation Bear Hug” that is calling for truckers to block major highways in Alberta today. The Reporter says he’s heard people are planning to gather at the truck stop on Highway 1 near the Minister’s house then park on the highway between Banff/Canmore.

JSG Reported that a group Farmers for Freedom have sent messages via text and other social media asking farmers to lockdown the country and province wide every day until mandates are lifted. Starting on Thursday February 3, 2022, at 12 noon for 3 hours. The ask is for every farmer available to hook up implements and to lockdown of every road.

#### **Southern Region**

By 10:00 hrs the department received reports from the Cochrane RCMP of planned protests for a convoy to blockade the WB lanes of Highway 1 at the Banff Park Gates today from 11 am to 6 pm. Also a report of an event moving to Highway 1 at Bowfort Road in Calgary.

#### **North Central Region and Fort McMurray Region**

By 12:00 hrs February 2, the department had received unconfirmed reports of protest activity planned at the following locations:

- Central Region Today (Feb 2) Highway 2 at Olds and Didsbury interchanges;
- Today (Feb 2) Highway 21/Hwy 42 intersection;
- Tomorrow (Feb 3) along Highway 2 from Ponoka to Lacombe from noon to 3pm;

#### **Peace Region**

By 12:00 hrs February 2, the department had received unconfirmed reports of planned protest activity around Grande Prairie. The plan for this is to apparently block only one lane, so that people can come and go.

#### Activity Reports from Across the Province:

##### **Southern Region**

February 2:

- At 13:30 hrs, department staff informed of slow rolling convoys on Highway 3 heading to meet up at Taber from Coal Dale and Grassy Lake. [Unconfirmed]
- At 13:30 hrs, department staff reported slow moving convoys in the area of Fort Macleod on southbound Highway 2. [Confirmed]
- At 13:00 hrs, department field staff witnessed farm equipment and pick-ups with flags heading south of Fort Macleod on Highway 2 towards Standoff, also carrying portable washrooms. [Confirmed]
- At 12:45 hrs a slow rolling convoy on Southbound Highway 2 near Granum (Highway 519). [Confirmed]
- Report of slow rolling traffic and back-ups at Highway 23 & 519 Roundabout, via google traffic and Facebook. [Unconfirmed]
- At 12:00 hrs Highway 1 and Highway 22 intersection between Calgary and Fort Macleod was clear of protesters with RCMP maintaining a presence. Some reports of a few trucks assembling to head to Fort Macleod and convoy at Highway speeds. [Confirmed]
- At 11:30 hrs the department received information indicating that a large number of trucks and other vehicles heading southbound on Highway 2 near Nanton, unknown where they were going and if they were going to join the Fort Macleod group or head farther South. [Unconfirmed]
- The department received social media reports of protest activity on Highway 3 heading toward Crowsnest Pass, consisting of slow rolling large equipment. [Unconfirmed]
- At 11:00 hrs the department had received report of a slow rolling convoy doing loops on Highway 2 at Fort Macleod. [Unconfirmed]

February 1:

- At 19:47 hrs Wildcat convoys have been reported. Transportation has verified slow rolling convoys in Highways 3 & 36 at Town of Taber and also Highway 3 at Grassy Lake. [Confirmed]
- At 16:30 hrs 511 received information that Highway 4 was closed at southbound Highway 36 near Warner by the RCMP before 16:30 hrs in anticipation of a convoy. Transportation Region assisted. Additionally, Highway 519 at Highway 23 Nobleford was at a crawl for wildcat convoy. [Confirmed]
- At 16:01 hrs social media reports observed by the Region indicated the roundabout was clogged up at Highways 23 / 519 with vehicles. The roundabout is a main corridor for accessing Highway 1 to the north and trucks cutting across to Highway 2 to the west. [Confirmed]
- At 16:00 hrs Region MCI advised RCMP requested barricades to be set up at Highways 4 & 36 Southbound. [Confirmed]
- At 15:30 hrs 511 was contacted by the Cardston Shop and advised Highway 509 was obstructed. At about 19 hrs 511 received a Tweet from Blood Tribe Police Service that they had attended the area at 13:40hrs to address a blockade along Highway 2 near the Waterton River Bridge north of Standoff. They conducted traffic until RCMP arrived and started rerouting traffic heading North bound along the Highway 2/509 intersection and advised public to avoid the area traffic until RCMP. At 18:15 another tweet from the Blood Tribe Police Service indicating the blockade was resolved and traffic was flowing.
- At 14:00 hrs, JSG indicated enforcement action was being taken.
- At 13:00 hrs Transportation reported a new blockade Hwy 2 South of Fort Macleod and reports of a potential convoy of farm equipment and tractor trailers heading west on Hwy 3 towards Pincher Creek/CNP. [Confirmed]

##### *Milk River Blockade*

February 2:

- Highway 4 at Highway 501 West remains closed by RCMP in both directions with an enhanced blockade. [Confirmed]

February 1:

- Transportation Region reports that this morning near Milk River, southbound still closed Highway 4 at Highway 501 West but RCMP have closed in both directions due to a collision between a driver, who was not part of the protest, heading northbound on Highway 4 and a protestor who was oriented southbound in the northbound lane
  - The only difference is that some trucks were allowed to cross the border Northbound on Highway 4 earlier. It is also reported by RCMP to Region staff that the weigh scale will be blocked by protesters this morning (February 2, 2022).
- Both directions still blocked to large vehicles, a small vehicle may possibly make its way through.
- JSG report to Transportation staff indicates protestors are attempting to establish a new blockade at Highway 4 and 501 intersection South of Milk River where the RCMP Checkpoint is located. RCMP is requesting an emergency road closure at this location. The department supported the request as needed.

North Central Region and Fort McMurray Region

No activity reported.

Central Region

No activity reported.

Peace Region

No activity reported.

See attached tactical intelligence report with respect to the subjects of interest involved in the Coutts Border blockade.

### KEY FINDING

Intelligence suggests that the protesters at the Coutts Port of Entry (POE) may be split into factions. [Personal], one of the protest organizers, has contacted [Personal Info.] to facilitate negotiations between the groups. This is supported by RCMP observations at the site since Saturday 2022-01-29.

**TITLE:** K Division 2022-02-02 UPDATE COVID 19-Trucker Convoy Blockade of Canada/USA Border

**ISSUE:**

**BACKGROUND:**

Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022. The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day. There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing. The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

**CURRENT STATUS as of 1620 hours hrs on 2022-02-02:**

In an act of good faith, the protesters have opened up one northbound and one southbound lane to allow traffic flow on Highway 4 which is allowing unfettered vehicle access to the border. The opening appears to be attributed to a meeting between unnamed MLA's and the group of protesters. Exact details of the alleged meeting are unsubstantiated at this time. A separate group of protesters remained assembled north of the Coutts location at a police checkpoint located at highway 501 and highway 4. There are reports of supporting blockades planned for other areas throughout the province, however this is unconfirmed. There are three other slow moving convoys active within the province, however, they appear to be peaceful and not impeding traffic. CCMG continues communication with the organizers of the blockade in an attempt to garner voluntary compliance to disperse peacefully.

**STRATEGIC COMMUNICATIONS:**

A media release has been prepared and will be forwarded shortly. Social media messaging from RCMP accounts is being used heavily in the print media. Social media is being monitored, coverage is primarily positive toward law enforcement.

**CONDUCT / CIVIL RISK ASSESSMENT:** N/A

**SUBMITTED BY:** S/Sgt. Sarah Kneisen

Hi Ben, no worries, I will get them added in the morning.

I heard that we had our first vehicle go through U.S. customs, that is good news.

Have a good night,

John

Hi Dennis, sorry for the delayed response, I was not mad, I just didn't have a chance to see all of my messages until just now lol. Thanks for this, no worries at all. Both you and Sorab are tops in our books. We have always felt nothing but respect and support from you guys, so recognizing the pressure that you two are under we are more than happy to do this. I feel more of a sense to apologize to you for not keeping you more in the loop.

Thanks again Dennis, have a great evening.

Peter,

Just finished a call with Commr, your CO and others. Information flow is paramount to support the Commr and our actions through this, as there are lots of moving pieces and concern over spread and this becoming a long term event.

Can I please ask for the following:

1. Sit Rep twice a day. 12 pm and 6 pm Ottawa time. (For today at 12 pm please add to what you sent last night).

2. Hourly updates by email – can be short ones, from you to myself so I can update the Mgmt Team here.
3. Your CO offered that I could join your briefings. Please send me the invite as it will help with information flow and could cut down on hourly updates.

Call me if you wish to discuss. Best wishes for the day to all of you.

Sorab

## Issue raised from the boarder

**Subject:** Issue raised from the boarder

Good morning, Sirs,

Please find below a cut a paste from and email that I received from a Member this Morning. I am a little bit surprised at the complaint as DECO assured me earlier in the week that breaks were built into the Ops Plan.

*"Just wondering if there are any npf resources at the Coutts border deployment? The whole thing has been run poorly from start. Members have driven 3-4 hrs then immediately started shift, worked 12 HR shift then an HR back to Lethbridge for hotel. Yesterday there were guys ASKING to be relieved as they were entering hour 20 of work and still had hr to drive to hotel after relieved. We are all being dumped at checkpoints for 12 hrs straight with zero breaks and not even opportunity to use washrooms. It's like they told us where to go and just forget about us for 12 hrs."*

Is there somebody that is able to advise me what the plan is currently in relation to the Members concerns?

Kev

## FW: visible joint leadership - Coutts In person media

---

**From:** Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca);  
**Sent:** 2022-02-03 09:03:34  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca)  
**Subject:** FW: visible joint leadership - Coutts In person media

---

... Hi John, per your last message, I think Trevor would be best, as he can speak from first hand experience and most senior, if not, then Ryan Comaniuk, similar to what I did at fort mac fires....

**From:** Kunetzki, Kevin  
**Sent:** February 3, 2022 9:02 AM  
**To:** Tewfik, Peter <peter.tewfik@rcmp-grc.gc.ca>  
**Subject:** visible joint leadership - Coutts In person media

Envisioning.... Enhanced and strong visible communication strategy, senior leadership source of information, vs fractured reports from various community sources

Joint leadership in person media scrum later today, if it can work out (RCMP, JSG, mayor, other agencies, relevant associations) – senior leadership representation

Acknowledgement of public frustration  
Role of police in these instances  
We get it – we escorted you here, we escort and support lawful protests

What is happening – ground truth – what we have been doing  
Challenges for police

- Honesty, running at members
- Some want to leave, some want to stay
- Why blockade is bad, emergency services, school bus, supplies, livelihood

What we support – peaceful lawful protest

- Praise to those many protestors who are just driving lawfully, assembling lawfully 30-40 so far , all great well done

What we need to see – at least one lane open N/S

What we will support – peaceful lawful protest

Why is this important?

- Reiterate some of the above

-

**Sent:** 2022-02-03 09:56:47  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** Update

---

- CP10 still in place, however additional protestors have set up a new blockade at police checkpoint
- No leadship, big power struggle amongst protestors
- 20-30 semis, 50 passenger trucks & 6 tractors/farm equipment at CP10. Members hope to approach and determine their direction of travel and who is a protestor.
- Consideration being given to other blockades being set up to east and west which would cut off police from site
- Ongoing consultation with legal for authorities
- Today's focus is to relieve pressure at checkpoint and stabilize CP10 with CCMG
- Border blockade still calm and lanes are open but getting stopped at blockades north of border
- Alberta sheriffs motoring vehicles at police parking lot and intercepted 3 protestor vehicles overnight
- Coutts mayor has reached out to provincial leaders (MLA & minister of transportation) to try to calm checkpoint protestors who want to join border blockade. We will try to facilitate.
- Liaising with cattlemans association to make contact with protestors and identify financial impacts of blockades
- As of 0835, site commander reported that 3 vehicles destined for USA were let through
- Still trying to secure heavy equipment. We do have options at this point in time.
- Strat comms remains engaged with DEOC and site command

Trevor,

We are recognizing a gap in the collection and dissemination of information... so, as always you are spot on.

I talked to Ed in regards to a process for Intel distribution, I recognize we have a breakdown in tasking, assignment and follow up in DEOC, and this type of information from outside sources.

I will ask Ed to work with the DEOC team to see if we can set up a more effective process.

Peter

**Subject:** STO Commander - Insp. Leanne MacMillan

---

Hi Gord,

Further to our conversation, Leanne is interested in filling the second STO Commander spot. She is also supported by Darcy to take on this additional responsibility. Will leave it to you to announce her to Scott and the team, and to at some point send her for the Tac Troop Commander Course. Leanne also has 10 yrs experience on the Tac Troop in E Division, and is very pleased to help support the team.

If you were to need her down there to assist Ryan and Scott, she is available for the deployment as you might deem appropriate.

Thank you Leanne! Supt. Corbett will be in touch at some point.

Thanks!

Kevin

Hi Peter,

**Personal Info.** [REDACTED] just signaled intent to conduct a Church service in Milk River at 1400 today. Given his anti-PHO history and significant following, his presence in the Coutts area is likely going to act as a catalyst.

**Subject:** RE: Issue raised from the boarder

Thanks Kevin can you confirm if this concern is from the initial deployment or recently? As you can imagine, initial deployments are generally difficult, we are now moving into an "operational" phase. Changes, including the addition of travel days, have been made which should eliminate a number of these concerns.

Let me know?  
Trevor

Good morning, Sirs,

Please find below a cut a paste from and email that I received from a Member this Morning. I am a little bit surprised at the complaint as DECO assured me earlier in the week that breaks were built into the Ops Plan.

*"Just wondering if there are any npf resources at the Coutts border deployment? The whole thing has been run poorly from start. Members have driven 3-4 hrs then immediately started shift, worked 12 HR shift then an HR back to Lethbridge for hotel. Yesterday there were guys ASKING to be relieved as they were entering hour 20 of work and still had hr to drive to hotel after relieved. We are all being dumped at checkpoints for 12 hrs straight with zero breaks and not even opportunity to use washrooms. It's like they told us where to go and just forget about us for 12 hrs."*

Is there somebody that is able to advise me what the plan is currently in relation to the Members concerns?

Kev

PB.NSC.CAN.00008248 REL.0644

My family has a right to travel freely in this great country...including to visit our relatives in BANFF...we should not be concerned about our safety.

I have also submitted this as a CrimeStopper's tip. These blockades must end and barriers should be erected to ensure the free-passage of people and goods across our highways and borders.

I am disappointed that our Provincial and Federal governments are allowing Canadians to be bullied by protesters whom have gone too far and crossed the line of "peaceful protest".

Please act now!!!

Kind regards,

Subject: Please Stop the Upcoming HWY 1 blockade between Canmore and Banff

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

Honorable Ministers,

Please advocate to the necessary government departments to mobilize assets to put an end to what I view as local Terrorism and prevent this upcoming blockade of AB-HWY-1 on Friday February 4th, 2022 between Calgary-Canmore-Banff.

The efforts below (attached image) from angry citizens far exceed anyone's right to peaceful protest:

My family has a right to travel freely in this great country...including to visit our relatives in BANFF...we should not be concerned about our safety.

I have also submitted this as a CrimeStopper's tip. These blockades must end and barriers should be erected to ensure the free-passage of people and goods across our highways and borders.

**Sent:** 2022-02-03 15:44:59  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca)  
**Subject:** Update

---

- Putting forward article 9 to the province requesting 50 to 70 STO resources from out of province. Standing down our STO team for 72 hours when we bring in new teams.
- We are managing the 25 members per shift for perimeter, checkpoints, patrols and QRT (2shifts a day) with resources within the province.
- As of 1300 briefing, traffic was flowing, CP10 blockade had 100 vehicles including legitimate traffic destined for Coutts or border
- In site zone, there's 70-80 semis (aprox 20 vehicles left overnight with more leaving today.
- CBSA working smoothly, no issued identified
- CCMG still actively engaged with both protests/blockades
- Joint media announcement on traffic flow will be lead by CBSA
- DCAS engaged on planning of potential protests/blockades/convoys throughout the province in next 72 hours

**Subject:** Update with breaking news

---

Breaking news that the Western Standard has published the Coutts Border blockade is moving to the Edmonton legislature at 7am tomorrow morning. We are strategizing our response.

Here is the last update:

- 250 vehicles at CP10, approximately 500 people including a concert and horses which are mostly in median and ditch. One lane of traffic is open
- Site has 22 rigs northbound, 29 rigs and vehicle southbound
- Most tests of blockade are at night so trying to plan accordingly
- No police escort going southbound once they clear checkpoint. Members are placed along route northbound with reduced speed of 50km/hr but no escorts
- **Personal Info.** ) sermon completed in Milk River at 1400, then moved to CP10, then as of 1606 was moving to site. Crown is well versed and is engaged with **Pers.**
- Article 9 is with the province. CAF/MARP is moving ahead for equipment to remove and transport vehicles.
- Two slow roll protests today in Turner Valley and Crownest Pass. At Crowsnest Pass a single pickup truck driver was driving dangerously and arrested
- DCAS tracking events over next 72 hours and will be disseminated to all RCMP commanders and Alberta law enforcement
- Alberta Crown and Ottawa Crown legal strategy is aligned
- local MLA is attending saloon in Coutts

## US wreckers/ tow companies

---

**From:** Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca);  
**Sent:** 2022-02-03 21:16:35  
**To:** Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** US wreckers/ tow companies

---

Andrew,

For tomorrow morning can we get an update on where we are with finding US wreckers/ tow companies to help- John has some context. We had permission from CBSA to process these guys and it was a task we were pursuing but I did not know where the task left off. The CO was looking for an update for the Commr. And it is linked to our/ Alberta's request for Military vehicles to tow.

John,

For review/ edit and dissemination as the Gold Intent. This encompasses the discussion we had with the CO but may need some further expansion or additional details I may have missed. I have copied the CO for his information and input.

Peter

## FW: Premier's messaging last night

---

**From:** Sahasrabuddhe, Nina (nina.sahasrabuddhe@rcmp-grc.gc.ca);  
**Sent:** 2022-02-04 06:50:36  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca)  
**Subject:** FW: Premier's messaging last night

---

Good morning - not sure if you watched the facebook event the Premier held last night. But if not, here is a quick summary:

- He addressed the Coutts blockade / protest – calling for calm; police have the tools – operational and legal to address; operations decisions are for the police to make; he expects law and order. Very similar to the messaging we've heard.
- He responded to a question / comment about falsifying reports of officers being assaulted. He read from the briefing he received from JSG describing the situation of officers being swarmed, reckless driving tactics endangering police safety and resulting in a civilian collision and assault.
- Restrictions and mandates – he didn't announce anything particular but did signal changes to the exemption program being announced and restrictions being lifted later in Feb if health system is stable.

That pretty much sums it up I think.

Hey John,

Was wondering, going forward, if you could cut and paste the info in the BN into the body of the e-mail as we cannot open it on our phones, only on our computers.

Thanks!

Brenda

---

K Div Update - 2022 02 04 @ 10:3

Things are progressing well at the Coutts site with the lanes open in both directions. Receiving better cooperation at the Coutts site than the checkpoint. Split in attitudes at the checkpoint, some moderates and some more entrenched. **Personal Info.** has a following with some at the checkpoint. **Personal** may hold a concert at the Milk River Rodeo grounds. Unknown what that will mean for traffic and protestors.

K Div looking for ways to allow this to transition from unlawful to a lawful protest, by finding a safe location for trucks and protestors to congregate, that will not impeded traffic. Evidence gathering operation increasing with checks of drivers as they leave the two locations.

One tow truck available from the City of Edmonton that could be used, however, may be required as convoy drives to legislature in Edmonton tomorrow. Checking with tow truck companies in Montana to see if they will/can assist. CAF option may have to be considered.

## K Div Assistance

**Subject:** Protest Mapping Dashboard Application / Application du tableau de bord pour la cartographie des manifestations

(le français suit)

Good afternoon,

The map is a compilation of information received from the Divisions, external police partner agencies, and open-source research. The data will be updated regularly to inform you of upcoming, ongoing, and concluded protests in Canada.

All of the dashboard widgets on the map are interactive, and clicking on a section will filter the rest of the map/dashboard accordingly. You can zoom, pan, and search around the map in the centre, and it will also filter the dashboard widgets. You can click on each of the pins on the map to open up a detail pane with specific information on that event. To filter the map:

- In the top title bar of the application, there are filter fields for date, division, and protest topic. You can filter the whole dashboard by selecting your choice from the drop-down option.

*Note: for ease of access, you can save the map link to your favorites bar in your internet browser. The mapping application will automatically update with new information.*

**Link:** <https://egis-sige.rcmp-grc.gc.ca/portal/apps/opstdashboard/index.html#/0fde21849adb4dd69dcf18d75d9304df>

### \*NEW\* Access instructions:

The Enterprise Geospatial Information System (EGIS) has undergone a recent modification. Due to this modification, instead of the automatic login as you were experiencing in the past, you will now have to connect using your credentials with your username under this format HRMIS@ROSS along with your usual ROSS Password. To access the dashboard, please use the following instructions:

1. Regardless of whether you are working in the office or from home, before trying to access the dashboard, you will need to log in to the VPN via Cisco AnyConnect (token/smartcard inserted).
2. Open your Google Chrome or Microsoft Edge web browser, which should be installed on all Windows 10 computers (the dashboard will not work in Internet Explorer).
3. Copy the link below into your Google Chrome or Microsoft Edge browser.
4. Enter in your username (HRMIS@ROSS), along with your usual ROSS Password to display the dashboard.
  - a. If you receive an error or encounter difficulties, please contact Shannon Toomey (shannon.toomey@rcmp-grc.gc.ca; Irrelevant).

Should there be anyone else who requires access (i.e., PSE, CM, RM at the Constable rank), please e-mail Shannon Toomey (shannon.toomey@rcmp-grc.gc.ca) with their required credentials outlined below:

C/Supt. Sorab Rupa

Bonjour,

La carte est une compilation de renseignements reçus des divisions, d'organismes partenaires externes de la police et de recherches dans des sources ouvertes. Les données seront mises à jour régulièrement pour vous informer des manifestations à venir, de celles en cours et de celles qui

sont terminées au Canada.

Tous les widgets du tableau de bord sur la carte sont interactifs, et le fait de cliquer sur une section filtrera le reste de la carte/du tableau de bord en conséquence. Vous pouvez faire un zoom avant ou arrière et une recherche sur la carte au centre, et cela filtrera également les widgets du tableau de bord. Vous pouvez cliquer sur chacune des épingles de la carte pour ouvrir une sous-fenêtre contenant des renseignements propres à l'événement en question. Pour filtrer la carte :

- Dans la barre de titre en haut de l'application, il y a des champs de filtre pour la date, la division et le sujet de la manifestation. Vous pouvez filtrer l'ensemble du tableau de bord en sélectionnant votre choix dans la liste déroulante.

*Remarque : Pour faciliter l'accès, vous pouvez enregistrer le lien de la carte dans la barre des favoris de votre navigateur Internet. L'application de cartographie sera automatiquement mise à jour avec la nouvelle information.*

**Lien :** <https://egis-sige.rcmp-grc.gc.ca/portal/apps/opsdashboard/index.html#/0fde21849adb4dd65dcf18d75d9304df>

#### **\*NOUVEAU\* Instructions d'accès**

Le Système d'information géospatiale d'entreprise (SIGE) a récemment été modifié. En raison de cette modification, au lieu de la connexion automatique que vous connaissiez par le passé, vous devrez maintenant vous connecter en utilisant comme identifiants votre nom d'utilisateur sous le format HRMIS@ROSS ainsi que votre mot de passe ROSS habituel. Pour accéder au tableau de bord, veuillez suivre les instructions suivantes :

1. Que vous travailliez au bureau ou à la maison, avant d'essayer d'accéder au tableau de bord, vous devrez ouvrir une session dans le réseau privé virtuel (RPV) au moyen de Cisco AnyConnect (jeton / carte à puce inséré).
2. Ouvrez votre navigateur Web Google Chrome ou Microsoft Edge, qui devrait être installé sur tous les ordinateurs Windows 10 (le tableau de bord ne fonctionnera pas dans Internet Explorer).
3. Copiez le lien ci-dessous dans votre navigateur Google Chrome ou Microsoft Edge.
4. Inscrivez votre nom d'utilisateur (HRMIS@ROSS), ainsi que votre mot de passe ROSS habituel pour afficher le tableau de bord.
  - a. Si vous recevez un message d'erreur ou rencontrez des difficultés, veuillez communiquer avec Shannon Toomey ([shannon.toomey@rcmp-grc.gc.ca](mailto:shannon.toomey@rcmp-grc.gc.ca); **irrelevant**).

S'il y a d'autres personnes qui ont besoin d'un accès (p. ex., employé de la fonction publique [EFP], membre civil [MC], MR au grade d'agent), veuillez envoyer un courriel à Shannon Toomey ([shannon.toomey@rcmp-grc.gc.ca](mailto:shannon.toomey@rcmp-grc.gc.ca)) avec leurs justificatifs d'identité requis indiqués ci-dessous :

#### **Justificatifs d'identité pour un nouvel utilisateur**

## Update on USA towing options

---

**From:** Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca);  
**Sent:** 2022-02-04 10:32:18  
**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Moreland, Edward (edward.moreland@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) **Irrelevant**  
**Subject:** Update on USA towing options

---

Sirs,

An update on the USA towing options.

No success whatsoever to this point. We have contacted the vast majority of towing options in Shelby and Great Falls, are now working on Helena and Missoula options (2+ hours from the border).

Our attempts to get suggestions from local law enforcement yielded limited results, so we are essentially working Google, trying to prioritize anyone who indicates "heavy towing".

We have successfully contacted 16 companies so far (including being hung up on), had one possible options but all unvaccinated drivers, have left messages with several, and have more on the Google list.

\*\*\*One option we have strategically not yet contacted is **Personal** (in Shelby), which apparently has heavy haul ability, but is the same company as **Personal Info** which was among the "hard no" group. Our concern is that calling them may lead to sharing of info, and broader implications. We will call them when directed to do so. (Credit to Sgt. Alex Da Silva for good thinking on this.)

**We have documented all efforts made, and will continue to make calls as our top priority until told otherwise.**

Andrew

**Subject:** K Div Update 2022 02 04 @ 12:00 hrs - Commr. Update.

---

K Div Update 2022 02 04 @ 12:00 hrs

Not much to add to previous update, beside below:

As of 18:18 hrs last night, Article 9.1 and 9.2 was approved by the Province. The documents are now with us here in NHQ.

Premier of AB did not lift any restrictions last night, however, pending data, might look at lifting restrictions at some point in February.

There are efforts to coordinate a protest at the Alberta Legislature on Saturday February 5<sup>th</sup>. Details to follow as learned. AB sheriffs are setting up road closures around Edmonton legislature at 1000 today. It is expected that there will be heavy traffic on all major roads leading into the City of Edmonton. "K" Division's Central Alberta District is fully engaged and will ensure that sufficient resources are in available along these routes to assist with traffic control. K Div has discussed the possibility of setting up a police checkpoint at a weigh scale along the highway up to Edmonton in order to educate truckers on the consequences of their involvement.

Sirs,

An update on the USA towing options.

No success whatsoever to this point. We have contacted the vast majority of towing options in Shelby and Great Falls, are now working on Helena and Missoula options (2+ hours from the border).

Our attempts to get suggestions from local law enforcement yielded limited results, so we are essentially working Google, trying to prioritize anyone who indicates "heavy towing".

We have successfully contacted 16 companies so far (including being hung up on), had one possible options but all unvaccinated drivers, have left messages with several, and have more on the Google list.

\*\*\*One option we have strategically not yet contacted is **Personal Info** (in Shelby), which apparently has heavy haul ability, but is the same company as **Personal Info**, which was among the "hard no" group. Our concern is that calling them may lead to sharing of info, and broader implications. We will call them when directed to do so. (Credit to Sgt. Alex Da Silva for good thinking on this.)

**We have documented all efforts made, and will continue to make calls as our top priority until told otherwise.**

**Subject:** FW: Issue raised from the border

---

Hello A/Commr. Ferguson and C/Supt. Kunetzki,  
The email trail below made its way to Caitlin and me since we are the OMLR Advisors in "K" Division.

Without knowing all the details, it appears the primary issue is meal breaks. As such, the following articles of the collective agreement are applicable:

**Meal breaks**

21.23 The Employer will provide a full-time (F/T) Member with:  
a. One (1) paid thirty (30) minute meal break as part of a scheduled eight (8) hour work shift; or  
b. One (1) paid forty (40) minute meal break as part of a scheduled ten (10) hour work shift; or  
c. One (1) paid forty-five (45) minute meal break as part of a scheduled twelve (12) hour work shift.  
21.24 Provisions for part-time (P/T) Members can be found in Article 54.

<https://www.tbs-sct.gc.ca/agreements-conventions/view-visualiser-eng.aspx?id=28#cc28896228897>

Referring to the above, the members are entitled to breaks and these should be provided. Additionally, it appears that many are in travel status so they would also be entitled to reimbursement for meals under the NJC Travel Directive: <https://www.njc-cnm.gc.ca/directive/d10/v238/s659/en>

Again, other than the email trail below, no details have been provided to Caitlin or me so if you need information in addition to the above or any advice or guidance related to this issue or dealing with the NPF, please contact me directly.

Thank you,  
Naomi

Subject: Issue raised from the boarder

Good morning, Sirs,

Please find below a cut a paste from and email that I received from a Member this Morning. I am a little bit surprised at the complaint as DECO assured me earlier in the week that breaks were built into the Ops Plan.

*"Just wondering if there are any npf resources at the Coutts border deployment? The whole thing has been run poorly from start. Members have driven 3-4 hrs then immediately started shift, worked 12 HR shift then an HR back to Lethbridge for hotel. Yesterday there were guys ASKING to be relieved as they were entering hour 20 of work and still had hr to drive to hotel after relieved. We are all being dumped at checkpoints for 12 hrs straight with zero breaks and not even opportunity to use washrooms. It's like they told us where to go and just forget about us for 12 hrs."*

Is there somebody that is able to advise me what the plan is currently in relation to the Members concerns?

Kev

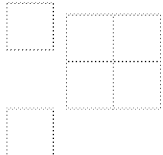

Info: this relates to file #30914

**RE:** OACP Key Messages - Policing Large Gatherings and Large Demonstrations

---

The recent "truckers convoy" demonstrations in Ottawa and other planned demonstrations in Ontario locations are straining police resources and causing concern among members of the public. In order to support and assist impacted police services, our Emergency Preparedness Committee has been facilitating information sharing among its members and supporting police leaders who must ensure public safety and order. We thank the Committee for its dedication and support to our police commanders and personnel on the ground in Ottawa and other locations this weekend.

Following a meeting of a number of Chiefs of Police, the OPP Commissioner, and colleagues from the Province of Quebec yesterday, we have developed the attached Key Messages to support police media relations and corporate communicators who are or may be dealing with

demonstrations. A big thank you to the Ontario Provincial Police communications team and OMRON Chair Cherri Greeno for their guidance and assistance in sharing information.

Please contact me if you have any questions.

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

Hi s.37 [REDACTED]

No activity on #1 by Brooks.

We really appreciate any information and intelligence that you folks are sending over. Can I ask that you send any information and intelligence to our KDEOC email address. It is being monitored live. I unfortunately I am not in a position to review my emails as they come in.

FYI, Peter is off until Sunday. I will be here today and probably Sunday, Trevor is the Gold Commander tomorrow.

Thanks

John

Just a thought; going forward do we need to engage a silver on "all other protests"? This would allow us to do coordinated enforcement as well as consistent responses. We could begin that in SAD but the school and other Actions appear to be occurring throughout the province. We could engage someone like Gord Sage or someone in your shop to coordinate these responses. Corbett is controlling the tactics at Site and Check point 10 a "silver" could coordinate the remainder.

**Subject:** K Div update 2022 02 04 @ 13:50 hrs - Commr. Group.

---

K Div update 2022 02 04 @ 13:50 hrs

Vehicles @ Checkpoint : 19 Commercial, 67 Personal, 8 RV's

Vehicles at Coutts Site : North bound lane - 24 Commercial, 3 personal. South bound lane - 24 Commercial, 2 personal. Saloon in Coutts - 5 Commercial and 20 personal.

Checkpoint is being continually tested by protestors and CCMG engages as required. Fluid situation.

Coutts site currently has trucks blocking all lanes of traffic in both direction. Unknown number of trucks involved in this action which has occurred in last hour. **Unknown if this is permanent or temporary**, as has previously occurred with minor blockages that CCMG has to deal with and clear through negotiation.

Slow rolls occurring at other sites in AB.

Need for ability to clear the highway of vehicles still exists and will be critical for any enforcement action.

**Sent:** 2022-02-04 14:24:43  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** 1430 Update

---

- **Personal** 's management team has confirmed that there is no concert taking place in Milk River. This was just a rumor.
- There is another convoy north of CP10 that is looping like before
- Southbound traffic at site has since been blocked. There's only one vehicle wanting to cross the border at the point in time
- CCMG is planning to engage with local protester at the saloon who seems to have some influence over the group. CCMG hopes to speak with him about opening southbound lane at the border
- Alberta JSG is pursuing an injunction but our legal team has advised that it is unlikely that the injunction would be of any assistance to us, let alone be granted anytime soon
- Article 9 has been sent to E Div
- About 20 tow companies have been contacted in Montana with no luck in securing a tow

**Subject:** K Div Update 2022 02 04 at 17:45 hrs - For Commr. Group.

---

K Div Update 2022 02 04 at 17:45 hrs

Currently both lanes in Coutts and at the checkpoint remain open.

At the main site in Coutts currently 24 semi-trucks are lining both the north and southbound lanes of highway 4, for a total of 48 commercial vehicles. At check point 10, which is set up 18km north of the main site on highway 4 currently has 19 commercial vehicles, 67 passenger vehicles and 8 RV's. The protesters at checkpoint continue to challenge RCMP. CCMG continues to communicate with these protesters. The protesters at both the main site continue to be active and unpredictable. This remains a fluid situation at both sites. The need for equipment to clear the highway of vehicles still exist and will be critical for any enforcement action. CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10. Other protests within AB are being managed at the Detachment level.

**Attachment:** Document1.docx;

---

Folks the attached diagrams show how this can work with multiple silvers. In this example they designate silver "acute" and silver "community". Both reporting to gold which ensures continuity of strategy and communication between elements when activities of one can impact the other.

I have worked with multiple silvers in the past and have seen it work well.

I remain a believer that form should follow function. We have determined the function in our initial response and the form can now follow. I will have Navneet in tomorrow who can assist us in building the chart.

Trev

## Approval from Gold needed

**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** 1815 Update

---

- CO and A/Commr. Ferguson had meeting with Premier to give updates on our current events
- Previous southbound lane blockage at site has cleared up and lanes are now open in both directions
- Minister of AB Agriculture and Forestry advised they are not planning on moving meat inspection services to alternative ports of entry
- CP10 has 200-300 vehicles present. CP10 and site have stabilized
- CCMG continuing to engage with protesters and have identified a leader at the moment
- MARP has been submitted
- Province is submitting CAF request as well
- E Division resources are engaged and will be traveling to Coutts tomorrow to provide relief

Good evening Eric,

Please find attached Form 4149 advising of a request for CAF assistance which needs to be forwarded to the GOC. The letter from the Province is forthcoming but may be sent directly to the Minister of Public Safety (if a copy is received I will forward accordingly).

I spoke to the DG GOC Deryck Trehearne early this week to advise that this request may arise. I have also engaged our CAF LO LCdr Michael Galloway this evening so that he is aware of the request.

If there are any questions or concerns from the GOC, they are welcome to give me a call at [Irrelevant].

Thank-you for your assistance.

Sirs,

Attached is the latest from DCAS, from Vanessa at 4:16 pm today.

I have ensured you both (and others such as Sarah, Ed myself etc) will be on the distribution list for all DCAS products going forward.

Have a good night.

Andrew

## WAD

---

**From:** Redl, Greg (greg.redl@rcmp-grc.gc.ca);  
**Sent:** 2022-02-04 19:30:50  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([Irrelevant]@rcmp-grc.gc.ca); Gilbert, Jesse (Jesse.GILBERT@rcmp-grc.gc.ca)  
**Subject:** WAD

---

Sir,

Like I mentioned on the phone, my main concern is the Peace River event. Assuming it's finite, we should be able to handle it with our own resources. Fire and ambulance will be stationing resources on both sides of the river as well.

The only other event of sorts will be potentially taking place in Fairview. There has been some talk of another "slow roll" drive through/around the town. The local Commander has been trying to contact the organizer to confirm how much of a disruption they are planning (assuming they will share).

S/Sgt. Jesse GILBERT is the on-call DANCO for WAD tomorrow, and will be providing me updates throughout the day, which I will pass on. If DEOC needs to contact S/Sgt. GILBERT, he can be reached on his cell at [Irrelevant].

**Subject:** K Div Update 2022 02 03 at 20:15 hrs - For Comm., group

---

K Div Update 2022 02 03 at 20:15 hrs

Commanding Officer and Criminal Operations Officer of K Div had a meeting with AB Premier and provided update.

Previous southbound lane blockage at Coutts site has cleared up and lanes are now open in both directions.

The Sweetgrass, Montana POE, is the only port in Montana that is set up to inspect cattle crossing the border from Alberta. The Minister of AB Agriculture and Forestry advised that U.S. Meat Inspectors are not planning on moving meat inspection operations to the two alternative POEs opposite of Del Bonita and Carway.

The RCMP checkpoint, 18 km north of the main Coutts site, has 200-300 protest vehicles present, however, the both the Coutts main site and checkpoint are stable for now. CCMG continuing to engage with protesters and have identified a leader.

K Div has submitted a MARP to National HQ, requesting the use of CAF heavy equipment to tow/remove semi-trucks as required in the course of enforcement. The Province of Alberta is in the process of submitting a similar request to the GOC for Military assistance.

BC RCMP, E Div, resources are engaged and will start traveling to Alberta tomorrow to provide relief to K Division STO.

## RE: Potential Protests Saturday

**Subject:** Potential Protests Saturday

Hi Folks

Just further to the conversations that I have had with each of you. Trevor is the Gold commander tomorrow, Sarah the Silver and Andrew the Bronze.

EAD has submitted an Ops Plan to DEOC. Darcy, can you have Brent submit his once it is completed. Sarah, can you share both with Trevor tomorrow.

The only thing that WAD really has and is concerned about is a possible blocking of the bridge in Peace River. Greg will advise who the DANCO is that will be the point of contact.

If anything happens in any of the District, please make sure that DEOC is advised. Regular reporting would be greatly appreciated.

I hope that I have not forgotten anything.

Thanks, have a good night and good luck tomorrow.

John

Hello Sir,

I apologize for the delay on this. I spoke with Vanessa at DCAS.

1. She suggests sharing the Map is no issue whatsoever; good to share.
2. The OSINT is perhaps not ideal, because it has some SITREP info, but is very low risk. Vanessa offered that she can easily produce two versions of the OSINT going forward: one without any SITREP info, for sharing, and the other, for internal RCMP use. Again, even with the SITREP info is low concern.
3. The Tactical Intelligence Update is not good for sharing outside the RCMP, and frankly has less applicability to other LE agencies, because it is literally the current tactical/investigative activities at the Coutts site.

At my request, Vanessa and her team will clearly mark all future DCAS emails as "internal use only", or "shareable". Thanks Vanessa!

Good evening,

Please see attached the Operational Plans put together in anticipation of 'Convoy/Protest' events tomorrow, with many that appear to be heading through Central Alberta District from multiple locations throughout the province.

We have drafted both a Lite and Heavy plan, and will scale the plan as required tomorrow as the days planned events unfold throughout the district.

In preparation for tomorrow CAD has held a Detachment Commander teleconference today to review the Public Order Events report and ensure that operational stances have been put in place where required based on known activity contained within the report, we have liaised with the Traffic management group to ensure they have all the info we have at hand.

Sgt. Brandon Humbke and Sgt. Chris Moseley will be in working in contact roles to ensure that CAD is reporting to DEOC/CAD as much information as available from in and around the detachments surrounding Edmonton.

S/Sgt. Harp Dhaliwal will be attending the EPS EOC as the RCMP Liaison for any issues within the Central Alberta District on Saturday. For resourcing, should it be required, the on call DANCO, S/Sgt. Malcolm Callihoo will be in charge of coordinating further resources. Gold Command will remain with C/Supt. Fleury, Insp. Keith Durance will assume Silver Command.

**Subject:** FW: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,  
Trevor

**Subject:** SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

### ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

### BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2<sup>nd</sup> Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5<sup>th</sup> to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.
- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

### CURRENT STATUS:

- The organizer is a local business owner named **Personal**.
- Additional police resources are being obtained locally.
- The Commander has had a meeting with **Personal** and his assistant **Personal Info**.
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5<sup>th</sup> have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

### STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutts border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

PREPARED BY:

S/Sgt. G.M. Yetman  
Detachment Commander  
Brooks Detachment

RECOMMENDED/APPROVED BY:

S/Sgt. Mark WIELGOSZ  
A.DANCO – Southern Alberta District

No issue you need a break. I understand his only concern was if it was protracted.

Enjoy some time off

Subject: PSIO SITREP – 5 Feb 2022 – Freedom Convoy Solidarity Activity

### PSIO SITREP – 5 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

DATE/TIME: February 5, 2022 @ 1000 hrs

PURPOSE: To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

#### BACKGROUND:

- Regional "Freedom Convoy" solidarity convoys (a.k.a. "Operation Bear Hug"), localized highway slowdowns, temporary barricades, and protest activities are anticipated to occur throughout Alberta on 5 Feb 2022.
- "Freedom Convoy" and Public Health Order (PHO) opposition protest activity is expected to converge on the ALBERTA LEGISLATURE around 1300 hrs.
- Significant traffic hazards and disruptions are anticipated on Alberta's Highways, particularly in and around the CITY OF EDMONTON.
- Attempts to resupply and/or reinforce ongoing COUTTS BORDER CROSSING ACTION may occur.
- Temporary convergence on mainstream media facilities has been included in some route planning.
- Root-level organizing is expected to rapidly adapt relative to develop involving the COUTTS BORDER CROSSING and OTTAWA 'Freedom Convoy' activities.
- There are no overt indicators of organized coordination between regional contingents.
- There are no overt indicators of planned violence identified at this time.
- Counter-protest activity may increase potential for confrontations.

#### CURRENT STATUS:

##### Coutts Border Crossing

- Transport Canada Civil Aviation, at the request of the RCMP, have issued NOTAMs (Notice to Air Missions) restricting Canadian airspace for ongoing police operations within 5 NM (9.26 km) radius centred on 490014N 1115735W (Coutts Border Crossing) and 490828N 1120452W (Milk River). NOTAMs in effect until Wed 29 Feb.
- As of 14:30 Fri 4 Feb. Flow of US-bound traffic restored after 3 commercial vehicles and 4 pickups blocked Hwy 4 SB traffic at Coutts. Traffic is still impeded south of Milk River at Highway 4 and 501 (about 20 km north of Coutts). While the border is open, traffic is escorted and moving through slowly.
- As of 20:00 Fri 4 Feb. RCMP still managing two illegal protests in the Coutts area. Local and border traffic is flowing slowly in the northbound and southbound lanes and motorists are still asked to avoid the area.
- Unconfirmed social media posts continue to call for more protestors to join the Milk River blockade at the intersection of Highway 4 & 501S at 1200 on Sat 5 Feb.
- RCMP have requested and were granted immediate speed limit reductions on Highway 4 at Milk River. Speeds have been changed to 80km/h then 50km/h as drivers approach the blockade near Milk River.
- RCMP have been prioritizing movement of trucks impacted by the blockade that were transporting livestock or perishable goods. It is believed that all trucks carrying livestock are through the convoy. It is unconfirmed whether any of the remaining impacted transports are carrying perishable goods.
- There are conflicting reports of a Personal [REDACTED] concert at 12:00 on Sat 5 Feb at Highway 4 and Highway 501. A 4 Feb social media posting by Perso [REDACTED] indicates no intention to perform in Coutts area.

##### Alberta Legislature / McDougall Centre

- RCMP are monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 09:37 Sat 5 Feb, Sheriffs report LEG grounds are quiet. No campers, No vehicles. Parking signs are up. 107 Street lot closed. Special duty members on grounds at 9:30 and being briefed. Road blocks will up at 1030 or sooner if required. Approximately 30 Sheriffs on campus today. Sergeant at Arms has 9 members inside the Legislature.
- Sheriff operations will close the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.

- Unconfirmed online sources indicate counter-protesters intend to attend north side of Legislature grounds at 10:00 hrs. EPS report interaction with counter-protester on Fri evening, encouraging them to stay away.

#### ***City of Edmonton & Environs***

- 10:30-18:00 Sat 5 Feb. Edmonton Police Service (EPS) anticipate significant delays on Anthony Henday Drive, Yellowhead Trail, Stony Plain Road, Whitemud Drive, Gateway Boulevard, Waltherdale Hill, and Queen Elizabeth Park Road.
- As of 08:23 Sat 5 Feb, Sheriffs report HWY 2 at Leduc closed due to a rolled over semi. Clearance time unknown.
- Sheriffs report approximately 450 protesters in the Ponoka area intended to transit HWY 2A; now going to take HWY 2 based on a counter-protest in Maskwacis.

#### ***City of Calgary & Environs***

- A slow-roll protest will begin at 1200hrs departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.

#### ***Regional Municipalities / Rural***

- On Fri 4 Feb, a 40 km/hr convoy originating in TABER and LETHBRIDGE was intended to transit to WB HWY 3 and NB HWY 2 to OLDS. The 'slow-roll' convoy was intending to depart OLDS at 08:00 hrs on Sat 5 Feb and transit NB HWY2 to EDMONTON. [Unconfirmed]
- As of 0930 Sat 5 Feb, media report a convoy currently transiting NB HWY 2 near Innisfail.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB.
- A Fort McMurray-based group intended to depart Fort McMurray at approximately 07:00 hrs to conduct a "slow-roll" through Plamondon, Lac La Biche, Grassland, Athabasca, Red Water, Slave Lake, and Westlock. [unconfirmed]

#### ***Ottawa "Freedom Convoy 2022"***

- Fri 4 Feb. GoFundMe removed the Freedom Convoy 2022 Fundraiser from the platform, citing violation of their Terms of Service (Term 8, which prohibits the promotion of violence and harassment). An initial \$1M was previously released to be used only for participants who traveled to Ottawa to participate in peaceful protest. No further funds will be directly distributed to the Freedom Convoy organizers. Contributions will now be refunded directly to donors.
- Online commentary believed to be associated with convoy leadership have suggested to movement followers that Ottawa Mayor WATSON has forced small businesses to remain closed in an deliberate attempt to starve out truckers by removing access to food, water, medical care and other services.

#### ***Other Provinces / National***

- *Not assessed at this time.*

#### **MINISTRY UPDATES:**

##### ***Transportation (TRAN):***

- A number of pop-up slow rolling convoys were reported on Fri 4 Feb across the province. Social media indicates intention to continue this activity daily [unconfirmed]
- The department plays only a supporting role in interactions with border crossing or law enforcement decisions. The department, through our regional Highway Maintenance Contractor, would provide signage and suggest/manage traffic strategies to support the intended actions of law enforcement.
- Trying confirm if Carway is extending hours to match CBSA hours.
- CBSA discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. There will also be a reassessment of the extended hours into next week and a decision will be made towards the end of the weekend.

##### ***Municipal Affairs:***

- A request for federal assistance is in process, pursuing provision of equipment and personnel to move approximately 70 semi-tractor trailers and approximately 75 personal and recreational vehicles from the Coutts Border area.
- Effective at 10:00 Sat 5 Feb, the Provincial Operations Centre (POC) will elevate from a Level I to a Level II in response to Canada Freedom Convoy Solidarity Activity. This elevation is in support of the City of Edmonton, who will also be elevating their Emergency Operations Centre (EOC) to a level II. The POC is monitoring various convoy and protest activities.
- At 16:05 4 Feb, the City of Lethbridge stood up their EOC in anticipation of protest activity related the Farmer 4 Freedom social media postings.
- COVID-19 Current State: 32,711 active cases. 1,584 individuals hospitalized. 118 individuals in the ICU. Testing positivity rate is currently 33.6%.

##### ***Jobs, Economy, and Innovation (JEI):***

- Canadian Manufacturers & Exporters estimate the Coutts blockage affecting about \$44 M in Can/US trade per day and vehicle flows of 800 to 1,200 trucks daily. CME anticipating continuing impacts for 1-2 weeks after the blockade ends due to backlogs. CME indicates:
  - Manufacturers use the Coutts border crossing to export their products to the US and beyond and to import critical

business inputs. Delays impact productivity for Alberta companies.

- We were already in a supply chain crisis brought on by floods and pandemic related shortages, this blockade is making a bad situation worse.
- The blockade has impacts on reputation for individual companies looking to build business relationships with US buyers/partners that depend on ability to deliver in a timely and reliable manner. Reputational impacts may be broader for Alberta and Canada as a US trading partner.
- Industrial facilities in Alberta's Industrial Heartland region report no direct impacts to date.
- Lethbridge Economic Development (LED) has indicated Lethbridge manufacturing plants will be forced to throttle back or cancel production as supplies run out and frontline workers will lose paid hours and shifts as a direct result. LED estimates roughly \$3 million a day in economic impact for just Lethbridge due to reliance on road and rail traffic moving through Coutts. Transportation, warehousing and logistics sector in Lethbridge are incurring significant incremental costs as perishable loads are spoiled, drivers are rerouted many kilometers off course and border paperwork rewritten.

#### **Agriculture, Forestry, and Rural Economic Development (AFRED):**

- Broader impacts to the food supply chain attributable to the Coutts blockade are unlikely to be measurable for another 1-2 weeks. The effect on Alberta abattoirs will not be felt for 1-2 weeks.
- Grain and other goods are still moving across the border via rail and through alternate ports, though cost increases and delays may be significant.
- Coutts is the only US border crossing in Alberta providing veterinary services required for international / long haul transport of live animals. Alternate border crossings that offer inspection services for live animals, which is the responsibility of USDA Animal and Plant Health Inspection Service include: Kingsgate, BC/Eastport, Idaho (491 km from Coutts); North Portal SK (864 km from Coutts); Emerson MB (1303 km from Coutts); Possibly Regway, SK but this has not been confirmed (792 km from Coutts)
- As of Fri 4 Feb, Canadian Meat Council (CMC) report about 150 loads of meat have not been shipped due to concern that delays at the Coutts border crossing or the additional transport time coupled with potential delays at alternate border crossings will not allow product to reach store shelves with an adequate remaining shelf life or before it spoils (e.g. meat trimmings have only a 5 day shelf life).
  - Most loads are now moving to Del Bonita which is not an authorized inspection port of entry. Loads crossing at Del Bonita must double back to Sweetgrass, on the US side of the Coutts border crossing, for inspection by FSIS/USDA. Sweetgrass inspection office has added extra staff to deal with the backlog.
  - Alternate border crossings for inspection of meat shipments, which is a responsibility of the USDA Food Safety Inspection Service include: Emerson MB (1303 km from Coutts) and Aldergrove BC (1227 km from Coutts).
- Further details on border services for agricultural commodities have been requested from the US Consulate in Calgary.
- Feedlot operators are reporting very serious grain shortages, which started with the drought and is now compounded by the BC floods and the Coutts blockade. Lack of feed and storage is forcing them to ration the feed on site.
  - **Personal Info.** has reported that it is planning to shut down for at least one day next week due to border issues. Inability to ship beef has resulted in reduced storage capacity in processing plants, meaning animals scheduled for slaughter are being held on feed longer than expected.
  - Other meat facilities may also be considering a slow down.
  - The Alberta Cattle Feeders Association, Alberta Beef Producers and Canadian Cattlemen's Association have publically stated their significant concerns with supply chain challenges, including the need to access to feed from the US.
  - Canfax reported that the feedlot inventories are trending less current, meaning that the supply of market-ready fed cattle is growing. Lower fed cattle prices are anticipated next week if processing plants cannot increase harvest rates.
  - YTD total cattle slaughter in Western Canada is running 2.0 per cent below 2021.

#### **ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Tow truck commitments for commercial vehicles remains a critical resource for resolving non-compliance at Coutts.
- Supporting protest activities from known anti-PHO groups are being organized for the Legislature grounds concurrent with the truck convoys.

#### **FORECAST:**

- Attendance is expected to exceed similar events on 29 January due to cumulative support the COUTTS BLOCKADE and OTTAWA FREEDOM CONVOY have received. It is likely that significant traffic impediments will occur, alongside substantial noise and disruption of the EDMONTON CITY CENTRE.

**PSIO SITREP – 5 Feb 2022 – Freedom Convoy Solidarity Activity**

**PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.**

**DATE/TIME:** February 5, 2022 @ 1000 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:**

- Regional "Freedom Convoy" solidarity convoys (a.k.a. "Operation Bear Hug"), localized highway slowdowns, temporary barricades, and protest activities are anticipated to occur throughout Alberta on 5 Feb 2022.
- "Freedom Convoy" and Public Health Order (PHO) opposition protest activity is expected to converge on the ALBERTA LEGISLATURE around 1300 hrs.
- Significant traffic hazards and disruptions are anticipated on Alberta's Highways, particularly in and around the CITY OF EDMONTON.
- Attempts to resupply and/or reinforce ongoing COUTTS BORDER CROSSING ACTION may occur.
- Temporary convergence on mainstream media facilities has been included in some route planning.
- Root-level organizing is expected to rapidly adapt relative to develop involving the COUTTS BORDER CROSSING and OTTAWA 'Freedom Convoy' activities.
- There are no overt indicators of organized coordination between regional contingents.
- There are no overt indicators of planned violence identified at this time.
- Counter-protest activity may increase potential for confrontations.

## CURRENT STATUS:

### Coutts Border Crossing

- Transport Canada Civil Aviation, at the request of the RCMP, have issued NOTAMs (Notice to Air Missions) restricting Canadian airspace for ongoing police operations within 5 NM (9.26 km) radius centred on 490014N 1115735W (Coutts Border Crossing) and 490828N 1120452W (Milk River). NOTAMs in effect until Wed 29 Feb.
- As of 14:30 Fri 4 Feb. Flow of US-bound traffic restored after 3 commercial vehicles and 4 pickups blocked Hwy 4 SB traffic at Coutts. Traffic is still impeded south of Milk River at Highway 4 and 501 (about 20 km north of Coutts). While the border is open, traffic is escorted and moving through slowly.
- As of 20:00 Fri 4 Feb. RCMP still managing two illegal protests in the Coutts area. Local and border traffic is flowing slowly in the northbound and southbound lanes and motorists are still asked to avoid the area.
- Unconfirmed social media posts continue to call for more protestors to join the Milk River blockade at the intersection of Highway 4 & 501S at 1200 on Sat 5 Feb.
- RCMP have requested and were granted immediate speed limit reductions on Highway 4 at Milk River. Speeds have been changed to 80km/h then 50km/h as drivers approach the blockade near Milk River.
- RCMP have been prioritizing movement of trucks impacted by the blockade that were transporting livestock or perishable goods. It is believed that all trucks carrying livestock are through the convoy. It is unconfirmed whether any of the remaining impacted transports are carrying perishable goods.
- There are conflicting reports of a **Personal** concert at 12:00 on Sat 5 Feb at Highway 4 and Highway 501. A 4 Feb social media posting by **Pers** indicates no intention to perform in Coutts area.

### Alberta Legislature / McDougall Centre

- RCMP are monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 09:37 Sat 5 Feb, Sheriffs report LEG grounds are quiet. No campers, No vehicles. Parking signs are up. 107 Street lot closed. Special duty members on grounds at 9:30 and being briefed. Road blocks will up at 1030 or sooner if required. Approximately 30 Sheriffs on campus today. Sergeant at Arms has 9 members inside the Legislature.
- Sheriff operations will close the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- Unconfirmed online sources indicate counter-protesters intend to attend north side of Legislature grounds at 10:00 hrs. EPS report interaction with counter-protester on Fri evening, encouraging them to stay away.

### City of Edmonton & Environs

- 10:30-18:00 Sat 5 Feb. Edmonton Police Service (EPS) anticipate significant delays on Anthony Henday Drive, Yellowhead Trail, Stony Plain Road, Whitemud Drive, Gateway Boulevard, Walterdale Hill, and Queen Elizabeth Park Road.
- As of 08:23 Sat 5 Feb, Sheriffs report HWY 2 at Leduc closed due to a rolled over semi. Clearance time unknown.
- Sheriffs report approximately 450 protesters in the Ponoka area intended to transit HWY 2A; now going to take HWY 2 based on a counter-protest in Maskwacis.

### City of Calgary & Environs

- A slow-roll protest will begin at 1200hrs departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.

### Regional Municipalities / Rural

- On Fri 4 Feb, a 40 km/hr convoy originating in TABER and LETHBRIDGE was intended to transit to WB HWY 3 and NB HWY 2 to OLDS. The 'slow-roll' convoy was intending to depart OLDS at 08:00 hrs on Sat 5 Feb and transit NB HWY2 to EDMONTON. [Unconfirmed]
- As of 0930 Sat 5 Feb, media report a convoy currently transiting NB HWY 2 near Innisfail.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB.
- A Fort McMurray-based group intended to depart Fort McMurray at approximately 07:00 hrs to conduct a "slow-roll" through Plamondon, Lac La Biche, Grassiand, Athabasca, Red Water, Slave Lake, and Westlock. [unconfirmed]

### Ottawa "Freedom Convoy 2022"

- Fri 4 Feb. GoFundMe removed the Freedom Convoy 2022 Fundraiser from the platform, citing violation of their Terms of Service (Term 8, which prohibits the promotion of violence and harassment). An initial \$1M was previously released to be used only for participants who traveled to Ottawa to participate in peaceful protest. No further funds will be directly distributed to the Freedom Convoy organizers. Contributions will now be refunded directly to donors.
- Online commentary believed to be associated with convoy leadership have suggested to movement followers that Ottawa Mayor WATSON has forced small businesses to remain closed in an deliberate attempt to starve out truckers by removing access to food, water, medical care and other services.

### Other Provinces / National

- Not assessed at this time.

## MINISTRY UPDATES:

### Transportation (TRAN):

- A number of pop-up slow rolling convoys were reported on Fri 4 Feb across the province. Social media indicates intention to continue this activity daily [unconfirmed]
- The department plays only a supporting role in interactions with border crossing or law enforcement decisions. The department, through our regional Highway Maintenance Contractor, would provide signage and suggest/manage traffic strategies to support the intended actions of

law enforcement.

- Trying confirm if Carway is extending hours to match CBSA hours.
- CBSA discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. There will also be a reassessment of the extended hours into next week and a decision will be made towards the end of the weekend.

#### **Municipal Affairs:**

- A request for federal assistance is in process, pursuing provision of equipment and personnel to move approximately 70 semi-tractor trailers and approximately 75 personal and recreational vehicles from the Coutts Border area.
- Effective at 10:00 Sat 5 Feb, the Provincial Operations Centre (POC) will elevate from a Level I to a Level II in response to Canada Freedom Convoy Solidarity Activity. This elevation is in support of the City of Edmonton, who will also be elevating their Emergency Operations Centre (EOC) to a level II. The POC is monitoring various convoy and protest activities.
- At 16:05 4 Feb, the City of Lethbridge stood up their EOC in anticipation of protest activity related the Farmer 4 Freedom social media postings.
- COVID-19 Current State: 32,711 active cases. 1,584 individuals hospitalized. 118 individuals in the ICU. Testing positivity rate is currently 33.6%.

#### **Jobs, Economy, and Innovation (JEI):**

- Canadian Manufacturers & Exporters estimate the Coutts blockade affecting about \$44 M in Can/US trade per day and vehicle flows of 800 to 1,200 trucks daily. CME anticipating continuing impacts for 1-2 weeks after the blockade ends due to backlogs. CME indicates:
  - Manufacturers use the Coutts border crossing to export their products to the US and beyond and to import critical business inputs. Delays impact productivity for Alberta companies.
  - We were already in a supply chain crisis brought on by floods and pandemic related shortages, this blockade is making a bad situation worse.
  - The blockade has impacts on reputation for individual companies looking to build business relationships with US buyers/partners that depend on ability to deliver in a timely and reliable manner. Reputational impacts may be broader for Alberta and Canada as a US trading partner.
- Industrial facilities in Alberta's Industrial Heartland region report no direct impacts to date.
- Lethbridge Economic Development (LED) has indicated Lethbridge manufacturing plants will be forced to throttle back or cancel production as supplies run out and frontline workers will lose paid hours and shifts as a direct result. LED estimates roughly \$3 million a day in economic impact for just Lethbridge due to reliance on road and rail traffic moving through Coutts. Transportation, warehousing and logistics sector in Lethbridge are incurring significant incremental costs as perishable loads are spoiled, drivers are rerouted many kilometers off course and border paperwork rewritten.

#### **Agriculture, Forestry, and Rural Economic Development (AFRED):**

- Broader impacts to the food supply chain attributable to the Coutts blockade are unlikely to be measurable for another 1-2 weeks. The effect on Alberta abattoirs will not be felt for 1-2 weeks.
- Grain and other goods are still moving across the border via rail and through alternate ports, though cost increases and delays may be significant.
- Coutts is the only US border crossing in Alberta providing veterinary services required for international / long haul transport of live animals. Alternate border crossings that offer inspection services for live animals, which is the responsibility of USDA Animal and Plant Health Inspection Service include: Kingsgate, BC/Eastport, Idaho (491 km from Coutts); North Portal SK (864 km from Coutts); Emerson MB (1303 km from Coutts); Possibly Regway, SK but this has not been confirmed (792 km from Coutts)
- As of Fri 4 Feb, Canadian Meat Council (CMC) report about 150 loads of meat have not been shipped due to concern that delays at the Coutts border crossing or the additional transport time coupled with potential delays at alternate border crossings will not allow product to reach store shelves with an adequate remaining shelf life or before it spoils (e.g. meat trimmings have only a 5 day shelf life).
  - Most loads are now moving to Del Bonita which is not an authorized inspection port of entry. Loads crossing at Del Bonita must double back to Sweetgrass, on the US side of the Coutts border crossing, for inspection by FSIS/USDA. Sweetgrass inspection office has added extra staff to deal with the backlog.
  - Alternate border crossings for inspection of meat shipments, which is a responsibility of the USDA Food Safety Inspection Service include: Emerson MB (1303 km from Coutts) and Aldergrove BC (1227 km from Coutts).
- Further details on border services for agricultural commodities have been requested from the US Consulate in Calgary.
- Feedlot operators are reporting very serious grain shortages, which started with the drought and is now compounded by the BC floods and the Coutts blockade. Lack of feed and storage is forcing them to ration the feed on site.
  - **Personal Info.** has reported that it is planning to shut down for at least one day next week due to border issues. Inability to ship beef has resulted in reduced storage capacity in processing plants, meaning animals scheduled for slaughter are being held on feed longer than expected.
  - Other meat facilities may also be considering a slow down.
  - The Alberta Cattle Feeders Association, Alberta Beef Producers and Canadian Cattlemen's Association have publically stated their significant concerns with supply chain challenges, including the need to access to feed from the US.
  - Canfax reported that the feedlot inventories are trending less current, meaning that the supply of market-ready fed cattle is growing. Lower fed cattle prices are anticipated next week if processing plants cannot increase harvest rates.
  - YTD total cattle slaughter in Western Canada is running 2.0 per cent below 2021.

#### **ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Tow truck commitments for commercial vehicles remains a critical resource for resolving non-compliance at Coutts.
- Supporting protest activities from known anti-PHO groups are being organized for the Legislature grounds concurrent with the truck convoys.

#### **FORECAST:**

Loads crossing at Del Bonita must double back to Sweetgrass, on the US side of the Coutts border crossing, for inspection by FSIS/USDA. Sweetgrass inspection office has added extra staff to deal with the backlog.
  - Alternate border crossings for inspection of meat shipments, which is a responsibility of the USDA Food Safety Inspection Service include: Emerson MB (1303 km from Coutts) and Aldergrove BC (1227 km from Coutts).
- Further details on border services for agricultural commodities have been requested from the US Consulate in Calgary.
- Feedlot operators are reporting very serious grain shortages, which started with the drought and is now compounded by the BC floods and the Coutts blockade. Lack of feed and storage is forcing them to ration the feed on site.
  - **Personal Info.** has reported that it is planning to shut down for at least one day next week due to border issues. Inability to ship beef has resulted in reduced storage capacity in processing plants, meaning animals scheduled for slaughter are being held on feed longer than expected.
  - Other meat facilities may also be considering a slow down.
  - The Alberta Cattle Feeders Association, Alberta Beef Producers and Canadian Cattlemen's Association have publically stated their significant concerns with supply chain challenges, including the need to access to feed from the US.
  - Canfax reported that the feedlot inventories are trending less current, meaning that the supply of market-ready fed cattle is growing. Lower fed cattle prices are anticipated next week if processing plants cannot increase harvest rates.
  - YTD total cattle slaughter in Western Canada is running 2.0 per cent below 2021.

#### **ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Tow truck commitments for commercial vehicles remains a critical resource for resolving non-compliance at Coutts.
- Supporting protest activities from known anti-PHO groups are being organized for the Legislature grounds concurrent with the truck convoys.

#### **FORECAST:**

- Attendance is expected to exceed similar events on 29 January due to cumulative support the COUTTS BLOCKADE and OTTAWA FREEDOM CONVOY have received. It is likely that significant traffic impediments will occur, alongside substantial noise and disruption of the EDMONTON CITY CENTRE.

## redeployment

**From:** Kevin R Halwa (khalwa@npf-fpn.com);  
**Sent:** 2022-02-05 12:12:12  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Stanviloff, James (james.stanviloff@rcmp-grc.gc.ca); Kevin R Halwa (khalwa@npf-fpn.com); Jeff McGowan (jmcgowan@npf-fpn.com); Rob Farrer (rfarrer@npf-fpn.com); Dennis Miller (dmiller@npf-fpn.com); **Personal Info.**  
**Subject:** redeployment  
**Attachment:** KDEOC JOINING INSTRUCTIONS -Feb 7-12th.docx;

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

**21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.**

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is an extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kev

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

### UPDATE #1

**DATE/TIME:** February 5, 2022 @ 1200 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:** No Change

### CURRENT STATUS:

#### Coutts Border Crossing

- Correction – NOTAMs in effect until **Wed 9 Feb 2022**.
- Police Check Point 10 (18 km North of Coutts on Hwy 4) very active overnight with protesters putting pressure on containment positions. CP10 has turned into an illegal protest area. As of 10:00 hrs, vehicle counts at CP10 were 200 passenger vehicles, 40 RVs, and 50 commercial vehicles. There is anticipation that due to traffic volumes already, the traffic flow at CP10 will likely become grid locked.
- NB and SB HWY 4 is operating presently with one lane in each direction and vehicles are getting through the border. CBSA is engaged and should Coutts crossing be closed there is a contingency plan to open Del Bonita (which is closed on weekends). Del Bonita is not a good crossing for commercial vehicles.
- Commercial vehicles are presently able to turn around at the South access to Milk River. Commercial Vehicle Investigators from Sheriffs Highway Patrol (SHP) are assisting with RCMP as to what is commercial and what is not.
- Some 'Freedom Riders' (horses) arrived near CP10 at approx 11:00. Currently appears to be a few dozen individuals. A few riders now in area. Appear to intend to ride south on horseback.
- Paul Brandt is not performing in the Coutts area. [confirmed]

#### Alberta Legislature / McDougall Centre

- RCMP continue to monitor all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 11:00 Sat 5 Feb, Sheriffs report protesters starting to arrive at LEG grounds. Approximately 100 protestors scattered around campus right with about 50 on the Violet King Henry Plaza.

- A convoy has arrived in downtown core. Travelling counter clockwise around LEG grounds, honking horns.
- Sheriff operations have closed the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- EPS observing group chatter that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.

#### ***City of Edmonton & Environs***

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
  - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.
  - 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
  - EPS traffic section is deployed and they have traffic control point (TCP's) established at 99, 100 AVE.
  - EPS Chopper (AIR1) is down until at least 14:00 due to weather.
  - Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
  - EPS report that the mayor and family have been moved as the protesters are aware of his residence.
  - Edmonton is expecting 8 separate convoys into Edmonton today.
  - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
  - ETS closed the government transit center at 0850 today.
  - Edmonton has barricades prepositioned in case of need.

#### ***City of Calgary & Environs***

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

#### ***Regional Municipalities / Rural***

- As of 11:45, Northboud convoy has reached Ponoka. **S.37** communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

#### ***Ottawa "Freedom Convoy 2022"***

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

#### ***Other Provinces / National***

- Not assessed at this time.

### **MINISTRY UPDATES:**

#### ***Justice & Solicitor General (JSG):***

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

#### ***Transportation (TRAN):***

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.
- Del Bonita border crossing. CBSA continue discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. The department is the lead on interacting with the CBSA.

#### ***Municipal Affairs:***

- A request for federal logistic assistance has been submitted. Awaiting response for GoC.

#### ***Jobs, Economy, and Innovation (JEI):***

- No Change

#### ***Agriculture, Forestry, and Rural Economic Development (AFRED):***

- Attempting to confirm veterinary services required for international / long haul transport of live animals at Regway, SK (792 km from Coutts)

### **ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Opposition elements appear to be imposing friction on some movement and convoy communications. This may increase potential for conflict.
- Participation estimates unfeasible at this time.

### **FORECAST:**

- Protest numbers at the Legislature are likely to peak later than anticipated. Disruption likely to extend beyond 1800 hrs.

---

Good morning Sir,

Just a quick update on convoy's coming into Edmonton:

Leduc coming in: 511 currently they have just left Leduc en-route to Edmonton.  
Acheson coming: 1200 currently staged in Acheson at the Petro Canada.  
Vegreville: +100 left at 1045hrs to Edmonton.  
Barrhead: 125 left at 1010 to Edmonton.

Sarah

**Cc:** Knelsen, Sarah <sarah.knelsen@rcmp-grc.gc.ca>  
**Subject:** Saturday morning update

Good morning Sir,

Please find below a quick update from today's meeting:

Saturday (morning)

- The main site remains peaceful with traffic flowing freely from to and from the border crossing.
- CP ten, 18km north of Coutts on highway 4, remains active. There are approximately 200 civilian vehicles, 40 tractor/trailers and 50 commercial vehicles at that CP.
- Intel reports that 500 Freedom rider (horseback riders) will be forming up in Milk River and riding to near CP 10. They then plan to load up the horses and drive to Coutts at noon.
- CBSA has advised they are prepared to open the Del Bonita border crossing, if required, to ensure traffic continues to flow through the border crossing.
- MP and MLA possibly attending Coutts today.
- Serval other protests/convoys are occurring within the province today. These are being monitored by DEOC.
- An MARP request has been completed and forwarded for equipment for removal of vehicles.
- 40 TACT Troop members from "E" Division will be arriving today to assist.
- 

Kind regards,

Sarah

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

**21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.**

Also from the CA:

**"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;**

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact that we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is an extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work schedule.

Please advise how you would like to proceed.

Thanks in advance,

Key

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

**UPDATE #1**

**DATE/TIME:** February 5, 2022 @ 1200 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:** No Change

**CURRENT STATUS:**

**Coutts Border Crossing**

- Correction – NOTAMs in effect until **Wed 9 Feb 2022**.
- Police Check Point 10 (18 km North of Coutts on Hwy 4) very active overnight with protesters putting pressure on containment positions. CP10 has turned into an illegal protest area. As of 10:00 hrs, vehicle counts at CP10 were 200 passenger vehicles, 40 RVs, and 50 commercial vehicles. There is anticipation that due to traffic volumes already, the traffic flow at CP10 will likely become grid locked.

- NB and SB HWY 4 is operating presently with one lane in each direction and vehicles are getting through the border. CBSA is engaged and should Coutts crossing be closed there is a contingency plan to open Del Bonita (which is closed on weekends). Del Bonita is not a good crossing for commercial vehicles.
- Commercial vehicles are presently able to turn around at the South access to Milk River. Commercial Vehicle Investigators from Sheriffs Highway Patrol (SHP) are assisting with RCMP as to what is commercial and what is not.
- Some 'Freedom Riders' (horses) arrived near CP10 at approx 11:00. Currently appears to be a few dozen individuals. A few riders now in area. Appear to intend to ride south on horseback.
- **Personal** is not performing in the Coutts area. [confirmed]

#### **Alberta Legislature / McDougall Centre**

- RCMP continue to monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 11:00 Sat 5 Feb, Sheriffs report protesters starting to arrive at LEG grounds. Approximately 100 protestors scattered around campus right with about 50 on the Violet King Henry Plaza.
- A convoy has arrived in downtown core. Travelling counter clockwise around LEG grounds, honking horns.
- Sheriff operations have closed the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- EPS observing group chatter that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.

#### **City of Edmonton & Environs**

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
  - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.
  - 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
  - EPS traffic section is deployed and they have traffic control point (TCP's) established at 99, 100 AVE.
  - EPS Chopper (AIR1) is down until at least 14:00 due to weather.
  - Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
  - EPS report that the mayor and family have been moved as the protestors are aware of his residence.
  - Edmonton is expecting 8 separate convoys into Edmonton today.
  - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
  - ETS closed the government transit center at 0850 today.
  - Edmonton has barricades prepositioned in case of need.

#### **City of Calgary & Environs**

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

#### **Regional Municipalities / Rural**

- As of 11:45, Northboud convoy has reached Ponoka. Zello communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

#### **Ottawa "Freedom Convoy 2022"**

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

#### **Other Provinces / National**

- Not assessed at this time.

#### **MINISTRY UPDATES:**

##### **Justice & Solicitor General (JSG):**

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

##### **Transportation (TRAN):**

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.
- Del Bonita border crossing. CBSA continue discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. The department is the lead on interacting with the CBSA.

##### **Municipal Affairs:**

- A request for federal logistic assistance has been submitted. Awaiting response for GoC.

***Jobs, Economy, and Innovation (JEI):***

- No Change

***Agriculture, Forestry, and Rural Economic Development (AFRED):***

- Attempting to confirm veterinary services required for international / long haul transport of live animals at Regway, SK (792 km from Coutts)

**ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Opposition elements appear to be imposing friction on some movement and convoy communications. This may increase potential for conflict.
- Participation estimates unfeasible at this time.

**FORECAST:**

- Protest numbers at the Legislature are likely to peak later than anticipated. Disruption likely to extend beyond 1800 hrs.

**Subject:** PSIO SITREP UPDATE #1 – 5 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

**UPDATE #1**

**DATE/TIME:** February 5, 2022 @ 1200 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:** No Change

**CURRENT STATUS:**

**Coutts Border Crossing**

- Correction – NOTAMS in effect until **Wed 9 Feb 2022**.
- Police Check Point 10 (18 km North of Coutts on Hwy 4) very active overnight with protesters putting pressure on containment positions. CP10 has turned into an illegal protest area. As of 10:00 hrs, vehicle counts at CP10 were 200 passenger vehicles, 40 RVs, and 50 commercial vehicles. There is anticipation that due to traffic volumes already, the traffic flow at CP10 will likely become grid locked.
- NB and SB HWY 4 is operating presently with one lane in each direction and vehicles are getting through the border. CBSA is engaged and should Coutts crossing be closed there is a contingency plan to open Del Bonita (which is closed on weekends). Del Bonita is not a good

crossing for commercial vehicles.

- Commercial vehicles are presently able to turn around at the South access to Milk River. Commercial Vehicle Investigators from Sheriffs Highway Patrol (SHP) are assisting with RCMP as to what is commercial and what is not.
- Some 'Freedom Riders' (horses) arrived near CP10 at approx 11:00. Currently appears to be a few dozen individuals. A few riders now in area. Appear to intend to ride south on horseback.
- **Personal** is not performing in the Coutts area. [confirmed]

#### **Alberta Legislature / McDougall Centre**

- RCMP continue to monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 11:00 Sat 5 Feb, Sheriffs report protesters starting to arrive at LEG grounds. Approximately 100 protestors scattered around campus right with about 50 on the Violet King Henry Plaza.
- A convoy has arrived in downtown core. Travelling counter clockwise around LEG grounds, honking horns.
- Sheriff operations have closed the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- EPS observing group chatter that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.

#### **City of Edmonton & Environs**

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
  - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.
  - 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
  - EPS traffic section is deployed and they have traffic control point (TCP's) established at 99, 100 AVE.
  - EPS Chopper (AIR1) is down until at least 14:00 due to weather.
  - Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
  - EPS report that the mayor and family have been moved as the protestors are aware of his residence.
  - Edmonton is expecting 8 separate convoys into Edmonton today.
  - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
  - ETS closed the government transit center at 0850 today.
  - Edmonton has barricades prepositioned in case of need.

#### **City of Calgary & Environs**

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

#### **Regional Municipalities / Rural**

- As of 11:45, Northboud convoy has reached Ponoka. Zello communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

#### **Ottawa "Freedom Convoy 2022"**

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

#### **Other Provinces / National**

- Not assessed at this time.

#### **MINISTRY UPDATES:**

##### **Justice & Solicitor General (JSG):**

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

##### **Transportation (TRAN):**

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.
- Del Bonita border crossing. CBSA continue discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. The department is the lead on interacting with the CBSA.

##### **Municipal Affairs:**

- A request for federal logistic assistance has been submitted. Awaiting response for GoC.

##### **Jobs, Economy, and Innovation (JEI):**

- No Change

***Agriculture, Forestry, and Rural Economic Development (AFRED):***

- Attempting to confirm veterinary services required for international / long haul transport of live animals at Regway, SK (792 km from Coutts)

**ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Opposition elements appear to be imposing friction on some movement and convoy communications. This may increase potential for conflict.
- Participation estimates unfeasible at this time.

**FORECAST:**

- Protest numbers at the Legislature are likely to peak later than anticipated. Disruption likely to extend beyond 1800 hrs.

**Subject:** FW: Tow companies re: Coutts border: take off our "list", extra compensation, etc

---

Response from K Div on point that came up with TC earlier today. Very difficult situation to resolve for K Div.

Possible solution may lay in invoking the Prov Emergency Management Act, Sec 19, which essentially lets Govt access equipment and conscript persons to do a specific task (Tow a Truck). Fines of jail for 1 year and \$10,000 fine if you disobey this Act. Also, similar fines and jail sentence if anyone hinders a person who has been conscripted to do something.

This of course is a bigger discussion as it likely will face Charter Challenges and need Govt of AB cooperation. However, a tool, if push comes to shove.

Sorab

**Subject:** Tow companies re: Coutts border: take off our "list", extra compensation, etc

Sirs,

I apologize for the delay on this.

I have confirmed the answer I gave to C/Supt. Rupa this morning: our people phoning the tow companies did not try to convince companies to comply, by stating they might be "taken off our list". Good reasons why, below:

**Take off our list:**

My people feel strongly this would have had zero good effect, only negatives. Those unwilling to help due to "alignment" with the truckers would be unmoved and likely exploit the "threats" by the RCMP, and those who were too scared to help us would simply have more stress piled onto them.

\*\*\*Illustrative is one case, [REDACTED] in the Coutts area (who is regularly used/MOU with the detachment); [REDACTED] refused to help. Unclear if due to agreement with the blockade, or fear. Apparently word got around that [REDACTED] had refused to help the RCMP, and they suddenly received a "donation" to cover the lost business, and online support, stating they made the right choice...

**Threats:**

My people making the calls also did not hear any "threats" in the clear criminal sense, but it was generalized fear...loss of business, being doxxed or harassed online, even vandalism. There have been many generalized threats online to the effect "If we see any tow trucks, make a list so we can wreck their business (or to that overall effect)..."

**Extra money, i.e. pay them more:**

Per my answer to Nina earlier, same effect as "take off our list"; we feel it would have zero effect.

Subject to questions, that's what I can offer. We have shared this info with the GIS South investigator looking at the tow situation overall.

**Subject:** RE: redeployment  
**Attachment:** KDEOC JOINING INSTRUCTIONS -Feb 7-12th.docx;

---

Hello,

Kevin is partially correct in that redeployment is covered in the collective agreement however the NCM is not irrelevant. The two need to be read in conjunction with one another and where there is a discrepancy, the collective agreement takes precedence. This is in keeping with article 6.01 which states:

**6.01** *The collective agreement prevails to the extent of any inconsistency with policies, supplements, or other rules created or currently in effect in the RCMP.*

Referring again to article 21.20, it states:

**21.20** *Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.*

The definition of extreme circumstance is:

**"extreme circumstance"** (*circonstance extreme*)

*means unforeseen or unplanned situations such as natural disasters, fires, or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornadoes, earthquakes, floods, etc., terrorist attacks, police standoffs, hostage-taking situations, epidemics/pandemics;*

The situations listed in the definition are not exhaustive and therefore can include a protest. Mike and I have spoken and we both agree that the current situation meets the definition of extreme circumstance. While the protest may have started a week ago, no one expected or necessarily could've foreseen that it would continue and grow as it has.

It's also worth noting the definition of declared emergency:

**"declared emergency"** (*urgence déclarée*)

*means an urgent and critical situation of a temporary nature, that is not a special event, and requires additional police resources to maintain law and order, keep the peace, or ensure the safety of persons, property, and/or communities;*

The protests are most certainly a critical, temporary situation that requires additional police resources. Nowhere does the collective agreement say who has the authority to declare a situation an emergency (i.e. it doesn't say the Government of Canada or Government of Alberta need to "officially" declare the situation an emergency). I would refer to article 6.02 which states:

**6.02** *Except to the extent provided herein, this agreement in no way restricts the authority of the Employer or those charged with managerial responsibilities in the RCMP, including the right or authority of the Commissioner of the RCMP to ensure effective police operations.*

As such, I would argue management has the authority to declare this situation an emergency or an extreme circumstance (or both) and is acting in a manner to ensure effective police operations.

Finally, the standard in labour relations is "obey now, grieve later". So members must follow management's direction. If the member or bargaining agent (Kevin) disagree with management's interpretation and application of the collective agreement, they can file a grievance. In a grievance, the grievor bears the burden of proof meaning they must prove that management's interpretation and application of the collective agreement was incorrect (i.e. management doesn't have to prove that they are correct).

Again, Mike and I agree that the current situation meets the definition of extreme circumstance. You can proceed as planned.

Please be advised that future communications, such as joining instructions, should reference the applicable articles in the collective agreement. I am happy to provide advice and guidance when needed.

Link to collective agreement: <https://www.tbs-sct.gc.ca/agreements-conventions/view-visualiser-eng.aspx?id=26>

Feel free to give me a call if you'd like to discuss further.

Thank you,  
Naomi

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

**21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.**

Also from the CA:

**"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;**

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact that we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is an extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kev

**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** RE: Saturday morning update

---

Good afternoon Sir,

Please find below the latest update as of 1400hrs.

- Currently at the main site in Coutts both lanes of traffic on highway 4 are open and traffic is moving through.
- At the main site in Coutts currently 28 semi-trucks are lining the northbound side of the highway 4 and 24 are lining the southbound lanes, for a total of 52 commercial vehicles.
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters have doubled since this morning, totaling approximately 200 people. At last count there were 50 commercial vehicles, 40 tractor trailers and an unknown amount of passenger vehicles. The protesters at checkpoint 10 continue to challenge RCMP.
- At checkpoint 5, just east of the main site, approximately 50 people have staged a protest.
- The protesters at both the main site continue to be active and unpredictable.
- This remains a fluid situation at all sites.
- The need for equipment to clear the highway of vehicles still exist and will be critical for any enforcement action.
- Traffic is flowing, slowly, through the border crossing in both the north and south lanes.
- CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10.
- There have been several protests/convoys today throughout the province of Alberta.
- 1100-1200 semi-trucks and passenger vehicles gathered at the Petro-Canada in Acheson, Ab and departed for Edmonton at approximately 1245 hrs.
- Approximately 1000 vehicles came from the south, Calgary, Ponoka and Olds area. They arrived in Edmonton at approximately 1400hrs.
- Approximately 1000 semi-trucks and passenger vehicles gathered at the Flying J in Nisku and departed for Edmonton at approximately 1300hrs.
- All convoys have now entered the City of Edmonton.

Kind regards,

Sarah

**Cc:** Knelsen, Sarah <sarah.knelsen@rcmp-grc.gc.ca>  
**Subject:** Saturday morning update

Good morning Sir,

Please find below a quick update from today's meeting:

Saturday (morning)

- The main site remains peaceful with traffic flowing freely from to and from the border crossing.
- CP ten, 18km north of Coutts on highway 4, remains active. There are approximately 200 civilian vehicles, 40 tractor/trailers and 50 commercial vehicles at that CP.
- Intel reports that 500 Freedom rider (horseback riders) will be forming up in Milk River and riding to near CP 10. They then plan to load up the horses and drive to Coutts at noon.
- CBSA has advised they are prepared to open the Del Bonita border crossing, if required, to ensure traffic continues to flow through the border crossing.
- MP and MLA possibly attending Coutts today.

- Several other protests/convoys are occurring within the province today. These are being monitored by DEOC.
- An MARP request has been completed and forwarded for equipment for removal of vehicles.
- 40 TACT Troop members from "E" Division will be arriving today to assist.

Kind regards,

Sarah

**Subject:** RE: redeployment

---

Hello all,

Thanks for this. Very timely; Sarah and I were just discussing this.

Sir, simply for your info: at this time, we are mostly scheduling people several days ahead. For example, today (Saturday), we are filling shifts for Thursday. So a member might be "advised" today that they will be going to Coutts, and be working nightshift or dayshift on Thursday, i.e. more than 72 hrs notice.

Earlier in this incident (and occasionally now), members were certainly working at the blockade with less than 72 hrs notice, i.e. they might be identified one afternoon, to start a dayshift the very next morning. So the 72 hrs point might have only coincided with their second or even third shift at the site.

**Subject:** RE: redeployment

Hello,

Kevin is partially correct in that redeployment is covered in the collective agreement however the NCM is not irrelevant. The two need to be read in conjunction with one another and where there is a discrepancy, the collective agreement takes precedence. This is in keeping with article 6.01 which states:

**6.01** *The collective agreement prevails to the extent of any inconsistency with policies, supplements, or other rules created or currently in effect in the RCMP.*

Referring again to article 21.20, it states:

**21.20** *Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.*

The definition of extreme circumstance is:

**"extreme circumstance"** (circonstance extreme)

*means unforeseen or unplanned situations such as natural disasters, fires, or when adherence to the maximum hours of work could be detrimental to*

operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornadoes, earthquakes, floods, etc., terrorist attacks, police standoffs, hostage-taking situations, epidemics/pandemics;

The situations listed in the definition are not exhaustive and therefore can include a protest. Mike and I have spoken and we both agree that the current situation meets the definition of extreme circumstance. While the protest may have started a week ago, no one expected or necessarily could've foreseen that it would continue and grow as it has.

It's also worth noting the definition of declared emergency:

**"declared emergency" (urgence déclarée)**

means an urgent and critical situation of a temporary nature, that is not a special event, and requires additional police resources to maintain law and order, keep the peace, or ensure the safety of persons, property, and/or communities;

The protests are most certainly a critical, temporary situation that requires additional police resources. Nowhere does the collective agreement say who has the authority to declare a situation an emergency (i.e. it doesn't say the Government of Canada or Government of Alberta need to "officially" declare the situation an emergency). I would refer to article 6.02 which states:

**6.02 Except to the extent provided herein, this agreement in no way restricts the authority of the Employer or those charged with managerial responsibilities in the RCMP, including the right or authority of the Commissioner of the RCMP to ensure effective police operations.**

As such, I would argue management has the authority to declare this situation an emergency or an extreme circumstance (or both) and is acting in a manner to ensure effective police operations.

Finally, the standard in labour relations is "obey now, grieve later". So members must follow management's direction. If the member or bargaining agent (Kevin) disagree with management's interpretation and application of the collective agreement, they can file a grievance. In a grievance, the grievor bears the burden of proof meaning they must prove that management's interpretation and application of the collective agreement was incorrect (i.e. management doesn't have to prove that they are correct).

Again, Mike and I agree that the current situation meets the definition of extreme circumstance. You can proceed as planned.

Please be advised that future communications, such as joining instructions, should reference the applicable articles in the collective agreement. I am happy to provide advice and guidance when needed.

Link to collective agreement: <https://www.tbs-sct.gc.ca/agreements-conventions/view-vualiser-eng.aspx?id=28>

Feel free to give me a call if you'd like to discuss further.

Thank you,  
Naomi

**Subject:** redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

**21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in**

effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kev

### ISSUE:

- To advise District and Division of a motor vehicle collision on Highway 1 which involved vehicles participating in the convoy protest.
- Brooks Detachment file 2022152180 refers.

### BACKGROUND:

- On 2022-02-05 at approximately 13:45 hrs, Brooks Detachment responded to a motor vehicle collision on Highway #1 just west of Brooks, involving a two pickup trucks and farm tractor.
- All vehicles were traveling westbound.
- The farm tractor and one of the pick up trucks were part of the convoy protest.
- One pickup truck was following the farm tractor when another pickup truck struck the rearend of the first pickup, pushing it into the farm tractor.
- The first pickup truck struck the farm tractor in the rear left tire, causing the tire to shear off.
- The second pickup truck ended up in the median ditch and the driver had to be extricated from the vehicle and suffered non life threatening injuries and possible concussion; he was transported by EMS to hospital.
- A passenger in the first pickup truck also suffered non life threatening injuries and was transported by EMS to hospital; the driver of this pickup truck did not sustain any injuries.
- The driver of the farm tractor had minor injuries to his hand.

### CURRENT STATUS:

- The scene was attended by RCMP, Fire and EMS and has now been cleared.
- Initial investigation indicates that the driver of the second pickup truck may have been on his cellphone at the time of the collision.
- The investigation is continuing.

### STRATEGIC CONSIDERATIONS:

- Investigation should determine if the convoy vehicles contributed to the collision.

### STRATEGIC COMMUNICATIONS:

- MRO has been advised in the event there is media interest.

### MEMBER/EMPLOYEE WELLNESS:

- N/A.

### CONDUCT/CIVIL RISK ASSESSMENT:

- N/A.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander was on scene and assisted with scene control and preliminary investigative steps.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the incident.

---

Hello Sorab,

Across the province we have seen the protests diminish significantly. As reported, there was a significant presence of people and vehicles in Edmonton, however the majority have dispersed peacefully. We were concerned the group from Edmonton would head to the border but as of now, that does not appear to be the case.

Overall, things have settled down, with Coutts remaining the largest issue in the province.

Trevor

K Div Update 2022-02-05 @ 1700 [Calgary time]

CP10 has ~400+ vehicles and people stretching about 3-4km long. 3 hr wait time to cross Coutts border. Holding off request to open Del Bonita port as traffic is trickling through CP14 (formerly CP10A) to CP10. Influx at CP10 is large public order event and direction/ expectations provided to members to take action.

Community 'temperature' change as folks are becoming upset with duration of protest. RCMP concerned for counter-protest/ action.

CCMG had meeting with **Personal Info** - waiting on results of meeting. Observed fuel tanker that was waiting at CP10 turn around and head back north (may be sign that it's not needed).

Meeting with MLA's - optimistic that province moving in favorable direction.

2 unknown planes have flown over area. Investigation pending.

Hells Angel (HA) member illegally crossed border. Planning to arrest. RCMP also has green light to arrest **Personal**. DCAS intel says he may be speaking at convoy gathering in Okotoks tomorrow.

N. TARDIF

**Subject:** K Div Update 2022 02 05 @ 11:40 Ottawa time - Commr. Update

K Div Update 2022 02 05 @ 11:40 Ottawa time

Coutts Site is stable, with lanes open in both directions. MP Glen MOTZ is in Coutts possibly to meet with the Mayor of Coutts. Other MLA's have visited. GOA does not support meeting with protestors.

RCMP is trying to treat Coutts as a closed site to gather evidence to eventually lay charges against those involved in an unlawful activity and plan for eventual enforcement action. Saloon is based of operations for protestors.

RCMP check point 18 kms north of Coutts is tenuous with pressure building. Almost a blockade. However, one lane is open in each direction. There is consideration being given to opening another check point (CP10A) further north of original checkpoint (CP10). At CP 10 there are 200 Civilian Vehicles, 40 Farm Tractors and 50 Semi-trucks. EMS and Marked PC driving between Coutts and CP 10 to ensure road in between stays open.

CBSA and USBP may have to open Del Bonita crossing based on what happens at Coutts today. Both agencies on stand by. Del Bonita is not conducive for truck traffic.

Social Media advises of 400/500 people riding their horses down to the checkpoint at approximately 12:00 pm AB time today, from Milk River. This could have a significant impact at CP10.

Commercial tow truck drivers still not cooperating as they feel intimidated and threatened if they cooperate, plus some have allegiance with protestors and others may have been paid off to not cooperate, on both sides of the border. Evidence will have to be collected in this regard. Good discussion between Deputy C&IP and ADM at TC over authorities and assistance TC can provide. TC having F/P/T call now and will brief back to RCMP on discussions around capacity, licensing and legislation available.

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

**21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.**

Also from the CA:

**"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;**

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kevin

---

Good evening all!

After a very productive week, it is time to change out our EDOC embedded member at RCMP K Division. Inspector S.37 [REDACTED] will assume duties effective immediately for K-Div EDOC and will be our representative until further notice in this emergency operation centre.

Inspector S.37 [REDACTED] can be reached at S.37 [REDACTED]  
S.37 [REDACTED]@gov.ab.ca

Thank you for all your support over the past week and please task Inspector Rickard with any items that need attention moving forward.

Great work all!

Can I possibly get something for 10 am your time.

Commr has meetings at 11 am your time with Minister and then a bigger meeting with SSE at 12 pm your time.

Things are a bit tense here as Fed Govt is very concerned about overall protest activity and what they see as lack of action by Ottawa Police Service.

Appreciate all the support.

Sorab.

## PSIO SITREP UPDATE #5 – 6 Feb 2022 – Freedom Convoy Solidarity Activity

From: s.37 [REDACTED]@gov.ab.ca);  
Sent: 2022-02-06 10:04:45  
To: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); K DCAS / K SDAC ([irrelevant]@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([irrelevant]@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca); Wirachowsky, Brad (brad.wirachowsky@rcmp-grc.gc.ca); s.37 [REDACTED]@gov.ab.ca)  
Subject: PSIO SITREP UPDATE #5 – 6 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

### UPDATE #4

DATE/TIME: February 6, 2022 @ 1000 hrs

PURPOSE: To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

BACKGROUND: Aggregate reporting indicates significant participation in overall peaceful protests throughout province on Sat 5 Feb 2022.

### CURRENT STATUS:

#### Coutts Border Crossing

- As of 09:58 hrs Sat 6 Feb, RCMP report cross boarder movement is traffic is flowing; however, it is/can be very slow. CBSA and US Boarder Patrol provided a rough estimate of a 90% reduction from regular traffic volume. Two sites affecting flow are Checkpoint 10 (CP10) at Milk River and Coutts. CP 10 is the main cause of the delay and wait times can be two to three hours when line-ups develop.
- Social media activity indicates some individual participants departing Milk River area during evening of Sat 5 Feb; however, commentary continues to encourage supporters to rally in Milk River at 12:00 hrs daily and convoy together to the Police Check Point.
- Supporters' social media content posted in early hours of Sun 6 Feb is generally portraying a carnival-like ('Fringe Festival') atmosphere in the Milk River area.
- Some indicators of small groups moving towards Milk River / Coutts from Edmonton on evening of Sat 5 Feb. A convoy of 30-40 people were travelling Edmonton to Milk River was reported to have reached Lethbridge as of 18:00 Sat 5 Feb. [current whereabouts unknown]
- Supporters of the Coutts/Milk River action appear to be planning a resupply convoy for Sun 06 February from Lethbridge. The convoy will be collecting food and supplies at the Real Canadian Superstore (3515 Mayor Magrath Dr S). The group intends to loop around Lethbridge (via Mayor Magrath Drive, Hwy 3, and Scenic Dr South) 3 times counter clockwise before departing for MilkRiver/Coutts. [unconfirmed]
- Approximately 400 horseback riders ("Alberta (Coutts) Freedom Horseback Riders 2022") attended Milk River/Coutts action on Sat 5 Feb. [corroborated by multiple sources]
- Some social media support commentary around law enforcement recording driver licence information as they pass through Check Points on way to Milk River.
- The Coutts Convoy 2022 social media discussion page indicates some sharing of anti-vaccine misinformation common amongst the broader anti-PHO crowd.

#### Alberta Legislature / McDougall Centre

- As of 09:19 hrs Sun 6 Feb, Sheriffs report:
  - No campers / overnight occupancy was observed and no reportable incidents in relation to Legislature Campus.
  - Roadblocks came down at 20:30 hrs Sat 5 Feb.
  - Additional resources monitored campus till midnight.
- Robust Sheriff presence on campus, working with EPS. Roadblocks will be deployed and maintained as required today.

#### City of Edmonton & Environs

- As of 19:09 hrs Sat 5 Feb, EPS report:
  - Some mischief (fireworks, flares, open alcohol) by protest stragglers. [This is common pattern, as disruptive behaviour tends to commence once family participants have dispersed.]
  - An over height commercial vehicle attempted to transit the High Level Bridge, causing a large traffic disruption.
  - Traffic was otherwise calm in all other areas of the city.

#### City of Calgary & Environs

- Social media postings indicate intent for a "Freedom's Second Wave" convoy to depart Calgary for Ottawa at 1000 hrs Sun 6 Feb. Starting point is indicated as Flying J Travel Centre (11511 40 St. SE). [support likely to be minimal - unconfirmed]
- A 'Foothills Freedom Protest' is being promoted for 13:00 hrs Sun 6 Feb at Olde Towne Plaza (50 McRae St) in Okotoks. Street Pastor Art Pawlowski is indicated as a speaker. A 'Foothills Freedom Slow-Roll' commencing at 11:45 hrs at Dawgs Stadium is intended to feed into the rally. [minimal participation anticipated]

#### Regional Municipalities / Rural

- Some residual social media chatter advocating protesters to set up choke points and 'cut Alberta off'. [Assessed as aspirational/non-tangible]

#### **Ottawa "Freedom Convoy 2022"**

- The Ottawa Police Service and its partners continue to implement a surge and contain strategy focused on preventing and reducing the impacts of demonstrators entering the downtown core, and improving neighbourhood safety.
- As of 16:30 Sat 5 Feb, Ottawa Police report:
  - Responding to 400 calls for service in relation to the demonstration since they began.
  - In total, over 50 criminal offences are being investigated- 11 of those were hate crimes which resulted in charges against four people.
  - Seven people have been arrested and 70 traffic violation tickets have been issued so far.
  - An estimated 500 heavy vehicles associated with the demonstration are in the red zone.
  - Concrete barriers and heavy equipment barricades remain in place throughout Centretown, Lowertown, ByWard Market, Sandy Hill and the Glebe.
  - Intelligence and evidence gathering teams continue to collect financial, digital, vehicle registration, driver identification, insurance status, and other related evidence that will be used in criminal prosecutions.
  - The Ottawa Police Service is actively working with U.S. authorities to investigate email-based threats to public officials.
  - The Hate related Hotline has received over 150 calls, and detectives are ensuring every report is investigated.
  - All available Ottawa Police Service officers remain on active duty, with a focus on patrolling and addressing unlawful and threatening conduct in: Centretown, Sandy Hill, Lowertown and the ByWard Market.
  - An additional 257 RCMP officers are being sworn in with Special Constable Status in order to further assist with demonstration enforcement.
- The substitute GiveSendGo campaign in support of the Ottawa convoy has reached \$2.66M.

#### **Other Provinces / National**

- Not assessed at this time.

#### **MINISTRY UPDATES:**

##### ***Justice & Solicitor General (JSG):***

- No change.

##### ***Transportation (TRANS):***

- No change.

##### ***Municipal Affairs:***

- The Provincial Operations Centre (POC) deescalated back to a Level I at approximately 19:00 hrs on Sat 5 Feb. The POC will continue to monitor the ongoing situation.
- COVID-19 Current State (as of 3 Feb): 1,584 individuals hospitalized; 118 individuals in ICU; 32,711 active cases; 33.6% testing positivity rate.

##### ***Jobs, Economy, and Innovation (JEI):***

- No change

##### ***Agriculture, Forestry, and Rural Economic Development (AFRED):***

- No change

#### **ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- The centre of gravity of protest has shifted away from the Coutts Blockade/Occupation element, and towards the more transient Milk River activities. Indicators suggest Coutts activity is organically shifting focus from internal blockade/occupation objectives (i.e., sustain and resupply) to broader external influence objectives. Activities in vicinity of Police Check Points now appear intended primarily to provide visual content to influence broader media/online messaging being propagated regionally using tags [#westandwithcouthts], [#albertastrong], [#gridlockalberta] and nationally via tags [#holdtheline], [#slowroll], [#freedomconvoy2022], [#ENDTHEMANDATES].
- Although large numbers of vehicles entered the City of Edmonton on Sat 5 Feb, a significant dismounted rally on the Legislature Grounds did not materialize. Dismounted activity appears to have been centered on 109 Street, and was a fraction of number encounter at the Legislature on 29 Jan. This is likely as a result of effective traffic management by EPS and Sheriffs, coupled with the absence of organized political activity. The Peoples Party of Canada's National Coordinator was involved in organizing the 29 Jan rally at the Legislature that attracted approximately 9000 persons. PPC efforts on 5 Feb appear to have been focussed on Calgary, providing amplification and support for the 'Alberta United for Freedom Rally & March' originating in Central Memorial Park. Calgary Police Service indicated peak estimate of 3000-4000 at this event, while less than 300 appear to have attended the Legislature grounds. Most participants in Edm stayed on sidewalks outside Legislature Campus. PPC amplification and support also appears to have some correlation with turnout in BC and Ontario. This suggests that PPC organizing activity may provide a partial indicator of level and nature of participation in regional/local 'Freedom Convoy' solidarity activities.

#### **FORECAST:**

- Continuance of significant protest activity at Legislature on Sun 6 Feb appears highly unlikely.
- Coutts Border Crossing interference appears to maintain significant local support. Will be main point of concern for 6 Feb.

Hello all,

I apologize for the delay on this. I could not contact C/Supt. Solesme, but spoke to C/Supt. Rupa. It definitely left the NOC and is the hands of the GOC, since yesterday. We are digging further to try to find out where it might be in the GOC or beyond. Will advise asap.

More to follow.

**Subject:** Update 2022-02-06 1200

---

1200hrs update

Briefing with the investigating team and Crown looking at potential enforcement options;

Right now at the main site investigatively we are in a position to charge corporations that have vehicles at the protest site. We can tie those corporations to previous actions in the blockade for charges under the Critical Infrastructure Defense act and Provincial traffic act.

The biggest investigative challenge at present is tying individuals to trucks at the main site. We have 5 individuals who we can tie to vehicles and activities at the site for Criminal charges and charges under the Provincial Critical Infrastructure Defense act. There is supporting work underway with open source information. Crown is **Solicitor-Client Priv.**  
**Solicitor-Client Priv.**

If blockades to form again we can support further enforcement efforts. The investigating team is considering collecting evidence through electronic evidence captured from STO, BWC being used on site and the drone may also be available for this purpose.

Traditional investigation following the event may bring more charges to bear. The investigating team is working in the background at present as we continue to try to resolve issues through discussions and dialog.

While there is some information on group chats on site we cannot **s.37**.

I should add we have a checkpoint established for any vehicle leaving in order to make positive identifications to help positively identify individuals for charges.

For clarity there may be information available for us to collect after the event that may bring more charges to bear.

## 22-014 22-02-06 1400 UPDATE NOC SitRep "K" Division COVID Can/USA Border Blockade

**From:** Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca);  
**Sent:** 2022-02-06 13:49:11  
**To:** KDIV\_NOC\_DIST ([irrelevant]@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([irrelevant]@rcmp-grc.gc.ca); Moreland, Edward (edward.moreland@rcmp-grc.gc.ca)  
**Subject:** 22-014 22-02-06 1400 UPDATE NOC SitRep "K" Division COVID Can/USA Border Blockade  
**Attachment:** 22-014 2022-02-06 1400 hrs UPDATE NOC K Division COVID Can USA Border Blockade (002) (002).pdf;

Good afternoon,

Please find attached the 22-014 22-02-06 1400 UPDATE NOC SitRep "K" Division COVID Can/USE Border Blockade.

### ISSUE:

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

### BACKGROUND:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

### Current Status as of 1400hrs on 2022-02-06:

- Currently at the main site in Coutts a single lane of travel is open in each direction allowing for restricted movement of traffic.
- At the main site in Coutts currently 14 semi-trucks are lining the northbound side of the highway 4 and 18 are lining the southbound lanes, for a total of 32 commercial vehicles.
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters remain fluid. Approximately 400 people. At last count there were 32 commercial vehicles, 6 tractor trailers and approximately 271 passenger vehicles. The protesters at checkpoint 10 continue to challenge RCMP.
- The protesters at both the main site continue to be active and unpredictable.
- This remains a fluid situation at all sites.
- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.
- CCMG is working with the protesters and the community to develop a process to move the protesters at checkpoint 10 to an area that would allow them to have a legal protest, this would enhance police and public safety.
- Traffic is flowing, slowly, through the border crossing in both the north and south lanes.
- CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10.
- The members of "Freedom 2022" have advised that they plan to move their trucks out at 1300 today. It is unknown at this time how many trucks are planning to depart the sites.

### STRATEGIC COMMUNICATIONS:

- Media releases continue to be disseminated when required.
- Social media messaging from RCMP accounts is being used heavily in the print media.
- Social media is being monitored, comments have turned negative towards law enforcement throughout the day.

### CONDUCT / CIVIL RISK ASSESSMENT:

- N/A

Kind regards,

Sarah

Hello Cpl. Slaney,

My deputy mayor is a retired CBSA employee with a lot of spare time and has been fielding "complaints" from residents. He has lived here for his whole career and married locally as well. Obviously, he feels he is an expert in these matters legally. He has compiled this list and is suggesting an information sheet for residents. Actually, that part I kind of agree with. Couldn't hurt. The courier question you already answered. A lot of this is second or third party, I'm sure.

I was going to suggest someone might attend our council meeting just to bring everyone up to speed but now that I've received this letter, I'm not sure. Might turn into an all nighter!

I'm supposed to have a delegation of angry residents who want my head that night as well so maybe I could use some uniformed protection (joking?)

When you read the list, "ewe" is just Scott. Is that a "Royal We"? The first I heard of or saw the list was just this morning.

If you want to speak with Scott directly here is his contact information.

**Subject:** RE: Saturday 1700hrs update

---

Good afternoon Sir,

Please find attached the update for 2022-02-06 1300 hrs meeting, please note there is not a lot new to report:

- Currently at the main site in Coutts a single lane of travel is open in each direction allowing for restricted movement of traffic.
- At the main site in Coutts currently 14 semi-trucks are lining the northbound side of the highway 4 and 18 are lining the southbound lanes, for a total of 32 commercial vehicles.
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters remain fluid. Approximately 400 people. At last count there were 32 commercial vehicles, 6 tractor trailers and approximately 271 passenger vehicles.
- A few commercial vehicles have departed the main site, we are still waiting to see if any will leave with the "Freedom 2022" group of protesters.

Kind regards,

Sarah

**Subject:** RE: Saturday 1700hrs update

Good morning Sir,

Please find attached an update for 2022-02-06 at 1000hrs:

- Currently at the main site in Coutts, there are 28 commercial vehicles lining the northbound lanes and 24 commercial vehicles lining the southbound lanes of highway 4.
- Traffic is flowing, with one lane open in each direction.
- At checkpoint 10 there 271 passenger vehicle, 53 campers, 32 commercial vehicle, 6 tractors and 400 people.
- At the **Personal Info** in Coutts there are 20 passenger vehicles, 4 commercial vehicles and 10 campers.
- RCMP are developing a tactical plan that can be executed if the protestors block the highway.
- The CCMG continue to engage both the protestors and the community members both at the main site and at checkpoint 10.
- CCMG is working with the protestors and the community to develop a process to move the protestors at checkpoint 10 to an area that would allow them to have a legal protest, this would enhance police and public safety.
- The Canada/USE border remains open and traffic continues to cross on both sides, however, there is a delay in traffic getting to the border due to the congestion at checkpoint 10.
- The protests at both sites continue to be peaceful.
- The members of "Freedom 2022" have advised that they plan to move their trucks out at 1300 today. It is unknown at this time how many trucks are planning to depart the sites.

Kind regards,

Sarah

Subject: Saturday 1700hrs update

Good afternoon Sir,

Please find below the latest update as of 1700 hrs:

- Currently at the main checkpoint northbound and southbound lanes are open with.
- At the main site in Coutts currently 28 semi-trucks are lining the northbound side of the highway 4 and 24 are lining the southbound lanes, for a total of 52 commercial vehicles. (This was an update from 1400, no new numbers to report at 1700 briefing).
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters and vehicles is about 400, about 4 km long.
- CP 5 has approximately 30 people protesting.
- MLS(s) met/spoke with protestors, optimistic that everything is moving in the right direction and hopeful protestors will start to move north.
- There seems to be a temperature change at the main site with some locals getting upset that this protest has been going on for so long. RCMP will continue to monitor.
- All convoy/protests are either completed, scaled down or convoys have arrived in Edmonton.
- Update from EPS EOC is that everything is going well the contingency plan is working within Edmonton.
- I reached out to all districts and all protests were peaceful.
- A collision did occur between a tractor and two pickup trucks, it appears one of the pickup trucks drivers was distracted driving. Minor injuries sustained. Investigation on going.

Kind regards,

Sarah

**Cc:** Ferguson, John <john.g.ferguson@rcmp-grc.gc.ca>  
**Subject:** RE: Saturday morning update

Good afternoon Sir,

Please find below the latest update as of 1400hrs.

- Currently at the main site in Coutts both lanes of traffic on highway 4 are open and traffic is moving through.
- At the main site in Coutts currently 28 semi-trucks are lining the northbound side of the highway 4 and 24 are lining the southbound lanes, for a total of 52 commercial vehicles.
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters have doubled since this morning, totaling approximately 200 people. At last count there were 50 commercial vehicles, 40 tractor trailers and an unknown amount of passenger vehicles. The protesters at checkpoint 10 continue to challenge RCMP.
- At checkpoint 5, just east of the main site, approximately 50 people have staged a protest.
- The protesters at both the main site continue to be active and unpredictable.
- This remains a fluid situation at all sites.
- The need for equipment to clear the highway of vehicles still exist and will be critical for any enforcement action.

- Traffic is flowing, slowly, through the border crossing in both the north and south lanes.
- CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10.
- There have been several protests/convoys today throughout the province of Alberta.
- 1100-1200 semi-trucks and passenger vehicles gathered at the Petro-Canada in Acheson, AB and departed for Edmonton at approximately 1245 hrs.
- Approximately 1000 vehicles came from the south, Calgary, Ponoka and Olds area. They arrived in Edmonton at approximately 1400hrs.
- Approximately 1000 semi-trucks and passenger vehicles gathered at the Flying J in Nisku and departed for Edmonton at approximately 1300hrs.
- All convoys have now entered the City of Edmonton.

Kind regards,

Sarah

**Subject:** Saturday morning update

Good morning Sir,

Please find below a quick update from today's meeting:

Saturday (morning)

- The main site remains peaceful with traffic flowing freely from to and from the border crossing.
- CP ten, 18km north of Coutts on highway 4, remains active. There are approximately 200 civilian vehicles, 40 tractor/trailers and 50 commercial vehicles at that CP.
- Intel reports that 500 Freedom rider (horseback riders) will be forming up in Milk River and riding to near CP 10. They then plan to load up the horses and drive to Coutts at noon.
- CBSA has advised they are prepared to open the Del Bonita border crossing, if required, to ensure traffic continues to flow through the border crossing.
- MP and MLA possibly attending Coutts today.
- Several other protests/convoys are occurring within the province today. These are being monitored by DEOC.
- An MARP request has been completed and forwarded for equipment for removal of vehicles.
- 40 TACT Troop members from "E" Division will be arriving today to assist.
- 

Kind regards,

Sarah

Subject: PSIO SITREP UPDATE #7 – 6 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

UPDATE #7 [next SITREP February 6, 2022 @ 1800 hrs]

DATE/TIME: February 6, 2022 @ 1400 hrs

PURPOSE: To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

BACKGROUND: No Change

CURRENT STATUS:

### *Coutts Border Crossing*

- As of 12:00 hrs Sun 6 Feb, RCMP report:
  - Coutts protest site: 28 NB and 24 SB commercial vehicles. At least 1 commercial vehicle departed this morning. Others may depart after 1300 hrs today.
  - Check Point 10:
    - 271 passenger vehicles
    - 53 RVs
    - 32 Commercial vehicles
    - Approx. 400 pers.
- Images and videos of the horses at the border crossing are being widely shared and appear to be gathering attention. There has been no mention of another planned event involving horses/riders.

### *Alberta Legislature / McDougall Centre*

- As of 13:00 hrs, no activity in plaza or Legislature campus.

### *City of Edmonton & Environs*

- EPS will be setting up a road block on 109th and 99th Ave again.
- Total of 8 protesting personal vehicles parked in the 99 Ave parking lot beside WCB. No convoy at this time. EPS has not set up a road block as of yet but are staged in the area. EPS traffic has been doing enforcement actions on vehicles driving around on 109 street laying on their horns.

### *City of Calgary & Environs*

- Airdrie Speakers' corner is promoting an event from 1300-1500 Sun 6 Feb at the Coop on Yankee Blvd. in Airdrie. [unconfirmed]
- Calgary Freedom Central Facebook group indicates "Cochrane Unite! Stand for Freedom" 1400-1500 hrs Sun 6 Feb at Centennial Plaza (1st Street) in Cochrane. [unconfirmed]
- A 'Foothills Freedom Protest' is being promoted for 13:00 hrs Sun 6 Feb at Olde Towne Plaza (50 McRae St) in Okotoks. Street Pastor Art Pawlowski is indicated as a speaker. A 'Foothills Freedom Slow-Roll' commencing at 11:45 hrs at Dawgs Stadium is intended to feed into the rally. [minimal participation anticipated]

### *Regional Municipalities / Rural*

- RCMP report collision on Hwy 1 on Sat 5 Feb involved a vehicle rear-ending a farm vehicle. 2 pers transported to hospital with non-serious injuries.

### *Ottawa "Freedom Convoy 2022"*

- No updates at this time.

### *Other Provinces / National*

- No updates at this time.

MINISTRY UPDATES:

Subject: Sit Rep #87: Freedom Convoy 2022- National Capital Region 2022-01-28-2022-02-06

Situation as of 1504hrs on 2022-02-06

#### Event Overview:

- Approximately 75 demonstrators are reported to be on Parliament Hill at this time.
- Approximately 300 demonstrators on Wellington St.
- OPS estimate that there are 500 trucks in the downtown core.
- Other Events:
  - o E Division:
    - ① ▪ Kelowna, BC: No issues experienced during the Weekly Anti-Vaccine/Freedom Rally protests in Kelowna, which brought approximately 2000 people into the downtown core on 2022-02-05.
  - o O Division:
    - ① ▪ At approximately 1025 ET on 06 February 2022, the Federal Bridge Corporation Land (FCBL) Security Operations Centre was alerted to a convoy heading down the 402 on the westbound side of the highway. As of 11:11 ET the convoy vehicles have begun to block all 5 lanes approaching the Toll lanes of the Blue Water Bridge on the Westbound side of the highway. One (1) Ontario Provincial Police cruiser is on site. One (1) lane is still currently open to traffic (Furthest outside lane) approaching the toll lanes past the Front St exit.
    - ① ▪ FSBL (Federal Bridge Corporation Land Security Operations Centre) assesses that the additional traffic may cause further delays on the WB 402 and slow traffic to the Bluewater Bridge.
  - o H Division:
    - ① ▪ Windsor, NS: On 2022-02-06 at 1200hrs, a coordinated event with the intent of engaging in a rolling convoy commenced in Windsor, NS with an ending destination of Halifax, NS. Convoy has grown to over 300 vehicles, minor traffic issues mitigated by the police and OSINT continues to monitor.
  - o D Division:
    - ① ▪ As of the morning of 2022-02-06, the Freedom Convoy Support demonstration at the Manitoba Legislature in Winnipeg, Mb is ongoing. Winnipeg Police Service has blocked off an area around and near the Manitoba Legislature to allow for the influx of these large vehicles. Media notifications have been made to advise the general public on the impact on traffic flow in the downtown core of Winnipeg. The total number of persons in attendance and length of protest is unknown at this time. (No change)
    - ① ▪ Winnipeg Police Service are the POJ and are fully engaged in the planning and response to this event. At this time there has been

no request for resources or assistance from D Division RCMP. (No Change)

- ①▪ On 2022-02-04 Winnipeg Police Service and Winnipeg EMS responded to a vehicle/pedestrian hit and run on Broadway Avenue at the demonstration location. An SUV struck four pedestrians and fled the scene. 3 of 4 pedestrians were treated and scene and one was taken to hospital with minor injuries. The male suspect was arrested shortly thereafter and faces a number of criminal charges. Winnipeg Police Service held a press conference on 2022-02-05 on the investigation. Motives of the subject of complaint are not known at this time.
- ①▪ D Division DCAS/TIIU is monitoring open source social media to glean any information that can be shared.

○ J Division:

- ①▪ On 2022-02-06 at 1300hrs a "Freedom Convoy 2022 Moncton Support" commenced and approximately 40-50 vehicles participated in a slow roll on a predetermined route around Moncton and Riverview, NB.
- ①▪ On 2022-02-05, a protest was held at the NB Legislature, from 1200hrs-1600hrs. Approximately 100 people and several vehicles were in attendance. Protest remained peaceful with no arrests.
- ①▪ Approximately 6 people protested from 1800hrs-20hrs at the residence of NB Premier Higgs in Quispamsis, NB. Premier/family were not in residence during the protests.

**Operational Information:**

- CIG OSINT located a livestream wherein [Personal Info.] was seen among a crowd surrounding [Personal Info.] near the War Memorial.
- CIG received information that [Personal] posted a video on s.37 accusing City officials of orchestrating and placing a dumpster bin full of rocks in an unspecified location. OSINT analysts determined the location to be 200-350 Albert St, Ottawa ON K1R 1A4. In his post, [Person] asked protesters to immediately go to the dumpster to "protect it" so no one uses the rocks as weapons. Information received by the CIG indicates that the dumpster bin is actually in use by the Constitution Square building which has been closed and under renovation for nearly two years. The dumpster appears to contain excavation debris and is believed to have been in its current location for days, if not weeks.
- CIG OSINT located a video posted on Twitter wherein demonstrators are advised that, by midnight, police will not allow any more fuel to be brought downtown. The individual in the video stated that fuel canisters being brought downtown after that point will be seized and the individuals carrying them will be charged.

s.37

- CIG received information that all the fire wood and teepee poles have been removed from Confederation Park and stacked outside the park perimeter. Protestors were loading that wood onto trucks.
- CIG received information that, at 1237hrs, a Freedom Convoy consisting of approximately 200 vehicles and one transport truck "made its first pass of the Ambassador Bridge" in Windsor, Ontario.
- CIG received information that, on 2022-02-05 at approximately 1645hrs, [Personal] (Canadian) was encountered at the CBSA Port of Sault Ste. Marie, Ontario. [Person] admitted that she did not use the ArriveCan App and that she was not vaccinated. [Person] expressed her support for [Personal Info.] before fleeing the POE. CBSA currently has an active Lookout for [Person] for any future travel.
- CIG received information that, as of 1318hrs, the Westbound 402 near Blue Water Bridge in Samia, Ontario remains closed. Canada-bound traffic remains open, as does the Eastbound 402.

**Operational Planning:**

- RCMP LSU reached out to OPS for an update on the MOU, OPS has signaled that it is currently being reviewed by the Police Services Board and once they have supported, it will be passed on to OPS Chief Sloly for signature and then over to us.
- OPS command in the NCRCC have indicated that OPS will be starting an enforcement action aimed at individuals bringing materials (ie. fuel and supplies) into the inner corridor.
- Efforts underway to bifurcate command structure within National Division, with one structure supporting the Protective Requirements and a second structure to support the deployment of resources in support of OPS.

**Protective Clients and Protective Sites:**

- Nil updates at this time.

**Communications:**

- Nil updates at this time.

Janine,

Sorry for the confusion. I was thinking about the Q and A for the village meeting on the Tuesday evening not the list of concerns.

I just thought whomever was speaking should have consistent answers to those we mapped out for the CO.

Peter

Kevin,

Thanks for forwarding the concerns. I spent some time with Janine on Q&A for the CO on Thursday in relation to the protest. Might be good to get those responses so we have consistency in our messaging on the ground and when the time comes for the CO to talk. I've cc'd Janine for her info.

I am sure you are on it just want to ensure we loop comms in on the answers we provide. Might make a series of good social media posts as well for the public around this event. Again just emphasising the consistency in the message.

Peter

Hello Cpl. Slaney,

My deputy mayor is a retired CBSA employee with a lot of spare time and has been fielding "complaints" from residents. He has lived here for his whole career and married locally as well. Obviously, he feels he is an expert in these matters legally. He has compiled this list and is suggesting an information sheet for residents. Actually, that part I kind of agree with. Couldn't hurt. The courier question you already answered. A lot of this is second or third party, I'm sure.

I was going to suggest someone might attend our council meeting just to bring everyone up to speed but now that I've received this letter, I'm not sure. Might turn into an all nighter!

I'm supposed to have a delegation of angry residents who want my head that night as well so maybe I could use some uniformed protection! (joking?)

When you read the list, "ewe" is just Scott. Is that a "Royal We"? The first I heard of or saw the list was just this morning.

If you want to speak with Scott directly here is his contact information.

## PSIO SITREP UPDATE #8 – 6 Feb 2022 – Freedom Convoy Solidarity Activity

**From:** Bill McAuley (bill.mcauley@gov.ab.ca);  
**Sent:** 2022-02-06 18:05:11  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); K DCAS / K SDAC ([irrelevant]@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([irrelevant]@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca); Wirachowsky, Brad (brad.wirachowsky@rcmp-grc.gc.ca); S.37 ([irrelevant]@gov.ab.ca)  
**Subject:** PSIO SITREP UPDATE #8 – 6 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

### UPDATE #8

**DATE/TIME:** February 6, 2022 @ 1800 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:** No Change

### CURRENT STATUS:

#### *Coutts Border Crossing*

- Early afternoon reported indicated there has not been any significant changes to vehicle numbers. Additional members of the Freedom 2022 group who indicated they would leave were supposed to do so at 13:00hrs. [unclear whether this occurred]
- No further updates available at this time.

#### *Alberta Legislature / McDougall Centre*

- No reportable activity in plaza or Legislature campus on Sun 6 Feb.
- Gov. Centre Roadblocks have collapsed. Sheriffs operations concluded for the day.
- No incidents or enforcement by Sheriffs.

#### *City of Edmonton & Environs*

- A small convoy occurred Sun 6 Feb with very little disruption. EPS traffic members attended Acheson at the gathering location to observe the number of vehicles staging, and assisted with traffic control on 109st. One member from EPS traffic spoke to a convoy person who stated they were going to CTV, Global and then the Mayor's residence. CTV had their own security at the parking lot gate. Only 12 vehicles came by and did 5 loops of CTV, each loop dropping off convoy vehicles. No other disruptions noted.
- Mayor SOHI was not at his residence for the afternoon. Security watch was in place.

#### *City of Calgary & Environs*

- The 'Foothills Freedom Slow-Roll' in Okotoks did occur. Approximately 100 vehicles, including trucks, tractors and passenger vehicles were involved. Remained in areas as planned.

#### *Regional Municipalities / Rural*

- No reported activity.

#### *Ottawa "Freedom Convoy 2022"*

- Ottawa Mayor Jim Watson declared a state of emergency on 6 Feb for the City of Ottawa due to the ongoing demonstration.
- The social media tag [#GoHomeConvoy] is now trending amongst convoy opposition elements.

#### *Other Provinces / National*

- Media reports indicate most protestors in Quebec City had dispersed as of 17:00 local time Sun 6 Feb and less than 12 trucks remained on the streets.
- Media reports indicate that only a handful of protestors and no trucks in Toronto on Sun 6 Feb.
- Halifax police reported hundreds of vehicles made their way through the downtown core on Sun 6 Feb.
- Ontario Provincial Police reported closure of ramps of Hwy 402 were closed due to a solidarity protest in Sarnia on Sun 6 Feb; causing delays at the Canada-U.S. Blue Water Bridge border crossing.

### MINISTRY UPDATES:

#### *Justice & Solicitor General (JSG):*

- No change.

#### *Transportation (TRANS):*

- Crossings at other ports are continuing smoothly with no reports of delay.
- The Alberta Motor Transport Association (AMTA) and the American Trucking Associations (ATA) are involved with the US CBP and the CBSA on the ports and hours of opening. ATA leads collaboration with the US CBP and engages AMTA.
- At 10:45 hrs 6 Feb, the City of Lethbridge ECC deactivated and will reconvene tomorrow at 10:00 hrs in anticipation of demonstration activity.

**Municipal Affairs:**

- No change.

**Jobs, Economy, and Innovation (JEI):**

- No change

**Agriculture, Forestry, and Rural Economic Development (AFRED):**

- No change

**ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Province-wide 'Freedom Convoy' Solidarity Activity outside of Coutts area appears to have been negligible on 6 Feb.
- Aggregate activity has remained peaceful throughout weekend of 5/6 Feb.
- Coutts site and Check Point 10 continue to be main area of activity.
- General optimism regarding progress on mandate grievance during upcoming business week appears to be circulating in protest networks.

**FORECAST:**

- Localized support is likely to continue to generate a daily presence at Check Point 10; however, numbers are likely to decay noticeably during weekdays.
- While opportunist pop-up slow-roll activities may occur throughout the province, such activities are likely to be small and short-lived.
- Activist networks are unlikely to commence planning for potential activities on weekend of 11-13 Feb for at least 48 hrs. Level of future activity is likely to be contingent on policy developments regarding public health measures. General protest fatigue will likely cause decay in scope of future actions.

**PREPARED BY:** Intelligence Bureau, Provincial Security & Intelligence Office (PSIO)

**Subject:** FW: Brandt Helicopter Issue

Kevin,

You may know where to best chase this down. The Premier asked the CO about **Persona**, the helicopter, supplying the protesters and violating the NOTAM. The CO was hoping he could update tomorrow by mid morning.

This post allegedly relates. I did learn talking with the CO that we were told **Persona** was not going to the event. I also recall what we heard was he was going to Milk River not Coutts so maybe the NOTAM did not apply if he did go.

Can you get this to someone who can let us know if Paul Brandt went and if it was a violation of the NOTAM?

Peter

Hello Rob,

I apologize for my delay responding...yet another full day at DEOC. Thank you for your tremendous support over the past week. The direct coordination and ongoing contact here at DEOC was invaluable, as we all work to support the "boots on the ground" people doing the real work.

Insp S.37 continued that legacy today, and made some very helpful input and updates, all while "drinking from the fire hose" of new acronyms, structures, and complexities...

I realize this "reply all" is going to a broader group of Sheriffs. Thanks to all of you, for your ongoing efforts and support.

Be safe, be well.

Andrew

Good evening all!

After a very productive week, it is time to change out our EDOC embedded member at RCMP K Division. Inspector S.37 will assume duties effective immediately for K-Div EDOC and will be our representative until further notice in this emergency operation centre.

Inspector S.37 can be reached at S.37  
S.37 @gov.ab.ca

Thank you for all your support over the past week and please task Inspector S.37 with any items that need attention moving forward.

Great work all!

**Subject:** RE: Village "Concerns"

---

Good evening Sirs and Ma'ams,

Just a follow-up to the Chief's email. I attended the briefing at the port tonight and I have a good idea of what is required of my team. I have tasked Cpl. Peters from my team with arranging a meeting with the mayors and reeve from the area for 0800hrs tomorrow. He is arranging this as we speak. He has communicated with them this evening and they are aware we will be working with them going forward to find a legal location to move CP10.

Both Sgt. Harms and Cpl. Peter's are on route to Lethbridge this evening at which point we will plan our strategy for tomorrow. I've also reached in to the previous Milk River commander and he is going to assist us as well.

I plan on providing an update at the 1000hrs briefing with the progress we have made.

Thanks,

Chris

Subject: Village "Concerns"

Hello Cpl. Slaney,

My deputy mayor is a retired CBSA employee with a lot of spare time and has been fielding "complaints" from residents. He has lived here for his whole career and married locally as well. Obviously, he feels he is an expert in these matters legally. He has compiled this list and is suggesting an information sheet for residents. Actually, that part I kind of agree with. Couldn't hurt. The courier question you already answered. A lot of this is second or third party, I'm sure.

I was going to suggest someone might attend our council meeting just to bring everyone up to speed but now that I've received this letter, I'm not sure. Might turn into an all nighter!

I'm supposed to have a delegation of angry residents who want my head that night as well so maybe I could use some uniformed protection (joking?)

When you read the list, "ewe" is just Scott. Is that a "Royal We"? The first I heard of or saw the list was just this morning.

If you want to speak with Scott directly here is his contact information.

Good morning Trevor,

Things have also been very busy here in Ottawa with the ongoing protests. I understand that Gord assisted over the weekend and returned home on Saturday.

Please advise if command was transitioned. Unfortunately, there is also an ongoing significant demand for the services of Gord here within the SSIS program that Gord is managing.

Best regards,  
Paul

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,  
Trevor

**Sent:** Friday, February 4, 2022 6:19:53 PM (UTC-05:00) Eastern Time (US & Canada)  
**To:** Everyone\_KDIV\_SAD\_SITREP; K CROPS SITREP / K OREC Rapports de situation (RCMP/GRC)  
**Cc:** Yetman, Gordon; Searle, David  
**Subject:** SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2<sup>nd</sup> Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5<sup>th</sup> to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.
- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

CURRENT STATUS:

- The organizer is a local business owner named [Personal Info].
- Additional police resources are being obtained locally.
- The Commander has had a meeting with [Personal Info] and his assistant [Personal Info].
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5<sup>th</sup> have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutts border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

**Subject:** RE: **Pers** Helicopter Issue

---

Kevin... Good morning. Just a reminder the CO is looking for something to update on his call with the Premier later this morning. I understand our communication with **Personal** team was that he was not going to attend. Any additional info we can provide about if he showed up and if the NOTAM was in place would be of assistance.

Peter

**From:** Tewfik, Peter  
**Sent:** Sunday, February 6, 2022 6:09 PM  
**To:** Kevin Kunetzki (kevin.kunetzki@rcmp-grc.gc.ca) <kevin.kunetzki@rcmp-grc.gc.ca>  
**Cc:** Moreland, Edward <edward.moreland@rcmp-grc.gc.ca>; John Ferguson (john.g.ferguson@rcmp-grc.gc.ca) <john.g.ferguson@rcmp-grc.gc.ca>  
**Subject:** FW: **Pers** Helicopter Issue

Kevin,

You may know where to best chase this down. The Premier asked the CO about **Personal**, the helicopter, supplying the protesters and violating the NOTAM. The CO was hoping he could update tomorrow by mid morning.

This post allegedly relates. I did learn talking with the CO that we were told **Personal** was not going to the event. I also recall what we heard was he was going to Milk River not Courtts so maybe the NOTAM did not apply if he did go.

Can you get this to someone who can let us know if **Personal** went and if it was a violation of the NOTAM?

Peter

Hello Paul, thank you once again for allowing Gord to assist on Saturday. As expected Gord's experience and expertise ensured that our police response was planned, measured and effective. Notwithstanding a serious motor vehicle accident, Gord was able to bring the event to a peaceful resolution. The event at that location ended on Saturday as did Gord's command.

Thanks again,  
Trevor

Good morning Trevor,

Things have also been very busy here in Ottawa with the ongoing protests. I understand that Gord assisted over the weekend and returned home on Saturday.

Please advise if command was transitioned. Unfortunately, there is also an ongoing significant demand for the services of Gord here within the SSIS program that Gord is managing.

Best regards,  
Paul

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,

Trevor

## K Div Update 2022 02 07 @ 11:00 hrs

---

**From:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca);  
**Sent:** 2022-02-07 10:15:33  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** K Div Update 2022 02 07 @ 11:00 hrs

---

K Div Update 2022 02 07 @ 11:00 hrs

Coutts main site – Single lane open to traffic in both directions. NB Lane 18 commercial vehicles blocking second lane. SB Lane 21 commercial, 3 personal and 5 farm tractors blocking second lane. Note: the 5 farm tractors drove past checkpoint (CP10), failed to stop for police at that location and drove to Coutts where the drivers all ran into the saloon. Saloon emptied shortly after that and our members were faced with a crowd as they tried to identify the drivers as part of their investigation.

CP 10 – SB Lane 41 passenger, 12 commercial and 2 farm tractors. NB Lane 58 passenger, 24 commercial and 18 trailers. RCMP advising protestors to be careful as they might get struck by a passing truck so as to have them move to a safer location, and make this into a lawful protest versus an unlawful protest.

Overall traffic is flowing better today and trucks are getting to border @ 40% of normal clearance rate. Usual rate is 400 commercial vehicles through Coutts border crossing, yesterday 154 commercial vehicles made it through.

RCMP looking at investigative options including use of Critical Infrastructure Defense Act and modifying other Provincial Statutes to give more enforcement options, similar to Highway Traffic Act in Nova Scotia – fines for blocking highway.

BC RCMP resources on the ground and imbedded with AB RCMP.

Community Support Group speaking with Reeve of Warner County and Mayors of Coutts and Milk River. Thought being given to the declaring states of emergency and what that would mean. Not there yet, but up for discussion.

AB RCMP made the decision to allow fuel to come in for the protestors as it was part of their negotiation strategy to open lanes of traffic, keep the trucks running so the RCMP could move them at some point as no access to tow trucks, and as protestors are staying in their trucks they face a real danger if weather conditions deteriorate.

AB RCMP preparing both short term and long term plans on how to best manage this, if it continues for any length of time, as it is a significant resource draw away from existing policing commitments.

## morning meeting update

---

**From:** Moreland, Ed (edward.moreland@rcmp-grc.gc.ca);

**Sent:** 2022-02-07 11:42:26

**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Spink, Claire (claire.spink@rcmp-grc.gc.ca)

**Subject:** morning meeting update

---

Morning Sir,

Taking back over from Sarah on the Silver role in KDEOC so providing you some updates that came from the 09:00 call:

- No updates from CCMG
- Coutts site is calm, pressure site is CP10 where there are more vehicles and foot traffic.
- Specific to CP4 (near Coutts location) 5 tractors breached the checkpoint and eventually parked neat the Saloon. Operators quickly entered the saloon before investigators could identify them.
- Sufficient Diesel, Propane and gas stockpiled to keep involved vehicles running in cold weather at Coutts location.
- Non protest related traffic transiting Checkpoint 10 and Coutts site quickly to access Border- very minimal delays.
- Vehicle numbers: CP10 (S/B has 41 passenger, 2 tractors, 12 commercial trucks, 21 trailers; N/B has 58 passenger, 24 commercial trucks, and 18 trailers)
- Vehicle numbers: Coutts site (N/B lane has 18 commercial vehicles, S/B has 21 commercial vehicles, 3 passenger vehicles and 5 tractors)
- Vehicle numbers: Smugglers Saloon (5 commercial vehicles, 13 RV's, 27 personal vehicles.
- Discussed strategies for today- will approach the 5 tractors with investigators to take photos to get a temperature check on how enforcement efforts will be received by Coutts

Take care,

Ed

## K Div Update 2022 02 07 15:00 hrs

**Subject:** K Div Update 2022 02 07 15:00 hrs

---

K Div Update 2022 02 07 15:00 hrs

Status quo for traffic flow at Coutts and CP 10 from this am. Essentially one lane open in each direction.

Expect 800/1000 people at the CP10 tonight same as last night.

Southern AB Police Chiefs all offering support and good communication between them.

Investigative side of the house with AB RCMP engaged as is legal. All aspects being considered. Likely that private insurance for trucks engaged in unlawful activity may only cover third parties. Interesting point, as there may be no coverage on the trucks themselves. Can suspend drivers licences but, only after conviction not before so, a few steps to take to have that effect.

AB RCMP planning a framework for response to other sites so that response is consistent.

CBSA in AB just advised that 10 light vehicles and 12 agricultural vehicles just pulled up at Carway POE. So far parked on side and not impeding traffic flow.

Subject: PSIO SITREP UPDATE #9 – 7 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

### UPDATE #9

DATE/TIME: February 7, 2022 @ 1535 hrs

PURPOSE: To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

### BACKGROUND:

- Regional "Freedom Convoy" solidarity convoys (a.k.a. "Operation Bear Hug"), localized highway slowdowns, temporary barricades, and protest activities have occurred throughout since 29 Jan 2022.
- The COUTTS BORDER CROSSING and CHECK POINT 10 near MILK RIVER are currently the centre of gravity of 'Freedom Convoy' solidarity activity in Alberta. Participation in area remains fluid.
- Approximately 8 'Freedom Convoy' solidary convoys converged on EDMONTON on Sat 5 Feb 2022. Temporary traffic disruptions occurred on ingress and egress routes. No encampment in EDMONTON CITY CENTRE occurred. Participants dispersed organically on Sat evening.
- A convoy along Stoney Trail and a significant dismounted peaceful march/protest occurred in Calgary on Sat 5 Feb. No significant issues reported.
- Some isolated convoy and protest activity occurred on Sun 6 Feb with extremely limited participation relative to Sat 5 Feb.
- Aggregate protest activity remained peaceful throughout weekend of 5/6 Feb. Counter protest activity was minimal and isolated.
- Root-level organizing continues to adapt relative to develops involving the COUTTS BORDER CROSSING and OTTAWA 'Freedom Convoy' activities.
- Level of future activity is likely to be contingent on policy developments regarding public health measures.
- Notwithstanding a significant catalyst event, general protest fatigue is likely to cause some decay in scope of future actions.

### CURRENT STATUS:

#### Coutts Border Crossing

- RCMP report there was little or no change overnight. The number of trucks at the COUTTS southern point were a bit lower, and people at Checkpoint 10 had diminished a bit. A single lane remained open NB and SB.
- As of 09:00 hrs 7 Feb, RCMP/Sheriffs High Patrol (SHP) report:
  - 5 tractors along with 5 support vehicles drove around the blockade at Checkpoint 5 (TWP.5/Hwy.11A) and stopped at the **Personal** Saloon in Coutts. There were no reported injuries.
  - Traffic is flowing at an increased rate to approximately 1 minute wait times through Checkpoint 10 (Checkpoint 10 is the main obstruction to traffic flow).
  - CBSA is reporting traffic volume through the boarder is now at approximately 50% normal conditions
  - Indicators of another convoy forming with Coutts as the intended destination. [unconfirmed -- no further details]
- As of 13:00 hrs 7 Feb, RCMP/Sheriffs High Patrol (SHP) report:
  - There has not been any major changes to traffic flow or the number of vehicles/people in the area and traffic continues to move through CP10.
  - RCMP have continued to permit fuel delivery to vehicles participating in the protests.
  - Protesters continue to set up their own infrastructure including food storage equipment and makeshift walking paths
  - A small convoy of 10 small vehicles and 12 tractors was reported in the Carway area. This has resurfaced concerns of protestors attempting to shut down Carway and Del Bonita boarder crossings. Sheriffs will deploy manpower to locations north of each site. They will first, provide immediate reporting and second, turn back any commercial vehicles involved in the protest.
  - SHP has moved 5 Sheriffs to a midnight shift on request from the RCMP
- A number of vehicles appear to have commenced a slow-roll convoy to the Piegan-Carway border crossing at approx 14:00 hrs Mon 7 Feb. [unconfirmed]
- Medicine Hat Police report registration has been set up seeking 1000 horseback protesters for upcoming weekend by 'Walsh, AB Freedom Riders' group. [This group was part of the estimated 300 'Alberta (Coutts) Freedom Riders 2022' who attended Coutts on Sat 5 Feb]
- On Sun 6 Feb, CBSA and US Border Patrol were not reporting any changes other than a small protest (approx. 4 people) on the US side. Social media indicates the possibility of a large scale convoy developing in the US. The convoy intends to travel from California to Washington.
- Online sources indicate there appears to be ongoing tension between the leadership of the protests at Coutts and Milk River.
- Online group 'Rally 4 Resources – the Movement' is suggesting that between 12-15 plainclothes police officers were circulating amongst the protest crowds at the border.

#### Alberta Legislature / McDougall Centre

- Social media indicates convoy plan from Ponoka to Legislature on Tue 8 Feb; marshalling at Tim Hortons 09:00 with 10:00 departure. [unconfirmed]

#### City of Edmonton & Environs

- City of Edmonton reports 'Edmonton Slow Rollers' activity on Mon 7 Feb near Stony Plain Road, CBC and Courthouse. [This is believed to be daily 8-10 veh convoy EPS reported on 109 St. around 1400 hrs]

#### City of Calgary & Environs

- Social media indicates convoy planned to leave from Calgary on Fri 11 Feb towards Milk River and Coutts. The convoy will meet at the iFly in the Deerfoot City mall in Calgary and leave at approximately 18:00.

#### Regional Municipalities / Rural

- As of 10:42 hrs Mon 7 Feb, Medicine Hat Police report:
  - Consistent rally is occurring on 13 Ave SE outside the MLA office. MLA, Drew BARNES is in regular attendance at the rally. No issues reported. Nothing set up for counter protesting.
  - On Sun 6 Feb, a slow roll convoy from Walsh through Medicine Hat to Redcliff occurred. There are plans to be another one today (7 Feb) between Walsh and Irvine only. The group plans to coordinate further events. Group on Facebook is 'Walsh, AB Freedom Riders.' Members of this group were also present at the Coutts freedom rider event. There were no issues reported aside from slowing of traffic. This was not reported to police prior to them entering the city. There is also conversation on meeting up with others passing through the city heading to Coutts or Ottawa.
  - On Fri 4 Feb, Eagle Butte School had a non mask protest within the school. Parents and students entered the school as well as blocked the entrance for teachers videos on tiktok and snapchat. Reports there is plan for another demonstration today (7 Feb) RCMP will be on scene.
  - On Fri 4 Feb, a few students and parents protested outside the Catholic Board office. Non eventful and peaceful. Plans for this to continue every Monday throughout the Province, a walk out and protest outside the board offices.
- Supports in Fort McMurray appears to be organizing another convoy for Sat 12 Feb. [previous events have been relative small and localized to Fort Mac]
- At 09:00 hrs on Mon 7 Feb, a protest took place in Innisfail to protest mandatory masking of children in schools. Approximately 30-40 people attended.
- A protest on horseback in support of the convoys is planned for Rimbey on Sat 12 Feb.

#### Ottawa "Freedom Convoy 2022"

- The Ottawa Police Service has begun more direct enforcement action against those truckers that have not departed the city, including the dismantling of the supply depot setup as a central hub for food and fuel, interdiction of those attempting to assist in the resupply of fuel for vehicles and ongoing efforts to disrupt the means of funding for such activities.
- These actions will likely further provoke activities both in Ottawa and elsewhere, and encourage further demonstrations in Alberta.

#### Other Provinces / National

- Increasing support for "Freedom Convoys" being seen internationally, and similar convoys are being, or have been, organized in Australia, Austria, the United States, the United Kingdom, and elsewhere. This is being picked up by convoy attendees, who are proclaiming that they have spearheaded a global movement, further encouraging their stances and willingness to continue engaging in protest actions.

#### MINISTRY UPDATES:

##### Justice & Solicitor General (JSG):

- Still no indication from Canada on the outcome of the request for aid to civil power / police. [may have changed later in day]

##### Transportation (TRANS):

- The US CBP has been asked to continue with extended hours at Del Bonita for this week, or at least Monday to Wednesday and then reconsider. CBSA is awaiting response.

##### Municipal Affairs:

- No change.

##### Jobs, Economy, and Innovation (JEI):

- Retail Council of Canada report:
  - The Coutts border crossing is a critical supply route from the United States, especially for time sensitive perishables and non-perishable goods arriving into Alberta and distributed to store networks across the West.
  - While the reopening of the Coutts crossing is good news, the extended closure and slow down due to the blockades will have had a frustrating disruption to retailers and working long haul truck drivers.
  - For grocery stores as an example - who are having to manage low supplies of fresh products that typically are picked.

packed and shipped just in time to meet the needs of their customers – trucks having to be rerouted adds additional time and cost, and further strains on an already strained supply chain. Trucks sitting with perishables at Coutts for days will have caused food waste that will see significant perishables lost / cost.

- Stores and their logistics suppliers / teams generally secured alternative supply routes and options as the number of days grew last week. However, this came at a cost of out of stocks in store, and added in-bound transportation costs.
- Members are still calculating the costs from last week, but in the bigger picture it was manageable as customers shifted to other options (hopefully), and added transportation costs last week will be blended into the total costs of running the business over an extended period.
- RCC position from media release 2 Feb:
  - Retail Council of Canada has called on provincial and federal governments and RCMP to take more aggressive action to remove the Coutts Border blockade.
  - Retailers are starting to see gaps on shelves, especially with perishable items and seasonal items.
  - It is too early to put a dollar figure on the impact.
  - A ripple effect will begin to spread to other prairie provinces.
- SouthGrow Regional Economic Development Alliance report:
  - The current trucker protests outside the Town of Coutts, Alberta runs adjacent to the Canadian Pacific mainline that connects to the BNSF rail network in the United States.
  - This interchange between both railways is a key corridor for Agricultural, Energy, Manufacturing and Consumer sectors.
  - The protesters at this point have not sought to shut down the rail line – however there is a potential risk as the line is immediately adjacent to the Highway blockade.
  - Were that line shutdown for any extended period of time, the cost to Alberta's economy would mount quickly in the tens to hundreds of millions of dollars.

**Agriculture, Forestry, and Rural Economic Development (AFRED):**

- Agriculture Operational and Market Impacts:
  - Contacts at JBS plant currently indicating that 1-day production day shut down will occur on Wed 9 Feb; but they will add a production day on Sat to keep the weekly volume the same. [It is not unusual for plants to shut down for a day; JBS previously reported a plan to shut down for one day on 7 Feb.]
  - Both Cargill and JBS report that they are managing to keep product flowing through the alternative border points that were being used last week, but at increased cost.
  - CFIA indicates that all other federally inspected packing plants are operating as normal.
  - High meat prices have slowed demand somewhat.
- Retail Council of Canada reports:
  - While product was a little patchy, additional routes and customer options were able to be arranged by most stores to gap fill.
  - Availability of drivers has been a bigger issue; in part due to the vaccination requirement, but more so from high COVID rates that have left an already tight situation tighter.
  - Broader impacts to the food supply chain attributable to this event are unlikely to be measurable for another 1-2 weeks.

**ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- Fractures within the Coutts and Milk River protest sites continue to emerge. Competition between influencers has provoked some attempts to divide the movement's social media presence and exert control over collective narratives, without apparent success. Leadership of the movement appears to remain disorganized.

**FORECAST:**

- No change.

Hi Peter – attached are two items:

1. Media lines we would like to use / along with Q&As (some are applicable and some are not). (there is some language that needs to be cleared up).
2. Briefing package for Trevor, Janine did this based on the discussion you had with her and some of the lines Comms had in place.

Please let me know any concerns.

Sir,

Circling back on your request, Brad has a process in place and is currently distributing reports daily to external partners. The catch is he is still trying to determine through his contacts at PSIO that he has the correct external addresses.

I will keep you updated as he progresses this initiative.

Take care

Ed

Ed,

This is the email we sent out to LE partners in Alberta.

We have been disseminating to everyone on this list. Iâ€™ve just checked and we have not had any replies from anyone other than PSIO, who include us on everything. We have not rcvd intel reports nor rcvd messages that the address is the wrong person.

I have asked PSIO if they share with the others and who they are sharing with.

We sent another email to Ottawa PS etc, and are rcving intel reports from there which is shared with DEOC.

Brad

**Subject:** Public Order Events in Alberta - Request for Information/Dissemination

Good evening Alberta law enforcement partners,

K Divisionâ€™s intent is to gather all available information and intelligence in relation to the on-going public order events in Alberta, as well as establish a streamlined process between our current ongoing operations and evolving events. The information will be assessed and integrated into products which will be disseminated to Alberta LE partners.

We are requesting that our partners please submit any information relating to public order events of tactical/operational importance to K DCAS and K DEOC. The email addresses are as follows:

[REDACTED]@rcmp-grc.gc.ca and [REDACTED]@rcmp-grc.gc.ca

This request for information is not intended to replace any formalized processes (such as ACIIS/CISA), but rather is meant to address the evolving, multi-jurisdictional â€œtacticalâ€ information regarding anti-mandate, truck convoys, blockades, or related incidents.

Please advise if there are other individuals (or mailboxes) within your respective agencies that should be added to our external dissemination list.

Thank you,

Division Criminal Analysis Section (DCAS)  
RCMP â€œKâ€ Division

**Subject:** K Div Update 2022 02 07 at 19:00 hrs

---

Coutts site: Status quo. One lane open each way. Approximately 25 vehicle parked in one south bound lane and 18 parked in one north bound lane. 34 vehicles at the Saloon which is the base of operations for the protestors. Protestors **Personal Info.** is also in the saloon. The protestors appear to be in two camps. RCMP officers and County Fire Dept. have been in and around the saloon, especially as there is a variety of fuel there and hence a danger from fire or worse. No obvious animosity towards authority figures. Investigation continues into the drivers and registered owners of the five tractors that drove through the checkpoint last night.

Check point 10 has approximately 160 vehicles at it. No change there. RCMP expects to be tested at that location as per events of previous nights.

Key figures have been identified and that is helpful, so RCMP know who to negotiate with.

Discussions underway to move CP10 closer to Coutts on to a 10 acre parcel off the highway. This will make it easier to divert traffic to Del Bonita POE if things get entrenched again. Tactical maneuver on part of AB RCMP.

CBSA advises that the vehicles at Carway left within two hours of getting there. They did not interfere with access to the border at that location.

AB Sheriffs are engaged and have two officers at both other POE's – Del Bonita and Carway, to assist with traffic issues.

Calgary Police Service laid approximately 80 summonses at a protest sight today.

Legal is engaged and providing good and timely advise.

**Subject:** Coutts Border concerns

Good afternoon,

I had couple complaints sent me way that I wanted to bring forward to you for your attention.

Members have raised concerns in relation to Insufficient meals, breaks, and Members exceeding max hours. I note that the concerns were not coming from the STO resources but from the GD resources.

I am not sure if Members have been told to bring food with them for the day on deployment or not, or if meals were being provided to them. Perhaps that can be made more clear with the Members being deployed.

Any insight would be appreciated.

Hello Paul, thank you once again for allowing Gord to assist on Saturday. As expected Gord's experience and expertise ensured that our police response was planned, measured and effective. Notwithstanding a serious motor vehicle accident, Gord was able to bring the event to a peaceful resolution. The event at that location ended on Saturday as did Gord's command.

Thanks again,  
Trevor

Good morning Trevor,

Things have also been very busy here in Ottawa with the ongoing protests. I understand that Gord assisted over the weekend and returned home on Saturday.

Please advise if command was transitioned. Unfortunately, there is also an ongoing significant demand for the services of Gord here within the SSiS program that Gord is managing.

Best regards,  
Paul

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,  
Trevor

**Subject:** SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

#### BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2<sup>nd</sup> Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5<sup>th</sup> to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.
- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

#### CURRENT STATUS:

- The organizer is a local business owner named [Personal Info].
- Additional police resources are being obtained locally.
- The Commander has had a meeting with [Personal Info] and his assistant [Personal Info].
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5<sup>th</sup> have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

#### STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutts border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

#### STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

#### MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

#### CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

#### DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

#### DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

#### PREPARED BY:

S/Sgt. G.M. Yetman  
Detachment Commander  
Brooks Detachment

#### RECOMMENDED/APPROVED BY:

S/Sgt. Mark WIELGOSZ  
A.DANCO – Southern Alberta District

Hi s.37,

I meant to call you last week, but always got sidetracked.

Just want to thank you for the tremendous support that you and your members have provided to us over the past week plus. Your folks have been absolutely exceptional and have proven themselves to be a very valuable part of our response strategies.

We'll chat further in due course, but I felt compelled to send you a quick message to express my thanks and sincere appreciation.

Thanks bud,

John

**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Jeff McGowan (jmcgowan@npf-fpn.com)  
**Subject:** Coutts resources

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that though all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground?
3. How difficult would it be to get a list of Members?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Kevin

**To:** Slaney, Gina <Gina.Slaney@rcmp-grc.gc.ca>  
**Subject:** Village "Concerns"

Hello Cpl. Slaney,

My deputy mayor is a retired CBSA employee with a lot of spare time and has been fielding "complaints" from residents. He has lived here for his whole career and married locally as well. Obviously, he feels he is an expert in these matters legally. He has compiled this list and is suggesting an information sheet for residents. Actually, that part I kind of agree with. Couldn't hurt. The courier question you already answered. A lot of this is second or third party, I'm sure.

I was going to suggest someone might attend our council meeting just to bring everyone up to speed but now that I've received this letter, I'm not sure. Might turn into an all nighter!

I'm supposed to have a delegation of angry residents who want my head that night as well so maybe I could use some uniformed protection (joking?)

When you read the list, "ewe" is just Scott. Is that a "Royal We"? The first I heard of or saw the list was just this morning.

If you want to speak with Scott directly here is his contact information.

**Personal Info.** email **Personal Info.**

Thanks for your assistance,

Jim Willett  
Mayor  
Village of Coutts

Hi Curtis,

I am following up on your request to potentially use AT land near Milk River as an alternate location for protestors to move to.

I have asked my office to set up a call as soon as we can this morning to get some more information. So, your office should hear from mine soon on setting up a time to chat.

Cheers,

Craig,

This is what we need immediate approval from Nina and Chris on.

Commercial and passenger vehicles northbound from the US are able to cross freely at the Coutts border crossing. Some large commercial vehicles southbound to the US border are being delayed by RCMP due to new congestion points created by the protestors. RCMP will hold these vehicles at Milk River, until we can get them through. Passenger vehicles are able to continue south on Hwy 4 for Coutts residents and those traveling to the US.

**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Jeff McGowan (jmcgowan@npf-fpn.com); Stanviloff, James (james.stanviloff@rcmp-grc.gc.ca); Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca)  
**Subject:** RE: Coutts resources

The messaging would be fairly generic with likely some links to OT and travel policy, but more importantly just to let them know how to contact the NPF if it is needed. I suspect we would also add a couple lines saying that we understand that they are working in difficult times, and are supporting them and despite what they may be hearing from the media or the protestors, the vast majority of Canadians support them.

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that though all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground?
3. How difficult would it be to get a list of Members?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Key

Hey Justin,

See below. I have also attached the audio call

### Issue:

- ☛ Threats / Freedom Convoy â€œ Fort Saskatchewan Detachment;
- ☛ File # 2022-163328 refers.

### Background:

- ☛ On February 8<sup>th</sup> 2022, at approximately 08:45 hours, Fort Saskatchewan RCMP received a call from an unknown male, from an unknown number;
- ☛ The male stated the following:
  - His family is part of the freedom convoy and they are going to do â€œsomething big hereâ€;
  - The RCMP is stealing from them and his family is tired of it;
  - The Trudeau Government are a bunch â€œtyrannyâ€ and liars;
  - The RCMP are no longer law, you steal from us, â€œyou pay the priceâ€;
  - â€œYou call your stupid cops and dogs backâ€, If you steal from us there will be consequences;
  - He and his family are going to be running gas to the truckers, â€œYou want to fight and fuck with us? You want to fight us? You want to fight? YOU GOT ITâ€;
  - When we run gas to our family, â€œYou pigs stay out of our wayâ€
  - Your law is no longer law, and your tyranny Government are a bunch of liars;
  - He speaks about telling the truth about Japan (referring to the Hiroshima bombing);
  - Tells police to â€œstay the fuck out of our way or suffer the consequencesâ€;
- ☛ The male then hangs up the phone.

### Current Status:

- ☛ All detachment management have been advised;
- ☛ The audio recording of the phone call has been pulled and downloaded to a USB;
- ☛ There are no planned protests in Fort Saskatchewan. It is believed that the male is referring to protests at Coutts Border crossing;
- ☛ DEOC is being advised of phone call;
- ☛ Cpl. Lafreniere advised that he recognized the males voice from a call made last week where he ranted about the RCMP and CROWN not telling the truth about radiation poisoning from Hiroshima and how the RCMP are murdering people because of it.
- ☛ The male called from an unknown number during that occurrence as well;
- ☛ GIS has been consulted with due to the nature of the threats, and the media attention brought on by the protests.

### Strategic Considerations:

- ☛ Currently, the males identity remains unknown. Police are unable to deal with the threats directly at this time;

- 9R• Threats being uttered are towards the RCMP and Federal Government;
- 9R• No direct location was provided. Should these threats be real, it is unknown which protest the male was referring to.

**Strategic Communications:**

- 9R• DEOC to be notified as there is a potential threat for elevated violence at the protests;
- 9R• Media coverage of protests are in full effect. No need for media release regarding this occurrence;
- 9R• No immediate impact on Fort Saskatchewan Operations.

**Member / Employee Wellness:**

- 9R• Detachment clerk who took the call was spoken to by Cpl Lafreniere to ensure she is okay;
- 9R• No effect to regular members at the detachment.

**Conduct / Civil Risk Assessment:**

- 9R• Not applicable at this time.

**Detachment Commander Comments:**

Good Afternoon All,

We are seeing reports of the arrest of AP in Calgary in relation to "critical infrastructure defence act" violations. Is there any info that can be provided to us for furtherance to our Minister who is asking and being asked about the same?

Same is being reported on Rebel Media and the Western.

Thanks all,

s.37 [REDACTED]

**Subject:** FW: contacts

---

Good Afternoon Kevin, Roberta, Peter,

Per the below inquiry, and admittedly not knowing the nature of the information that was conveyed to the Minister of Transportation, I was asked to suggest that the best point of contact for conversations into Transportation would be ADM s.37 [REDACTED]. I have copied him on this email, just to make that connection.

Of course any coordination on the upcoming Joint Media event with our Minister can be worked through with s.37 [REDACTED] in our ISG COMS shop, who I have copied as well.

We are just trying to streamline communication within the two ministries.

As always, never hesitate as well to reach out to me if you have any questions or need anything at all.

Thanks all,

**Cc:** s.37 [REDACTED]@gov.ab.ca>; s.37 [REDACTED]@gov.ab.ca>  
**Subject:** contacts

A number of folks are reaching out to Minister Sawhney directly.

Minister has received contact info from the following individuals for the RCMP.

C/Supt Kevin Kunetzki [REDACTED] Irrelevant  
Supt Roberta McKale (comms contact) [REDACTED] Irrelevant

Can you let us know who these folks are in relation to the courtts issue and how we can communicate with them at a bureaucratic level rather than through our Minister – and if it is AT/ISG (or both) who should be in contact with them.

Minister also received an email from Steven Johnston, Senior Counsel, Deputy Chief Prosecutor Specialized South Appeals and Specialized Prosecutions Office providing his email and phone number to her. I am not sure on protocol here, but better if these contacts are done through the bureaucracy as we are the ones providing consolidated advice.

**Subject:** Sit Rep #98: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-08

#### Situation as of 1519hrs on 2022-02-08

##### Event Overview:

- **No demonstrators** reported to be on **Parliament Hill** at this time.
- **Approximately 75 demonstrators** on **Wellington St. and in the downtown core.**
- OPS estimate that there are **500 trucks** in the downtown core.
  - o Police have facilitated the departure of 6 to 7 trucks today, from the downtown core.
- Other Events:
  - o H Division:
    - Windsor to Halifax, NS (2022-02-08):
      - "H" Division MSOC is actively developing intelligence related to marine domain security. Comments on social media to blockade the Halifax Harbour and NS/NL Ferry were dismissed, citing multiple reasons including federal level enforcement, insurance, fuel costs and loss wages from fishing. Members of the "Halifax Convoy" group have stated that they wish to protest again this coming weekend or possibly on a weekday. Many are dissatisfied with the organization of the event. The group is looking for an "off the grid" alternative for communicating as they do not want to be reliant on cell towers.
    - New Minas and Kentville, NS (2022-02-10):
      - Kings District RCMP and Kentville Police Services (KPS) have become aware that there is a planned protest starting at exit 12 traveling to exit 14 of Highway 101 and back. The organizers have advised police that it will be a peaceful "slow roll" protest.
    - NS/NB Border (2022-02-12): This is to update on current open source information regarding upcoming public order events scheduled to take place at the NS/NB provincial land border crossing, located at Fort Lawrence, N.S., on February 12, 2022 in support of "Freedom Convoy". There are no overt calls or plans for a Trans Canada Highway blockade, however there is a heightened level of risk given concurrent public order events taking place nation wide, and the strong likelihood of locally shared ideologies. Social Media conversation around this event have been cited as saying there is a need for numbers "so that the RCMP can't do anything". Previous events have taken place on January 23, 29 & 30, 2022 but were severely hampered by inclement weather.
  - o D Division:
    - As of the morning of 2022-02-08, the Freedom Convoy Support demonstration at the Manitoba Legislature in Winnipeg, Mb is ongoing. Winnipeg Police Service has blocked off an area around and near the Manitoba Legislature to allow for the influx of these large vehicles. Media notifications have been made to advise the general public on the impact on traffic flow in the downtown core of Winnipeg. The total number of persons in attendance and length of protest is unknown at this time. (No change).
    - Winnipeg Police Service are the POJ and are fully engaged in the planning and response to this event. At this time there has been no request for resources or assistance from D Division RCMP. No further significant events have been reported since the hit and run reported previously. (No Change).
    - A support convoy event that was planned for last week but postponed due to weather is now being planned for Saturday Feb 12th in Western Manitoba. Convoy is planning to travel through a number of communities in western Manitoba, starting and ending in Brandon, MB. Manitoba West District management team is on contact with event organizer. Further details and information will be provided.
    - Information received that there may be a smaller support rally being planned for Swan River Manitoba, also for Saturday February 12th.
    - On 2022-02-07 information was received of a further planned support rally to attend the Manitoba Legislature in Winnipeg on Saturday Feb 12th. Social media posts are calling for supporters from south-east Manitoba to meet at Deacon's Corner (Hwy

#1 just east of Winnipeg and then travel into join the protest at the Legislature. Organizers are asking for people to bring large vehicles/farm equipment to join the event. Efforts are ongoing to connect with organizers of this group to discuss plans, road safety etc.

- D Division DCAS/TIU is monitoring open source social media to glean any information that can be shared.

○ O Division:

- On 2022-02-07, approx. 75 vehicles participated in a "slow roll" convoy near the Ambassador Bridge (Windsor-Detroit border crossing). After initially being diverted from the Bridge by Windsor Police Service (WPS), a group of vehicles returned and blocked the southbound traffic lane. This caused a major impact on CBSA operations;
- Prominent social media/anti-mandate personalities, Person and Person, have been actively promoting more participant reinforcements to attend the Ambassador Bridge;
- A social media campaign supporting a province-wide school walkout is being organized for 2022-02-11 with the goal of ending mask mandates and all restrictions;
- Convoy social media have been coordinating supplies for Ottawa participants, some being transported in from northern Ontario communities. Encouragement for participants to attend Ottawa continues;
- No further updates received about a local convoy blocking the Bluewater Bridge at the Samia-Port Huron border crossing on 2020-02-07.

○ J Division:

- Bathurst on 2022-02-12 at 0930hrs.

- "Freedom Convoy" 2022 with protesters meeting at Bathurst Mall, Lining up on St-Peter Avenue. Jurisdiction of Bathurst Police.

- Fredericton on 2022-02-11/12/13

- "Freedom Rally", NB Legislature building - Four (4) Facebook events have shared plans to hold events over several days in the downtown core of Fredericton. All four events are organizing people from different parts of the province to convoy with the intent to converge in Fredericton on Friday, 2022/02/11. An invitation was noted on social media asking residents of Nova Scotia to join in a convoy that would end in Fredericton and meet up with New Brunswick convoys. The invitation indicates a plan to block the NB-NS border following the event. Fundraising efforts via social media have been identified to support the event on February 11th with "Porta-poties, mechanics on stand-by, security, food, water, utensils, tables, etc.". On February 11th there will be groups coming from St-John, Moncton, Central New Brunswick (Miramichi, Boiestown, Blackville etc.). On February 12th, there will be groups coming from St-John, Moncton, Campbellton, Nigadoo, Grand-Falls, St-Quentin, Edmundston and Norton to Fredericton. All convoys on Friday, February 11th, will be gathering at the Lincoln Big Stop, 415 Nevers Road, in Waasis, NB, before departing at 12:30hrs heading to Fredericton. Jurisdiction of Fredericton Police.

**Operational Information:**

- Person posted a live video in which he mentions he visited Lansdowne Park and debunked his theory about a "containment unit" being set up there. In the video, he was asked by a supporter if he is worried about the additional RCMP officers supporting the OPS: Person replied that he is not concerned and that "a man with nothing to lose is a dangerous man".
- Personal Info. was spotted at approx. 1340hrs near Elgin and Nepean. Unclear at this time if Person will be making her way to parliament.
- Farfadaa seen on Wellington
- CIG was advised of the following:
  - People gathering around the stage on Wellington at about 1245hrs. No speakers at this time.
  - Subject escorted off PH by PPS at about 1300hrs, without incident, after he tried to go to West Block.
- CBSA reported:
  - Ambassador Bridge, Windsor, Ontario - As of 13:30hrs, protestors have completely blocked westbound College Avenue turning northbound on Patricia Road with pick up trucks and vehicles. This route was previously used by local traffic and employees reporting to work.
  - Blue Water Bridge, Samia, Ontario - bridge traffic has increased and the bridge continues to experience increases in border wait times.

**Operational Planning:**

- Nil updates at this time.

**Protective Clients and Protective Sites:**

- Nil updates at this time.

**Communications:**

- Nil updates at this time.

Good Afternoon Kevin, Roberta, Peter,

Per the below inquiry, and admittedly not knowing the nature of the information that was conveyed to the Minister of Transportation, I was asked to suggest that the best point of contact for conversations into Transportation would be ADM s.37 [REDACTED]. I have copied him on this email, just to make that connection.

Of course any coordination on the upcoming Joint Media event with our Minister can be worked through with s.37 [REDACTED] in our JSG COMS shop, who I have copied as well.

We are just trying to streamline communication within the two ministries.

As always, never hesitate as well to reach out to me if you have any questions or need anything at all.

Thanks all,

s.37 [REDACTED]

**Subject:** contacts

A number of folks are reaching out to Minister Sawhney directly.

Minister has received contact info from the following individuals for the RCMP.

C/Supt Kevin Kunetzki [Irrelevant]  
Supt Roberta McKale (comms contact) [Irrelevant]

Can you let us know who these folks are in relation to the courtts issue and how we can communicate with them at a bureaucratic level rather than through our Minister â€œ and if it is AT/JSG (or both) who should be in contact with them.

Minister also received an email from s.37 [REDACTED], Senior Counsel, Deputy Chief Prosecutor Specialized South Appeals and Specialized Prosecutions Office providing his email and phone number to her. I am not sure on protocol here, but better if these contacts are done through the bureaucracy as we are the ones providing consolidated advice.

**Subject:** RE: Coutts resources

The messaging would be fairly generic with likely some links to OT and travel policy, but more importantly just to let them know how to contact the NPF if it is needed. I suspect we would also add a couple lines saying that we understand that they are working in difficult times, and are supporting them and despite what they may be hearing from the media or the protestors, the vast majority of Canadians support them.

Subject: Coutts resources

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that though all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground ?
3. How difficult would it be to get a list of Members ?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Kev

Hi Peter,

I know John and the CO are tied up ... any luck on this list? We are being asked about this right now.

Thanks,

S.37

Good evening

Can you provide us with a list of companies you have contacted in relation to towing so that we can see what we might be able to do to encourage support for the RCMP...

Thanks,

S.37

S.37 ... see the nite below from S.37. Can you work with the ramp to get the list of companies that they have contacted. We will likely need to ask one of our staff to start making calls tomorrow. First thing though is to get the list from the ramp. Thanks

**Subject:** 22-015 2022-02-08 1400 hrs UPDATE NOC 22-016 K Division COVID Can USA Border Blockade (002) (002).pdf  
**Attachment:** 22-015 2022-02-08 1400 hrs UPDATE NOC 22-016 K Division COVID Can USA Border Blockade (002) (002).pdf;

ISSUE:

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.  
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.  
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.  
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-08:

- at 2000hrs on Monday February 7th a group of 4 farm large farm tractors left the Coutts site northbound in the southbound lanes and blew past checkpoint 3 (CP3) just north of the Coutts location. Members activated their lights and sirens in an attempt to stop the tractors but disengaged when it was obvious they were not stopping. The tractors eventually returned, with an additional 3 large tractors to Coutts and parked near Person's Saloon. Patrons of the saloon rushed out to swarm the tractors to provide a level of anonymity to the operators, and all patrons and operators returned into the saloon.  
- RCMP shut traffic S/B at CP10 overnight, and re-established traffic flow by 0800hrs today.  
- this morning RCMP and Calgary Police investigators arrested Person's Info for his role on February 3rd in unlawfully inciting protesters to interfere with essential infrastructure (blocking the highway). Pawlowski was charged with offences under the Critical Infrastructure Defence Act, Criminal Code (Mischief) and Breaching an existing Recognizance.  
- At 1300hrs a second farm tractor incident occurred where 6 tractors left the Coutts location and completed laps around CP3, and returned to Coutts. Again, patrons of Person's Saloon swarmed the occupants and escorted them back to the saloon before identifications could be established.  
- Traffic flow was re-established and currently at the main site in Coutts a single lane of travel is open in each direction allowing for restricted movement of traffic.  
- At the main site in Coutts currently 19 semi-trucks and 5 farm tractors are lining the northbound side of the highway 4 and 20 are lining the southbound lanes along with 5 farm tractors, for a total of 39 commercial vehicles and 10 tractors.  
- At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters remain fluid. At last count there were 15 commercial vehicles, 41 RV's, approximately 108 passenger vehicles, and 9 farm vehicles.  
- Coutts site is currently calm, pressure site is still CP10 where there are more vehicles and foot traffic.  
- Sufficient Diesel, Propane and gas stockpiled to keep involved vehicles running in cold weather at Coutts location.  
- Non protest related traffic transiting Checkpoint 10 and Coutts site quickly to access Border- very minimal delays.  
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 2200).  
- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.  
- CCMG is still working hard with the community to develop a process to move the protesters at checkpoint 10 to an area that would allow them to have a legal protest, this would enhance police and public safety.  
- Traffic is flowing, unimpeded at the time of this report, through the border crossing in both the north and south lanes.  
- CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10.

STRATEGIC COMMUNICATIONS:

- Media releases continue to be disseminated when required.  
- Social media messaging from RCMP accounts is being used heavily in the print media.  
- Social media is being monitored, comments have turned negative towards law enforcement throughout the day.

CONDUCT / CIVIL RISK ASSESSMENT:

• N/A

**Subject:** FW: Update on Coutts 17:30 hrs briefing

---

Sorab,

I checked and I actually could not find any updates that you forwarded to me for a template. Here is what I wrote from our update I hope this meets what you are looking for. If not let me know and I can make adjustments:

The Premier announced lifting the restriction exemption program requirements for businesses like restaurants, gyms and entertainment facilities effective after midnight tonight. This program requires showing proof of vaccination. He outlined a plan to reduce other health measures starting next week.

Border traffic is flowing with one northbound and one southbound lane open. The flow has steadily increased over the course of today since the early morning blockade.

The main site has 53 vehicles and most of them are commercial trucks.

Check point 10 has 257 vehicles and most of them are passenger vehicles.

The Ministry of transportation has approved a large plot of land west of Milk River but adjacent to the Town for a temporary lawful protest site. This site was selected in consultation with the Provincial and local government officials. The goal is to move participants to this site to facilitate lawful protest and reduce public safety concerns with the vehicles on the highway. Our objective is to begin this transition process tomorrow.

We have an active investigation underway related to the activity of some tractors from the site that failed to stop for police and ignored lawful direction from police at checkpoints. We have taken steps with positioning resources to diminish the potential for this event from happening again.

**Personal Info.** was arrested in Calgary for offenses committed in Coutts related to the blockade. Mr. **Persona** is a street preacher who is already under charge for offenses related to his activities in COVID protests in Alberta. He breached his conditions and committed offenses under the Criminal code and Critical Infrastructure Defense act in relation to his activities in counselling the furtherance of the blockade.

**Sent:** 2022-02-08 19:18:02  
**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Sahasrabuddhe, Nina (nina.sahasrabuddhe@rcmp-grc.gc.ca)  
**Subject:** Border blocked

---

Just a heads up... Kevin called to advise the border is blocked north and southbound. Apparently there is a tweet indicating they are unhappy with the announcement by Jason Kenny and don't feel it has gone far enough.

We will get further updates as we gather some additional information.

**Subject:** FW: Body Worn Camera - New Cost Centre Creation (H, K and V Divisions)

Hello Ed and Nick

We will be creating new cost centers to track the costs of the Body Worn Camera program in K Division. Who should have signing authority over the cost center?

I will let you know the cost center as soon as its been created.

Thanks  
Heidi

Good morning,

In coordination with the C&IP Program, Hierarchy Management would like to create a new Cost Centre for the Body Worn Camera Units for H, K and V Divisions. Could you kindly complete the attached form (3175) and return to the HM proxy account. A new Cost Centre (and Funds Centre if required) will be created as quickly as possible.

Please feel free to reach out should you have any questions or concerns.

Thank you,  
Colleen

This was prepared by s.37 today. Any questions please advise.

Bottom line – can seize. Should not use the trucks then for other purposes such as using them to tow away things or push with tractors.

**Subject:** Sit Rep #101: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-09

#### Situation as of 0847hrs on 2022-02-09

##### Event Overview:

- No demonstrators reported to be on Parliament Hill at this time.
- No demonstrators on Wellington St. and in the downtown core.
- OPS estimate that there are 500 trucks in the downtown core.
- Other Events:
  - o K Division:
    - Coutts POE- At 2000hrs on 2022-02-07, a group of 4 farm large farm tractors left the Coutts site northbound in the southbound lanes and blew past a checkpoint 3 (CP3) just north of the Coutts location. Members activated their lights and sirens in an attempt to stop the tractors but disengaged when it was obvious they were not stopping. The tractors eventually returned, with an additional 3 large tractors to Coutts and parked near Person Saloon. Patrons of the saloon rushed out to swarm the tractors to provide a level of anonymity to the operators, and all patrons and operator returned into the saloon.
    - RCMP shut traffic S/B at CP10 overnight, and re-established traffic flow by 0800hrs on 2022-02-08.
    - During the morning of 2022-02-08, RCMP and Calgary Police investigators arrested Personal Info. for his role on February 3rd in unlawfully inciting protesters to interfere with essential infrastructure (blocking the highway). Personal was charged with offences under the Critical Infrastructure Defence Act, Criminal Code (Mischief) and Breaching an existing Recognizance.
    - At 1300hrs on 2022-02-08, a second farm tractor incident occurred where 6 tractors left the Coutts location and completed laps around CP3, and returned to Coutts. Again, patrons of Person Saloon swarmed the occupants and escorted them back to the saloon before identifications could be established.
    - Traffic flow was re-established and currently at the main site in Coutts a single lane of travel is open in each direction allowing for restricted movement of traffic.
    - At the main site in Coutts currently 19 semi-trucks and 5 farm tractors are lining the northbound side of the highway 4 and 20 are lining the southbound lanes along with 5 farm tractors, for a total of 39 commercial vehicles and 10 tractors.
    - At check point 10, which is set up 18km north of the main site on highway 4 the amount of protesters remain fluid. At last count there were 15 commercial vehicles, 41 RV's, approximately 108 passenger vehicles, and 9 farm vehicles.
    - Coutts site is currently calm, pressure site is still CP10 where there are more vehicles and foot traffic
    - Sufficient Diesel, Propane and gas stockpiled to keep involved vehicles running in cold weather at Coutts location.
    - Non protest related traffic transiting Checkpoint 10 and Coutts site quickly to access Border- very minimal delays.
    - Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 2200).
    - The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.
    - CCMG is still working hard with the community to develop a process to move the protesters at checkpoint 10 to an area that would allow them to have a legal protest, this would enhance police and public safety.
    - Traffic is flowing, unimpeded at the time of this report (2022-02-08 in the early evening), through the border crossing in both the north and south lanes. CCMG continue to maintain communication with the organizers at both the main site and checkpoint 10.
  - o E Division:
    - Kamloops, BC: On 2022-02-12 from 1030-1330hrs th Freedom Kamloops Convoy Support Rally will start off at Mearthur Park with a destination of City Hall.

▪ Lower Mainland District:

- Langley/Surrey, BC: On 2022-02-12 from 1000hrs, Riding the Line (Horseback) and BC Block Party will start off at the Campbell Valley Regional Park in Langley with a destination of 176 St. Border Crossing, Langley.
  - Chilliwack, BC: On 2022-02-12 at 1100hrs, the Convoy from Chilliwacks to the 176<sup>th</sup> Truck Crossing will start off on Lickman Rd. in Chilliwack and arrive at 8<sup>th</sup> Ave/176<sup>th</sup> Street.
  - Burnaby, BC: On 2022-02-19 from 1000-1500 hrs the Freedom Convoy to Global News Rally will start off at the Colossus Cineplex Cinemas in Langley with a destination point of Global News at 7850 Enterprise St. in Burnaby.
  - Chilliwack, BC: On 2022-02-21 at 1100 hrs, the Family Day Rally/Convoy Supporting Truckers will start off on Lickman Rd and travel to Townsend Park in Chilliwack.
  - Vernon, BC: Ongoing since 2022-02-04, the Free the North, Park and Protest remains ongoing Monday to Friday from 0900hrs-1600hrs at the Office of MLA SANDHU. Plans are that this will continue until mandates are lifted.
  - Vancouver Island, BC: On 2022-02-12 starting at 0645hrs the Island Convoy will travel from Campbell River to the BC Legislature in Victoria, BC.
  - Victoria, BC: On 2022-02-08 from 1330hrs-1530hrs the Stay Victoria Convoy engaged in a rolling convoy around the Legislative Assembly of BC.
  - 100 Mile House, BC: On 2022-02-18 at 0900hrs and on 2022-02-19 at 1200hrs, there 100 Mile Slow Roll will take place, starting at Exeter Truck Rd through to the intersection of Hwy 97 and 24.
  - Fort St. John/Dawson Creek, BC: On 2022-02-09 from 0730hrs-0900hrs, the Peace Country Convoy 22 will leave from Fort St. John and travel to Dawson Creek, with a planned destination of Ottawa, ON.
- CBSA has reported the following statuses of crossings into Canada:
- o As of 0714 hrs: Ambassador Bridge (Windsor) temporarily closed. Windsor Tunnel remains open.
  - o As of 0643 hrs: Blue Water Bridge (Sarnia) – delays of 4 hours 15 minutes.
  - o As of 0710 hrs: Peace Bridge (Niagara Region) – delay 5 minutes.
  - o As of 0430 hrs: Coutts, AB – 1 hour delay.

**Operational Information:**

- A Facebook event page titled: *Blue-collar Convoy 2022 West Route* was located. According to the event page, the group will be meeting at the Canadian Tire Center at 0900hrs on 2022-02-13. The convoy will make its way down the Queensway, and end their convoy on Kent Street in downtown Ottawa. The event page has received minimal online engagement (2 going, 55 interested). The event page was created by the Facebook group *Blue-collar Convoy 2022*.
- An Instagram user, @diagonalneverdies, has made a series of posts calling for violence against law enforcement and the general public on 2022-02-07.
- On 2022-02-07, @diagonalneverdies posted “Let’s hunt some circ...” alongside a picture of a FREEDOM CONVOY 2022 protester being arrested by law enforcement. “Circ” likely refers “Circulon,” a word used by followers of the PLAID ARMY/DIAGONAL to denote those that do not support their political beliefs.
- On 2022-02-07, prior to the above post, @diagonalneverdies made another post stating, “One idiot cop like this is going to make this problem a whole lot worse if they keep this crap up.”<sup>[iv]</sup> This post also appears to have been made in reference to the arrest of a protester.
- A statement from @diagonalneverdies on 2022-02-06 (post mentions two days ago) references an individual named [Personal Info], stating “[Personal Info] wants to throw hands... Let’s do it, sanctioned, in a ring.”<sup>[iv]</sup>
- @diagonalneverdies is likely the same user behind the Instagram account @ferrymans\_toll, who was previously identified by CIG OSINT walking with [Personal Info] looking to “throw hands” with [Personal Info]. Images from the accounts of @diagonalneverdies and @ferrymans\_toll both depict an individual donning an identical black hat with the Diagonal stripe, along with a white facemask.
- The moniker “The Ferryman’s Toll”, which is similar to @ferrymans\_toll, has been linked in open sources to “Per\_Pers.”<sup>[vii]</sup> Pers is allegedly a member of the DIAGONAL and its related PLAID ARMY movement.<sup>[viii]</sup> Pers is also known to be an associate of Pers. [Personal Info].<sup>[ix]</sup> The website, anti-hate(.ca), claims that Pers has previously urged violence at protest events.
- OPS and CBSA assisted in identifying the individual as [Personal Info]. CIG has provided OPS with the information for further action if required.

s.37

- As per CIG Update #105, CIG OSINT located a Twitter post by MPP Randy HILLIER, posted at 1915hrs on 2022-02-07, where HILLI

appears to be promoting and possibly organizing a convoy of trades and construction workers. HILLIER indicates that details are pending.

- HILLIER interview with Russian state-owned media:
  - o Randy HILLIER appears to have uploaded an interview with RT, a Russian state-owned media on 2022-02-07, on the website odysee(.)com. The video was possibly uploaded on 2022-02-07.
  - o In the interview, HILLIER speaks against COVID-19 measures and derides the Government of Canada and Prime Minister Trudeau for spreading "propaganda" as a means of destroying constitutional rights. HILLIER also speaks out against the GoC for what he perceives as attempts to discredit the Freedom Convoy 2022.
  - o RT has been commonly identified as a Russian state-funded and state-directed media source. (e.g. <https://www.state.gov/report-rt-and-sputniks-role-in-russias-disinformation-and-propaganda-ecosystem/>)
  - o The full video has been captured by CIG Open Source.
- On 2022-02-08, OPS received information that [Personal Info] sent an email stating that the user, possibly [Personal Info], is in the process, along with Randy Hillier, of organizing a convoy of trades' people to drive to the Hill from three staging areas this Sunday.
- Citizens advised RCMP members located at Portage Bridge in Gatineau that some of the protesters were hiding gas cans "inside" a snow bank at Portage Bridge.
- **FPNS Task Force:**
  - o **Reviewed CIG Updates:**
    - #108, 109 and 110 for NS concerns;
    - No concerns identified.
  - PROS: 2022-165473:
  - File generated to conduct checks on [Personal Info] in relation to Wilful Promotion of Hatred. [Pers] has been making repeated social media videos and posts with racist connotations, and also implying violence towards the Government of Canada. Ottawa INSET on-call advised, and TIOS has been asked to capture all of the posts. FPNS is monitoring.
  - PROS -- 2022-165358:
  - File generated for [Personal Info] relating to his breaching his release conditions. Members confirmed the release conditions with London PS. OPS is also aware of the possible breach conditions, and their investigative units will deconflict with RCMP as required. FPNS is monitoring.

#### Operational Planning:

- Nil updates at this time.

#### Protective Clients and Protective Sites:

- All protected clients will be in the NCR today, with regular escorts.
- PRU conducted increased patrols at the various protected sites and residences, no issues to report.

#### Communications:

- According to a social media post from this morning, one of the organizers is discussing the protestors in Ottawa leaving and heading for Toronto. While following up on an afternoon press conference, Ottawa Police noted that the situation in the downtown core has been made more complicated by the presence of several children in the area, making an intervention difficult. Articles also touched on the economic impact of these protests, particularly at the Ambassador Bridge, where over \$400 million worth of goods cross each day.
- A request was received from CNN regarding this morning a video post on Facebook about police removing gas cans from the protest site. The reporter has been referred to the OPS.

---

Hey John,

Naomi and I have looked at the letter and the links, there are some good examples in there that should obviously reduce the inquiries to the Line Officers and other as it encourages the conversation to be had with your direct Commander/Manager at the deployment.

My only suggestion would be to attach it was a separate document in whatever gets sent out to Members.

Questions or concerns, please let us know.

MJ

**Subject:** FW: Coutts resources

Hi Folks

Both Kevin K and myself (primarily Kevin) have been dealing with Kevin Halwa on concerns that were brought to his attention by members who have been deployed to the Coutts area. By and large we have addressed these concerns, and I will also add that both Kevin and Jeff understand the situation that we are in and do support us, so when they bring issues forward they are not trying to be poky, they are just following up on their obligations to the membership.

Kevin has asked if they could include the attached message with the deployment instructions to each member. I have no concerns with this, if there are issues or concerns around certain entitlements they are going to come regardless. I don't see this message as being problematic for us in anyway, and in fact I think it reflects well on us in that we are working with the Union to ensure that we are looking after the interests of the membership during this very trying time.

Does anyone see any downside or have concerns about this?

Thanks

John

Afternoon John,

Please find attached a document that I would like have attached to the joining instructions if possible. We appreciate your assistance and support of the Members.

Let me know your thoughts.

Cheers,

Kevin

The messaging would be fairly generic with likely some links to OT and travel policy, but more importantly just to let them know how to contact the NPF if it is needed. I suspect we would also add a couple lines saying that we understand that they are working in difficult times, and are supporting them and despite what they may be hearing from the media or the protestors, the vast majority of Canadians support them.

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that through all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground?
3. How difficult would it be to get a list of Members?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Kevin

**Subject:** K Div Update 2022 02 09 at 11:00 hrs

---

K Div Update 2022 02 09 at 11:00 hrs

Coutts blockade back in effect since last night 20:00 AB Time. No lanes open. Yesterday through the day when Coutts POE was open 30% of normal Covid related traffic made its way through.

Coutts town dwellers are divided. Some support the protestors who are going out of the way to appease community members, while others will privately state they want the protestors to leave. Coutts community and protestors have no issue with RCMP management of the situation so far. This is subject to change as AB RCMP changes posture to enforcement through the day. A Tow Truck company has offered to assist and the hope is this carries through with action. Approximately 25 vehicles in both lanes blocking traffic and they have locked themselves in place, in how they parked.

Check point 10 (CP10) 160 vehicles currently in place. The plan is to shut down CP 10 by 16:00 hrs AB Time today. New site has been opened and has wifi etc., to encourage protestor to move over. Enforcement at CP 10 will start at 16:00 hrs. Hopefully with food trucks and portable toilets moving to new site the protestors will follow.

Trucks piling up at CP 14 as they could not get through the border last night. Trucks including 17/20 cattle carriers will have to go through Del Bonita today and then back to Sweetgrass/Coutts POE for the animals to be checked by a veterinarian. Cattle lobby is strong in AB and they may intercede with protestors.

The Premier of AB's comments last night did not appease the main protestors at Coutts. The Coutts protestors did not see it as an olive branch and are in for the long haul. On local Social Media and calling in radio talk shows protestors say they want all Prov's to drop restrictions not just AB and SK. Feeling is this is for the Fed's to resolve and not the Prov's.

Media, Legal, Investigative services, Critical Incident and others all engaged.

## Edmonton Tow Capacity

**Subject:** Edmonton Tow Capacity

---

Good Afternoon Curtis, John,

I hate calling you too much as you are both super busy. Thanks for the continued updates and info to the Premier, these continue to be very helpful and appreciated. Further to comments from DM s.37 [REDACTED], and our conversation this morning Curtis, I was hoping you could clarify for me the status of the City of Edmonton tow vehicle.

This morning you mentioned you thought it had been arranged for and might well already be on its way south to the site to support your folks. I keep getting conflicting messaging on this as s.37 [REDACTED] is getting different reports. I can certainly reach out from our side to help if that is necessary, but also don't want the Department to be repeating completed work if that asset is already secured and en-route.

Can you advise whether they have confirmed support and have the asset in transit to your team down south? If not, would it be helpful if we attempted to intervene to secure this?

Thanks gentlemen,

s.37 [REDACTED]

**Subject:** K Div Update 2022 02 09 16:00 Hrs

---

K Div Update 2022 02 09 16:00 Hrs

Coutts main site - Both north and south lanes to POE are still blockaded by protestors, using thier vehicles. The protestors did open the highway momentarily to allow the 17-20 cattle trucks to access the border, then shut it down again. US CBP has advised that they can no longer keep Del Bonita and Coutts/Sweetgrass POE's open due the HR issues, as Del Bonita is now staying open longer. Hence they will close Sweetgrass on their side until truck flow normalizes through Coutts.

The Saloon keeper's wife passed away Sunday and before that, told the protestors to, "hold the line, boys". This emotional plea is weighing on the protestors as well.

Transition is underway from Checkpoint 10 (CP10) to the new designated area. RCMP committed to making this happen. However, protestors not being cooperative as they wish to know from the Coutts protestors if this is okay. Conversation being facilitated between the two groups by RCMP.

**Personal Info.** 's remand was in open court with lots of media presence. Unkown what the impact will be. Judge may reserve decision for the day.

Investigative teams including Border Team, Investigative Teams, Auto Theft, General Duty and others all actively engaged and gathering evidence for criminal charges. Legal and Comm's engaged as well.

Numbers of vehicles similar to this morning at main Coutts site and CP10.

## Logistics and Maybe Silver

**Subject:** Logistics and Maybe Silver

---

I have a SSGT that was previously posted in Cardston. Although he says he has never been to Del Bonita I'm sure he could find his way there.

We could place into a the Logistics role and potentially even the Silver there as well.

If you haven't been able to find anyone else, please let me know. I've spoken with him already and he would be willing to help.

H S.37 [REDACTED]

I can confirm that it has not departed.

The back and forth in terms of it going or staying is on us and not the CO, in fairness to him we were looking at bringing it down this morning, but have placed it on hold. To add a bit of context, the protesters attitudes, positions and even their decisions are constantly changing and are changing rapidly. As such we are continually adapting and changing our approach in order to get a bit of an advantage. Although we saw a strategic opportunity to use the tow truck, new opportunities have since presented themselves and they are opportunities that we feel will assist that we are hopeful will have a more positive impact. To put it bluntly, one tow truck will have minimal effect and minimal impact on us achieving our overall goal, however, when we did plan to bring it down it was with the thought that it might potentially help us in one area. Of course with ever option we are constantly weighing the risks and assessing the pros and cons, and although using the Edmonton Tow truck was an option that we felt might advance our plan at the time, that quickly changed. I hope this provides a bit of information useful. I get the sense that there might be some thoughts from some that having this tow truck will solve everything, but that will not be the case. It could still be valuable in a limited role that helps us achieve a larger goal, but at this point we don't feel that it is prudent to advance that option. One thing that we are always mindful of is the fact that anything that we do in terms of acting aggressively, is that this action will be a lightning rod for others that may result in major disruptions across the province.

Let me know if you would like to discuss further.

Thanks

John

**Subject:** Edmonton Tow Capacity

Good Afternoon Curtis, John,

I hate calling you too much as you are both super busy. Thanks for the continued updates and info to the Premier, these continue to be very helpful and appreciated. Further to comments from DM S.37 [REDACTED] and our conversation this morning Curtis, I was hoping you could clarify for me the status of the City of Edmonton tow vehicle.

This morning you mentioned you thought it had been arranged for and might well already be on its way south to the site to support your folks. I keep getting conflicting messaging on this as S.37 [REDACTED] is getting different reports. I can certainly reach out from our side to help if that is necessary, but also don't want the Department to be repeating completed work if that asset is already secured and en-route.

Can you advise whether they have confirmed support and have the asset in transit to your team down south? If not, would it be helpful if we attempted to intervene to secure this?

Thanks gentlemen,

S.37 [REDACTED]

**Attachment:** 22-015 2022-02-09 1400 hrs UPDATE NOC 22-017 K Division COVID Can USA Border Blockade (002) (002).pdf;

---

**ISSUE:**

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

**BACKGROUND:**

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-09:

- On the heels of announcements by Alberta Premier Jason Kenney on 2022-02-08 at 17:00 that provincial mandates would be lifted in the Province of Alberta in the coming weeks, the initial mood at the Coutts crossing location appeared to escalate.
- shortly after the announcements protesters realigned the existing commercial vehicles and farm tractors to completely block the Port of Entry (POE) at the Coutts location.
- with the Border closed traffic was again stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.
- Today (February 9th) the mood amongst protesters remains status quo, as they seemed to have aligned their demands beyond the Alberta-centric provincial announcement to the national message of ending all mandates.
- At the main site in Coutts currently 16 semi-trucks are lining the northbound side of the highway 4 and 17 are lining the southbound lanes along with 3 personal vehicles. In the median between the N/B and S/B lanes protesters have aligned 10 farm large farm tractors and 3 commercial trucks in a Tetris like pattern to ensure no traffic can squeeze through.
- At check point 10, which is set up 18km north of the main site on highway 4 there are 19 commercial vehicles, 34 RV's, approximately 103 passenger vehicles, and 12 farm vehicles.
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 1800).
- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action. Currently the investigative team is working on some tow strategies, but have nothing concrete at the time of this report aside from one heavy duty tow truck owned by the City of Edmonton. Given it is only one tow truck, investigators are working on potential strategies that would support that asset.
- CCMG is still working hard with the community and have identified an area that would allow for a legal protest, which would enhance police and public safety. This area is owned by the Ministry of Transportation and has been approved for usage. The overarching plan is to move the protesters at CP10 to move to the safe location today, which will alleviate some of the current safety concerns.

**STRATEGIC COMMUNICATIONS:**

- Media releases continue to be disseminated when required.
- Social media messaging from RCMP accounts continues to be used heavily in the print media.
- Social media is being monitored, comments have turned negative towards law enforcement throughout the day.

**CONDUCT / CIVIL RISK ASSESSMENT:**

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

DM s.37 [REDACTED],

I just wanted to give you a heads up there has been some chatter over trucker's radios on the possibility of a protest blockade on the highway from Alberta into the NWT. At this point, these are rumours only and there is no indication on social or mainstream media that anyone is planning anything.

However, given that the majority of goods, including fuel and groceries, for communities in the NWT utilize the Highway 35/Highway 1 corridor we are

looking at options and contingency plans for blockades on the NWT side of the Border. At this time of year the Ice Roads into our smaller communities and the Diamond Mines are open and the restocking of Fuel for power generation and heating of homes is underway – Ice Roads are subject to weather and as such any delays in the movement of goods can have a serious effect on the safety of communities and the economic viability of existing Diamond Mines.

We are looking at routing traffic through BC via the Alaska Highway and then into the NWT via Highway 7 should a blockade occur on the Alberta side of the Border. This does add 7-10 hours onto to each trip so it is not optimal for trucker duty times.

Basically the Highway 35/Highway 1 corridor is the economic lifeline for the majority of the NWT. As you are probably aware the majority of goods, services and manufactured goods used in the NWT are produced or sourced through Alberta companies – so there is an impact on Alberta also.

I will keep you in the loop should anything develop – I am hoping that with Premier Kenney's easing of restrictions in Alberta will help to satisfy those who may have been considering Blockade actions. Of course the situation in Ottawa could bubble over and result in further highway protests.

I have cc'ed s.37, ADM, Regional Operations (Highway Maintenance) and s.37, ADM, Programs and Services (Highway Patrol) to open the dialogue and pass on my cell number s.37 should you hear anything that we could collaborate on if this situation escalates.

Hi s.37

Thank-you for your email. I have also included here two of my ADMs.

s.37 who is in charge of our construction and maintenance division and who can have connect with s.37 and ensure we have open lines of communication in the regions on this. And s.37 who oversees our Planning, Procurement and Technical Standards branch and is responsible for coordinating our common awareness of what is occurring across the province.

I have also included s.37, Associate Deputy Minister, Solicitor General of and s.37, ADM Public Security Division from Alberta Justice and Solicitor General for their awareness as our key contacts with policing here.

My cell # is s.37

DM s.37

I just wanted to give you a heads up there has been some chatter over trucker's radios on the possibility of a protest blockade on the highway from Alberta into the NWT. At this point, these are rumours only and there is no indication on social or mainstream media that anyone is planning anything.

However, given that the majority of goods, including fuel and groceries, for communities in the NWT utilize the Highway 35/Highway 1 corridor we are looking at options and contingency plans for blockades on the NWT side of the Border. At this time of year the Ice Roads into our smaller communities and the Diamond Mines are open and the restocking of Fuel for power generation and heating of homes is underway – Ice Roads are subject to weather and as such any delays in the movement of goods can have a serious effect on the safety of communities and the economic viability of existing Diamond Mines.

We are looking at routing traffic through BC via the Alaska Highway and then into the NWT via Highway 7 should a blockade occur on the Alberta side of the Border. This does add 7-10 hours onto to each trip so it is not optimal for trucker duty times.

Basically the Highway 35/Highway 1 corridor is the economic lifeline for the majority of the NWT. As you are probably aware the majority of goods, services and manufactured goods used in the NWT are produced or sourced through Alberta companies – so there is an impact on Alberta also.

I will keep you in the loop should anything develop – I am hoping that with Premier Kenney's easing of restrictions in Alberta will help to satisfy those who may have been considering Blockade actions. Of course the situation in Ottawa could bubble over and result in further highway protests.

I have cc'ed s.37, ADM, Regional Operations (Highway Maintenance) and s.37, ADM, Programs and Services (Highway Patrol) to open the dialogue and pass on my cell number s.37 should you hear anything that we could collaborate on if this situation escalates.

John, Peter T,

Further to my conversation yesterday we have been working the lines to try to help find more heavy equipment options for you. While not completely done, the update below summarizes what we have been able to get assurances of support for your operations on.

I hope this is helpful. We are going to also try another discrete approach tomorrow and may need your advice on whom to approach in the industry. For these eyes only, we would like to approach select companies who might be open to it about the prospect of purchasing their equipment from them. We would be interested in your thoughts on which companies you think might be open to such an approach.

Thanks,

s.37 [REDACTED]

**Subject:** FW: CONFIDENTIAL - Tow Truck requirement Update 4 (Final) - 4:10 pm Feb 9

s.37 [REDACTED] - see attached list with Updates.

Newly available resourcing in red:

s.3 [REDACTED]

As of 4:30 today, the summary of resources available to the GoA for heavy lift/tow truck equipment includes:

- One flatbed trailer

- City of Edmonton: 1 tow truck (not yet deployed to the South)
- 9 sheriffs who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same
- Information from Montana remains forthcoming
- New resources available from the RCMP list of tow truck companies:
  - From two independent Edmonton companies:
    - A two ton wrecker can be provided (for cars and light vehicles)
    - A one-ton wrecker for small cars – but no participation from company drivers
  - From City of Edmonton:
    - One heavy wrecker with a driver available (RCMP contact)
  - From City of Calgary
    - 3 wheel loaders and 2 stiff cranes.

Further information on the avenues that have been explored across ministries is as follows:

- A working group with members from Transportation, JSG, MA, has been assembled to work on this issue.
- The working group currently has the list of the truck companies that were contacted by the RCMP and are working to re-engage these companies.
  - All 50 vendors have been contacted so far. One company is willing to provide a flatbed.
  - Additional resourcing as of 4:30 today includes:
    - A two ton wrecker, a one ton wrecker, a heavy wrecker, 3 wheel loaders and 2 stiff cranes.
- The group is also investigating whether locksmiths can enter locked vehicles and produce ignition keys.
  - This approach appears possible but not feasible as it will require a full vehicle description and VIN number for each vehicle and then engaging dealerships to cut new keys, which is difficult given the geography.
- The working group has determined there are no tow trucks available for lease or purchase; there is a two year waiting list for these resources from the manufacturers.
- Other partners are being contacted for potential equipment including municipalities, industrial companies, airport authorities, etc.

#### AEMA

- AEMA does not maintain an inventory list of equipment that can move heavy equipment.
- Currently exploring resourcing out of Montana; awaiting further information at this time.

#### City of Calgary

- Currently exploring their ability to offer support as their services are also contracted.
- Available equipment from the city includes:
  - 7 large loaders;
  - 10 mid-sized loaders;
  - 2 cranes.
- Update: When this was discussed with their contractor, they made it clear they would not offer assistance.

#### City of Edmonton

- Edmonton International Airport does not have appropriate vehicles that could be made available.
- The city has offered one tow truck (decals removed) to assist.
- The RCMP advises they feel one tow truck will provide minimal value to the situation and may in fact inflame the protestors.
  - With last night's announcement, protestors attitudes, positions and decisions appear to be changing rapidly.
  - As a result, the tow truck has not yet been deployed to the south but may be as the situation evolves.

#### JSG

- 9 sheriffs members have been identified who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same.

#### TRANSPORTATION

- Highway Maintenance Contractors have been contacted and do not have tow equipment or equipment large enough to move semis.
  - Graders or snowplows could be employed but modifications would likely be required to the equipment first.
- The situation is the same in Saskatchewan and British Columbia; they do not own tow trucks.

#### ENERGY

- Oil Sands resourcing has been explored to assist.
- Most of their heavy equipment resources are also contracted and not owned by the oil companies and are unwilling or unable to assist.

We will continue to work explore what options might be available to assist the RCMP.

Subject: CONFIDENTIAL - Tow Truck requirement

Good afternoon,

We have been tasked to identify heavy-lift / tow truck resources who will commit and assist RCMP in the event vehicles, tractors or equipment need to be removed from any of the blockade locations. RCMP have generated a list of potential vendors (attached), however, most seem unwilling or unable to assist at this time. Our job is to revisit the list and convince them otherwise. This will also be a great opportunity to brainstorm and determine what innovating strategies we can finalize by close-of-business tomorrow (Wed Feb 9). I have put together a bit of task list below just to make sure I captured some of the ideas floating around. Obviously, this will be tweaked as we move forward and I welcome all thoughts, comments and ideas.

- Identify suitable callers to work the list

COMPLETE - **s.37** completed the entire list (see attached). Unfortunately, the needle did not move much

COMPLETE - **s.37**'s team is currently compiling a list of locksmiths that can enter lock vehicle and produce ignition keys. **s.37** will have this list completed NLT 14:00 hrs.

- The locksmith approach may not meet our requirements (but is still being researched). It seems what is required to make this work is to capture full vehicle details (make, model, year, VIN), then proceed to the appropriate dealership to have keys made. The geography we are working in is not conducive for this.

Some locksmith (**Personal Info.**) may still be required to unlock vehicles -- list of willing participants is forthcoming

- **COMPLETED:** Consult with AEMA and ascertain if they maintain a current inventory of equipment that could be utilized to move heavy vehicles / trailers apparatus. We will need names and contact info to add the attached list.

- AEMA does not maintain an inventory list

From **s.37** - AEMA Confirmed:

If a State of Local Emergency (SOLE) or provincial State of Emergency (SOE) were declared, the province could:

- acquire or utilize any real or personal property considered necessary to prevent, combat or alleviate the effects of an emergency or disaster
- authorize or require or make an order to authorize or require any qualified person to render aid of a type the person is qualified to provide

Although this has already been considered, it is NOT an option at this time

- Reach into Government of Montana and explore what resources they may have available.

Currently in progress by AEMA. Awaiting results....

- **COMPLETED:** Determine if Sheriff, EPS or CPS Commercial Vehicle Enforcement units have any existing heavy lift tow trucks on contracts/agreements in place.

No vendors can assist

- **COMPLETED:** List qualifications/certification required to operate heavy lift / towing vehicles. Also identify potential GoA personnel who are already qualified to do this work.

- **s.3** provided a list of 9 sheriffs members who have their Class 1 licence and are willing to assist if called upon

- **COMPLETED:** Have Procurement Services on stand by.

JSG Procurement no longer required. AEMA can provide emergency financial support if required.

- **COMPLETED:** Identify companies / organizations willing to lease, sell or lend equipment to the GoA.

- From **s.3**, RCMP already went down this route. There are no tow trucks available for lease or purchase and there is a two year waiting list to order new one from manufacture.

- Reach out to other potential equipment providers (ATCO, EPCOR Airport Authorities, City of Edmonton, Calgary, Lethbridge, Medicine Hat)

- CP Rail does not have any equipment to suite our needs .

Edmonton Airport do not have any equipment they can spare. We are still awaiting to hear back from the city of Lethbridge and Medicine Hat (AEMA).

9. **COMPLETED:** Consult with AEMA and ascertain if they maintain a current inventory of equipment that could be utilized to move heavy vehicles / trailers apparatus. We will need names and contact info to add the attached list.

- AEMA does not maintain an inventory list

From **s.37** "AEMA Confirmed:

If a State of Local Emergency (SOLE) or provincial State of Emergency (SOE) were declared, the province could:

- acquire or utilize any real or personal property considered necessary to prevent, combat or alleviate the effects of an emergency or disaster
- authorize or require or make an order to authorize or require any qualified person to render aid of a type the person is qualified to provide

Although this has already been considered, it is NOT an option at this time

- SR\* Reach into Government of Montana and explore what resources they may have available.

Currently in progress by AEMA. Awaiting resultsâ€¦!

9. **COMPLETED:** Determine if Sheriff, EPS or CPS Commercial Vehicle Enforcement units have any existing heavy lift tow trucks on contracts/agreements in place.

No vendors can assist

SR• **COMPLETED:** List qualifications/certification required to operate heavy lift / towing vehicles. Also identify potential GoA personnel who are already qualified to do this work.

- o S.37 provided a list of 9 sheriffs members who have their Class 1 licence and are willing to assist if called upon

SR• **COMPLETED:** Have Procurement Services on stand by.

JSG Procurement no longer required. AEMA can provide emergency financial support if required.

SR• **COMPLETED:** Identify companies / organizations willing to lease, sell or lend equipment to the GoA.

- o From S.37, RCMP already went down this route. There are no tow trucks available for lease or purchase and there is a two year waiting list to order new one from manufacture.

SR• Reach out to other potential equipment providers (ATCO, EPCOR Airport Authorities, City of Edmonton, Calgary, Lethbridge, Medicine Hat)

- o CP Rail does not have any equipment to suite our needs .

Edmonton Airport do not have any equipment they can spare. We are still awaiting to hear back from the city of Lethbridge and Medicine Hat (AEMA).

DM s.37 [REDACTED]

I just wanted to give you a heads up there has been some chatter over trucker's radios on the possibility of a protest blockade on the highway from Alberta into the NWT. At this point, these are rumours only and there is no indication on social or mainstream media that anyone is planning anything.

However, given that the majority of goods, including fuel and groceries, for communities in the NWT utilize the Highway 35/Highway 1 corridor we are looking at options and contingency plans for blockades on the NWT side of the Border. At this time of year the Ice Roads into our smaller communities and the Diamond Mines are open and the restocking of Fuel for power generation and heating of homes is underway – Ice Roads are subject to weather and as such any delays in the movement of goods can have a serious effect on the safety of communities and the economic viability of existing Diamond Mines.

We are looking at routing traffic through BC via the Alaska Highway and then into the NWT via Highway 7 should a blockade occur on the Alberta side of the Border. This does add 7-10 hours onto to each trip so it is not optimal for trucker duty times.

Basically the Highway 35/Highway 1 corridor is the economic lifeline for the majority of the NWT. As you are probably aware the majority of goods, services and manufactured goods used in the NWT are produced or sourced through Alberta companies – so there is an impact on Alberta also.

I will keep you in the loop should anything develop – I am hoping that with Premier Kenney's easing of restrictions in Alberta will help to satisfy those who may have been considering Blockade actions. Of course the situation in Ottawa could bubble over and result in further highway protests.

I have cc'ed s.37 [REDACTED], ADM, Regional Operations (Highway Maintenance) and s.37 [REDACTED], ADM, Programs and Services (Highway Patrol) to open the dialogue and pass on my cell number s.37 [REDACTED] should you hear anything that we could collaborate on if this situation escalates.

At this time of year the Ice Roads into our smaller communities and the Diamond Mines are open and the restocking of Fuel for power generation and heating of homes is underway – Ice Roads are subject to weather and as such any delays in the movement of goods can have a serious effect on the safety of communities and the economic viability of existing Diamond Mines.

We are looking at routing traffic through BC via the Alaska Highway and then into the NWT via Highway 7 should a blockade occur on the Alberta side of the Border. This does add 7-10 hours onto to each trip so it is not optimal for trucker duty times.

Basically the Highway 35/Highway 1 corridor is the economic lifeline for the majority of the NWT. As you are probably aware the majority of goods, services and manufactured goods used in the NWT are produced or sourced through Alberta companies – so there is an impact on Alberta also.

I will keep you in the loop should anything develop – I am hoping that with Premier Kenney's easing of restrictions in Alberta will help to satisfy those who may have been considering Blockade actions. Of course the situation in Ottawa could bubble over and result in further highway protests.

I have cc'ed s.37 [REDACTED] ADM, Regional Operations (Highway Maintenance) and s.37 [REDACTED] ADM, Programs and Services (Highway Patrol) to open the dialogue and pass on my cell number s.37 [REDACTED] should you hear anything that we could collaborate on if this situation escalates.

**Subject:** Enforcement at CP10

---

Sir,

Pei has had his bail hearing and the case is adjourned until the 16th. He is detained until then.

Just to make you aware we have the enforcement action underway at CP10. We started with dialogue early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

CCMG engaged the crowd and STO is present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity.

Tensions were high at the start of the action with STO but seems to have normalized.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. It is unclear if there was an arrest for criminal acts or an apprehension under the Mental Health Act.

Hello Sirs et al,

Further to our conversation, please see the attached for details... In summary, MCMOSC was advised that they were not needed down at Coutts by Insp. MacMillan however I think Silver Command is still seeking MCMOSC resources? As discussed, I think we should have a quick meeting to see where the gap is so we can better assist.

On another note, I was made aware that my name was mentioned on the Meeting Minutes Update (2022-02-07 @0900). Please be advised that I have not spoken to anyone other than being briefed by MCMOSC.

Thanks,  
Al...

Al,

Really appreciate the clarity. I did speak with Nina and we have a few key players from the investigation, site and DEOC set up to speak with your team to clear up any communication issues and get everyone on the same page.

As always we appreciate the support from your teM and the expertise you bring to the table.

**Subject:** Coutts Use of Force Incident Preliminary Summary

Sir,

- At approximately 1700 hrs. Sgt. s.37 [REDACTED] and other SHP members were on scene assisting RCMP Special Tactical Operations (STO) members at Checkpoint 10 (CP10) with enforcing TSA violations on Hwy 4.
- A decision was made by RCMP to give verbal warnings instead of violation tickets in the interest of keeping public order.
- The crowd grew hostile at the presence of law enforcement and began to grow restless and angry – targeting the barricade SHP and RCMP made with their patrol vehicles.
- A lone male approached Sgt. s.37 [REDACTED] and rushed at him unexpectedly.
- The male subject was taken to the ground and Sgt. s.37 [REDACTED] deployed his OC spray. The male then crawled under a SHP patrol vehicle.
- The male was removed by members of the SHP and RCMP and continued his aggression where he was eventually subdued.
- The male was arrested by the RCMP and will be charged for breach of peace and assault on a peace officer.
- No officers were injured in the incident and, other than being exposed to OC spray, the male has not suffered any visible injuries.

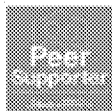

A SITREP with finer details will follow shortly.

**Subject:** Coutts Use of Force Incident Preliminary Summary

Sir,

- At approximately 1700 hrs. Sgt. s.37 and other SHP members were on scene assisting RCMP Special Tactical Operations (STO) members at Checkpoint 10 (CP10) with enforcing TSA violations on Hwy 4.
- A decision was made by RCMP to give verbal warnings instead of violation tickets in the interest of keeping public order.
- The crowd grew hostile at the presence of law enforcement and began to grow restless and angry – targeting the barricade SHP and RCMP made with their patrol vehicles.
- A lone male approached Sgt. s.37 and rushed at him unexpectedly.
- The male subject was taken to the ground and Sgt. s.37 deployed his OC spray. The male then crawled under a SHP patrol vehicle.
- The male was removed by members of the SHP and RCMP and continued his aggression where he was eventually subdued.
- The male was arrested by the RCMP and will be charged for breach of peace and assault on a peace officer.
- No officers were injured in the incident and, other than being exposed to OC spray, the male has not suffered any visible injuries.

A SITREP with finer details will follow shortly.

John, Peter T,

Further to my conversation yesterday we have been working the lines to try to help find more heavy equipment options for you. While not completely done, the update below summarizes what we have been able to get assurances of support for your operations on.

I hope this is helpful. We are going to also try another discrete approach tomorrow and may need your advice on whom to approach in the industry. For these eyes only, we would like to approach select companies who might be open to it about the prospect of purchasing their equipment from them. We would be interested in your thoughts on which companies you think might be open to such an approach.

Thanks,

**s.37** ... According to Catherine's report (below) in addition to the City of Edmonton heavy wrecker, we now have a line on two additional tow trucks, 2 stiff cranes, plus some additional equipment. The two tow trucks are not suitable for moving large rigs but can be used for light trucks and cars. Has the RCMP been notified that they may have access to this equipment?

**Subject:** FW: CONFIDENTIAL - Tow Truck requirement Update 4 (Final) - 4:10 pm Feb 9

**s.37** see attached list with Updates.

Newly available resourcing in red:

**s.3**

As of 4:30 today, the summary of resources available to the GoA for heavy lift/tow truck equipment includes:

- One flatbed trailer
- City of Edmonton: 1 tow truck (not yet deployed to the South)
- 9 sheriffs who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same
- Information from Montana remains forthcoming
- New resources available from the RCMP list of tow truck companies:
  - From two independent Edmonton companies:
    - A two ton wrecker can be provided (for cars and light vehicles)
    - A one-ton wrecker for small cars – but no participation from company drivers
  - From City of Edmonton:
    - One heavy wrecker with a driver available (RCMP contact)
  - From City of Calgary
    - 3 wheel loaders and 2 stiff cranes.

Further information on the avenues that have been explored across ministries is as follows:

- A working group with members from Transportation, JSG, MA, has been assembled to work on this issue.
- The working group currently has the list of the truck companies that were contacted by the RCMP and are working to re-engage these companies.
  - All 50 vendors have been contacted so far. One company is willing to provide a flatbed.
  - Additional resourcing as of 4:30 today includes:
    - A two ton wrecker, a one ton wrecker, a heavy wrecker, 3 wheel loaders and 2 stiff cranes.
- The group is also investigating whether locksmiths can enter locked vehicles and produce ignition keys.
  - This approach appears possible but not feasible as it will require a full vehicle description and VIN number for each vehicle and then engaging dealerships to cut new keys, which is difficult given the geography.
- The working group has determined there are no tow trucks available for lease or purchase; there is a two year waiting list for these resources from the manufacturers.
- Other partners are being contacted for potential equipment including municipalities, industrial companies, airport authorities, etc.

#### AEMA

- AEMA does not maintain an inventory list of equipment that can move heavy equipment.
- Currently exploring resourcing out of Montana; awaiting further information at this time.

#### City of Calgary

- Currently exploring their ability to offer support as their services are also contracted.
- Available equipment from the city includes:
  - 7 large loaders;
  - 10 mid-sized loaders;
  - 2 cranes.
- Update: When this was discussed with their contractor, they made it clear they would not offer assistance.

#### City of Edmonton

- Edmonton International Airport does not have appropriate vehicles that could be made available.
- The city has offered one tow truck (decals removed) to assist.
- The RCMP advises they feel one tow truck will provide minimal value to the situation and may in fact inflame the protestors.
  - With last night's announcement, protestors attitudes, positions and decisions appear to be changing rapidly.
  - As a result, the tow truck has not yet been deployed to the south but may be as the situation evolves.

#### JSG

- 9 sheriffs members have been identified who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same.

#### TRANSPORTATION

- Highway Maintenance Contractors have been contacted and do not have tow equipment or equipment large enough to move semis.
  - Graders or snowplows could be employed but modifications would likely be required to the equipment first.
- The situation is the same in Saskatchewan and British Columbia; they do not own tow trucks.

#### ENERGY

- Oil Sands resourcing has been explored to assist.
- Most of their heavy equipment resources are also contracted and not owned by the oil companies and are unwilling or unable to assist.

We will continue to work explore what options might be available to assist the RCMP.

Subject: CONFIDENTIAL - Tow Truck requirement

Good afternoon,

We have been tasked to identify heavy-lift / tow truck resources who will commit and assist RCMP in the event vehicles, tractors or equipment need to be removed from any of the blockade locations. RCMP have generated a list of potential vendors (attached), however, most seem unwilling or unable to assist at this time. Our job is to revisit the list and convince them otherwise. This will also be a great opportunity to brainstorm and determine what innovating strategies we can finalize by close-of-business tomorrow (Wed Feb 9). I have put together a bit of task list below just to make sure I captured some of the ideas floating around. Obviously, this will be tweaked as we move forward and I welcome all thoughts, comments and ideas.

- Identify suitable callers to work the list  
COMPLETE - s.37 completed the entire list (see attached). Unfortunately, the needle did not move much  
COMPLETE - s.37's team is currently compiling a list of locksmiths that can enter lock vehicle and produce ignition keys. s.37 will have this list completed NLT 14:00 hrs.
  - The locksmith approach may not meet our requirements (but is still being researched). It seems what is required to make this work is to capture full vehicle details (make, model, year, VIN), then proceed to the appropriate dealership to have keys made. The geography we are working in is not conducive for this.

Some locksmith **Personal Info.** may still be required to unlock vehicles – list of willing participants is forthcoming

- **COMPLETED:** Consult with AEMA and ascertain if they maintain a current inventory of equipment that could be utilized to move heavy vehicles / trailers apparatus. We will need names and contact info to add the attached list.
  - AEMA does not maintain an inventory list

From s.37 – AEMA Confirmed:

If a State of Local Emergency (SOLE) or provincial State of Emergency (SOE) were declared, the province could:

- acquire or utilize any real or personal property considered necessary to prevent, combat or alleviate the effects of an emergency or disaster
- authorize or require or make an order to authorize or require any qualified person to render aid of a type the person is qualified to provide

Although this has already been considered, it is NOT an option at this time

- Reach into Government of Montana and explore what resources they may have available.

Currently in progress by AEMA. Awaiting results....

- **COMPLETED:** Determine if Sheriff, EPS or CPS Commercial Vehicle Enforcement units have any existing heavy lift tow trucks on contracts/agreements in place.

No vendors can assist

- **COMPLETED:** List qualifications/certification required to operate heavy lift / towing vehicles. Also identify potential GoA personnel who are already qualified to do this work.

- **S.37** provided a list of 9 sheriffs members who have their Class 1 licence and are willing to assist if called upon

- **COMPLETED:** Have Procurement Services on stand by.

JSG Procurement no longer required. AEMA can provide emergency financial support if required.

- **COMPLETED:** Identify companies / organizations willing to lease, sell or lend equipment to the GoA.

- From **S.37** RCMP already went down this route. There are no tow trucks available for lease or purchase and there is a two year waiting list to order new one from manufacture.

- Reach out to other potential equipment providers (ATCO, EPCOR Airport Authorities, City of Edmonton, Calgary, Lethbridge, Medicine Hat)

- CP Rail does not have any equipment to suite our needs .

Edmonton Airport do not have any equipment they can spare. We are still awaiting to hear back from the city of Lethbridge and Medicine Hat (AEMA).

Sorab,

John is Gold tomorrow. Here is the update:

Mr. Pawlowski has had his bail hearing and the case is adjourned until the 16th. He is detained in custody until then.

The enforcement action is underway at CP10. We started with dialouge early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

CCMG engaged the crowd and STO was present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity.

Tensions were high at the start of the action with STO but normalized through the engagement.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. That individual was apprehended under the Mental Health Act.

Gentlemen,  
Below from CBSA through Commr.  
We should plan on a call later today. See what it is we need to do, where we are POJ.  
Sorab

From John O (CBSA): Quick overnight developments:

Ambassador - protestors have now blocked the north entrance for US bound cars and trucks at Wyandotte Street, no traffic is able to get through. Police continue to attempt to negotiate to obtain one lane of traffic to be left open.

Sarnia - No change overnight - 3 hour BWT for trucks into Canada, no wait for US traffic. OPP continue to detour traffic on Highway 402.

Coutts - no change, highway remains blocked and traffic diverted to nearby POEs.

Emerson - a new protest commenced at 0118 hours ET blocking all Canada bound traffic with a blockade of the highway 1.5 km north of POE. Traffic diverted to Sprague, Boissevan.

Good evening,

Just got off the phone with Rob Stewart and he was given the following questions, from the Clerk's, following her meeting with the PM. He needs answers by noon tomorrow:

- 1) What is the RCMP doing now in Ottawa? (Mike)
- 2) What is the RCMP doing now in Coutts? (Curtis)

For these 2 questions, it is about describing our duties and the numbers attached to each duty.

- 3) What additional resources do we have available and where would they come from?  
(Mike & Brian)

For #3 it is about approximate numbers that we could draw on from Federal and Contract that are otherwise not essential to operations.

- 4) What can the Federal Government do to end this? (Brian)
  - Can the RCMP take over?
  - Is it legally, operationally, tactically possible/sensible to this?
  - What are virtues (pros/cons)

- 5) How do we stay on top of this? How do we use intell to stay one step ahead? (Mike)

Let's do what we can, without over-complicating it.

Thanks a ton!

Brenda

**Subject:** Redeployments and Scheduling / Redéploiements et planification

Colleagues,

In light of the ongoing Freedom Convoy protests in the National Capital Region and other locations across the country, I would like to provide some information to assist with planning.

The policy for redeployments and hours of work for declared emergencies, extreme circumstances or high risk situations falls under [Chapter 2.4 of the National Compensation Manual](#) and Articles 2 and 21 of the [Collective Agreement](#).

A redeployment occurs in any of the following situations:

- a major operation which is a planned and coordinated investigative operation;
- a major event which is of national or international significance within Canada, where the overall responsibility for security rests with the federal government; and
- a declared emergency, extreme circumstance or high risk situation.

A **declared emergency** means an urgent and critical situation of a temporary nature, that is not a special event, and requires additional police resources to maintain law and order, keep the peace, or ensure the safety of persons, property, and/or communities.

An **extreme circumstance** means unforeseen or unplanned situations such as natural disasters, fires, or when adherence to the maximum hours of work could be detrimental to operations.

As the Commanding Officer, you are in the best position to determine which circumstance applies. **Please note that the determination must be authorized through your chain of command, by the Commissioner.** Where possible, you are encouraged to consult with your NPF Regional Director prior to making such a determination.

When a Member is redeployed to a declared emergency, extreme circumstance or high risk situation, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours.

Members are not permitted to work more than sixteen (16) hours consecutively and not more than seventy-two (72) hours in a six (6) consecutive-day period, inclusive of overtime. When an **extreme circumstance** is declared, a member may exceed the maximum hours of work until resource replacements or relief arrive. For the health and safety of the members who have exceeded these limits, once relief has arrived, please ensure the members are given a suitable rest period before reporting for duty.

For any questions or clarifications about these policies, please contact Joseph Bokhaut at [joseph.bokhaut@rcmp-grc.gc.ca](mailto:joseph.bokhaut@rcmp-grc.gc.ca) (Irrelevant) or Marie-Josée Reid at [Marie-Josée.Reid@rcmp-grc.gc.ca](mailto:Marie-Josée.Reid@rcmp-grc.gc.ca) (Irrelevant).

I trust you will find this information helpful for planning purposes.

Take-care,

\*\*\*\*\*

Chers collègues,

Au vu des manifestations qui ont lieu dans la région de la capitale nationale et dans d'autres endroits du pays en marge du « Convoi de la liberté », j'aimerais vous transmettre quelques éléments d'information pour vous aider à planifier vos activités.

Les redéploiements et les heures de travail dans les situations extrêmes, déclarées urgentes ou à risque élevé relèvent de la politique énoncée au chap. 2.4 du Manuel national de la rémunération et des articles 2 et 21 de la convention collective.

Le redéploiement s'effectue dans l'une ou l'autre des situations suivantes :

- une opération majeure qui est une opération d'enquête planifiée et coordonnée;
- un événement majeur de portée nationale ou internationale au Canada, où la sécurité générale relève du gouvernement fédéral;
- une situation extrême, déclarée urgente ou à risque élevé,

Une « **urgence déclarée** » est une situation urgente et critique temporaire qui n'est pas un événement spécial et qui nécessite des ressources policières supplémentaires afin de maintenir l'ordre public, d'assurer le maintien de la paix ou d'assurer la sécurité de personnes, de biens ou de collectivités.

Une « **circonstance extrême** » désigne des situations imprévues comme des catastrophes naturelles, des incendies, ou des situations où le respect du nombre maximal d'heures de travail pourrait nuire aux opérations.

En tant que commandant, vous êtes le mieux placé pour caractériser la situation qui prévaut sur votre territoire. Dans la mesure du possible, nous vous encourageons à consulter au préalable votre directeur régional de la Fédération de la police nationale. Quoi qu'il en soit, votre choix doit être autorisé par la commissaire, en suivant la voie hiérarchique.

Lorsqu'un membre est redéployé dans le cadre d'une situation extrême, déclarée urgente ou à risque élevé, l'horaire de travail du service d'origine cesse d'être en vigueur 72 heures après le début du redéploiement. L'horaire de travail établi pour le redéploiement devient le nouvel horaire de travail du service d'origine après les 72 premières heures.

Le membre n'est pas autorisé à travailler plus de 16 heures (heures normales de travail et heures supplémentaires) consécutivement, et plus de 72 heures sur une période de six jours consécutifs. Lorsqu'une **situation extrême** est déclarée, le membre peut dépasser la durée maximale du travail jusqu'à l'arrivée de la relève. Une fois la relève arrivée et pour des raisons de santé et de sécurité, veuillez vous assurer que les membres qui ont dépassé ces durées de travail se voient accorder une pause adéquate avant de se présenter au travail.

Pour toute question ou pour obtenir des éclaircissements au sujet de la politique, veuillez communiquer avec Joseph Bokhaut, par courriel à [joseph.bokhaut@rcmp-grc.gc.ca](mailto:joseph.bokhaut@rcmp-grc.gc.ca) ou au **Irrelevant**, ou avec Marie-Josée Reid, à [Marie-Josée.Reid@rcmp-grc.gc.ca](mailto:Marie-Josée.Reid@rcmp-grc.gc.ca) ou au **Irrelevant**.

J'espère que ces éléments d'information seront utiles à la planification de vos activités.

Predre soin,

Gail J

Good morning,

A key influencer, Mr. **Personal** has had his bail hearing and the case is adjourned until the 16th. He is detained in custody until then.

The enforcement action is underway at CP10. We started with dialogue early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

Yesterday CCMG engaged the crowd and STO was present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity. We will continue to work in this today.

With respect to our main site, we are looking at making some strategic arrests. Still weighing the pros and cons, and the timings of these arrests. We are also still trying to negotiate the resumption of some traffic being allowed to cross the border.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. That individual was apprehended under the Mental Health Act.

Just starting our planning for meeting for the day, I may have more after that.

John

le français suivra,

CROPS message:

NCROPS has received a report from the Civilian Review and Complaints Commission (CRCC) where inmates have reported being a victim of a crime and the complaint was not investigated. The CRCC advised they have received similar reports by inmates where an investigation had not taken place.

The CRCC made the following individual recommendations in two separate reports for the RCMP's consideration:

- 1) That the RCMP canvas all detachments that contain a provincial or federal correctional institution within their jurisdiction to ensure that criminal complaints from inmates are being handled according to existing RCMP policy.
- 2) The RCMP should assess whether a national bulletin or other similar measures should be adopted to ensure that criminal complaints from inmates are properly accepted in all areas where the RCMP are the police of jurisdiction.

As this is not believed to be a systemic issue, NCROPS did not agree to the first recommendation and is not requesting action or reporting on this from the divisions. Discretion will remain with the divisions to decide if there is a further identified need for local action.

In response to the second recommendation, we are sending this communicate for your situational awareness and to bring the CRCC's concerns and recommendations to your attention to ensure that our front line members are reminded that all reports of a crime under the RCMP jurisdiction, including from inmates at Federal or Provincial institutions, will continue to be investigated and documented as per applicable National and Divisional policy and guidance.

Thank you,

\*\*\*\*\*  
Message aux OREC:

Le Service national de la police criminelle (SNPC) a reçu un rapport de la Commission civile d'examen et de traitement des plaintes (CCETP) au sujet de personnes détenues qui auraient signalé avoir été victimes d'un crime sans que les allégations ne fassent l'objet d'une enquête. La CCETP dit avoir reçu des signalements similaires dans le passé.

Dans deux rapports distincts, la CCETP avait transmis à la GRC les recommandations individuelles suivantes:

- 1) Que la GRC demande aux détachements sur le territoire desquels se trouve un établissement pénal fédéral ou provincial de s'assurer que les plaintes de nature criminelle émanant de personnes détenues sont traitées conformément aux politiques de la GRC en vigueur.
- 2) Que la GRC évalue s'il y a lieu de publier un bulletin national ou d'utiliser d'autres mesures similaires pour s'assurer que les plaintes de nature criminelle émanant de personnes détenues sont correctement traitées dans toutes les régions où la GRC est le service de police territorialement compétent.

Comme cela ne semble pas être un problème systémique, le SNPC n'a pas accepté la première recommandation; les divisions n'ont donc pas à agir ni à faire rapport sur la question. Elles continueront de décider si la situation dans leur ressort nécessite d'autres mesures locales.

Quant à la seconde recommandation, nous vous adressons la présente pour que vous soyez au courant de la situation ainsi que des préoccupations et recommandations de la CCETP et que vous rappeliez à nos membres de première ligne que tous les signalements d'actes criminels dans le ressort de la GRC, y compris lorsqu'ils émanent de détenus incarcérés dans un établissement fédéral ou provincial, continueront de faire l'objet d'une enquête et d'être consignés conformément aux instructions et politiques nationales et divisionnaires applicables.

Merci,

**Surintendant Akrum GHADBAN**

Update from K Div 2022 02 10 @ 11:00 hrs.

Coutts main site – Still blocked in both directions. Cattleman's Association has been able to negotiate passage for 11 trucks with cattle today. 60 cattle trucks expected next week.

Checkpoint 10 is still occupied by protestors. No protestors moved on to the Min of Transport site to make this a lawful protest.

Media, Legal, Investigative Services and other units fully engaged.

Sir,

I can discretely find out about this. There was one company that we approached that was open to selling.

We will discuss and get back to you.

Peter

John, Peter T,

Further to my conversation yesterday we have been working the lines to try to help find more heavy equipment options for you. While not completely done, the update below summarizes what we have been able to get assurances of support for your operations on.

I hope this is helpful. We are going to also try another discrete approach tomorrow and may need your advice on whom to approach in the industry. For these eyes only, we would like to approach select companies who might be open to it about the prospect of purchasing their equipment from them. We would be interested in your thoughts on which companies you think might be open to such an approach.

Thanks,

s.37 [REDACTED]

S.37 [REDACTED] ... According to Catherine's report (below) in addition to the City of Edmonton heavy wrecker, we now have a line on two additional tow trucks, 2 stiff cranes, plus some additional equipment. The two tow trucks are not suitable for moving large rigs but can be used for light trucks and cars. Has the RCMP been notified that they may have access to this equipment?

Subject: FW: CONFIDENTIAL - Tow Truck requirement Update 4 (Final) - 4:10 pm Feb 9

Dennis- see attached list with Updates.

Newly available resourcing in red:

Ray,

As of 4:30 today, the summary of resources available to the GoA for heavy lift/tow truck equipment includes:

- One flatbed trailer
- City of Edmonton: 1 tow truck (not yet deployed to the South)
- 9 sheriffs who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same
- Information from Montana remains forthcoming
- New resources available from the RCMP list of tow truck companies:
  - From two independent Edmonton companies:
    - A two ton wrecker can be provided (for cars and light vehicles)
    - A one-ton wrecker for small cars – but no participation from company drivers
  - From City of Edmonton:
    - One heavy wrecker with a driver available (RCMP contact)
  - From City of Calgary
    - 3 wheel loaders and 2 stiff cranes.

Further information on the avenues that have been explored across ministries is as follows:

- A working group with members from Transportation, ISG, MA, has been assembled to work on this issue.
- The working group currently has the list of the truck companies that were contacted by the RCMP and are working to re-engage these companies.
  - All 50 vendors have been contacted so far. One company is willing to provide a flatbed.
  - Additional resourcing as of 4:30 today includes:
    - A two ton wrecker, a one ton wrecker, a heavy wrecker, 3 wheel loaders and 2 stiff cranes.

- The group is also investigating whether locksmiths can enter locked vehicles and produce ignition keys.
  - This approach appears possible but not feasible as it will require a full vehicle description and VIN number for each vehicle and then engaging dealerships to cut new keys, which is difficult given the geography.
- The working group has determined there are no tow trucks available for lease or purchase; there is a two year waiting list for these resources from the manufacturers.
- Other partners are being contacted for potential equipment including municipalities, industrial companies, airport authorities, etc.

#### AEMA

- AEMA does not maintain an inventory list of equipment that can move heavy equipment.
- Currently exploring resourcing out of Montana; awaiting further information at this time.

#### City of Calgary

- Currently exploring their ability to offer support as their services are also contracted.
- Available equipment from the city includes:
  - 7 large loaders;
  - 10 mid-sized loaders;
  - 2 cranes.
- Update: When this was discussed with their contractor, they made it clear they would not offer assistance.

#### City of Edmonton

- Edmonton International Airport does not have appropriate vehicles that could be made available.
- The city has offered one tow truck (decals removed) to assist.
- The RCMP advises they feel one tow truck will provide minimal value to the situation and may in fact inflame the protestors.
  - With last night's announcement, protestors attitudes, positions and decisions appear to be changing rapidly.
  - As a result, the tow truck has not yet been deployed to the south but may be as the situation evolves.

#### JSG

- 9 sheriffs members have been identified who have a Class 1 license and can operate a Tractor Trailer for the purposes of moving the same.

#### TRANSPORTATION

- Highway Maintenance Contractors have been contacted and do not have tow equipment or equipment large enough to move semis.
  - Graders or snowplows could be employed but modifications would likely be required to the equipment first.
- The situation is the same in Saskatchewan and British Columbia; they do not own tow trucks.

#### ENERGY

- Oil Sands resourcing has been explored to assist.
- Most of their heavy equipment resources are also contracted and not owned by the oil companies and are unwilling or unable to assist.

We will continue to work explore what options might be available to assist the RCMP.

This will be our last update. Thank you everyone for the tremendous support you provided today! We couldn't have pulled this off without you.

Classification: Protected A

**Subject:** CONFIDENTIAL - Tow Truck requirement

We have been tasked to identify heavy-lift / tow truck resources who will commit and assist RCMP in the event vehicles, tractors or equipment need to be removed from any of the blockade locations. RCMP have generated a list of potential vendors (attached), however, most seem unwilling or unable to assist at this time. Our job is to revisit the list and convince them otherwise. This will also be a great opportunity to brainstorm and determine what innovating strategies we can finalize by close-of-business tomorrow (Wed Feb 9). I have put together a bit of task list below just to make sure I captured some of the ideas floating around. Obviously, this will be tweaked as we move forward and I welcome all thoughts, comments and ideas.

- o From **S.3**, RCMP already went down this route. There are no tow trucks available for lease or purchase and there is a two year waiting

list to order new one from manufacture.

- Reach out to other potential equipment providers (ATCO, EPCOR Airport Authorities, City of Edmonton, Calgary, Lethbridge, Medicine Hat)
  - CP Rail does not have any equipment to suite our needs .

Edmonton Airport do not have any equipment they can spare. We are still awaiting to hear back from the city of Lethbridge and Medicine Hat (AEMA).

Subject: CONFIDENTIAL - Tow Truck requirement

Good afternoon,

We have been tasked to identify heavy-lift / tow truck resources who will commit and assist RCMP in the event vehicles, tractors or equipment need to be removed from any of the blockade locations. RCMP have generated a list of potential vendors (attached), however, most seem unwilling or unable to assist at this time. Our job is to revisit the list and convince them otherwise. This will also be a great opportunity to brainstorm and determine what innovating strategies we can finalize by close-of-business tomorrow (Wed Feb 9). I have put together a bit of task list below just to make sure I captured some of the ideas floating around. Obviously, this will be tweaked as we move forward and I welcome all thoughts, comments and ideas.

☛ Identify suitable callers to work the list

COMPLETE - S.37 completed the entire list (see attached). Unfortunately, the needle did not move much

COMPLETE - S.37's team is currently compiling a list of locksmiths that can enter lock vehicle and produce ignition keys. S.37 will have this list completed NLT 14:00 hrs.

- The locksmith approach may not meet our requirements (but is still being researched). It seems what is required to make this work is to capture full vehicle details (make, model, year, VIN), then proceed to the appropriate dealership to have keys made. The geography we are working in is not conducive for this.

Some locksmith **Personal Info.** may still be required to unlock vehicles "list of willing participants is forthcoming

☛ **COMPLETED:** Consult with AEMA and ascertain if they maintain a current inventory of equipment that could be utilized to move heavy vehicles / trailers apparatus. We will need names and contact info to add the attached list.

- AEMA does not maintain an inventory list

From S.37 " AEMA Confirmed:

If a State of Local Emergency (SOLE) or provincial State of Emergency (SOE) were declared, the province could:

- acquire or utilize any real or personal property considered necessary to prevent, combat or alleviate the effects of an emergency or disaster
- authorize or require or make an order to authorize or require any qualified person to render aid of a type the person is qualified to provide

Although this has already been considered, it is NOT an option at this time

☛ Reach into Government of Montana and explore what resources they may have available.

Currently in progress by AEMA. Awaiting results.

- ☛ **COMPLETED:** Determine if Sheriff, EPS or CPS Commercial Vehicle Enforcement units have any existing heavy lift tow trucks on contracts/agreements in place.

No vendors can assist

- ☛ **COMPLETED:** List qualifications/certification required to operate heavy lift / towing vehicles. Also identify potential GoA personnel who are already qualified to do this work.

- S.37 provided a list of 9 sheriffs members who have their Class 1 licence and are willing to assist if called upon

- ☛ **COMPLETED:** Have Procurement Services on stand by.

JSG Procurement no longer required. AEMA can provide emergency financial support if required.

- ☛ **COMPLETED:** Identify companies / organizations willing to lease, sell or lend equipment to the GoA.

- From S.37 RCMP already went down this route. There are no tow trucks available for lease or purchase and there is a two year waiting list to order new one from manufacture.

- ☛ Reach out to other potential equipment providers (ATCO, EPCOR Airport Authorities, City of Edmonton, Calgary, Lethbridge, Medicine Hat)

- CP Rail does not have any equipment to suite our needs .

Edmonton Airport do not have any equipment they can spare. We are still awaiting to hear back from the city of Lethbridge and Medicine Hat (AEMA).

Good morning,

A key influencer, Mr. **Personal** has had his bail hearing and the case is adjourned until the 16th. He is detained in custody until then.

The enforcement action is underway at CP10. We started with dialogue early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

Yesterday CCMG engaged the crowd and STO was present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity. We will continue to work in this today.

With respect to our main site, we are looking at making some strategic arrests. Still weighing the pros and cons, and the timings of these arrests. We are also still trying to negotiate the resumption of some traffic being allowed to cross the border.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. That individual was apprehended under the Mental Health Act.

Just starting our planning for meeting for the day, I may have more after that.

**Subject:** URGENT REQUEST - please don't shoot the messenger...

Good evening,

Just got off the phone with Rob Stewart and he was given the following questions, from the Clerk's, following her meeting with the PM. He needs answers by noon tomorrow:

- 1) What is the RCMP doing now in Ottawa? (Mike)
- 2) What is the RCMP doing now in Coutts? (Curtis)

For these 2 questions, it is about describing our duties and the numbers attached to each duty.

- 3) What additional resources do we have available and where would they come from?  
(Mike & Brian)

For #3 it is about approximate numbers that we could draw on from Federal and Contract that are otherwise not essential to operations.

- 4) What can the Federal Government do to end this? (Brian)
  - Can the RCMP take over?
  - Is it legally, operationally, tactically possible/sensible to this?
  - What are virtues (pros/cons)

- 5) How do we stay on top of this? How do we use intell to stay one step ahead? (Mike)

Let's do what we can, without over-complicating it.

Thanks a ton!

Brenda

**Subject:** Sit Rep #109: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-10

#### Situation as of 1306hrs on 2022-02-10

##### Event Overview:

- Approximately 30-40 demonstrators reported to be on Parliament Hill at this time.
- Approximately 100-200 demonstrators on Wellington St. and in the downtown core.
- OPS estimate that there are 505 trucks in the downtown core.
- The convoy of approximately 40 trucks that was participating in a slow roll around the Ottawa International Airport has returned to the Coventry Rd. site.
- Other Events:
  - o O Division:
    - Windsor, ON: At 12:34 ET, 10 February 2022, Transport Canada was advised by the **Personal Info.**, that while their railway proceeds directly in front of the Ambassador Bridge and in close proximity to the protesters, there has been minimal impact to their operations. **Per** currently operates between four (4) and six (6) train movements with two (2) crews daily. **Per** reports that there have not been any issues or indications of tampering to railway infrastructure. **Per** remains in close contact with the WPS personnel who are on site in the event any further impacts to the railway occur. (Source: Transport Canada – Ontario Region – ISSO)
  - o D Division:
    - Emerson POE has been blocked since 0100hrs on 2022-02-10. RCMP is engaged at this location and have negotiated that livestock trucks be permitted to enter into the US.

##### Operational Information:

- **Personal** posted a video to his Facebook (approx. 3 hours ago) in which he states: “We’re on our way down to clear out a few intersections [...] move some truck out of Rideau cause apparently the Governor General and Trudeau maybe, there’s a lot of pressure being put on some of them”
  - **Person** also references possible police raids: “There’s been lots of rumors and usually when the rumors start going, that means there a raid or something that’s coming. We’ve got a lot of intel telling us that it’s going to happen, it was either supposed to be this morning at 4:30 in the morning or tomorrow morning at 4:30 in the morning. So regardless of whatever happens you guys will all know, you know the drill. If we go dark, we go dark.”
  - CIG OSINT located a tweet indicating the **Personal Info.** was in Mirabel, trying to rent another RV. In the small clip, **Person** is upset that the business, Canadream RV, wasn’t providing her with an RV and that when she comes back next time she would close them. Verifications confirm that Canadream is located in Mirabel.
  - CIG observed a Twitter post which indicates that individuals at the Coventry Rd appear to be swearing themselves in as Peace Officers.<sup>[iii]</sup> The swearing in as a Canadian Common Corp of Peace Officer is a term that was introduced by **Personal Info.**, one of the “leaders” of the Freeman on the land movement. A video explaining the ideology behind it was located by CIG OSINT.<sup>[iv]</sup>
  - received the following reports:
    - o Some protesters vehicles from MB and BC observed in parking lot at Hilton Hotel near the airport.
    - o Speaker was heard asking everybody to bring jerry cans into town, and wanting to block airports and borders.
  - OPP Intel has reported they have DJ’s, a rapper and speakers near PH to “entertain us all”. A stage has been built on top of trucks near PH.
  - CBSA received the following intel related to a possible upcoming convoy:
    - o Convoy departing from Hwy. 38 Kingston on 2022-02-12 at 1300hrs, with participants being encouraged to slow roll to Ottawa, Toronto or Kingston City Hall, with the City Hall protest scheduled for 1330-1500hrs. Potential numbers are not yet known.
    - o CIG will continue to monitor for additional details.
- CIG OSINT continues to monitor for possible slow rolls near school or protected sites around Ottawa.

### Operational Planning:

- For clarification purposes, surrounding the 1300hrs joint planning session, the focus of these discussions will be on Public Order Unit support. The uniform assist to OPS is planning for 24/7, outside of POU requests, however, will remain fully interfaced, via Silver Command, with the POU planners.

### Protective Clients and Protective Sites:

- Nil updates at this time.

### Communications:

- There are currently 336 media articles in media monitoring in regards to the ongoing demonstrations. Coverage focuses on the evolving situation at the Coutts and Windsor border entrances, as well in Ottawa, and plans for demonstrations/convoys to cause major disruptions in other provinces this weekend, including New Brunswick and Nova Scotia.
- **Of note:** a journalist has reached out to OPS Media Relations saying that the occupiers are warning that **"The Office of the Prime Minister (PMO) has directed that Freedom Convoy 2022 be dispersed by not later than Saturday, 12 February 2022"**. He is planning on publishing that quote, and seeking comment. OPS responded by directing him to contact the PMO. Nat Div Communication Services was copied on the OPS reply.
- Also, the mayor of Samia, ON, this morning conducted a live interview with CTV National News. The transcript is attached here.
- No media requests have been received since the last update.

Hello Sirs et al,

Further to our conversation, please see the attached for details. In summary, MCMOSC was advised that they were not needed down at Coutts by Insp. MacMillan however I think Silver Command is still seeking MCMOSC resources? As discussed, I think we should have a quick meeting to see where the gap is so we can better assist.

On another note, I was made aware that my name was mentioned on the Meeting Minutes Update (2022-02-07 @0900). Please be advised that I have not spoken to anyone other than being briefed by MCMOSC.

Thanks,  
Al

Sirs / Maâ€™am

I wanted to flip this to you for your S/A. Yesterday morning I recommended messaging to Fedrau and Reed to be forwarded to Bronze/Silver Command as I 100% foresaw this coming. No messaging has been seen by any managers/supervisors of STO members and their home/work pressures continue to mount.

I would again suggest that Sr. Management needs to address this immediately before it costs us team members on a scale never seen before.

Scott

**Subject:** Team 3 Resources + Moral update

Gary/Marty/Scott

First of all I donâ€™t envy the task you guys have to take on at all here at all, but I wanted to share some information so we can hopefully get ahead of future conflicts within our personnel. Several members of my team and other teams (these are good dedicated members) are feeling much greater than normal pressure from their work and family lives due to sickness, mass staff shortages, and unforeseen family matters. As much as we/I want them to, they are unable to fulfill our short notice extended deployment requests. It is becoming increasingly difficult from a TL perspective to repeatedly tell members (and have effect) to tell their superiors and families that this is a mandatory public order call out and that they are required to attend for these rotations in large numbers indefinitely. Especially when high command has not been communicating to you guys when they plan on actually conducting true public order functions (Yesterdayâ€™s successful operation notwithstanding.)

Unfortunately I donâ€™t have a perfect solution to how to mitigate this on the family side, however I believe it is imperative that Crops or the CO clarify to the division where the priorities lie so itâ€™s not being downloaded onto the already stressed out members. Several longstanding members who I will not name have mentioned that itâ€™s coming to a point that this may be their last deployment with STO, even though they love the team.

If we are told there is a surge requirement for a specified date range (with enough advance travel notice), that may free up more members, but as you know that can be difficult to predict.

I myself will be coordinating with Rodney to give him some time off while balancing a large operation planned for next week out of province.

This isn't meant to be a "poor me" email, I just don't want to see the team take more of a hit than it already has with this unprecedented emotionally/physically draining event that has no predictable end in sight. If there's anything I can do to help, let me know. I'm already thinking of some kit/moral ideas that we could give to the team as a thank you. Sometimes the little things help a lot.

See you guys soon,  
Allan

These are the Team 3 Members that cannot stay for the entire 12-18<sup>th</sup> period, understanding that it is a massive undertaking to use members to fill in gaps etc:

Milbrant: Already enroute, but cannot stay past the 16<sup>th</sup>

Weisse: Already enroute, but cannot stay past the 16<sup>th</sup>

Ruddell: Family issues, can only work until the 14<sup>th</sup> and has to come back.

Hooge: Has indicated he has JSOT deadlines during the week.

B.Scott: Has INSET priorities during the week but is available to fill in on the weekend.

Good Afternoon Sir,

Just wanted to give you the heads up and an advanced copy of an Op ed that we will be pitching in the next few days.

Cheers,

Kevin

---

John, Trevor, Peter T,

For your awareness, we would be happy to reach into these folks to secure this equipment for you. The City of Calgary indicates that their equipment is generally in use during the day but on a couple hours notice they can make it available to you, or alternatively, if you want it, you can secure it at any time.

Thanks,

**Subject:** Sit Rep #111: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-10

#### Situation as of 1716hrs on 2022-02-10

##### Event Overview:

- **No demonstrators** reported to be on **Parliament Hill** at this time.
- **Approximately 50-60 demonstrators** on **Wellington St. and in the downtown core.**
- OPS estimate that there are **505 trucks in the downtown core.**
  - o OPS is aware of an increase in 911 and non-emergency police reporting line calls and have put strategies in place in order to deal with the influx of calls
  - o OPP is monitoring several small pockets of convoys. The convoy that was previously circling on the 417 has returned to Jetform Park
- Other Events:
  - o J Division:
    - "Freedom Rally", NB Legislature building - Four (4) Facebook events have shared plans to hold events over several days in the downtown core of Fredericton.
    - All four events are organizing people from different parts of the province to convoy with the intent to converge in Fredericton on Friday, 2022-02-11.
    - An invitation was noted on social media asking residents of Nova Scotia to join in a convoy that would end in Fredericton and meet up with New Brunswick convoys. The invitation indicates a plan to block the NB-NS border following the event.
    - Fundraising efforts via social media have been identified to support the event on February 11, with "Porta-poties, mechanics on stand-by, security, food, water, utensils, tables, etc."
    - On February 11, there will be groups coming from St-John, Moncton, Central New Brunswick (Miramichi, Boiestown, Blackville etc.).
    - On February 12, there will be groups coming from St-John, Moncton, Campbellton, Nigadoo, Grand-Falls, St-Quentin, Edmundston and Norton to Fredericton.
    - All convoys on Friday, February 11, will be gathering at the Lincoln Big Stop, 415 Nevers Road, Waasis, before departing at 12:30hrs heading to Fredericton.
  - o O Division:
    - Windsor/Ambassador Bridge: Approximately 200 protestors are in the area, one northbound lane into the US remains open and one lane into Canada is open for emergency vehicles. Protestors intend on leaving their vehicles overnight and have no intentions of moving until mandates are lifted;
    - Samia/Bluewater Bridge: Westbound traffic on Highway 402 continues to be backed up from the Bluewater Bridge blockade, as well as inbound traffic from the US. Information from the organizers suggests that this blockade will continue until all mandates are lifted;
    - Sault Ste. Marie: Protestors plan on blocking Highway 402 (westbound) near the Kerrwood exit starting on February 11<sup>th</sup> until

mandates are lifted;

- Kingston: Information suggests that a "slow roll" convoy is being organized on Highway 38 for February 12<sup>th</sup>, 2022;
- Niagara Falls/ Peace Bridge: Information suggests that US convoy participants are organizing a Peace Bridge blockade on the US side starting on February 12<sup>th</sup>, 2022;
- Toronto: Protests are being organized for Queen's Park on February 12<sup>th</sup>, 2022, with the intent of occupying the space until mandates are lifted;
- Ottawa/Parliament: A convoy of protesters from Moncton, NB, is expected to arrive on February 10<sup>th</sup>, 2022, and stay for the weekend. Another convoy of supporters in the Ottawa area is being organized to attend on February 13<sup>th</sup>, 2022;
- Several communities across Ontario, including: Kawartha Lake, Hanover, Hamilton, Huntsville, Haliburton, Bracebridge, Lindsay, Tillsonburg, and London have local protests planned between February 12<sup>th</sup> and 13<sup>th</sup>, 2022.

○ G Division:

- No new protests have occurred in G Division. "G" Division is monitoring the Northwest Territories and Alberta border for any risk of protest given the importance of the corridor serving the supply chain to the Northwest Territories. Current intelligence indicates a potential protest in Yellowknife on February 12, 2022. "G" Division will continue to take a measured approach to these protests.

○ F Division:

- Regina: 2022-02-12 Protesters plan to meet at the Southland Mall at 10:30am then drive 95 kms south to Pangman, SK
- Pangman, SK: 2022-02-12 Protesters plan to meet at the Oasis Roadhouse at 12:30pm for lunch.
- Port of Regway US border crossing: 2022-02-12 Protesters plan to drive 76 kms from Pangman, SK to border crossing location to stage a protest.
- North Portal US border crossing: 2022-02-18 Protest organized for the border crossing (No time provided).

○ C Division:

- The CIG received information from the SQ pertaining to possible convoys who are expected to depart various cities throughout Quebec on 2022-02-12 and make their way to Ottawa. The CIG has compiled the following information to highlight the departure locations and the number of expected participants:
  - Beauce- 300 participants
  - Quebec City- 12 participants, 26 interested
  - St-Jerome- 50 participants
  - Victoriaville- 7 participants, 20 interested
  - Magog- 5 participants, 12 interested
  - Lacolle- 13 participants, 32 interested
  - Trois Rivières- 34 participants, 116 interested
  - Sorel-Tracy- 2 participants
  - Bromont- 14 participants, 34 interested
  - Mont Tremblant- 57 participants
  - Gatineau- 23 participants, 17 interested
  - Montreal-4300 participants, 5200 interested \*\* Min event will take place in Montreal, however, participants are then invited to join a convoy to Ottawa. \*\*

○ H Division:

- New Minas, Nova Scotia on Thursday February 10, 2022 @ 4:00pm. An online post by a group called "Valley Freedom Convoy 2022" is looking to organize a "freedom convoy" at the New Minas Irving. OSI suggests 70 persons are attending and another 160 persons are interested.
- Digby/Shelburne to Yarmouth, Nova Scotia on February 12, 2022 @ 1:00pm - 6:00pm. A group is organizing a rolling protest departing from Digby and Shelburne, traveling to Yarmouth town hall. OSI suggests 90 persons are attending and another 110 persons are interested.
- Enfield, Nova Scotia on February 12, 2022 @ 10:00am - 1:00pm. A group is reportedly gathering in the Enfield area to conduct a "slow roll" convoy. The route is unknown. OSI suggests 75 persons will attend and another 200 persons interested in attending.
- Berwick, Nova Scotia on February 12, 2022 @ 11:00am. A group is reportedly gathering at the Berwick Fire Hall area to conduct a "slow roll" convoy to Halifax. OSI suggests 35 persons are attending and another 90 persons are interested.
- Halifax, Nova Scotia on February 12, 2022 @ 3:00pm. It is reported that multiple convoys are planning to meet in Halifax at the Peace and Friendship Park and then travel to the NS/NB Border to join in the border protest. A group in Port Hastings is planning to conduct a convoy departing at 7:30am to arrive in Halifax at 3:00pm. A group in Yarmouth is planning a Convoy, scheduled to arrive in Halifax at 3:00pm. A group in Berwick is planning a Convoy, departing for Halifax at 11:00am. A group in Greenwood is planning a Convoy, departing for Halifax at 10:30am. A group in Kingston is planning a Convoy to Halifax, no departure time is available.

## Operational Information:

- CIG OSINT has located a **s.37** which includes a compilation of social media users inciting violence which appears to be in response to the news that Ottawa Police would be working with Children's Aid Society following concerns for children in the convoy. One of the posts states: "That's when you put a bullet in the head whoever tries to take your kid, if the cops try to Intervene they need a bullet."

**s.37**

### **Personal Info.**

- CIG OSINT has been advised of the following Tweet, however, OPS has advised that they have not received any reports of a recent accident to a police cruiser.
- CBSA reported the following:
